P. Rathod, V. Julkunen, T. Kaisti, J. Nissila

The Secure Urgent Situation Propagation System Using the Mobile Security Solution 109
G. Kim, Y. Jeon, J. Kim

Analysis and Solutions to Publicize Gonu 115
K. Kim, T. Yoon

An Algorithm of Calligraphy Beautification Based on Improved Velocity and Width Model 124
S. Hou, P. Xu

Building Trust between Citizens and Their Governments: A Concept for Transparent Surveillance of Suspects 128
J. Rajamaki, J. Knuuttila, H. Ruoslahti, P. Patama, J. Viitanen

Implementation Of Back-Stepping Integral Controller For A Gesture Driven Quad-Copter With Human Detection And Auto Follow Feature 134
R. Luxman, X. Liu

Random Number Visualization Using The TRNG 139
K. Kim
A Verification Mechanism for Cloud Brokerage System 143
J. Sianipar, C. Meinel
Combination of Histogram of Oriented Gradients and Hierarchical Centroid for Sketch-Based Image Retrieval 149
N. Asiri, N. AlHumaidi, N. AlOsaim
An Online Training for the EU Common Information Sharing Environment 153
A. Huotari, I. Tikanmaki
The Real Time Picture Sharing In The Cloud Service: Review And SWOT Analysis Of Cloud Model And Service And The Legislation Background 157
M. Taponen, M. Liiri-Forsberg, I. Tikanmaki
Performance Analysis of Security Attacks and Improvements of Routing Protocols in MANET 163
K. Singh, A. Boparai, V. Handa, S. Rani
A Social Robotics Children Diabetes Management And Educational System For Saudi Arabia: System Architecture 170
M. Alotaibi, I. Choudhury
Internet Addiction: A Structured Literature Review and Future Research Directions 175
S. Sheibani
TB±tree: Index Structure for Information Retrieval Systems 182
M. Fekihal, I. Jaluta, D. Saini
Scenario Work in International Development Project: Case RPAS for Authorities 187
L. Tarkkanen, M. Aro
Using Scenarios To Showcase How RPAS Can Be Implemented In Border Surveillance: CBPI Field Demonstration In Hyrylä 192
