

2009 First International Workshop on Requirements Engineering for e-Voting Systems

(RE-VOTE 2009)

**Atlanta, Georgia, USA
31 August 2009**

**IEEE Catalog Number: CFP0938K-PRT
ISBN: 978-1-4244-7698-5**

TABLE OF CONTENTS

Early Requirements for Mechanical Voting Systems	1
<i>D. W. Jones</i>	
Specification of a Voting Service Provider	9
<i>A. Schmidt, L. Langer, J. Buchmann, M. Volkamer</i>	
Experiences Gained From the First Prêt à Voter Implementation	19
<i>D. Bismark, J. Heather, R. M. A. Peel, S. Schneider, Z. Xia, P. Y. A. Ryan</i>	
Managing Requirements for e-voting Systems: Issues and Approaches Motivated by a Case Study	29
<i>K. Weldemariam, A. Mattioli, A. Villaflorida</i>	
Electronic Elections: Trust Through Engineering	38
<i>C. Schurmann</i>	
Determine the Resilience of Evaluated Internet Voting Systems	47
<i>M. Volkamer, R. Grimm</i>	
A Risk Assessment Model for Voting Systems Using Threat Trees and Monte Carlo Simulation	55
<i>H. Pardue, J. Landry, A. Yasinsac</i>	
Towards a Framework on the Security Requirements for Electronic Voting Protocols	61
<i>L. Langer, A. Schmidt, J. Buchmann, M. Volkamer, A. Stolfik</i>	
Improving Voting System Event Logs	69
<i>A. L. Mascher, P. T. Cotton, D. W. Jones</i>
