

**2009 Second International Conference
on Advances in Human-oriented and
Personalized Mechanisms,
Technologies, and Services**

(CENTRIC 2009)

**Porto, Portugal
20-25 September 2009**

**IEEE Catalog Number: CFP0990E-PRT
ISBN: 978-1-4244-4781-7**

2009 Second International Conference on Advances in Human-Oriented and Personalized Mechanisms, Technologies, and Services

CENTRIC 2009

Table of Contents

Preface

Program Committee

Reviewers

CENTRIC 1: User-Centric Advanced Applications

Elder Care Modular Solution	1
<i>Isabel Marcelino and António Pereira</i>	
Survey of Assistive Technology Devices and Applications for Aging in Place	7
<i>Andrea O'Brien and Rónán Mac Ruairí</i>	
Cultural Heritage Experience with Virtual Reality According to User Preferences	13
<i>Nikoletta Mavrogeorgi, Stefanos Koutsoutos, Angelos Yannopoulos, Theodora Varvarigou, and George Kambourakis</i>	
Generating User Interface from Task, User and Domain Models	19
<i>Vi Tran, Jean Vanderdonckt, Manuel Kolp, and Stéphane Faulkner</i>	

CENTRIC 2: User-Centric Networking and Services & Centric Views

A Framework for Serving Inclusive Web Forms to Disabled and Elderly Individuals	27
<i>Till Halbach</i>	

Towards Dynamic Representation of Rich Internet Applications through Web Service Invocation	33
<i>Giner Alor-Hernandez, Raquel Vasquez-Ramirez, Ruben Posada-Gomez, Ulises Juarez-Martinez, Juan Miguel Gomez, Myriam Mencke, and Alejandro Rodriguez Gonzalez</i>	
RIA Optimization to Support Web Service Invocations on Mobile Safari for iPhone	39
<i>Giner Alor-Hernandez, Cristian Aaron Rodriguez-Enriquez, Ruben Posada-Gomez, Ulises Juarez-Martinez, Anselmo Osorio-Mirón, Juan Miguel Gomez, Myriam Mencke, and Alejandro Rodriguez Gonzalez</i>	
The Citizen's Role in National Electronic Identity Management - A Case-study on Austria	45
<i>Georg Aichholzer and Stefan Strauß</i>	

CENTRIC 3: Work in Progress

Otorob (Ortho Robot) with Docmata (Doctor's Eye): Role of Remote Presence in Developing Countries	51
<i>M. Iftikhar and M. Mariappan</i>	
Individual Access to IT Resources Using User Context	57
<i>Lars Krueger</i>	
Towards Mobile Collaborative Exergaming	61
<i>Levent Gorgu, Gregory M. P. O'Hare, and Michael J. O'Grady</i>	

CENTRIC 4: User-Centric Supporting Mechanisms

Fuzzy Modeling of Resource Consumption for Service Composition Evaluation	65
<i>Steffen Krüssel, Heiko Pfeffer, and Stephan Steglich</i>	
A User-Oriented Web Retrieval Summarization Tool	73
<i>Denis Vazhenin, Satoru Ishikawa, and Vitaly Klyuev</i>	
Use of Granularity and Coverage in a User Profile Model to Personalise Visual Content Retrieval	79
<i>Kraisak Kesorn, Zekeng Liang, and Stefan Poslad</i>	

CENTRIC 5: Privacy and Anonymity & Technologies for Personalized Services

Ad Hoc Privacy Management in Ubiquitous Computing Environments	85
<i>Christian Bünnig and Clemens H. Cap</i>	
Personalized Systems Need Adaptable Privacy Statements! How to Make Privacy-related Legal Aspects Usable and Retraceable	91
<i>Victor Manuel García-Barrios, Ariane Hemmelmayr, and Helmut Leitner</i>	
Semantic Personalization Framework for Connected Set-Top Box Environment	97
<i>Sarfraz Alam, Zahid Iqbal, Josef Noll, and Mohammad M. R. Chowdhury</i>	

Context Sensitive Personalization Utilizing User Profiles: Standardization Work
at European Telecommunications Standards Institute (ETSI)103
Françoise Petersen, Giovanni Bartolomeo, Mike Pluke, and Tatiana Kovacikova
