

**2010 IEEE International
Symposium on Policies for
Distributed Systems and Networks
(POLICY 2010)**

**Fairfax, Virginia, USA
21 – 23 July 2010**

**IEEE Catalog Number: CFP10PDS-PRT
ISBN: 978-1-4244-8206-1**

2010 IEEE International Symposium on Policies for Distributed Systems and Networks

Policy 2010

Table of Contents

Preface	viii
Organizing Committee	ix
Program Committee	x
External Reviewers	xi
Sponsors	xii
Invited Speakers	xiii

Social Networking and Usability

Collaborative Privacy Policy Authoring in a Social Networking Context	1
<i>Ryan Wishart, Domenico Corapi, Srdjan Marinovic, and Morris Sloman</i>	
User Centric Policy Management in Online Social Networks	9
<i>Mohamed Shehab, Gorrell Cheek, Hakim Touati, Anna C. Squicciarini, and Pau-Chen Cheng</i>	
A Policy Based Infrastructure for Social Data Access with Privacy Guarantees	14
<i>Palanivel Kodeswaran and Evelyne Viegas</i>	
Usable Policy Template Authoring for Iterative Policy Refinement	18
<i>Maritza Johnson, John Karat, Clare-Marie Karat, and Keith Grueneberg</i>	

Usage Control

Downstream Usage Control	22
<i>Laurent Bussard, Gregory Neven, and Franz-Stefan Preiss</i>	
Coordinating Data Usage Control in Loosely-Connected Networks	30
<i>Giovanni Russello, Enrico Scalavino, Naranker Dulay, and Emil C. Lupu</i>	

Debugging Policies

ACPT: A Tool for Modeling and Verifying Access Control Policies	40
<i>JeeHyun Hwang, Tao Xie, Vincent Hu, and Mine Altunay</i>	
An Intelligent Network for Federated Testing of NetCentric Systems	44
<i>Edward Chow, Mark James, Hsin-Ping Chang, Farrokh Vatan, and Gurusham Sudhir</i>	

Policy Application I

Mobile PAES: Demonstrating Authority Devolution for Policy Evaluation in Crisis Management Scenarios	53
<i>Enrico Scalavino, Vaibhav Gowadia, Rudi Ball, Emil C. Lupu, and Giovanni Russello</i>	
Teleo-Reactive Policies in Ponder2	57
<i>Kevin Twidle, Srdjan Marinovic, and Naranker Dulay</i>	
Policy-Based Management for Resource-Constrained Devices and Systems	61
<i>Oliver Dohndorf, Jan Krüger, Heiko Krumm, Christoph Fiehe, Anna Litvina, Ingo Lück, and Franz-Josef Stewing</i>	

Policy Applications II

Policy Generation Framework for Large-Scale Storage Infrastructures	65
<i>Ramani Routray, Rui Zhang, David Eysers, Douglas Willcocks, Peter Pietzuch, and Prasenjit Sarkar</i>	
Linking Policies to the Spatial Environment	73
<i>David Evans, David Eysers, and Jean Bacon</i>	
QoS and QoP Policy Cognizant Module Composition	77
<i>Paul Seymer, Angelos Stavrou, Duminda Wijesekera, and Sushil Jajodia</i>	
Automatic Policy Mapping to Management System Configurations	87
<i>A. Ouda, H. Lutfiyya, and M. Bauer</i>	

Authorization

DAuth: Fine-Grained Authorization Delegation for Distributed Web Application Consumers	95
<i>Joshua Schiffman, Xinwen Zhang, and Simon Gibbs</i>	
Toward Self-Contained Authorization Policies	103
<i>Romain Laborde, Marwan Cheaito, François Barrère, and Abdelmalek Benzekri</i>	
A Small But Non-negligible Flaw in the Android Permission Scheme	107
<i>Wook Shin, Sanghoon Kwak, Shinsaku Kiyomoto, Kazuhide Fukushima, and Toshiaki Tanaka</i>	
A Model for the Governance of Federated Healthcare Information Systems	111
<i>Naftaly Minsky</i>	

Policy Models and Languages

Policy-Based Data Downgrading: Toward a Semantic Framework
and Automated Tools to Balance Need-to-Protect and Need-to-Share Policies 120

Grit Denker, Ashish Gehani, Minyoung Kim, and David Hanz

JTAM - A Joint Threshold Administration Model 129

Ashish Kamra and Elisa Bertino

Networking and Virtual Organizations

A Negotiation Framework for Negotiation of Coalition Policies 133

Mandis Beigi, Jorge Lobo, Keith Grueneberg, Seraphin Calo, and John Karat

Enforcement of Data-Plane Policies in Next-Generation Networks 137

Shashank Shanbhag and Tilman Wolf

Towards Autonomous Administrations of Decentralized Authorization
for Inter-domain Collaborations 141

Hannah K. Lee

Efficient Policy Checking across Administrative Domains 146

David Evans and David Eyers

Author Index 154
