

# **2009 World Conference on Services Part II (SERVICES-2)**

**Bangalore, Karnataka, India  
21 – 25 September 2009**

**IEEE Catalog Number: CFP0959E-PRT  
ISBN: 978-1-4244-5303-0**

# 2009 World Conference on Services - II

## **SERVICES-2 2009**

## **Table of Contents**

**Message from the General Chair and Program Chairs of SERVICES-II 2009**

**Organizing Committee**

**Program Committee of SERVICES 2009**

**IEEE Computer Society Technical Committee on Services Computing**

**Services University Fall School on Cloud Computing**

**Panels**

**Tutorials**

---

### **Regular Session**

Context Aware Semantic Service Discovery .....1  
*Pankesh Patel and Sanjay Chaudhary*

A Novel Market Oriented Dynamic Collaborative Cloud Service Infrastructure .....9  
*Mohammad Mehedi Hassan, Biao Song, Changwoo Yoon, Hyun Woo Lee, and Eui-Nam Huh*

### **International Workshop on Service-Oriented Solutioning Practices (SOSP 2009)**

A Model Driven Development Platform for Service-Oriented Applications .....17  
*Zhiyi Ma, Xiao He, and Lianghuan Kang*

Autonomic E-mail Services for Better Storage Management .....25  
*H.P. Raghunandan*

Reusable SOA Assets Identification Using E-Business Patterns .....33  
*Islam Elgedawy*

A Semantically Enhanced Service Repository for Service Oriented Application System  
Development .....41  
*Li Weiping, Chu Weijie, Liu Li, and Gao Fuliang*

Seamless Grid Service Generator for Applications on a Service Oriented Grid .....49  
*Mangala N., Mohan Singh, Arvind Maan, Janaki Chintalapati, and Subrata Chattopadhyay*

### **International Workshop on Services Composition (SC 2009)**

Modeling of BPEL Composite Services Using Clustered Coloured Petri-Nets .....55  
*Anshuman Mukherjee, Zahir Tari, and Peter Bertok*

An Improved Discovery Engine for Efficient and Intelligent Discovery of Web Service  
with Publication Facility .....63  
*Vandan Tewari, Nirmal Dagdee, Inderjeet Singh, Nipur Garg, and Preeti Soni*

A Multi-layered Architecture for Process Variation Management .....	71
<i>Megumi Nakamura, Takayuki Kushida, Anuradha Bhamidipaty, and Malolan Chethur</i>	
Extracting Environmental Information for Improved Web Service Matching and Identification .....	79
<i>Kalapriya Kannan, Nanjangud C. Narendra, and Lakshmish Ramaswamy</i>	
Document-Based Dynamic Workflows: Towards Flexible and Stateful Services .....	87
<i>Mohammad Ashiqur Rahaman, Yves Roudier, and Andreas Schaad</i>	
Ant Inspired Scalable Peer Selection in Ontology-Based Service Composition .....	95
<i>Shuai Yuan, Jun Shen, and Aneesh Krishna</i>	
A Logic-Based Approach to Web Services Composition and Verification .....	103
<i>Hongbing Wang, Chen Wang, and Yan Liu</i>	
<b>International Workshop on Service- and Process-Oriented Software Engineering (SOPOSE 2009)</b>	
Automatic Business Process Pattern Matching for Enterprise Services Design .....	111
<i>Veronica Gacitua-Decar and Claus Pahl</i>	
Social Computing and Governance in an Enterprise Service for Managing Business Processes .....	119
<i>Melissa J. Buco, Hani Jamjoom, Mark Podlaseck, and Huiming Qu</i>	
<b>International Workshop on Services Computing for B2B (SC4B2B 2009)</b>	
A Domain Specific Language for UN/CEFACT's Core Components .....	123
<i>Philipp Liegl and Dieter Mayrhofer</i>	
Using Variable Communication Technologies for Realizing Business Collaborations .....	132
<i>Andreas Schönberger and Guido Wirtz</i>	
An Evaluation of Mapping Strategies for Core Components .....	140
<i>Christian Eis, Philipp Liegl, Christian Pichler, and Michael Strommer</i>	
The Business Choreography Language (BCL) - A Domain-Specific Language for Global Choreographies .....	150
<i>Thomas Motal, Marco Zapletal, and Hannes Werthner</i>	
Towards Management of Complex Service Compositions - Position Paper .....	160
<i>Lianne Bodenstaff, Roel Wieringa, Andreas Wombacher, and Manfred Reichert</i>
