

2010 5th International Workshop on Requirements Engineering Education and Training

(REET 2010)

**Sydney, Australia
28 September 2010**

**IEEE Catalog Number: CFP1071G-PRT
ISBN: 978-1-4244-8787-5**

TABLE OF CONTENTS

Experiences of Using Role Playing and Wiki in Requirements Engineering Course Projects	1
<i>P. Liang, O. De Graaf</i>	
Prototyping RE Experiments in the Classroom: An Experience Report	7
<i>B. Penzenstadler, D. Callele</i>	
Teaching Consistency of UML Specifications	17
<i>K. Sikkel, M. Daneva</i>	
Planned Programming Problem Gotchas as Lessons in Requirements Engineering	20
<i>D.M. Bezzy, C.S. Kaplan</i>	
Requirements Engineering Education for Senior Engineers: Course Design and its Evaluation	26
<i>T. Nakatani, T. Tsumaki, T. Tamai</i>	
Teaching Requirements Engineering with Virtual Stakeholders without Software Engineering Knowledge	36
<i>G. Gabrysiak, H. Giese, A. Seibel, S. Neumann</i>
