

2012 Third IEEE HISTory of ELECTRO-technology CONFERENCE

(HISTELCON 2012)

Pavia, Italy
5 – 7 September 2012

IEEE Catalog Number: CFP12HIE-PRT
ISBN: 978-1-4673-3079-4

HISTELCON 2012 - PROGRAMME

WEDNESDAY 5 SEPTEMBER

SESSION 1: "GENERAL"

"From Volta onwards: a variety of electrical batteries in the Pavia Museum of Electrical Technology" 1

Paolo Brenni, Roberto Galdi, Francesco Pietra, Antonio Savini

"The Anglo-Italian Connection Documented in the IET Rare Books and Archive Collections" 7

Lenore Symons

"Some Challenges in the Popularization of History of (Electro)Technology" N/A

Christine Blondel (*paper not available for publication*)

SESSION 2: "TELECOMMUNICATIONS – 1"

"Electric Telegraph : Technology Implemented by the Watchmakers" 11

Oral Ahmet

"180 Years of Telecommunications in Russia" 17

Oleg Valentinovich Makhrovskiy

"Optical Telegraphy in Russia: 1794 – 1854" 23

Valery Shilov, Vladimir Kitov, Yaroslav Nazarov

SESSION 3: "TELECOMMUNICATIONS – 2"

"A common technical culture of telegraphy: the Telegraph Union and the significance of Technological Standardization, 1865 - 1875" 32

Simone Fari, Gabriele Balbi, Giuseppe Richeri

"Marconi's diktat: how Italian international wireless policy was shaped by a British company, 1903 - 1911" 37

Gabriele Balbi

"Technical Standards and Political Constrains in the First Italian Submarine Cable Network (around 1850 – 1870)" 43

Andrea Giuntini

"A Florentine in Paris: the Caselli Pantelegraph and its Successors, 1859 – 1871" 51

Jonathan Coopersmith

"NE Picture Transmission Device" 57

Takayuki Nagata, Osamu Kamei, Itaru Ishii

THURSDAY 6 SEPTEMBER

SESSION 4: "POWER – 1"

"The Battle over the Transformer: Patentees and Patenting Strategies in Late-Nineteenth Century Britain" N/A
Anna Guagnini (*paper not available for publication*)

"Dishwasher History and its Role in Modern Design" 63
Francesco Rosa, Edoardo Rovida, Serena Graziosi, Paolo Giudici, Claudio Guarnaschelli, Dino Bongini

"Survey on induction heating development in Italy" 69
Sergio Lupi

"The Second World War and Industrial Development in Siberia" 75
Liudmila I. Sharygina

SESSION 5: "POWER – 2"

"Emil Stohrer and the Development of Electrical Motor Technology in the 1840s" 79
Frank Dittmann, Johannes-Geert Hagmann

"A Brief History of Direct Current in Electrical Power Systems" 83
Luis de Andrade, T. Ponce de Leão

"Looking Back to Electric Cars" 89
Massimo Guarnieri

"Historical Notice Regarding the Development of Type H-Cable" 95
Martin Höchstädter and Friedrich W. Heilbronner

"The Givi Line and the three-phase electrification" 102
Brian Bowers, Roberto Galdi, Sándor Jeszenszky, Francesco Pietra, Antonio Savini

"Le dispatching at Electricité de France : The Control, Command and Synchronization of Power Networks (1960-1975)" N/A
Pierre Mounier-Kuhn (*paper not available for publication*)

SESSION 6: "COMPUTING"

"Rediscovering the Very First Italian Digital Computer" 107
Giovanni A. Cignoni, Fabio Gadducci

"History of Developing and Commercializing Families of Solid-State Calculators" 113
Toru Chiba, Tetsuo Iwase, Yukihiro Yoshida, Isao Shirakawa

"The History of Liquid-Crystal Display and its Industry" 118
Hirohisa Kawamoto

FRIDAY 7 SEPTEMBER

SESSION 7: "MISCELLANEOUS"

"The Rise and Fall of the Military Wavemeter: British Military Wavemeters of the 20th century" 124
Anthony C. Davies

"Landscape and Electrical Transmission Lines: a Cultural Approach to the International Context" 132
Stefano Morosini, Fabrizio Trisoglio

SESSION 8: "HISTORY OF REGION 8"

"Researching the Roots of IEEE Region 8" 142
Martin J. Bastiaans

"Setting up the Basis for Region 8" 150
Jean D. Lebel

"... Go East, Region 8, Go East ... " 153
Anthony C. Davies

"Conferences, Technical Societies and Development – a History of Synergy" 159
Jacob Baal-Schem

SESSION 9: "EDUCATION"

"History of Technology and Education: the Role of Associations" 163
Michael N. Geselowitz

"Bringing social studies to STEM. IEEE History Center Pre-University Outreach." 166
John Vardalas

"Using History of Technology to Promote an Understanding of the Impact of Engineering Solutions among Practitioners at the University Level" 170
John Vardalas, Michael N. Geselowitz

SESSION 10: "MUSEUMS"

"Historic Phonetic Devices in the Education in Electrical Engineering and Information Technology" 180
Rüdiger Hoffman, Dieter Mehnert

"Collecting the Old and the New at the Pavia Museum of Electrical Technology" 185
Antonio Savini, Roberto Galdi, Francesco Pietra
