## Tuesday, April 1

1:30 PM - 3:15 PM

### 2C1 - Security

Room: Drawing Room

Session Chair: Mr. George Rebovich, Jr. (The MITRE Corporation, USA)

#### CyMRisk: An Approach for Computing Mission Risk due to Cyber

Attacks.....	1
--------------	---

*Thomas Llansó (The Johns Hopkins University Applied Physics Laboratory, USA)*

*Eric Klatt (The Johns Hopkins University Applied Physics Laboratory, USA)*

#### A Security Engineering Process for Systems of Systems using Security

Patterns.....	8
---------------	---

*Jose Fran. Ruiz (Fraunhofer SIT, Germany)*

*Carsten Rudolph (Fraunhofer SIT, Germany)*

*Antonio Maña (University of Malaga, Spain)*

*Marcos Arjona (University of Malaga, Spain)*

#### An Actionable Framework for System of Systems and Mission Area Security

Engineering.....	12
------------------	----

*J. Dahmann (The MITRE Corporation, USA)*

*G. Rebovich (The MITRE Corporation, USA)*

*G. Turner (The MITRE Corporation, USA)*

### 2C2 - Control Systems

Room: MacDonald

Session Chair: Dr. Emil Petriu (University of Ottawa, Canada)

#### Unmanned Aerial Vehicle Formation Flying using Linear Model Predictive

Control.....	18
--------------	----

*M. Iskandarani (Royal Military College of Canada, Canada)*

*S. N. Givigi (Royal Military College of Canada, Canada)*

*G. Fusina (Defence R&D Canada - Ottawa, Canada)*

*A. Beaulieu (Royal Military College of Canada, Canada)*

#### Distributed Optimal Control of a Network of Virtual Power Plants with Dynamic Price

Mechanism.....	24
----------------	----

*Hanane Dagdougui (Department of Electrical Engineering (ETS), Canada)*

*Ahmed Ouammi (National Centre for the Scientific and Technical Research, Rabat, Morocco)*

*Roberto Sacile (University of Genoa, Italy)*

<b>Model-Free Tuning Solution for Sliding Mode Control of Servo Systems.....</b>	<b>30</b>
<i>Radu-Emil Precup (Politehnica University of Timisoara, Romania)</i>	
<i>Mircea-Bogdan Radac (Politehnica University of Timisoara, Romania)</i>

## Wednesday, April 2

8:00 AM - 9:45 AM

### 3A1 - Human-Machine Interaction

Room: Drawing Room

Session Chair: Dr. José Azorin (Miguel Hernández University of Elche, Spain)

#### First steps in the development of an EEG-based system to detect intention of gait initiation.....167

*D. Planelles (Miguel Hernández University of Elche, Spain)*  
*E. Hortal (Miguel Hernández University of Elche, Spain)*  
*A. Costa (Miguel Hernández University of Elche, Spain)*  
*E. Iáñez (Miguel Hernández University of Elche, Spain)*  
*José M. Azorín (Miguel Hernández University of Elche, Spain)*

#### Brain-Machine Interface System to Differentiate between Five Mental Tasks.....172

*Enrique Hortal (Miguel Hernández University of Elche, Spain)*  
*Daniel Planelles (Miguel Hernández University of Elche, Spain)*  
*Andrés Úbeda (Miguel Hernández University of Elche, Spain)*  
*Álvaro Costa (Miguel Hernández University of Elche, Spain)*  
*José M. Azorín (Miguel Hernández University of Elche, Spain)*

#### Sound Transmission through the Human Body with Digital Weaver Modulation (DWM) Method.....176

*Sung-Eun Kim (Electronics and Telecommunications Research Institute, Korea)*  
*Taewook Kang (Electronics and Telecommunications Research Institute, Korea)*  
*Junghwan Hwang (Electronics and Telecommunications Research Institute, Korea)*  
*Sungweon Kang (Electronics and Telecommunications Research Institute, Korea)*  
*Kyounghwan Park (Electronics and Telecommunications Research Institute, Korea)*

### 3A2 - Research in Systems Engineering I

Room: MacDonald

Session Chair: Dr. Maik Maurer (Technische Universität München, Germany)

#### A survey on complexity management in systems engineering.....180

*Maik Maurer (Technische Universität München, Germany)*  
*Roland Schneller (Technische Universität München, Germany)*  
*Mayada Omer (Technische Universität München, Germany)*

#### Between Inspection and Innovation The Central Role of the Peer Review in Systems Engineering.....188

*Paul D. Nugent (Western Connecticut State University, USA)*

#### Reference process for the development of an engineering strategy.....192

*Michael Gepp (University Erlangen-Nuremberg, Germany)*  
*Florian Steinmann (University Erlangen-Nuremberg, Germany)*  
*Andreas Schertl (Siemens AG, Corporate Technology, Germany)*  
*Jan Vollmar (Siemens AG, Corporate Technology, Germany)*

### 3A3 - Program/Project Management for Complex Systems I

Room: Palladian

Session Chair: Ms. Jin Zhu (Florida International University, USA)

#### Knowledge Management for Metrics: Enabling Analysis and Dissemination of Metrics.....199

*Thomas Walworth (University of Bristol, United Kingdom)*

*Mike Yearworth (University of Bristol, United Kingdom)*

*Laura Shrieves (Thales Corporate Services, United Kingdom)*

#### Systems Thinking For Rapid Decision Making In Industrial Contexts.....206

*Darren John Winter (GKN Aerospace, Western Approach, United Kingdom)*

*Paul Ashton-Rickardt (GKN Aerospace, Western Approach, United Kingdom)*

*Carwyn Ward (University of Bristol, United Kingdom)*

*Mike Yearworth (University of Bristol, United Kingdom)*

*Chris McMahon (University of Bristol, United Kingdom)*

*Kevin Potter (University of Bristol, United Kingdom)*

#### Towards a New Paradigm for Management of Complex Engineering Projects: A System-of-Systems Framework.....213

*Jin Zhu (Florida International University, USA)*

*Ali Mostafavi (Florida International University, USA)*

### 3A4 - Urban and Environmental Considerations

Room: Burgandy

Session Chair: Mr. Mohamad Iskandarani (Royal Military College of Canada, Canada)

#### A Block Based E2E Forwarding Delay Model for Delay Sensitive VANETs in City Environments.....B#5

*Mir Tafseer Nayeem (Islamic University of Technology (IUT), Bangladesh)*

*Md. Mamunur Rashid Akand (Islamic University of Technology (IUT), Bangladesh)*

*Mahmudun Nabi (Islamic University of Technology (IUT), Bangladesh)*

*Md. Rokon Uz Zaman Sumon (Islamic University of Technology (IUT), Bangladesh)*

*Muhammad Mahub Alam (Islamic University of Technology (IUT), Bangladesh)*

#### A Multi-Attribute Decision Support Framework for Conventional Generation Capacity Expansion.....227

*Waleed Gowharji (Center For Complex Engineering Systems, Saudi Arabia)*

*Abdulelah Habib (Center For Complex Engineering Systems, Saudi Arabia)*

*Ross D. Collins (Massachusetts Institute of Technology, USA)*

*Rayed Al Wajeeh (Center For Complex Engineering Systems, Saudi Arabia)*

*Ahmad AlAbdulkareem (Center For Complex Engineering Systems, Saudi Arabia)*

*Anas Alfaris (Center For Complex Engineering Systems, Saudi Arabia)*

*Stephen R Connors (Massachusetts Institute of Technology, USA)*

#### Evaluating Army Geospatial Data Analysis Tools.....235

*Breawna Davis (United States Military Academy, USA)*

*Alexandra Sutherland (United States Military Academy, USA)*

*Raymond Maples (United States Military Academy & United States Army, USA)*

*Megan Wilton (United States Military Academy, USA)*

10:15 AM - 12:00 PM

**3B1 - Model-Based Systems Engineering I**

Room: Drawing Room

Session Chair: Dr. Alain Beaulieu (Royal Military College of Canada, Canada)

**Modeling and Direct Adaptive Control of Utility-Scale Wind Turbines for both Onshore and Offshore Operation.....243**

*Kaman Thapa Magar (University of Wyoming, USA)*

*Mark J. Balas (University of Wyoming, USA)*

**Impact of Dynamic Priority Scheme on IP Multimedia Subsystem.....250**

*Lava Al-Doski (Niksun, inc, USA)*

*Seshadri Mohan (University of Arkansas at Little Rock, USA)*

**Impact of Information Sharing on Energy Behavior: A System Dynamics Approach.....255**

*Nasrin Khansari (Stevens Institute of Technology, USA)*

*Ali Mostashari (Stevens Institute of Technology, USA)*

*Mo Mansouri (Stevens Institute of Technology, USA)*

**3B2 - Systems Architectures I**

Room: MacDonald

Session Chair: Dr. Paul C. Hershey (Raytheon, Inc., USA)

**System Architecture for Dynamic Mission Services Orchestrator (DMSO).....259**

*Paul Hershey (Raytheon, Inc., USA)*

*Dan Clark (Raytheon, USA)*

*David Wisniewski (Raytheon, USA)*

**Defining a Method for Identifying Architectural Candidates as Part of Engineering a System Architecture.....266**

*Joakim Fröberg (Mälardalen University, Sweden)*

*Stig Larsson (Mälardalen University, Sweden)*

*Sara Dersten (Mälardalen University, Sweden)*

*Per-Åke Nordlander (BAE Systems, Sweden)*

**3B3 - Program/Project Management for Complex Systems II**

Room: Palladian

Session Chair: Mr. Jeffrey Levin (Johns Hopkins University Applied Physics Laboratory, USA)

**Value of Bottom-up Team Formation for Complex Adaptive Business Systems.....272**

*Hari Prasad, Devarapalli (Tata Consultancy Services, India)*

*Hanumad Vasanth, Munnamgi (Tata Consultancy Services, India)*

**Performance Assessment of Outsourced Service Engagements: Leveraging Economic Theories Based Critical Success Factors.....277**

*Veerendra K Rai (Tata Consultancy Services, India)*

*Sanjit Mehta (Tata Consultancy Services, India)*

<b>Detecting Antifragile Decisions and Models Lessons from a Conceptual Analysis Model of Service Life Extension of Aging Vehicles.....</b>	<b>285</b>
<i>Jeffrey S. Levin (Johns Hopkins University Applied Physics Laboratory, USA)</i>	
<i>Steven P. Brodfuehrer (Johns Hopkins University Applied Physics Laboratory, USA)</i>	
<i>William M. Kroshl (Johns Hopkins University Applied Physics Laboratory, USA)</i>	
<b>130 PM - 3:15 PM</b>	
<b>3C1 - Model-Based Systems Engineering II</b>	
<b>Room:</b> Drawing Room	
<b>Session Chair:</b> <i>Dr. Takayuki Kuroda (NEC Corporation, USA)</i>	
<b>Model-based Automation for Hardware Provisioning in IT Infrastructure.....</b>	<b>293</b>
<i>Takayuki Kuroda (NEC Corporation, USA)</i>	
<i>Aniruddha Gokhale (Vanderbilt University, USA)</i>	
<b>Identifying the Adequate Level of Abstraction Within Structural Modeling.....</b>	<b>301</b>
<i>Michael Roth (Technische Universität München, Germany)</i>	
<i>Daniel Kasperek (Technische Universität München, Germany)</i>

<b>A Simulation-Based System Design Tool for Avionic Fiber-Optical Networks.....</b>	<b>330</b>
<i>Sven Jäger (Ilmenau University of Technology, Germany)</i>	
<i>Armin Zimmermann (Ilmenau University of Technology, Germany)</i>	
<i>Ralph Maschotta (Ilmenau University of Technology, Germany)</i>	

### 3C3 - Systems Engineering I

Room: Palladian

Session Chairs: Dr. Timothy Ferris (Defence and Systems Institute, University of South Australia, Australia)

#### Cross-cultural Leadership in the Implementation of Systems Engineering Processes: A Study of Indonesian Expatriate Engineers.....337

*Ika S. Windiarti (Defence and Systems Institute, University of South Australia, Australia)*  
*Timothy L.J. Ferris (Defence and Systems Institute, University of South Australia, Australia)*  
*Matthew J. Berryman (SMART Infrastructure Facility, University of Wollongong, Australia)*

#### Indonesia's Cultural Background in Productivity and Performance in the Implementation of SE Processes: Indonesian Expatriate Engineers' Awareness.....345

*Ika S. Windiarti (Defence and Systems Institute, University of South Australia, Australia)*  
*Timothy L.J. Ferris (Defence and Systems Institute, University of South Australia, Australia)*  
*Matthew J. Berryman (SMART Infrastructure Facility, University of Wollongong, Australia)*

#### Assessing the Informative Value of Complexity Metrics Within Design Structure Matrices in Early Development Phases of Complex Systems.....351

*Daniel Kasperek (Technische Universität München, Germany)*  
*Stefanie Fink (Technische Universität München, Germany)*  
*Sebastian Maisenbacher (Technische Universität München, Germany)*  
*Wolfgang Bauer (Technische Universität München, Germany)*  
*Maik Maurer (Technische Universität München, Germany)*

### 3C4 - Modeling and Simulation I

Room: Burgandy

Session Chair: Mr. James Jessup (Royal Military College of Canada, Canada)

#### On the entropy of the predator-prey model.....357

*A. Balestrino (Second University of Napoli, Italy)*  
*A. Cavallo (Second University of Napoli, Italy)*  
*G. De Maria (Second University of Napoli, Italy)*

#### Applying Quadrotor Aircraft to Dynamic Encirclement.....364

*A. T. Hafez (Queens University, Canada)*  
*M. Iskandarani (Royal Military College of Canada, Canada)*  
*S. N. Givigi (Royal Military College of Canada, Canada)*  
*S. Yousefi (Queens University, Canada)*  
*A. Beaulieu (Royal Military College of Canada, Canada)*

#### Merging of Octree Based 3D Occupancy Grid Maps.....371

*J. Jessup (Royal Military College of Canada, Canada)*  
*S. N. Givigi (Royal Military College of Canada, Canada)*  
*A. Beaulieu (Royal Military College of Canada, Canada)*

3:30 - 5:45

**3D1 - Model-Based Systems Engineering III**

Room: Drawing Room

Session Chair: Mr. Jacques Olivier (Department of National Defence, Canada)

**Extended Mechatronic Systems Architecture Modeling with SysML for Enhanced Safety**

**Analysis.....378**

*Faïda Mhenni (SUPMECA Paris, France)*

*Jean-Yves Choley (SUPMECA Paris, France)*

*Nga Nguyen (EISTI, France)*

**Model-Driven Interface Management A practical approach to systems engineering in large-scale international research projects.....383**

*Marco Di Maio (Model Driven Management, United Kingdom)*

**Approach to Capability-Based System-of-Systems Framework in Support of Naval Ship**

**Design.....388**

*Jacques P Olivier (Department of National Defence, Canada)*

*Santiago Balestrini-Robinson (Georgia Tech Research Institute, USA)*

*Simon Briceño (Georgia Institute of Technology, USA)*

**3D2 - Optimization**

Room: MacDonald

Session Chair: Dr. Jeremias Machado (Federal University of Itajuba, Brazil)

**GA Optimization of Ladder-Structured GOBF**

**Models.....396**

*Jeremias Barbosa Machado (Federal University of Itajuba, Brazil)*

**ELOTS: Energy-Efficient Local Optimization Time Synchronization Algorithm for WirelessHART**

**Networks.....402**

*Mingjie Fang (Wuhan Second Ship Design&Research Institute, P.R. China)*

*Yuping Sun (Wuhan Second Ship Design&Research Institute, P.R. China)*

*Xiaohui Zhang (Wuhan Second Ship Design&Research Institute, P.R. China)*

## Thursday, April 3

8:00 AM - 9:45 AM

### 4A2 - Modeling and Simulation II

Room: MacDonald

Session Chair: Dr. Natalie Nakhla (CFWC, Department of National Defence, Canada)

#### Hydrologic Modeling

Methodology.....473

*Frank Wissinger (Florida Atlantic University, USA)*

*Ravi Shankar (Florida Atlantic University, USA)*

*Jorge Restrepo (Florida Atlantic University, USA)*

#### Modeling and Simulation of Railway Traffic as a Hybrid

System.....481

*Venkataraman MJ (The Chinese University of Hong Kong, Hong Kong)*

*Yam Yeung (The Chinese University of Hong Kong, Hong Kong)*

#### An Executable Architecture Tool for the Modeling and Simulation of Operational Process

Models.....489

*Natalie M. Nakhla (CFWC, Department of National Defence, Canada)*

*Kendall Wheaton (CFWC, Department of National Defence, Canada)*

### 4A3 - Performance

Room: Palladian

Session Chair: Mr. James Brooks (Rensselaer Polytechnic Institute, USA)

#### Method for the Supplier Selection in Supply Chain

Networks.....497

*Florian G. H. Behncke (Technische Universität München, Germany)*

*Jasper Holstein (Technische Universitaet Muenchen, Germany)*

*Udo Lindemann (Technische Universitaet Muenchen, Germany)*

#### Effects of Process Learning and Product Lifecycle on Risk-Based Quality Control

Plans.....505

*Belgacem Bettayeb (Montreal Polytechnic, Canada)*

*Samuel-Jean Bassetto (Ecole Montreal Polytechnic, Canada)*

#### Equity-Effectiveness Tradeoff in the Allocation of Flows in Closed Queueing

Networks.....511

*James D. Brooks (Rensselaer Polytechnic Institute, USA)*

*David Mendonça (Rensselaer Polytechnic Institute, USA)*

### 4A4 - Design Considerations for Systems

Room: Burgandy

Session Chair: Dr. Stephanie M. White (Long Island University, USA)

#### Small Satellite Systems Design Methodology: A Formal and Agile Design

Process.....518

*William Edmonson (NC A&T State University, USA)*

*Jules Chenou (A&T State University, USA)*

*Natasha Neogi (National Institute of Aerospace, USA)*

*Heber Herencia-Zapana (National Institute of Aerospace, USA)*

<b>Integrating System and Software Engineering Processes Using the Views and Viewpoints of a New Discipline.....</b>	<b>525</b>
<i>Stephanie M. White (Long Island University, USA)</i>	
<b>10:00 AM - 11:45 AM</b>	
<b>4B2 - Modeling and Simulation III</b>
