Contents

Conference Schedule	1
Symposium 1 ~ Bilingual Aphasia: Treatment & Recovery	
1. What Do We Know about Impairment and Recovery of Language in Bi-Multilingual Aphasia? Swathi Kiran, Loraine Obler, Ana Ansaldo, Mira Goral, Marie-Joseph Tainturier and Patricia Roberts	10
2. SBTT- Switch Back through Translation: A Theory-Driven therapy Approach to Word-Finding Deficits in Bilingual Aphasia Ana Inés Ansaldo and Ladan Ghazi-Saidi	12
3. Facilitation and Competition Following Treatment in Multilingual Aphasia Mira Goral	14
4. Treating Sublexical Spelling in Bilingual Acquired Dysgraphia Marie-Josèphe Tainturier, Jennifer Roberts and Daniel Roberts	16
5. Training the Weaker Language to Examine Between-Language Transfer in Bilingual Aphasia Rehabilitation Swathi Kiran and Patricia Roberts	18
Poster Session 1 ~ Bilingualism; Syntax & Morphology; Reading & Writing	
6. Spontaneous Recovery of Linguistic, Narrative, and Cognitive Skills from Bilingual Aphasia in Cantonese and English: A Case Study Anthony Pak Hin Kong, Janet D. Whiteside and Allison Raino	20
7. Agrammatism in Bilingual Spanish-English Speakers Jose G. Centeno	22
8. Naming and Discourse Production: A Bilingual Case Study Yi-Ling Dai, Anthony Pak Hin Kong and Brendan Stuart Weekes	24
9. Dissociable Memory Processes in Bilingual Speakers: Evidence from EEG Kathrin Klingebiel, Sam Hutton, Steve Majerus and Brendan Weekes	27
10. The Neural Correlates of Second Language Acquisition: Cross-Linguistic Transfer Effects of Phonological Similarities Ladan Ghazi Saidi and Ana-Inés Ansaldo	29
11. Longitudinal Output Changes in a Case of Logopenic Bilingual PPA Alison Hilger, Anthony Pak Hin Kong, Lise Menn, Yushu Yan, Gail Ramsberger and Christopher Filley	31
12. Source Memory in Older Monolinguals and Bilinguals Pier-Luc Massicotte, Daniel Adrover-Roig, Ana Inés Ansaldo and Nicole Caza	33
13. Individual Differences in Executive Function Modulate Bilingual Between-Language Activation during Reading in Healthy Older Adults: Evidence from Eye-tracking Irina Pivneva, Aruna Sudarshan, Julie Mercier, Shari Baum and Debra Titone	35
14. Recovery of Alexia with Agraphia in Orthographically Distinct Languages: A Report Shivani Tiwari and Gopee Krishnan	37
15. Grammatical Impairment of Code-Switching but Intact Language Selection in Bilinguals with Aphasia Amanda Miller Amberber, Lyndsey Nickels, Stephen Crain and Max Coltheart	39
16. Passivization in Spanish Agrammatism Sara Sánchez-Alonso, Silvia Martínez-Ferreiro and Asaf Bachrach	41
17. Psych Verbs in Spanish Agrammatism Silvia Martínez-Ferreiro, Asaf Bachrach and Carme Picallo	43
18. ERP Responses to Argument Structure and Semantic Violations in Sentence Context in Healthy and Agrammatic Aphasic Adults Aneta Kiełar, Aya Meltzer-Asscher and Cynthia Thompson	45
19. Agrammatic Aphasia as Underspecification of Phase Features: A Case Study Deniz Tat	47
20. Encoding and Decoding Motion Events in English and French: Comparative Case-Studies in Agrammatism and Anomia Efstathia Soroli, Maya Hickmann and Halima Sahraoui	49
21. Selective Scrambling in a Case of Mixed Transcortical Aphasia Ludovico Franco, Elisa Zampieri, Francesca De Biagi, Martina Garzon, Francesca Meneghello and Carlo Semenza	51

22. The Interaction among Figure, Ground and Axial Part in a Case of Broca's Aphasia Elisa Zampieri, Ludovico Franco, Ilaria Zannoni and Francesca Meneghelo	53
23. Orthography and Semantics in Broca's Aphasia: Evidence from Morphological Processing Kyrana Tsapkini, Eleni Peristeri and Gonia Jarema	55
24. Time Course of Processing of Grammatical Agreement Information in Russian Agrammatism Irina A. Sekerina, Olga V. Dragoy and Maria V. Ivanova	57
25. Evidence for an Atypical Pattern of Lexical Access in Agrammatic Aphasia Michelle Ferrill, Carolyn Karinen, Tracy Love and Lewis Shapiro	59
26. Mouse-Tracking Studies of Syntactic Comprehension in Aphasia David Caplan and Joshua Levy	61
27. Distinguishing Morphological Processing Impairment from Phonological Impairment in Aphasia Tori Miner and Adam Buchwald	63
28. Neural Basis of Semantic and Syntactic Interference Resolution in Sentence Comprehension Yi Guo, Randi C. Martin, A. Cris Hamilton, Julie A. Van Dyke and Yingying Tan	65
29. Age of Acquisition Effects on Chinese Character Recognition: Evidence from EEG Brendan Weekes	67
30. Grammatical and Semantic Effects in Reading Derived Nouns: A Study of Deep Dyslexia Marco Marelli, Daniela Traficante, Silvia Aggujaro, Franco Molteni and Claudio Luzzatti	69
31. Hyperlexia in a Chinese Speaking Child I-Fan Su, Carol Kit Sum To and Brendan Weekes	71
32. 'I can write two but not 2': Evidence for Domain-Specific Within-Modality Dissociation for Number Digits Gopee Krishnan, Aparna Pai, Shivani Tiwari and SN Rao	73
33. Effects of Phonological Complexity Training on Pseudoword Reading in Acquired Phonological Dyslexia Ellyn Riley and Cynthia Thompson	75
34. Oral Reading and Writing in Broca's Aphasia: Implications for the Common and Independent Lexicon Theories Venu Balasubramanian and Maureen Costello	78
35. Comparison of Reading Performance in Fluent and Non-Fluent Aphasia Mary Purdy and Diana Newman	80
36. Three Sides of a Same Coin? An Investigation of Phonological Dyslexia in a Group of Italian Aphasic Patients Elena Barbieri, Marco Marelli, Giusy Zonca, Paola Saletta, Na'ama Friedmann and Claudio Luzzatti	82
Platform Session 1 ~ Dynamics of Phonetics & Phonology	
37. On the Nature of Speech Errors in Aphasia: Acoustic Analysis of the Speech Output of 8 Native Speakers of Spanish with Aphasia Anna Marczyk, Lorraine Baqué, Alba Rosas and Jean-Luc Nespoulous	84
38. Refractory Phonological Access Deficits Michael Wolmetz and Brenda Rapp	86
39. Time-Course of Phonetic Encoding and Diverging ERP Correlates in Two Patients with Apraxia of Speech Marina Laganaro	88
40. The Role of Adaptive Training on Shaping Phonetic Categorization in Aphasia Sara Guediche, Jasmina Stritof, John Mertus, Kathleen Kurowski, Carole Palumbo and Sheila Blumstein	90
Symposium 2 ~ Sentence Processing Deficits & Memory Retrieval	
41. Sentence Processing Deficits and Memory Retrieval: A Cue-Based Parsing Approach Randi Martin	92
42. A Cue-Based Retrieval Theory of Working Memory in Language Processing: Core Computational Principles and Implications for Individual Differences Richard Lewis	94
43. Modeling Offline and Online (Eye Movements) Sentence Comprehension in Aphasia using the Cue-Based Retrieval Architecture Umesh Patil, Sandra Hanne, Shravan Vasishth, Frank Burchert and Ria De Bleser	96
44. Working Memory, Retrieval Interference, and Sentence Comprehension Deficits in Aphasia Randi Martin, Yingying Tan and Julie Van Dyke	98
45. Sentence Comprehension in Poor vs. Good Readers: A Cue-Based Retrieval Approach Julie A. Van Dyke and Clinton L. Johns	100
46. Short-Term Memory, Agrammatism, and Syntactic Agreement L. Robert Slevc and Randi C. Martin	102
Poster Session 2 ~ Intervention; Imaging; Discourse; Lexical Retrieval	
47. Verb Retrieval in Non-Fluent Aphasia: An Information-Theoretic Approach Lizet Van Ewijk and Sergey Avrutin	104
48. Treatment of Verbs in Non-fluent Aphasia: Measuring Generalization Kristen Maul, Peggy Conner, Daniel Kempler and Mira Goral	106
49. Aphasia Therapy: Methods and Concepts from a Historical Perspective Jacqueline Ann Stark	108

50. Use of a Smart-Phone for Rehabilitation in Semantic Dementia: A Case Study Sonia Routhier, Séverine Jacques, H�el�ene Pigot, Jo�el Macoir and Nathalie Bier	110
51. Aphasia Assessment on Android: Recording Voice, Eye-Gaze and Touch for the BAT Gina Cook, Alexandra Marquis and Andr�e Achim	112
52. Tasks for Psycholinguistic Assessment in Brazilian Portuguese: Preliminary Results Rui Rothe-Neves, Regina Lapate, Juliana Pinto, Rachel Loiola and Erica Couto	114
53. Exploration into Feedback and Non-feedback Based Learning in Aphasia Sofia Vallila and Swathi Kiran	116
54. Communication Perception of Individuals with Aphasia by Speech-Language Therapists and Relatives Leticia Mansur, Fernanda Marchezini and Marcela Silagi	118
55. Aphasia Social Support Network of Residents in S�ao Paulo, Brazil Aline Peres, Marcela Silagi and Leticia Mansur	120
56. Is the Cinderella Task Biased for Age or Sex? Davida Fromm, Brian MacWhinney, Margaret Forbes and Audrey Holland	122
57. Computational Analysis of AphasiaBank Transcripts and Video Brian MacWhinney, Davida Fromm, Margaret Forbes and Audrey Holland	124
58. Quantitative Analysis of Connected Speech in Aphasia: Insights from Greek-speaking Patients with Fluent and Non-fluent Types of Aphasia Judit Druks, Maria Varkanitsa, Dimitrios Kasselimis, Constantin Potagas and Ioannis Evdokimidis	125
59. Textual Density in Narratives Produced by Individuals with Chronic Aphasia Dalia Cahana-Amitay, Patricia Fitzpatrick, Michelle Volz and Mallory Finley	127
60. Imaging the Effects of Implicit Treatments for Apraxia of Speech Christine Davis, Dana Farias and Stephen Wilson	129
61. Behavioral Effects and Neural Underpinnings of Phonological Treatment of Anomia 27 Years Post-Onset: An fMRI Case Study Stefano Magon, Gianpaolo Basso, Rita Capasso, Eleonora Florio, Marialuisa Gandolfi, Francesca Reggiani, Nicola Smania and Gabriele Miceli	131
62. Treatment-Induced Neuroplasticity Following Intensive Constrained and Unconstrained Language Therapy in a Case of Severe Non-fluent Aphasia Jacquie Kurland, Nicole Silva, Katherine Burke and Priyanka Iyer	133
63. An fMRI Investigation of Semantic and Phonological Naming Treatment in Aphasia Sophia Van Hees, Anthony Angwin, Katie McMahon, Greig De Zubicaray and David Copland	135
64. The Aging Neighborhood: Phonological Density in Word Retrieval Jean K. Gordon	138
65. Nominalization in the Verb-Noun Dissociation Chiara Zanini and Carlo Semenza	140
66. Target-Unrelated Verbal Paraphasias: A Case Study Martina Garzon, Marianna Semenza, Francesca Meneghello, Giulia Bencini and Carlo Semenza	142
67. Production of Novel and Lexicalized Compounds in Aphasia Susanne Borgwaldt and Arpita Bose	144
68. Brazilian Portuguese Phonotactic Rules in Phonemic Paraphasias: Report on Three Cases Lilian Almeida, Erica Couto and Rui Rothe-Neves	146
69. Phonological Neighborhood Effects in Spoken Word Production in Aphasia Natasha Bullock-Rest, Alissa Cerny, Carol Sweeney, Carole Palumbo, Kathleen Kurowski and Sheila Blumstein	148
70. The Mental Representation of Irreversible Binomials: Evidence from a Serial Recall Task Giorgio Arcara, Sara Mondini, Francesca Mazzaro, Gonia Jarema and Carlo Semenza	150
71. The Organization of Concrete Concepts Jingyi Geng, Tao Wei and Tatiana Schnur	152
72. Neurofunctional Characterization of Verbal Fluency in Successful Aging Yannick Marsolais and Yves Joanette	154
73. Emotional Valence and Arousal Affect Word Recognition in an Interactive Way: Neural Evidence for an Integrated Approach-Withdrawal Framework Francesca Citron, Marcus Gray, Hugo Critchley, Brendan Weekes and Evelyn Ferstl	156
74. Stress Matters! A Study on Compound Stress Assignment in Greek-Speaking Individuals with Aphasia Athanasios Tsiamas, Eva Kehayia, Gonia Jarema, Dimitris Kasselimis, Costas Potagas and Ioannis Evdokimidis	158
75. Voicing and Tension: When one Phonetic Parameter Compensates for the Dysfunction of Another: A Case Study of an Anarthric Catalan Native Speaker Alba Rosas, Anna Marczyk, Lorraine Baqu�e and Jean-Luc Nespoulous	160
Platform Session 2 ~ Behavioural & Neural Correlates of Treatment & Recovery	
76. Phonology is the Strongest Language Component in Predicting Aphasia Outcome after Stroke Hanane El Hachoui, Hester Lingsma, Mieke Van de Sandt-Koenderman, Diederik Dippel, Peter Koudstaal and Evy Visch-Brink	162
77. Lateralisation of the Arcuate Fasciculus Predicts Aphasia Recovery at 6 Months Stephanie J. Forkel, Flavio Dell'Acqua, Lalit Kalra, Steven C. Williams and Marco Catani	164

78. Transcranial Magnetic Stimulation Improves Discourse Productivity in Individuals with Non-fluent Aphasia Jared Medina, Roy H. Hamilton, Catherine Norise, Peter E. Turkeltaub and H. Branch Coslett	167
79. Functional Integration in the Default-Mode Network: Modifications Following Intensive Semantic Feature Analysis in Chronic Aphasia Karine Marcotte, Vincent Perlberg, Guillaume Marrelec, Habib Benali and Ana Inés Ansaldo	169
Platform Session 3 ~ Marie's Quadrilateral vs Broca's Area	
80. Marie's Quadrilateral vs. Broca's Area: Aphasiological History Reconsidered Loraine Obler and Nina Dronkers	171
81. Broca's Area and Marie's Quadrilateral Space in 21st-Century Aphasiology Nina Dronkers	173
Platform Session 4 ~ Mechanisms of Lexical Retrieval	
82. A New Theoretical Model for Word-Finding Difficulties in Aphasia Marjolein Van Egmond, Lizet Van Ewijk and Sergey Avrutin	175
83. Mapping and Comparing Concept Network Structures in Individuals with Aphasia Feng Lin and Zhongli Jiang	177
84. Phonological Facilitation Effects during Noun and Verb Naming in Agrammatic and Anomic Aphasia Jiyeon Lee and Cynthia Thompson	180
85. Paradoxical Vocabulary Learning in the Face of Extensive Left Temporal Lobe Damage and Chronic Aphasia Leena Tuomiranta, Pirkko Rautakoski, Nadine Martin and Matti Laine	182
Poster Session 3 ~ Cognitive Components of Aging & Neurogenic Disorders; Miscellaneous	
86. Processing of Non-Verbal Video Events by People with Aphasia Marjorie Nicholas and Elizabeth Vaughan	185
87. Language Disorders and Non-Linguistic Cognitive Deficits in Individuals with Aphasia Post-Stroke Milena Bonini and Márcia Radanovic	187
88. Hemispheric Asymmetry Reduction in Older Adults during Access to Semantic Memory Eisie Abbassi and Yves Joanette	189
89. Over-Reliance on Semantic Memory in Immediate Serial Recognition of DRM Lists in Older Adults: Evidence from Articulatory Suppression Nicole Caza, Gabrielle Ciquier and Anne-Laure Macé	191
90. Short-Term Memory Training in Aphasia: Patterns of Treatment-Induced Learning and their Implications for Sentence Comprehension Christos Salis	193
91. Effects of Visual and Auditory Modalities on Repetition and Short-Term Memory in Deep Dysphasia: A Case Study Rebecca Berkowitz, Francine Kohen and Nadine Martin	195
92. The Importance of Distinguishing Item and Order Memory for Understanding Short-Term Memory Deficits in Brain-Damaged Patients Lucie Attout, Marie-anne Van der Kaa, Mercédès George and Steve Majerus	197
93. Semantic STM Deficits and Semantic Control Corinne Allen, A. Cris Hamilton and Randi Martin	199
94. Comprehension of Textual Inferences: Effects of Lesions in Right and Left Hemispheres Marcela Silagi, Marcia Radanovic and Leticia Mansur	201
95. Narrative Discourse Comprehension in Right Hemisphere Brain Damage: A Single Case Study Gislaine Machado Jerônimo, Luiz Carlos Marrone and Lilian Cristine Scherer	203
96. Argumentative Text Comprehension and its Relation with Cognitive Abilities: The Impact of Age and Education Levels Lilian Cristine Scherer, Rochele Paz Fonseca, Onici Flôres, Rosângela Gabriel, Camila Oliveira and Bernadette Ska	205
97. Theory of Mind Reasoning in People with Aphasia: The Role of Language and Executive Functions Vijayachandra Ramachandra and Elizabeth Schneider	207
98. Communication Profiles and their Relationship with Executive Functions after Right Hemisphere Stroke Rochele Paz Fonseca, Perrine Ferré, Maximiliano A. Wilson, Bernadette Ska and Yves Joanette	209
99. Verbal Fluency Tasks: Does Time Matter for Identification of Executive Functioning and Lexical-Semantic Deficits Following Right Brain Damage? Nicolle Zimmermann, Lilian Scherer, Bernadette Ska, Yves Joanette and Rochele Fonseca	211
100. Linguistic Processing and Executive Control: Evidence for Inhibition in Broca's Aphasia Eleni Peristeri, Ianthi-Maria Tsimpli and Kyra Tsapkini	213
101. Individual Differences in Executive Function Modulate Bilingual Spoken Language Processing in Healthy Older Adults: Evidence from Eye-tracking Aruna Sudarshan, Julie Mercier, Irina Pivneva, Shari Baum and Debra Titone	215
102. Toward an Expanded Operationalization of the Verbal Expression of Affective Meanings Gloria Streit Olness and Maria Muñoz	217
103. Knowledge of Tense in Dementia of the Alzheimer Type Adriana Martins and Celso Novaes	219
104. Grammatical Disorders in Alzheimer's Disease: Evidence from Verb Inflection in Greek Valantis Fyndanis, Christina Manouilidou, Eugenia Koufou and Eva Maria Tsapakis	221

105. Non-Fluent Progressive Aphasia Without Agrammatism or Apraxia of Speech Naida L. Graham, David F. Tang-Wai, Sandra Black, Carol Leonard, Regina Jokel, Graeme Schwindt and Elizabeth Rochon	223
106. Let's Eat an Ice Cream, Even Though I Don't Know What It Is: Semantic Loss with Syntactic Preservation in an SD Subject Annalisa Benetello and Costanza Papagno.	225
107. Longitudinal Discourse Changes in Amyotrophic Lateral Sclerosis Angela South, Katie Findlater, Michael Strong and JB Orange.	227
108. Longitudinal Assessment of Language and Reading in a Case of Corticobasal Syndrome Noémie Auclair-Ouellet, Valérie Plante, Marion Fossard and Joël Macoir	229
109. Non-Verbal Emotion Communication in Patients with Frontotemporal Dementia: A Case Study Chinar Dara, Kathleen Kortte, Cameron Davis, Elisa Ochfeld, Melissa Newhart and Argye Hillis	231
110. The Language and Working Memory Abilities of Children with Sickle Cell Disease with and without Silent Cerebral Infarct: A Preliminary Study Natalie Ottey, Wilhelmina Wright-Harp, Joan Payne, Caterina Minniniti, Jay Lucker and Barbara Speller-Brown.	233
111. On the Language of Hallucinations: Visions (1759) by Charles Bonnet Harry Whitaker and Yves Turgeon	235
112. Transcortical Sensory Aphasia After Extensive Left Perisylvian Lesion: A Case of Mixed Dominance Dimitrios Kasselimis, Spyridoula Cheimariou, Constantin Potagas, Panagiotis Simos, Ioannis Evdokimidis and Harry Whitaker	236
Platform Session 5 ~ Dyslexia & Dysgraphia	
113. Interaction between Word-Level and Letter-Level Processing in Written Language: Evidence from Acquired Dysgraphia Carolyn Falconer, Tori Miner, Daniela Velez and Adam Buchwald.	238
114. Orthotactic Influences on Spelling Errors in Dysgraphia Simon Fischer-Baum, Michael McCloskey, Don Mathis and Colin Wilson	240
115. Letter Position Representations in Reading: Evidence from Acquired Dyslexia Michael McCloskey, Simon Fischer-Baum and Fatimah Alkhunaizi	242
116. What is the Eye Doing during Reading Aloud? Eye-Voice Span in Acquired Dyslexia Katja Halm, Irene Ablinger, Anne Ullmann, Matthew J. Solomon, Ralph Radach and Walter Huber	244
