

2011 Fourth International Workshop on Managing Requirements Knowledge

(MARK 2011)

**Trento, Italy
30 August 2011**

**IEEE Catalog Number: CFP1173G-PRT
ISBN: 978-1-4577-0936-4**

TABLE OF CONTENTS

The Brain's Perspective on Requirements Engineering	1
<i>M. Fluckiger</i>	
Can Requirements Tool Vendors Tell Us About User Needs?	3
<i>P. Jones</i>	
Enabling Hazard Identification from Requirements and Reuse-oriented HAZOP Analysis	7
<i>O. Daramola, T. Stalhane, G. Sindre, I. Omoronyia</i>	
Using Courteous Logic based representations for Requirements Specification	16
<i>R. Sharma, K.K. Biswas</i>	
Improved Representation of Traceability Links in Requirements Engineering Knowledge using Sunburst and Netmap Visualizations	21
<i>T. Merten, D. Juppner, A. Delater</i>	
An Ontology-based Method and Tool for Cross-Domain Requirements Visualization	26
<i>N. Ajmeri, K. Vidhani, M. Bhat, S. Ghaisas</i>	
Enhanced Traceability in Model-based CASE Tools using Ontologies and Information Retrieval	28
<i>N. Narayan, B. Bruegge, A. Delater, B. Paech</i>	
C-FaRM: A Collaborative and Context Aware Framework for Requirements Management	33
<i>S. Ghosh, A. Dubey, S. Ramaswamy</i>
