

2015 Applications and Innovations in Mobile Computing

(AIMoC 2015)

**Kolkata, India
12-14 February 2015**

**IEEE Catalog Number: CFP1596W-POD
ISBN: 978-1-4799-1849-2**

2015 International Conference
on
Application and Innovation in Mobile Computing
AIMoC 2015

Table of Contents

Preface.....	vii
Committee Lists.....	viii
Program Committee.....	ix

Network and Computing

Performance Analysis of Cooperative Systems Using1 Majority Decision Rule in Nakagami-m Fading Channel	1
---	---

S. Rajmohan, M. Santoshkumar

Enhanced ZigBee Tree Addressing for Flexible Network Topologies.....	6
--	---

Uttam Kumar Roy, Parama Bhaumik

Functionality Analysis of Centralized CR Network With.....12 Integrated Femtocell Under the Presence of PU	12
---	----

Joydev Ghosh, Amitrakshar Mohanta, Sanjay Dhar Roy

Optimized HMIPv6 (O-HMIPv6): Reducing Handoff Latency18 in HMIPv6 Networks	18
---	----

Manoj Kumar Rana, Swarup Mandal, Bhaskar Sardar

Mobile Ad hoc Networks

A Location Based Mobility Prediction Scheme for Post Disaster.....25 Communication Network using DTN	25
---	----

Sandipan Ganguly, Souvik Basu, Siuli Roy, Suvankar Mitra

Adapting Mobility of Observers for Quick Reputation Assignment.....29
in a Sparse Post-Disaster Communication Network

Chandrima Chakrabarti, Siuli Roy

A Comparative Study of Paging Techniques for Diurnal Mobility.....36
in Dual Homed Cellular Networks

Samir K. Sadhukhan, Nilabja Moitra, P. Venkateswaran, Debashis Saha

Wireless Sensor Networks

Cluster-based Comb-Needle Model for Energy-efficient42
Data Aggregation in Wireless Sensor Networks

M. Shanmukhi, O.B.V Ramanaiah

Multiple Sink Deployment in Multi-Hop Wireless Sensor Networks48
to Enhance Lifetime

Punyasha Chatterjee, Nabanita Das

Employing Cooperative Group Mobility Model for55
Mobile Target Tracking in MWSN

Tathagata Das, Sarbani Roy

Event Boundary Detection and Gathering in Wireless Sensor Networks.....62

Srabani Kundu, Nabanita Das

Energy-Efficient Data Transmission in Sensor-Cloud.....68

Subarna Chatterjee, Subhadeep Sarkar, Sudip Misra

Design and Implementation of a Time Synchronization-free.....74
Distributed Localization Scheme for Underwater Acoustic Sensor Network

Sudip Kundu, Pampa Sadhukhan

Location Estimation of Wireless Sensor Nodes using a few81
Beacon Nodes in a 2-D Geographical Area

Subrata Dutta, Nandini Mukherjee, Sarmistha Neogy

Congestion Avoidance Topology in Wireless Sensor Network.....89
using Karnough Map

Ranjan Dasgupta, Ritwick Mukherjee, Amitava Gupta

Distributed Computing

Gathering of Asynchronous Mobile Robots in a Tree.....97

Sumitro Bhaumik, Sruti Gan Chaudhuri

Two-Level Mapping to Mitigate Congestion in103
Machine to Machine (M2M) Cloud

P. V. S. Ravi Teja, Subarna Chatterjee, Sankar Narayan Das, Sudip Misra

An IPv6 based Hierarchical Address Configuration.....109
Scheme for Smart Grid

Manali Chakraborty, Nabendu Chaki

An analytical method to identify social ambassadors for117
a mobile service providers' brand page on Facebook

Adrija Majumdar, Debashis Saha, Parthasarathi Dasgupta

Routing in MANET and WSN

An Energy-Efficient Routing Protocol for Wireless Sensor Networks.....124

*Moumita Pramanick, Chandreyee Chowdhury, Paramita Basak, Md. Abdullah Al-Mamun,
Sarmistha Neogy*

Multi Criteria Routing in Wireless Sensor Network using132
Weighted Product Model and Relative Rating

Bijoy Das, Suman Sankar Bhunia, Sarbani Roy, Nandini Mukherjee

A Multihop Routing Protocol for Wireless Sensor Network137
based on Grid Clustering

Manoj Pant, Biswanath Dey, Sukumar Nandi

Security

A novel encounter based trust evaluation for AODV routing in MANET.....141

Saswati Mukherjee, Matangini Chattopadhyay, Samiran Chattopadhyay

A Distributed Approach towards Trusted Cloud Computing Platform.....146

Partha Sen, Pritam Saha, Sunirmal Khatua

Detection of Node-Misbehavior using Overhearing and152
Autonomous Agents in Wireless Ad-hoc Networks

Dikshita Agarwal, Rashmi Ranjan Rout, Sadam Ravichandra

Secure Sensor Data Management Model in a Sensor-cloud158
Integration Environmet

Sayantani Saha

A Robust Remote User Authentication Scheme Resistant164
to Known Session Specific Temporary Information Attack

Mrudula Sarvabhatla, M. Chandra Mouli Reddy, Chandra Sekhar Vorugunti

Applications of Mobile Computing

Spatial Query Handling in Semantic Web Application:170
An Experience Report

Dibyanshu Jaiswal, Sounak Dey, Ranjan Dasgupta, Arijit Mukherjee

Tracking Context of Smart Handheld Devices.....176

Saikat Kr.Mazumder, Chandreyee Chowdhury, Sarmistha Neogy

An Event-driven University Campus Navigation System182
on Android Platform

Susovan Jana, Matangini Chattopadhyay
