2012 International Conference on Cloud Computing Technologies, Applications and Management

(ICCCTAM 2012)

Dubai, United Arab Emirates
8 – 10 December 2012

IEEE

IEEE Catalog Number: CFP12TAM-PRT
ISBN: 978-1-4673-4415-9

TABLE OF CONTENTS

Conference Overview i

Venue i

Editorial ii

Patron & Program Chair's Message iii

Committees iv

ICCCTAM-12 Schedule ix

Keynotes

1.	Cloud Computing & Applications	Dr. Eesa M. Bastaki	xvii
2.	Cloud Collaboration Service - Earning from Cloud	Dr. Osman Ahmed	xviii
3.	UAE Educational Cloud over ANKABUT	Dr. Ahmed Dabbagh	xix
4.	Noisy Neighbors, Isolation and QoS in Cloud Infrastructures	Dr. Peter J. Varman	xx

Session I – Technologies I

151142157	Secure Co-resident Virtualization in Multicore Systems by VM Pinning and Page Coloring	Rahul Kotecha	1
153131219	Performance Measure of Multi Stage Scheduling Algorithm in Cloud Computing	R Krishnam Raju Indukuri	8
155232213	Performance Analysis of Cloud Computing using Queuing Models	P Suresh Varma	12
149741175	Security & Privacy Architecture as a Service for Small and Medium Enterprises	Nilaykumar Kiran Sangani	16
157341237	Sharing-Aware intercloud Scheduler for Data-Intensive Jobs	Nawfal A. Mehdi	22
156621220	A Fine Grained Access Control and Flexible Revocation Scheme for Data Security on Public Cloud Storage Services	Tameem	27

Session II – Applications I

158132233	Application of Cloud Computing in Resource Sharing Among Academic Libraries	Sheshadri K N	34
162031261	Distributed Chess Engine	Gautham Badhrinathan	38
151721197	Designing and Deploying a Hospital Management Application in Google cloud and Performance Study of the application	S. Vadivel	43
160433257	Applications of Cloud Computing in Remote Oil and Gas Operations	Mohammed Al Hasan Khan	52
149332147	ERP on cloud - Implementation strategies and challenges	Appandairajan	56
158441238	Framework of a National Level Electronic Health	Omniyah Gul	60
157741229	A Study on Significances of Adopting Cloud Computing Paradigm in Healthcare Sector	Mervat	65

Session III – Technologies II

155721215	The Need, Use and Efficiency of Trustworthy Security Model in Cloud Computing for Information Assurance	B Kishore	69
156421222	Security Issues and Control Mechanisms in Cloud	Suba Surianarayanan	74
151621176	Modified BTG-RBAC Model for SaaS	Rajesh K	77
151531164	Building a Data Warehousing Infrastructure based on Service Oriented Architecture	Yashvardhan Sharma	82
147411200	Cloud Computing Setup for a Campus Environment	Nandkumar	88
151321182	An Adaptive Method for Node Revocation in Peer-to-Peer Networks	Reshmi G	92

Session IV – Applications II

152231202	Cloud Computing Solutions: Library Perspectives	Mohammed Shafi	98
155941254	Cloud Computing: Applications in Biological Research and Future Prospects	Kiran Menon	102
157231231	A Cloud Enabled Online Quiz Application Deployed on Google Cloud	Sujala D Shetty	108
150821160	Awareness and Application of Cloud Computing in Indian Libraries: A Study Among Librarians of Engineering Colleges of Coimbatore District	Mahalakshmi	114
159711251	Reliability of Cloud Computing in Quantum Chemistry Calculations	Rusal Raj	119

Session V – Technologies & Management

153921188	Exploring the Impact of Cloud Computing Adoption on Organizational Flexibility: A Client Perspective	Prerna Lal	121
147821249	An User-Centric Billing Model for Cloud Computing	Anand Kumar	132
158344236	Disaster Recovery Services in the Cloud for SMEs	Abdul Wahab	139
154741227	Towards an Efficient and Secure Educational Platform on Cloud Infrastructure	Sarfraz Nawaz Brohi	145
154741228	Identifying and Analyzing Security Threats to Virtualized Cloud Computing Infrastructures	Sarfraz Nawaz Brohi	151

Session VI – Technologies III

161021260	Cloud Computing: Exploring Security Design Approaches in Infrastructure as a Service	Manas Jog	156
155331214	An Adaptive QOS-aware Cloud	Zhang Yuchao	160
155821216	MAS Workflow Model and Scheduling Algorithm for Disaster Management System	Mansura Habiba	164
157731234	Cloud Computing Implementation Challenges	Mervat	174
155821217	Dynamic Scheduling Approach for Data-Intensive Cloud Environment	Mansura Habiba	179
152411245	Star: A Proposed Architecture for Cloud Computing Applications	Samah Ahmed	186

Session VII – Posters

147941187	Cloud Computing and How to Apply it to IT Management	Mehdi Ahmadipour	193
153221178	Key Technologies in Cloud Computing	K.Divya	196
149421144	A Study on Knowledge Discovery in Indian Textile Industry based on Cloud Computing	Senthil Kumar	200
151722206	Cloud Computing Security: Concerns, Strategies and Best Practices	Vadivel S	205
158632242	Utilization of Cloud Computing in E-learning Systems	Radhakrishnan	208
148441192	E-Learning Based on Cloud Computing	Majid Shirzad	214

Session VIII – Technologies IV

157121225	Broker Architecture For Web Service Selection Using Soapui	Susila	219
152521204	Optimizing Cloud Service Provider Scheduling By Using Rough Set Model	Mehul Mahrishi	223
160031259	Developing & Customizing University Business Intelligence Cloud	Berik Akhmetov	229

157231230	Development Of A REST Web Service To Help Organizations Promote Customer Involvement In Online Corporate Social Responsibility	Sujala D Shetty	234
154611210	Security and Privacy in Cloud Computing	Sara Hamouda	241
