

# **2010 14th Panhellenic Conference on Informatics**

**(PCI 2010)**

**Tripoli, Greece  
10 – 12 September 2010**

**IEEE Catalog Number: CFP1063E-PRT**  
**ISBN: 978-1-4244-7838-5**

# 2010 14th Panhellenic Conference on Informatics

## PCI 2010

# Table of Contents

<b>Message from the General Chairs</b> .....	ix
<b>Message from the Program Chairs</b> .....	x
<b>Organizing Committee</b> .....	xi
<b>Program Committee</b> .....	xii
<b>Additional Reviewers</b> .....	xiv

---

### Information Systems

Planning and Development of an Electronic Health Record Client Based on the Android Platform .....	3
<i>Dimitris Tychalas and Athanasios Kakarountas</i>	
Blueprints for a Large-Scale Early Warning System .....	7
<i>Paul G. Spirakis, Vasileios Vlachos, Vassilios Karakoidas, Dimitrios Liappis, Dimitrios Kalaitzis, Eftyhios Valeontis, Spyros Kollias, and George Argyros</i>	
An Integrated Architecture for Remote Healthcare Monitoring .....	12
<i>Georgios Lamprinakos, Evangelos Kosmatos, Dimitra Kaklamani, and Iakovos Venieris</i>	
Utilizing UHF RFIDs to Enhance Museum Visiting Experience .....	16
<i>Athanasios Fevgas, Panagiota Tsompanopoulou, Apostolos Tsiouvoulos, Giorgos Drasidis, and Panayiotis Bozanis</i>	
Dynamic Code Generation for Cultural Content Management .....	21
<i>Maria Giatsoglou, Vasiliki Koutsonikola, Konstantinos Stamos, Athina Vakali, and Christos Zigkolis</i>	

### Software Engineering

Open Source Licensing Across Package Dependencies .....	27
<i>Maria Kechagia, Diomidis Spinellis, and Stephanos Androutsellis-Theotokis</i>	
Software and Middleware Technologies Based on Open APIs and Protocols for Modern Service Provision in Telecoms .....	33
<i>Nikolaos D. Tselikas, George S. Tselikis, and Nikos C. Sagias</i>	

Aspects and Challenges of Mashup Creator Design .....	38
<i>Lampros Goussis, Ioannis E. Foukarakis, and Dimitios N. Kallergis</i>	
Factors for the Design of CMMI-Based Software Process Improvement Initiatives .....	43
<i>Petros Dounos and George Bohoris</i>	
Homogeneity and Enrichment: Two Metrics for Web Applications Assessment .....	48
<i>Stavros Valsamidis, Sotirios Kontogiannis, Alexandros Karakos, and Ioannis Kazanidis</i>	
<b>Databases and Data Mining</b>	
Interoperability and Design Issues of Spatial Data and Geographic Information Systems in Greece .....	55
<i>Mersini Paschou, Evangelos Sakkopoulos, Efrosini Sourla, Athanasios Tsakalidis, and Giannis Tzimas</i>	
The Effect of Training Set Selection in Meteorological Data Mining .....	61
<i>Evangelos Tsagalidis and Georgios Evangelidis</i>	
Parallel Collection of Live Data Using Hadoop .....	66
<i>Kyriacos Talattinis, Aikaterini Sidiropoulou, Konstantinos Chalkias, and George Stephanides</i>	
Graph Node Clustering via Transitive Node Similarity .....	72
<i>Eleftherios Tiakas, Apostolos N. Papadopoulos, and Yannis Manolopoulos</i>	
Low Resources Prepositional Phrase Attachment .....	78
<i>Pavlos Nalmpantis, Romanos Kalamatianos, Konstantinos Kordas, and Katia Kermanidis</i>	
<b>Networking</b>	
Bit Error and Outage Probability of Serial Relaying Communication Systems .....	85
<i>Christos K. Datsikas, Kostas P. Peppas, Nikos C. Sagias, Nikolaos D. Tselikas, and George S. Tombras</i>	
A Simple Analytical Model for the Calculation of Packet Blocking Probability in an Optical Packet Switching Netw .....	89
<i>Franz Röck, John S. Vardakas, Ioannis D. Moscholios, Michael D. Logothetis, and Erich Leitgeb</i>	
Opportunistic Beamforming in OFDMA Systems .....	93
<i>Dimitra A. Zarbouti, Dimitra I. Kaklamani, George V. Tsoulos, and Georgia E. Athanasiadou</i>	
<b>Security and Privacy</b>	
Practical Implementation of Identity Based Encryption for Secure E-mail Communication .....	101
<i>Anastasios Kihidis, Konstantinos Chalkias, and George Stephanides</i>	
Visualising Access Control: The PRISM Approach .....	107
<i>Aziz S. Mousas, Anna Antonakopoulou, Fotios Gogoulos, Georgios V. Lioudakis, Dimitra I. Kaklamani, and Iakovos S. Venieris</i>	

When Security Meets Usability: A User-Centric Approach on a Crossroads Priority Problem .....	112
<i>Christos A. Fidas, Artemios G. Voyiatzis, and Nikolaos M. Avouris</i>	
Towards Differentiated Utilization of Attribute Mutability for Access Control in Ubiquitous Computing .....	118
<i>Christos Grompanopoulos and Ioannis Mavridis</i>	
PROACT: An Ontology-Based Model of Privacy Policies in Ambient Intelligence Environments .....	124
<i>Ioannis Panagiotopoulos, Lambrini Seremeti, Achilles Kameas, and Vasilios Zorkadis</i>	
Semantic Information Model for Privacy-Aware Access Control .....	130
<i>Anna Antonakopoulou, Fotios Gogoulos, Georgios V. Lioudakis, Aziz S. Mousas, Dimitra I. Kaklamani, and Iakovos S. Venieris</i>	
Cyberdiversity: Measures and Initial Results .....	135
<i>Konstantinos Kravvaritis, Dimitris Mitropoulos, and Diomidis Spinellis</i>	
<b>Image and Information Processing</b>	
Automatic Image Annotation and Retrieval Using the Joint Composite Descriptor .....	143
<i>Konstantinos Zagoris, Savvas A. Chatzichristofis, Nikos Papamarkos, and Yiannis S. Boutalis</i>	
Real-Time Motion Capture Technology on a Live Theatrical Performance with Computer Generated Scenery .....	148
<i>Anthousis Andreadis, Alexander Hemery, Andronikos Antonakakis, Gabriel Gourdoglou, Pavlos Mauridis, Dimitrios Christopoulos, and John N. Karigiannis</i>	
Evaluating Information Measures for the Gamma-order Multivariate Gaussian: Entropy Type Information Measures .....	153
<i>Christos P. Kitsos and Thomas L. Toulas</i>	
On Embedding Test Sets into Hardware Generated Sequences .....	158
<i>D. Kavvadias, S. Sinitos, I. Voyiatzis, H. Antonopoulou, and C. Efstathiou</i>	
<b>Performance Analysis of Computer Networks</b>	
Algorithms for Protection Capacity Assignment in Optical Networks .....	167
<i>Ioannis Anagnostopoulos</i>	
IMS Mobility Management in Integrated WiMAX-3G Architectures .....	170
<i>Aggeliki Sgora and Dimitrios D. Vergados</i>	
A Platform for Delivering Multimedia Presentations on Cultural Heritage .....	175
<i>S. Bibi, P. Tsompanopoulou, A. Fevgas, N. Fraggogiannis, A. Martini, A. Zaharis, and P. Bozanis</i>	
A Study on User Behavior and Acceptance of Electronic Banking Services .....	180
<i>Aristeidis Chatzipoulidis and Ioannis Mavridis</i>	
Surveying Privacy Leaks Through Online Social Network .....	184
<i>Dimitrios Michalopoulos and Ioannis Mavridis</i>	

A Robust Dynamic Solution of the Router Buffer Sizing Problem .....	188
<i>Christos Yfoulis and Christos Xanthopoulos</i>	
Energy Efficiency and Implementation Cost of Trust-Aware Routing Solutions in WSNs .....	194
<i>Theodore Zahariadis, Helen Leligou, Panagiotis Karkazis, and Panagiotis Trakadas</i>	
<b>Computers and Education</b>	
Education 2.0: Bringing Innovation to the Classroom .....	201
<i>Artistides Th. Vagelatos, Fragkiskos K. Foskolos, and Theodore P. Komninos</i>	
A Web-Based Learning Enviroment for Geography .....	205
<i>Panagiotis Theodorakopoulos, Persefoni Polychronidou, and Vasilios Tsiantos</i>	
A Survey on How Online Games Usability Affects the Retention of Information .....	209
<i>Spyridon Papaloukas, Christina Stoli, Kiriakos Patriarcheas, and Michalis Xenos</i>	
Workplace E-learning: Exploring Factors Affecting Perceived Transfer of Training .....	214
<i>Ioanna Talanti, Angeliki Poulymenakou, and Fotini Paraskeva</i>	
Assessing the Attitudes of Agricultural Students of Technological Educational Institutions Towards ICT Education .....	218
<i>Dimosthenis Mpoutakidis, Sophia Vassiliadou, and Theodore Amygdalas</i>	
Intrinsic Motivation and the Sense of Community in Multiplayer Games: An Extended Framework for Educational Game Design .....	223
<i>Sofia Mysirlaki and Fotini Paraskeva</i>	
<b>Teaching Informatics</b>	
Survey of Software Environments for Parallel Distributed Processing: Parallel Programming Education on Real Life Target Systems Using Production Oriented Software Tools .....	231
<i>Constantinos T. Delistavrou and Konstantinos G. Margaritis</i>	
Teaching Introduction to Computing Through a Project-Based Collaborative Learning Approach .....	237
<i>Nikolaos Avouris, Stefanos Kaxiras, Odysseas Koufopavlou, Kyriakos Sgarbas, and Polyxeni Stathopoulou</i>	
Web-Based Simulation Systems in Technological Education Implemented as Micro-worlds .....	242
<i>Anastasios Oikonomidis and Constantinos Iliopoulos</i>	
<b>Author Index</b> .....	249
