

2011 6th IEEE International Workshop on Visualizing Software for Understanding and Analysis

(VISSOFT 2011)

**Williamsburg, Virginia, USA
29 – 30 September 2011**

**IEEE Catalog Number: CFP11VSF-PRT
ISBN: 978-1-4577-0822-0**

TABLE OF CONTENTS

Visual Support for Porting Large Code Bases	1
<i>B. Broeksema, A. Telea</i>	
3D Hierarchical Edge Bundles to Visualize Relations in a Software City Metaphor	9
<i>P. Caserta, O. Zendra, D. Bodenes</i>	
Abstract Visualization of Runtime Memory Behavior	17
<i>A. Choudhury, P. Rosen</i>	
Constellation Visualization: Augmenting Program Dependence with Dynamic Information	25
<i>F. Deng, N. DiGiuseppe, J. Jones</i>	
E-Quality: A Graph Based Object Oriented Software Quality Visualization Tool	33
<i>U. Erdemir, U. Tekin, F. Buzluca</i>	
Visually Exploring Multi-Dimensional Code Couplings	41
<i>F. Beck, R. Petkov, S. Diehl</i>	
Visualising Concurrent Programs with Dynamic Dependence Graphs	49
<i>J. Lonnberg, M. Ben-Ari, L. Malmi</i>	
MosaiCode: Visualizing Large Scale Software: A Tool Demonstration	53
<i>J. Maletic, D. Mosora, C. Newman, M. Collard, A. Sutton, B. Robinson</i>	
A Visual Analysis and Design Tool for Planning Software Reengineering	57
<i>M. Beck, J. Trumper, J. Dollner</i>	
Telling Stories about GNOME with Complicity	65
<i>S. Neu, M. Lanza, L. Hattori, M. D'Ambros</i>	
An Interactive Differential and Temporal Approach to Visually Analyze Software Evolution	73
<i>R. Novais, C. Lima, G. Carneiro, P. Junior, M. Mendonca</i>	
Visual Exploration Of Program Structure, Dependencies And Metrics With SolidSX	77
<i>D. Reniers, L. Voinea, A. Telea</i>	
Follow that Sketch: Lifecycles of Diagrams and Sketches in Software Development	81
<i>J. Walny, J. Haber, M. Dork, J. Sillito, S. Carpendale</i>	
A Multi-level Approach for Visualization and Exploration of Reactive Program Behavior	89
<i>C. Wirth, H. Prafhofer, R. Schatz</i>	
Author Index
