Volume 583

International Conference Building Materials, Products and Technologies

4–6 June 2019, Lednice, Czech Republic

Accepted papers received: 3 July 2019

Published online: 14 August 2019

Preface

[International Conference Building Materials, Products and Technologies](#)

[Peer review statement](#)

Papers

Inorganic binders

[Possibilities of ammonium ions fixation into mixed binders](#)

J Hajzler, R Novotny, T Opravil and P Ptacek.....1

[Effect of geopolymers composition on the mechanical and rheological properties](#)

L Halasta, P Rovnanik and O Mikhailova.....9

[Possibilities of fly ash activation in alumina recovery process](#)

M Marko, T Opravil, J Masilko and J Porizka.....17

[The effect of burnt lime addition on hydration of Ultra-high performance cementitious composites](#)

R Novotný, E Bartoníčková and J Kotrla.....25

[Hydrothermal reaction products of brick recyclates](#)

J Palovcik, T Opravil, F Soukal and J Masilko.....32

[Stabilisation of belite prepared from modified limestone waste sludge](#)

A Rybova, D Kubatova and A Zezulova.....39

[Preparation and properties of Portland limestone cements](#)

T Stanek, M Bohac, A Rybova and A Zezulova.....48

[The effect of zinc, water to binder ratio and silica fume on the hydration and mechanical properties of Portland cement mixtures](#)

P Siler, I Kolarova, J Bednarek, M Janca, J Masilko, R Novotny and T Opravil.....56

[Rheological study on influence of hydroxypropyl derivatives of guar gum, cellulose, and chitosan on the properties of natural hydraulic lime pastes](#)

T Zizlavsky, M Vysvaril and P Rovnanikova.....64

Composite materials

[Influence of soil-cement composition on its deformability](#)

T Tracz, K Brasse, T Zdeb and J Bielecka.....71

[Influence of curing temperature on the mechanical properties of high-performance concrete](#)

J Fladr and I Broukalova.....79

[Utilization of basalt fabrics as reinforcement for alkali-activated blast furnace slag systems](#)

P Hruby, L Kalina, J Masilko, M Kimm and T Gries.....86

[Packing density modelling of non-spherical aggregates for particle composite design](#)

O Koutny, J Kratochvil, M Drdlova and E Bystrianska.....94

[Application of carbon black in conductive fly ash geopolymer mortars](#)

C Mizerová, I Kusák and P Rovnaník.....104

[Application of the FRP Rebar in Constructions for Reduction of Thermal Bridges – Compressed elements](#)

J Prokes, R Cechmanek, F Girgle, M Zlamal and P Stepanek.....111

[Development of lightweight composites based on foam glass aggregate](#)

J Zach, M. Sedlmajer, J Bubenik and M Drdlova.....119

Secondary raw materials

[Effect of curing environment on length changes of alkali-activated slag/cement kiln bypass dust mixtures](#)

V Bilek, L Kalina and H Simonova.....125

[Development of acoustic insulating materials from recycled textile fiber](#)

J Zach, J Bubenik, V Novak and P Trisko.....131

[Performance of ternary gypsum-based mortars in wet environment](#)

M Dolezelova and A Vimmrova.....139

[Stabilization of the ammonia in SNCR fly ash - the influence of tannins presence on the preparation of an autoclaved aerated concrete](#)

L Galvankova, M Ledl, D Beranova and T Opravil.....146

[Substitution of aeration additive with recycled rubber and its effect on compressive strength and modulus of elasticity](#)

R Chylik, T Trtik, J Fladr and K Seps.....154

[Improving the dispersion of silica fume in cement pastes and mortars](#)

M Janca, P Siler, T Opravil and J Kotrla.....159

[Effects of shrinkage-reducing admixtures on autogenous shrinkage in alkali-activated materials](#)

J Kotrla, F Soukal, V Bilek and M Alexa....166

[Mechanical activation of two different types of fly ash and their effect on alkali activation.](#)

M Marcin, M Sisol, I Brezani and D Behunova.....174

[Properties of the composite with recycled concrete manufactured by modified technology](#)

T Trtik, K Seps, R Chylik, J Fladr and T Pavlu.....182

Technology and test methods

[The products of a high temperature reaction of fly ash with lime and soda](#)

D Beranova, L Galvankova, J Masilko and P Ptacek.....188

[Rheological properties of belite-rich cement doped with sulfur](#)

M Bohac, D Kubatova, A Rybova, A Zezulova and T Stanek.....195

[The influence of specimen size on the dynamic properties of lightweight concrete determined by the resonance method](#)

D Kocab, P Zitt, P Danek, M Canek, M Alexa and P Hanus.....202

[Proposal of methodology for testing resistance of building materials against mold infestation](#)

I Kukletova and I Chromkova.....208

[The determination of measurement errors in impedance spectroscopy](#)

M Lunak, I Kusak and Z Chobola.....215

[Chemical elimination of asbestos materials](#)

K Necasova and P Buchta.....220

[Study of the efficiency and durability of hydrophobization modifications of building elements](#)

V Novak and J Zach.....227

[Examples of testing methods focussed on evaluation of corrosion influence on steel structures](#)

M Sperl and L Gajdos.....234

[Behaviour of calcined gypsum-based materials during setting](#)

M Dolezelova, M Jerman and A Vimmrova.....242

[The assessment and prediction of concrete sustainability](#)

T Vymazal, B Teply and K Hrabova.....250
