

2012 CSI Sixth International Conference on Software Engineering

(CONSEG 2012)

**Indore, Madhay Pradesh, India
5 – 7 September 2012**

**IEEE Catalog Number: CFP1229T-PRT
ISBN: 978-1-4673-2174-7**

Contents

1.	<i>Preface</i>	<i>i</i>
2.	<i>Committee of CONSEG2012</i>	<i>ii</i>
3.	<i>Tribute to Dr. Manohar Chandwani</i>	<i>iv</i>
4.	<i>Editor</i>	<i>v</i>
5.	<i>Keynote and Invited Talk</i>	<i>vii</i>

PAPERS

1.	Software Effort Estimation Using Neuro-Fuzzy Approach	1
	<i>Urvashi Rahul Saxena, S.P Singh</i>	
2.	Implementing the Concept of Refactoring in Software Development- an Experimental Study	8
	<i>Srinivas Nidhra, Jagruthi Dondeti, Praveen Katikar, Sudhakar Tekkali</i>	
3.	Techno-Management View of Secured Software Development	18
	<i>Smriti Jain, Dr. Maya Ingle</i>	
4.	Selecting Requirement Elicitation Techniques for Software Projects	25
	<i>Saurabh Tiwari, Santosh Singh Rathore, Atul Gupta</i>	
5.	Software Requirements Selection using Quantum-inspired Multi-objective Differential Evolution Algorithm	38
	<i>A. Charan Kumari, K. Srinivas, M.P. Gupta</i>	
6.	Maintenance Activities in Object Oriented Software Systems Using K-means Clustering Technique: A Review	46
	<i>Anil Kumar Malviya, Vinod Kumar Yadav</i>	
7.	Incorporating Cost Driver Substitution to Improve the Effort using Agile COCOMO II	52
	<i>Ratnesh Litoriya, Narendra Sharma, Dr. Abhay Kothari</i>	
8.	A Model for Dynamic Load Balancing in Open Source Software for Distributed Computing Environment	59
	<i>Ajay Tiwari, Priyesh Kanungo</i>	
9.	The Performance Enhancement Approach for Parameterized Queries	65
	<i>Sukheja Deepak, Singh Umesh Kumar, Shrivastava Deepak</i>	
10.	Analytical Hierarchy Process Issues and Mitigation Strategy for Large Number of Requirements - An Experimental Study	70
	<i>Srinivas Nidhra, Likith Poovanna Kelapanda Satish, Vinay Sudha Ethiraj</i>	
11.	Multistage Content-Based Image Retrieval	79
	<i>Nishant Shrivastava, Vipin Tyagi</i>	
12.	Developmental Approaches for Agent Oriented System – A Critical Review	84
	<i>Sangeeta Arora, Dr. P. Sasikala, Dr. C.P. Agrawal, Dr. Arun Sharma</i>	

13.	Treebank Based Deep Grammar Acquisition and Part-Of-Speech Tagging for Sanskrit Sentences.....	90
	<i>Namrata Tapaswi, Suresh Jain</i>	
14.	Rule-Based Technique to Measure Conductivity of YBa₂Cu₃O₇ superconductors	95
	<i>Dr Rakesh Mohan Bhatt</i>	
15.	Software Architecture for Large/Critical Applications.....	100
	<i>Vinay Krishna, Dr. Anirban Basu</i>	
16.	A Methodology to Reconfigure Victim Components using Modularity	105
	<i>N Md Jubair Basha, Dr Salman Abdul Moiz</i>	
17.	Achievements and Challenges of Model Based Testing in Industry.....	111
	<i>Madhavi Dhingra, Alka Arora Rachana Ghayal</i>	
18.	A Model for Quality Assurance of OSS Architecture	116
	<i>Rakesh Kumar, Dr. Hardeep Singh</i>	
19.	A Quantitative Model for the Evaluation of Reengineering Risk in Infrastructure Perspective of Legacy System.....	121
	<i>Er. Anand Rajavat, Dr. (Mrs.) Vrinda Tokekar</i>	
20.	Knowledge Discovery with a Subset-Superset Approach for Mining Heterogeneous Data with Dynamic Support.....	130
	<i>Ashutosh Kumar Dubey, Animesh Kumar Dubey, Vipul Agarwal, Yogeshver Khandagre</i>	
21.	Cloud-User Security Based on RSA and MD5 Algorithm for Resource Attestation and Sharing in Java Environment	136
	<i>Ashutosh Kumar Dubey, Animesh Kumar Dubey, Mayank Namdev, Shiv Shakti Shrivastava</i>	
22.	Templates to Derive Security Metric based on Attack Patterns.....	144
	<i>K Raja Sekhar, Dr. LSS Reddy, U Jyothi Kameswari</i>	
23.	A Significant Approach for Cloud Database using Shared-Disk Architecture.....	156
	<i>V.P.Krishna Anne, Vidya Sagar Ponnamp, Gorantla Praveen</i>	
24.	An Approach of Attribute Selection for Reducing False Alarms	160
	<i>Rashmi Verma, Atul Gupta</i>	
25.	An Efficient Framework for High-Quality Web Service Discovery.....	168
	<i>Chiranjeevi Manike, P.P.S Naik, Kavadi Durga Prasad</i>	
26.	Enforcing the Security within Mobile Devices using Clouds and its Infrastructure	177
	<i>V.P.Krishna Anne, J.Venkata Rao, Rajasekhara Rao Kurra</i>	
27.	Broker Based Secure Web Service Composition Using Star Topology	181
	<i>Rajat Bhandari, Ugrasen Suman</i>	
28.	Fuzzy Clustering of Web Documents Using Equivalence Relations and Fuzzy Hierarchical Clustering.....	188
	<i>Satendra Kumar, Mamta Kathuria, Alok Kumar Gupta, Monika Rani</i>	
29.	Literature Survey of Ant Colony Optimization in Software Testing	193
	<i>Bharti Suri, Shweta Singhal</i>	

30.	Extended KDSODTEX to Extract Comprehensible Representation of Business Rule for Software Engineering Process	201
	<i>Kamal Kumar Sethi, Durgesh Kumar Mishra, Bharat Mishra</i>	
31.	Identifying Context of Text Documents using Naïve Bayes Classification and Apriori Association Rule Mining	207
	<i>Anagha R Kulkarni, Vrinda Tokekar, Parag Kulkarni</i>	
32.	Application of Model Oriented Security Requirements Engineering Framework for Secure E-Voting	212
	<i>P.Salini, S.Kanmani</i>	
33.	Scrambled Hybrid Wavelet-Singular Domain Digital Image Watermarking.....	219
	<i>Dharm Singh, Naveen Choudhary, Madhuri Agrawal</i>	
34.	An Effective Algorithm Model for a Soft PIN System.....	225
	<i>Madhu Sharma, O.P. Rishi, Ram Prakash, Durgesh Kumar Mishra</i>	
35.	Methods of Ranking Usability Attributes- A Comparative Study	228
	<i>K. Paithankar, Dr. M. Ingle</i>	
36.	Adding Interactive Interface to E-Government Systems Using AIML based Chatterbots	233
	<i>R.P. Mahapatra, Naresh Sharma, Aakash Trivedi, Chitransh Aman</i>	
37.	Energy Consumption-based Performance Tuning of Software and Applications using Particle Swarm Optimization	239
	<i>Shajulin Benedict, Rejitha R.S., Bency Bright C</i>	
38.	Chameleon Model based Automation Framework Design for Testing in Agile Environments.....	245
	<i>Hemant Thopate, Rohan R. Kachewar</i>	
39.	Object Oriented versus Ontology Oriented Software Reliability Development	249
	<i>Shilpa Sharma, Maya Ingle</i>	
40.	Agility Evaluation Factor: Identification of Flexibility Level.....	253
	<i>S. Bhalerao, M. Ingle</i>	
41.	Reducing Cost in Regression Testing of Web Service	260
	<i>Animesh Chaturvedi</i>	
42.	A Survey on: An Analysis of Secure Routing of Volatile Nodes in MANET.....	271
	<i>Prof. Mahendra Kumar Verma, Prof. Shubham Joshi, Prof. Nitika Vats Doohan</i>	
43.	A New Approach of Leader Election in Distributed System.....	274
	<i>Dinesh Kumar Yadav, C.S.Lamba, Shweta Shukla</i>	
44.	Data Structure based Performance Evaluation of Emerging Technologies -A Comparison of Scala, Ruby, Groovy, and Python.....	280
	<i>Miti S Bhat, Deepthi G Nair, Devyani Bansal, Vaishnavi J</i>	
45.	Web Services Discovery based on Semantic Similarity Clustering	286
	<i>P. Ravinder Reddy, Damodaram. A</i>	

46.	Aggregated Deflate-RLE Compression Technique for Body Sensor Network	293
	<i>Basant Tiwari, Dr. Abhay Kumar</i>	
47.	A Technique to Search Log Records using System of Linear Equations.....	299
	<i>Latika C. Savade, Suraj Chavan</i>	
48.	Investigating Object-Oriented Design Metrics to Predict Fault-Proneness of Software Modules	303
	<i>Santosh Singh Rathore, Atul Gupta</i>	
49.	Critical Analysis of HPL Performance Under Different Process Distribution Patterns	315
	<i>Alpana Rajan, Brijendra Kumar Joshi, Anil Rawat</i>	
50.	A Parallel Lexical Analyzer for Multi-Core Machines.....	319
	<i>Amit Barve, Dr. Brijendra Kumar Joshi</i>	
51.	Incorporating Fault Dependent Correction Delay in SRGM with Testing Effort and Release Policy Analysis.....	323
	<i>Shaik Mohammad Rafi, Dr. Shaheda Akthar</i>	
52.	Cognition Based Selection and Categorization of Maintenance Engineer (Agent) using Artificial Neural net and Data Mining Methods	331
	<i>Ashutosh Mishra, Vinayak Srivastava</i>	
53.	Dimensionality Reduction Based on the Classifier Models: Performance Issues in the Prediction of Lung Cancer	342
	<i>K. Balachandran, Dr. R. Anitha</i>	
54.	Traffic Light Control by using GIS and Estimated Traffic Load in an Area	347
	<i>Alok Tiwari, Dr. Suresh Jain, Dr. Amitabh Mishra, Vijendra Mishra</i>	
55.	Software Reliability Growth Model with Testing Effort using Learning Function.....	352
	<i>Sunil Kumar Khatri, Deepak Kumar, Asit Dwivedi, Nitika Mrinal</i>	
56.	Distributed Intrusion Detection Scheme For Wireless Ad-Hoc Networks: A Review	358
	<i>Rupali Phatak, Durgesh Kumar Mishra</i>	
57.	Performance Analysis for Improved RAM Utilization for Android Applications	365
	<i>Deepali Kayande, Urmila Shrawankar</i>	
58.	A New Approach to Blog Information Searching and Curating	372
	<i>Harsh Khatter, Brij Mohan Kalra</i>	
59.	Determining Bug Severity using Machine Learning Techniques	378
	<i>K. K. Chaturvedi, V. B. Singh</i>	
60.	Implementation of Multiuser Personal Web Crawler	388
	<i>Ms. Swati Mali, Dr. B.B. Meshram</i>	
61.	Cloud Computing: Survey of Different Utilization Techniques	400
	<i>Uday Moghe, Prashant Lakkadwala</i>
