

2012 IEEE Rural Electric Power Conference

(REPC 2012)

**Milwaukee, Wisconsin, USA
15 – 17 April 2012**

**IEEE Catalog Number: CFP12RUE-PRT
ISBN: 978-1-4673-0336-1**

2012 IEEE RURAL POWER CONFERENCE

Table of Contents

<u>PAPER #</u>	<u>PAGE</u>
12 A1 “Leveraging Mandatory and Enforceable Electric Reliability Standards for Non-Registered Rural Electric Utilities” Seth Brown, PE	3
12 A2 “Regulatory Evolution and Its Effect on System Operation and Security” Michael Swearingen	8
12 A3 “Stray and Contact Voltage - An Update on IEEE PES P1695 Working Group Activities” Charles (Chuck) DeNardo	32
12 A4 “Bonding Requirements for Conductive Poles” Edward Thomas, PE	39
12 B1 “NESC Wind and Ice Load Effects on Wood Distribution Pole Design” Mark F. Jurgemeyer, PE and Brent Miller, PE	45
12 B2 “Implementing CVR through Voltage Regulator LDC Settings” Jeffrey M. Triplett, PE and Sean Kufel, P.E.	54
12 B3 “Investigating Load Estimation Methods with the Use of AMI Metering for Distribution System Analysis” R.F. Arritt, Roger Dugan, Robert Uluski, Tom Weaver	59
12 B4 “Maximizing Protection Coordination with Self-Healing Technology” Dan Roth	68
12 B5 “Solar Plant Modeling Impacts on Distribution Systems PV Case Study” Greg Shirek, PE and B.A. Lassiter	7:
12 B6 “Integrated Fault Location System for Power Distribution Feeders” Yanfeng Gong, Armando Guzman	8:
12 C1 “Integrating Arc-Flash Analysis with Protective Device Coordination” Christopher Lee Brooks, PE	99
12 C2 “Power Quality Considerations in Distribution Engineering” Alan Hannah	! :
12 C3 “Electric Energy Workforce Demographics: An Essay” P.K. Sen, PhD, PE	! ; 6
12 C4 “Impact of Smart Grids and Green Power Generation on Distribution Systems” Charles J. Mozina	323
12 C5 “Progress in Electric Utilities Risk Management – Emerging Guidance” Bao Le, PE and Bill Jenkins	336
