

# **2015 IEEE International Workshop Technical Committee on Communications Quality and Reliability**

**(CQR 2015)**

**Charleston, South Carolina, USA  
11-14 May 2015**

**IEEE Catalog Number: CFP15CQR-POD  
ISBN: 978-1-4673-8081-2**

## CQR 2015

### Technical Papers Session 1:

**Chair: Ana Goulart**

An Improving Strategy for LTE Downlink Scheduling Algorithms Based on QoS Requirement.....	1
<i>Zhipeng Jiang, Wei Zhang, Suixiang Gao, and Lei Zhou</i>	
Energy-efficient Information Dissemination Based on Received Signal Strength in Wireless Sensor Networks .....	7
<i>Hiroyuki Hisamatsu, Go Hasegawa, and Masayuki Murata</i>	
An Integrated Signaling-Encryption Mechanism to Reduce Error Propagation in Wireless Communications: Performance Analyses .....	13
<i>Mohammed M. Olama, Mustafa M. Matalgah, and Miljko Bobrek</i>	
Traffic Classification on Mobile Core Network Considering Regularity of Background Traffic .....	19
<i>Masaki Suzuki, Masafumi Watari, Shigehiro Ano, and Masato Tsuru</i>	

### Technical Papers Session 2:

**Chair: Miki Yamamoto, Kansai University, Japan**

Nonparametric Statistical Methods to Analyze the Internet Connectivity Reliability .....	25
<i>Dimitri Papadimitriou, and Davide Careglio</i>	
Implementing Attacks for Modbus/TCP Protocol in a Real-Time Cyber Physical System Test Bed .....	31
<i>Bo Chen, Nishant Pattanaik, Ana Goulart, Karen L. Butler-Purry, and Deepa Kundur</i>	
Receiver-driven Congestion Control for Content Oriented Application with Multiple Sources .....	37
<i>Yusaku Hayamizu, and Miki Yamamoto Kansai</i>	
PCI Reduction Method Suitable for Type-II HARQ with SR-ARQ .....	43
<i>Fumiki Uzawa, Tomofumi Koyama, Kazuhiko Mitsuyama, Naohiko Iai, Katsunori Aoki, and Takefumi Hiraguri</i>	
Benchmarking the Session Initiation Protocol (SIP) .....	49
<i>Yueqing Zhang, Arthur Clouet, Oluseyi S. Awotayo, Carol Davids, and Vijay K. Gurbani</i>
