Monday PM Session A - Title: Methods For Toxicity Assessment Of Mine Wastes: Dr. Tom Wildeman, Moderator

	Paper Authors	Page
Comparison of Mine Waste Assessment Methods at the Rattler Mine Site, Virginia Canyon, Colorado	P. Hageman, K. Smith, T.R. Wildeman and J.F. Ranville	470
Heavy Metal Assessment of Phosphogypsum Waste Stockpile Material from Jordan	Al-Hwaiti, M., V. Carney, J. F. Ranville, and P. E. Ross	1
Characterization and Leach Test Assessment at the Tip Top Mine, A Marginally Impacted Site	J. Moehle, S. Fox, J.F. Ranville, T.R. Wildeman and P. Ross	737
Using Enzyme Bioassay as a Rapid Screen for Metal Toxicity	E.P. Blumenstein, J.F. Ranville, L.M. Choate and P. Ross	98
Use of the Biotic Ligand Model to Predict Metal Toxicity to Aquatic Biota in Areas of Differing Geology	K.S. Smith	1134
The Toxicity of Binary Metal Mixtures to <i>Ceriodaphnia Dubia</i> in Mining Influenced Waters	K. Kangas, J. Ayers, J.F. Ranville and P. Ross	599

Monday PM Session B - Title: Long-Term Effects of Topsoil Depth on Soil and Plant Systems: Dr. Jerry Schuman, and Dr. Robert Darmody Moderators

	Paper Authors	Page
Long-term Effects of Cover Soil Depth on Plant Community Development for Reclaimed Mined Lands in New Mexico	B. Buchanan, M. Owens, J. Mexal, T. Ramsey, and B. Musslewhite	115
The Effects of Soil Depth and Other Soil Characteristics on Plant Community Development in North Dakota	A.F. Wick, S.D. Merrill, T.J. Toy, J. Hendrickson and M.A. Liebig	1233
Long-term Plant Community Development in Response to Topsoil Replacement Depth on Mined Land in Wyoming	C.K. Bowen, G.E. Schuman and R.A. Olson	108
Long-term Plant Community Development on Topsoil Treatments Overlying A Phytotoxic Growth Medium	E.F. Redente and R.S. Sydnor	963
Rowcrop Response to Topsoil Replacement on High Traffic vs Low Traffic Soil Reconstruction Systems	R.E. Dunker and R.G. Darmody	302
The Effect of Soil Thickness on Crop Yields	R. Barnhisel, J. Powell and R.B. Gray	40
Effects of Cover Soil Thickness on Revegetation of Acidic Appalachian Coal Refuse	W.L. Daniels	255

Monday PM Session C - Title: Effective Public Education Tools We Can All Use
Guy Johnson Moderator - Papers were not available for the CD

Monday PM Session C2 - Title: Powder River Basin Water Quality And Use
Dr. George Vance, Moderator

Use of Coal Bed Natural Gas (CBNG) Waters: Soil and Plant Responses	L.A. King, G.F. Vance and G.K. Ganjgunte	607
Tracking the Source: Backfill and Backfill Water Quality at A Large Powder River Basin Coal Mine	P.A. Murphree	750

Tuesday AM Session A – Forestry: Reclamation and revegetation

Dr. John Harrington, Moderator

	Paper Authors	Page
Status of Reforested Mine Sites in Southwestern Indiana Reclaimed from 1988 to 1995	R. Rathfon, S. Fillmore and J. Groninger	945
Developing Ecological Completion Criteria to Measure the Success of Forest and Woodland Establishment on Rehabilitated Mines in Australia	O.G. Nichols, C. Grant and L.C. Bell	807
Development of A Forest Site Quality Classification Model for Mine Soils in the Appalachian Coalfield Region	A.T. Jones, J.M. Galbraith and J.A. Burger	523
American Chestnut as a Future Resource to Enhance Mine Reclamation Productivity	D.F. Jacobs	512
First Year Seedling Response to Three Levels of Silvicultural Input on Post-SMCRA Reclaimed Lands	C.N. Casselman, T.R. Fox, J.A. Burger, and A.T. Jones	191

Tuesday PM Session A - Continued

Dr. Jeffrey Skousen, Moderator

	Paper Authors	Page
Lower Grey Cloud Island Forest Patch: A 20 Year Reclamation Monitoring Study	J.B. Burley, C.A. Churchward, C.J. Burley and W.D. Sanders	146
Hardwood Stocking After Five Years on Reclaimed Mined Land in Central Appalachia: A Preliminary Analysis	T. Auch, J.A. Burger and D.O. Mitchem	24
Herbaceous Ground Cover Effects on Native Hardwoods Planted on Mined Land	J.B. Burger, D.O. Mitchem, C.E. Zipper, and R. Williams	136
Influence of Physical, Chemical, and Biological Mine Soil Properties on White Oak Seedling Growth	J. M. Showalter, J.A. Burger, C.E. Zipper and J.M. Galbraith	1029

Tuesday AM Session B - Title: Hydrology and Erosion Characteristics**Dr. Steve Schroeder, Moderator****Paper Authors****Page**

Hydrologic Characterization of a Large Underground Mine Pool in Central Pennsylvania	J.W. Hawkins, E.F. Perry and M. Dunn	487
Determining Hydraulic Conductivities in A Vertical Flow System	R. Hutchinson and R.W. Nairn	504
Water Quality Trends in a Flooded 35 Year Old Mine-Pool	E.F. Perry, J.W. Hawkins, M. Dunn, R.S. Evans, and J.K. Felbinger	904
Tracking Organic Substrate Alterations in Passive Reactive Zones for Planning and Monitoring	D. Place, E. Claveu and L. Figueroa	921
Results of Innovative Contracting and Reclamation Methods Used for the Fondaway Canyon Mine Closure Project, Fallon, Nevada	H. Williams, E.A. Duvall and H.H. Sauer	1256

Tuesday PM Session B – Continued**Mr. George Watzlaf, Moderator****Paper Authors****Page**

Current and Planned Remediation Demonstration Projects of the Oklahoma Plan for Tar Creek	R.W. Nairn, M.J. Calvey and T.L. Landers	779
Pond Rehabilitation and Establishment of A Site-Based Environmental Education Curriculum	A.E. Koski	645

Tuesday AM Session C1 - Title: Trace Metal Source & Reclamation**Dr. Kathy Smith Moderator****Paper Authors****Page**

A Study of Zinc Metal Toxicity on the Cellulolytic Bacteria in Anaerobic Passive Treatment Systems	A. Ruhs, J. Excoffon, L. Figueroa and T.R. Wildeman	985
Use of Ozone to Remediate Manganese from Coal Mine Drainage Waters	S.J. Tewalt, M. Sato, F.T. Dulong, S.G. Neuzil, A. Kolker and O Dennen	1166
Baseline Laboratory Studies of Sphalerite (ZnS) Dissolution: Effects on Aqueous Metal Concentrations and Solubilization Rates	M.R. Stanton	1155
Concentration of Arsenic, Selenium, and Other Trace Elements in Pyrite in Appalachian Coals of Alabama and Kentucky	S.F. Diehl, M.B. Goldhaber, A.E. Koenig, M.L.W. Tuttle and L.F. Ruppert	283

Tuesday PM Session C2 - Title: Characterization of Reclaimed Soils

Dr. John Sencindiver, Moderator

	Paper Authors	Page
Characterization of Reclaimed Soils in Southwestern Indiana after Surface Mining for Coal, Part II.	H.R. Sinclair, K.M. McWilliams, C.A. Seybold, R.B. Grossman, S.L. Baird and T.G. Reinsch	1087
Properties and Classification of Mineral Sands Mine Soils in Southeastern Virginia	Z.W. Orndorff, W.L. Daniels and J.M. Galbraith	842
Influence of Reclamation Management Practices on Soil Bulk Density and Infiltration Rates on surface Coal Mine Lands in Wyoming	G. Shrestha, P.D. Stahl and L.J. Ingram	1042
The Use of “Enhanced” Moisture Store-And-Release Cover Systems over Reactive Mine Waste in Cold and Warm Semi-Arid Climates	D. Christensen and M. O’Kane	224

Poster Session – Presenters Must Be at Their Posters During This Time

	Paper Authors	Page
Improved Methods for the Establishment of Forests on Surface Mined Lands	P. Angel, D. Graves, C. Barton, R. Warner, and R. Sweigart	23
Eight Year Shrub Responses: Reclaimed Terraces, La Plata Mine, New Mexico	B. Buchanan, M. Owens, T. Ramsey, and B. Musslewhite	135
Appalachian Regional Reforestation Initiative and the Forestry Reclamation Approach	V.M. Davis	267
Demonstration of Modular Sulfate Reducing Bioreactors in the Upper Clear Creek Watershed	L. Figueroa, M. Zaluski, J.L. Bolis, A. Miller, D. Place and A. Ruhs	360
Tracking Salt and Sodium Build up Due to Irrigation with Coalbed Natural Gas Product Water: Soil Solution Lysimeter and Soil Saturated Paste Extract Studies	G.K. Ganjegunte, G.F. Vance and L.A. King	378
Saline-Sodic Water Impacts to Soils and Vegetation	L.A. King, G.F. Vance, and G.K. Ganjegunte	623
Problems with Manganese and Magnesium in Hot Acidity Titrations	C.S. Kirby and B. Means	626
Innovative Technology Applications to Mine Reclamation Using Neutralized Red Mud and Recycled Soil Manufacturing Technologies	C.R. Lee, N.K. Murray, P.N. Baldwin, Jr. and M.D. Farrall	678
Oxic Limestone Drains for Metal Mine Drainages	A. Miller, L. Figueroa, and J.L. Bolis	736
Results of Interseeding on Existing Shrub Populations, La Plata Mine, New Mexico	M. Owens, B. Buchanan, T. Ramsey and B. Musslewhite	863
Shrub Base Unit Production Sampling Technique	M. Owens, B. Buchanan, B. Musslewhite and T. Ramsey	862
Using Airborne Geophysics to Improve the Management	J. Sams, B. Lipinski, R. Hammack, G. Veloski,	999

of Produced Water from Coal Bed Natural Gas Extraction in the Powder River Basin	T. Ackman, and B Harbert	
Near Surface Geophysics for the Structural Analysis of a Mine Rock Pile, Northern New Mexico	R. Van Dam, L.A. Gutierrez, V.T. McLemore, G.W. Wilson, J.M.H. Hendrickx and B.M. Walker	1178
First Year Transplant Response on Constructed Test Plots, Questa Mine, Questa, New Mexico	A. Wagner, M. Owens, B. Buchanan and E. Redente	1229
Utilizing Global Positioning System to Evaluate Reclamation Results at a Coal Mine in Wyoming	A.K. Waitkus	1230
Using Raw Chat in Hot Mix Asphalt for Pavement Applications	N.M. Wasiuddin, W.B. Hamid, M.M. Zaman, R. Nairn, and T. Landers	1231
Semi-Passive Treatment of Mine Drainage with a Water Powered Dry Chemical Feed System Using Pebble Lime	G.R. Watzlaf	1232
10 Years of Testing Indigenous Plant Material on Drastically Disturbed Mineland in Western Montana	S.R. Winslow, M.E. Majerus, L.Marty, and S. Majerus	1269
Infiltration Through a Mine-waste Dump and Transport of Metals to a Nearby Stream, Clear Creek County, Colorado	L. Wirt, D.L. Fey, and R.R. McDougal	1270

Wednesday AM Session A1 - Title: Revegetation: Establishment, Design, and Evaluation

, Moderator

	Paper Authors	Page
The Adaptation of High Elevation Plants to Low Elevation Growth	R.A. Dunne	328
High Altitude Relegation on Experiments on the Beartooth Plateau Park County, Montana and Park County, Wyoming	L. Payson, R. Trenholme and J. Corwin	875
Assessing Visual Preference for Aggregate Pit Rehabilitation Designs Using Computer Animated Landscape Models	E. Paddle, G. Antoniuk and R. Corry	864
Relating Soil Properties to Native Plant Establishment along West Virginia Highways	C. Venable and J. Skousen	1202
Reclaiming coarse taconite tailings – Is it all just BS? (Biosolids)	P. Eger	338

Wednesday PM Session A2 – Revegetating Tailings: Establishment, Design, and Evaluation.

, Moderator	Paper Authors	Page
Plant Establishment on Reclaimed Molybdenum Tailings, Questa Tailings Facility, Questa, New Mexico	B. Buchanan, M. Owens, A. Wagner and E. Redente	127
Phytostabilization of Acid Metalliferous Mine Tailings at the Keating Site in Montana	D.R. Neuman, G.S. Vandenberg, P.B. Blicher, J.D. Goering, S.R. Jennings, and K. Ford	791
The Affect of Tailings Characteristics on Mine Reclamation and Closure	M. Milczarek, T.M. Yao and T.L. Thompson	734

Wednesday PM Session A3 - Title: Revegetation and Soils: Depth, Productivity, and Carbon

Dr. Lee Daniels, Moderator

Dr. Lee Daniels, Moderator	Paper Authors	Page
Ongoing Evaluation of Effects from Variable Topsoil Depths at a Coal Mine in Northeastern Wyoming	B.K. Schladweiler, G.F. Vance, D.L. Legg and S. Belden	1000
Productivity of Reclaimed Soil at the Red Hills Lignite Mine in Ackerman, MS	D.J. Lang, G. Hawkey and B. Chow	667
Variability of Soil Organic Carbon in two Reclaimed Sites in Southeastern Ohio	M.K. Shukla and R. Lal	1057

Wednesday AM Session B1 - Title: Microbiological Studies of Mine Materials

Mr. Jim Gusek, Moderator

Mr. Jim Gusek, Moderator	Paper Authors	Page
Microbial Characterization of Sulfate-Reducing Columns Remediating Acid Mine Drainage	A. Pruden, H. Hong, L. Inman, M. Logan, C. Sans, D. Ahmanna, L. Figueroa and K. Reardon	935
Comparison of Inocula Applied in the Remediation of Acid Mine Drainage by Sulfate Reduction	L.P. Pereyra, R. Hanson, A. Pruden and K.F. Reardon	894
Mosses and Other Early Colonizers: Pioneers for Revegetating Mine Waste Rock Dumps and Rock Walls	R.P. Buxton, J. Stanley, P. Alspach, C. Morgan and C. Ross	170

Wednesday AM Session B2 - Title: Salinity: Weathering and Movement

Dr. George Vance, Moderator

Dr. George Vance, Moderator	Paper Authors	Page
Weathering Characteristics of Saline and Sodic Minesoils in the Southwestern United States	B.D. Musslewhite, T.H. Brown, G.W. Wendt and C. Johnston	765
Using spreadsheets to Predict Stream Salinities in the Yampa River Basin Coal Fields, Northwestern Colorado	T. Kaldenbach	554

**Wednesday PM Session B3 - Title: Waste Utilization
, Moderator**

	Paper Authors	Page
Reclamation of Waste Rock Stockpiles Utilizing Paper Mill Residuals at Cliffs Michigan Mining Company	A.E. Koski	627
Environmental Analyses of Hot Mix Asphalt Made with Mining Waste Materials	C.F. Gause, R.W. Nairn and M. Zaman	398
Thermal Camera Imaging of Rock Piles at the Questa Molybdenum Mine, Questa, New Mexico	H. Shannon, R. Van Dam, J.M.H. Hendrickx and V.T. McLemore	1015

Wednesday PM Session B4 - Title: Development and Reclamation of Disturbed Environments

Dr. Virginia McLemore, Moderator

	Paper Authors	Page
Linking Physical and Social Systems for Improving Disturbed-Land Reclamation	J.J. Griffith and T.J. Toy	433
Reclamation of Prime Farmland after Surface Mining for Coal and Farmland Protection Policy Act	H.R. Sinclair, Jr.	1082
Sustainable Development in Appalachia – A New Way of Looking at Mountaintop Mining	J.S. Gardner and P. Sainato	388

**Wednesday AM Session C1- Title: Mine Water Monitoring and Treatment
Dr. Robert Kleinmann, Moderator**

	Paper Authors	Page
Comparison Between Observed and Model Predicted Particulate Metal Transport in a Mining-Impacted Stream (North Fork Clear Creek, Colorado)	B.A. Butler, J.F. Ranville and P.E. Ross	154
Sources of Acid and Metals from the Weathering of the Dinero Waste Pile, Lake Fork Watershed, Leadville, Colorado	S.F. Diehl, P. Hageman, K.S. Smith, J.T. Herron, and G.A. Desboroufg	268
Naturally Occurring Acid Rock Drainage in Colorado's Lake Creek Watershed	D.A. Bird, M.A. Sares, D.C. Peters, P.L. Hauff, D.W. Coulter and F.B. Henderson III	98
Rate of Manganese Removal in Limestone Bed Systems	B. Means and A.W. Rose	702

**Wednesday PM Session C2 - Title: Treatment of Acid Mine Materials
, Moderator**

	Paper Authors	Page
Where Does the Recovery of Metal Resources from Passive Treatment Systems Fit in Sustainable Development Initiatives Associated with Large Mining Projects?	J. Gusek and K. Clarke-Whistler	454
Demonstration of A Pulsed Limestone Bed Process for the Treatment of Acid Mine Drainage at the Argo Tunnel Site, Idaho Springs, Colorado	P.L. Sibrell, T.R. Wildeman, M. Frienmuth, M. Chambers and D. Bess M. Kalin, A. Fyson and W.N. Wheeler	1068
The Chemistry of Conventional and Alternative Treatment Systems for the Neutralization of Acid Mine Drainage	M. Kalin, A. Fyson and W.N. Wheeler	568
Acid Rock Drainage Prevention and Treatment with Thiocyanate and Phosphate-Containing Materials	G.J. Olson, T.R. Clark and T.I. Mudder	831
Performance of 116 Passive Treatment Systems for Acid Mine Drainage	J. Skousen and P. Ziemkiewicz	1100
Overcoming Access Issues at A Remote Passive Treatment Site Near Lake Shasta, CA	J. Gusek, B. Shipley, and D. Lindsay	443

**Thursday AM Session A - Title: Aquatic Communities: Biology, Chemistry,
and Economic Impacts**

Dr. Anne Wagner, Moderator

	Paper Authors	Page
The Importance of Identifying Natural Variation in Aquatic Communities: The Thompson Creek Molybdenum Mine Example	S.P. Canton, L.C. Bergstedt, J.W. Chadwick, and D.J. Conklin	181
Determining Sources of Water Quality Impacts Using Biological Monitoring: The Molycorp Questa Molybdenum Mine Example	J.W. Chadwick, S.P. Canton, D.J. Conklin, Jr. and L.C. Bergstedt	211
Improvements in Brown Trout and Invertebrate Population in the Arkansas River during Reclamation Efforts on California Gulch	L.C. Bergstedt, J.W. Chadwick, D.J. Conklin, Jr. and S.P. Canton	54
Controlling Mine Drainage Problems in Minnesota – Are All the Wetland Treatment Systems Really Above Average?	P. Eger and P. Eger	339
The Acidic Lignite Pit-Lakes of Germany-Microcosm Experiments on Acidity Removal Through Controlled Eutrophication	A. Fyson and B. Nixdorf	361

Thursday AM Session B - Title: Methods and Technologies for Mine Sites and Materials

Dr. Keith Lindbeck, Moderator

	Paper Authors	Page
Reclaiming A Gold Mine	R.K. Will	1244
Analysis of Multi-Temporal Geospatial Data Sets to Assess the Landscape Effects of Surface Mining	D.B. Gesch	415
Tracking Sludge Disposal Using Electrical Conductivity Mapping	M. Coleman, K. Butler, and T.A. Al	236
Evaluation of the TerreSIM© Model for Cover Design Analysis	R.J. Bilodeau	70
Preliminary Status Report on Molycorp Goathill North Trenches, Questa, New Mexico	V.T. McLemore, P. Walsh, K.M. Donahue, L.A.F. Guitierrez, S. Tachie-Menson, H.R. Shannon, and G.W. Wilson	679

Thursday AM Session C - Title: Mine Regulations, Remediation and Economic Applications

Dr. Jon Burley, Moderator

	Paper Authors	Page
Co-operative Partnership and Innovation in the Planning and Execution of the Decommissioning of the Mt McClure Gold Project	H. Lacy and M. Slight	654
Abandoned Mine Safety Remediation: Closing the Holes in Nevada	C. Ross	976
Mine Waste Technology Program: Historical Perspectives, Current Highlights, Future Opportunities	H.O. Joyce, D. Bless and G. Ashby	540
Use of Performance Standards and Adaptive Management to Guide Remediation at the Bunker Hill Site, Idaho	D.L. Mengel and T.A. White	717
Placement of Coal Combustion By-Products at Surface Mining Control and Reclamation Act (SMCRA) Mines: A Short History of OSM Technical Efforts and Responses to Environmental Concerns	K.C. Vories	1215

Author index begins on the next page.

FIRST AUTHOR	PAPER TITLE	PAGE
Al-Hwaiti, M	Heavy Metal Assessment of Phosphogypsum Waste Stockpile Material from Jordan	1
Angel, P,	Improved Methods for the Establishment of Forests on Surface Mined Lands	23
Auch, T.	Hardwood Stocking After Five Years on Reclaimed Mined Land in Central Appalachia: A Preliminary Analysis	24
Barnhisel, R.I.	The Effect of Soil Thickness on Crop Yields	40
Bergstedt, L. C.	Improvements in Brown Trout and Invertebrate Population in the Arkansas River during Reclamation Efforts on California Gulch	54
Bilodeau, R.J.	Evaluation of the TerreSIM© Model for Cover Design Analysis	70
Bird, D.A.	Naturally Occurring Acid Rock Drainage in Colorado's Lake Creek Watershed	71
Blumenstein, E.P.	Using Enzyme Bioassay as a Rapid Screen for Metal Toxicity	98
Bowen, C. K.	Long-term Plant Community Development in Response to Topsoil Replacement Depth on Mined Land in Wyoming	108
Buchanan, B.	Long-term Effects of Cover Soil Depth on Plant Community Development for Reclaimed Mined Lands in New Mexico	115
Buchanan, B.	Plant Establishment on Reclaimed Molybdenum Tailings, Questa Tailings Facility, Questa, New Mexico	127
Buchanan, B.	Eight Year Shrub Responses: Reclaimed Terraces, La Plata Mine, New Mexico	135
Burger, J.A.	Herbaceous Ground Cover Effects on Native Hardwoods Planted on Mined Land	136
Burley, J.B.	Lower Grey Cloud Island Forest Patch: A 20 Year Reclamation Monitoring Study	146
Butler, B.A.	Comparison Between Observed and Model Predicted Particulate Metal Transport in a Mining-Impacted Stream (North Fork Clear Creek, Colorado)	154
Buxton, R.P.	Mosses and Other Early Colonizers: Pioneers for Revegetating Mine Waste Rock Dumps and Rock Walls	170
Canton, S.P.	The Importance of Identifying Natural Variation in Aquatic Communities: The Thompson Creek Molybdenum Mine Example	181

Casselman, C.N.	First Year Seedling Response to Three Levels of Silvicultural Input on Post-SMCRA Reclaimed Lands	191
Chadwick, J.W.	Determining Sources of Water Quality Impacts Using Biological Monitoring: The Molycorp Questa Molybdenum Mine Example	211
Christensen, D.	The Use of “Enhanced” Moisture Store-And-Release Cover Systems over Reactive Mine Waste in Cold and Warm Semi-Arid Climates	224
Coleman, M.M.	Tracking Sludge Disposal Using Electrical Conductivity Mapping	236
Daniels, W.L.	Effects of Cover Soil Thickness on Revegetation of Acidic Appalachian Coal Refuse	255
Davis, V.	Appalachian Regional Reforestation Initiative and the Forestry Reclamation Approach	267
Diehl, S.F.	Sources of Acid and Metals from the Weathering of the Dinero Waste Pile, Lake Fork Watershed, Leadville, Colorado	268
Diehl, S.F.	Concentration of Arsenic, Selenium, and Other Trace Elements in Pyrite in Appalachian Coals of Alabama and Kentucky	283
Dunker, R.E.	Rowcrop Response to Topsoil Replacement on High Traffic vs Low Traffic Soil Reconstruction Systems	302
Dunne, R.	The Adaptation of High Elevation Plants to Low Elevation Growth	328
Eger, P.	Reclaiming coarse taconite tailings – Is it all just BS? (Biosolids)	338
Eger, P.	Controlling Mine Drainage Problems in Minnesota – Are All the Wetland Treatment Systems Really Above Average?	339
Figueroa, L.	Demonstration of Modular Sulfate Reducing Bioreactors in the Upper Clear Creek Watershed	360
Fyson, A.	The Acidic Lignite Pit-Lakes of Germany-Microcosm Experiments on Acidity Removal Through Controlled Eutrophication	361
Ganjugunte, G.K.	Tracking Salt and Sodium Build up Due to Irrigation with Coalbed Natural Gas Product Water: Soil Solution Lysimeter and Soil Saturated Paste Extract Studies	378
Gardner, J.S.	Sustainable Development in Appalachia – A New Way of Looking at Mountaintop Mining	388
