

2014 International Workshop on Advanced Information Systems for Enterprises

(IWAISE 2014)

**Tunis, Tunisia
10-12 November 2014**

**IEEE Catalog Number: CFP1490D-POD
ISBN: 978-1-4799-4298-5**

2014 International Workshop on Advanced Information Systems for Enterprises

IWAISE 2014

Table of Contents

Message from the General Chairs and the Program

Chair.....	vii
Committee Lists.....	ix

Session 1: Information Systems and Cloud Computing

K-Concealment Based Distributed Anonymization for the Cloud	1
<i>Salheddine Kabou and Sidi Mohamed Benslimane</i>	
Architecting Access Control for Business Processes in the Cloud	8
<i>Khaled Gaaloul, Sami Yangui, Samir Tata, and Henderik A. Proper</i>	
Formal Security Framework for Agent Based Cloud Systems	15
<i>Fatma Masmoudi, Monia Loulou, and Ahmed Hadj Kacem</i>	
A Queuing Model for Business Processes Elasticity Evaluation	22
<i>Lydia Yataghene, Mourad Amziani, Malika Ioualalen, and Samir Tata</i>	

Session 2: Information Retrieval and Data Mining

Automatic Rules Extraction from Medical Texts	29
<i>Amina Boufrida and Zizette Boufaida</i>	
A Cooperative Multi-agent Approach for Knowledge Discovery from the Enterprise Resource Planning	34
<i>Nadjib Mesbahi, Okba Kazar, Saber Benharzallah, and Merouane Zoubeidi</i>	

Session 3: Semantic Interoperability

Towards a Rich and Updated Web Services Database	40
<i>Taycir Bouasker and Mahjoub Langar</i>	
Toward an Architecture for the Semantic Integration in Enterprise Resource Planning	45
<i>Merouane Zoubeidi, Okba Kazar, Nadjib Mesbahi, and Saber Benharzallah</i>	

Session 4: Software Engineering and Models

Requirement Engineering of a Cooperative Information System Using Viewpoints	51
<i>Kahina Kessi, Mourad Oussalah, and Zaia Alimazighi</i>	
Research Methodologies in Enterprise Engineering: Insights from a Workshop	58
<i>Khaled Gaaloul and Wolfgang Molnar</i>	
Mobile Modeling Tool Based on the Horus Method	65
<i>Sascha Alpers, Esmahan Eryilmaz, Stefan Hellfeld, and Andreas Oberweis</i>	
Author Index	72
