2020 International Conference on Big Data and Informatization Education (ICBDIE)

ICBDIE 2020

Table of Contents

Preface xv
Committee Members xvi
Reviewers xvii

Big Data Analysis and Application

Thinking and Strategy on Informatization of Funding for College Students in the Big Data Age – Take Jiangxi Traditional Chinese Medicine University as an Example 1
Sujuan Huang (Jiangxi University of Traditional Chinese Medicine), Yi Ran Nie (Jiangxi University of Traditional Chinese Medicine), Wang Nie (Jiangxi University of Traditional Chinese Medicine), Shuiming Li (Jiangxi University of Traditional Chinese Medicine), and Yunrong Lai (Jiangxi University of Traditional Chinese Medicine)

Research on Enterprise Economic Risk Forecast Model Based on Big Data Fusion 5
Tao Wang (Huali College Guangdong University of Technology)

Projection of Economic Volatility Level Based on Multiple Regression Analysis of Key Data 10
Yulin Li (Huali College Guangdong University of Technology)

A Study of Methods and Strategies for the Penetration of Patriotic Awareness in Higher Education Based on Big Data Systems 15
Hui Fang (Northwestern Polytechnical University)

Research on the Model of "Data-Based Governance" in Colleges and Universities 21
Fang Yuan (National University of Defense Technology), Yuan Li (National University of Defense Technology), and Junzhi Meng (Railway Public Security Department)

The Development of Social Organization Standards in China Under Big Data and Comparative Study with International Counterparts 25
Xianghua Zhu (China National Institute of Standardization)

Research on the Construction and Innovation of Lifelong Education System Under the Background of Big Data 30
Jian Sun (Guangdong University of Science and Technology), Ming Luo (Guangdong University of Science and Technology), and Ting Wang (Guangdong University of Science and Technology)

Product Quality Prediction of Rolling Mill in Big Data Environment .34
Lanlan Zhang (Wuhan University of Science and Technology) and Du Zou (Wuhan University of Science and Technology)

Research on Equipment Maintenance Information Management Based on Big Data .39
Jingyi Jiao (Engineering University of People's Armed Police)

How Chinese University's Ideological and Political Education Leads the Trend of Social Ideological in the Era of Big Data .44
Jiabin Wang (Dalian University of Technology) and Jing Huilan (Dalian University of Technology)

Causes for Personal Information Disclosure of College Students in the Big Data Age .48
Jianyun Zheng (Guangdong Construction Polytechnic), Chuhong Li (Guangdong Vocational College of Science and Trade), and Suzhen Lin (Guangdong Vocational College of Science and Trade)

Research on University New Media Student Management Innovation Based on Big Data Environment .51
Jiancai Li (Guangdong University of Science and Technology)

The Characteristics, Realistic Dilemma and Breakthrough Path of Teaching in the Era of Big Data .55
Qinqi Kang (University of Electronic Science and Technology of China) and Zhao Kang (China West Normal University)

Construction of University Scientific Data Management Frame .60
Xuehua Peng (Zaozhuang University)

Research on Library Knowledge Service Innovation in Big Data Environment .64
Xiangshen Kong (Zaozhuang University)

A Comparative Study of the Political Discourse from the Perspective of Appraisal Theory: Based on the Corpus Data of the Two Presidents' Inaugural Addresses .69
Min Yang (Xi'an International Studies University), Fan Jia (Southwest Jiaotong University), and Yue Cao (Guangdong University of Foreign Studies)

Investigation on Factors Affecting the Quality of Applied Undergraduate Graduation Project (Thesis) .75
Qiang Li (Zhejiang University of Water Resources and Electric Power) and Haitao Li (Zhejiang University of Water Resources and Electric Power)

Overview of High Performance Computing Power Building for the Big Data of Marine Forecasting .79
Bo Lin (Tsinghua University)

Research on Higher Education Human Resource Department's Knowledge Management of Teachers in the Era of Big Data .83
Xiaohua Tang (Guangzhou South China Business Trade College)

Research on Music Teaching Reform and Innovation Development in the Era of Big Data .87
Fangyi Li (Liaoning Normal University)

China's Tourism Industrial Upgrading and Transformation Strategies and Countermeasures in the Background of Big Data .92
Wei Liu (Design & Research Institute Co. Ltd of Hunan University) and Min Luo (Design & Research Institute Co. Ltd of Hunan University)

Aesthetic Trend of Folk Vocal Music Under the Influence of Big Data Thinking .96
Fangyi Li (Liaoning Normal University)

Research Status of Big Data and Education Informatization in China—Study Based on Biliometric and Content Analysis (2010-2019) .99
Yan Yan (Anhui Transportation Technical College)

Investigation and Improvement of the Current Situation of Preschool Teachers' Information Literacy .105
Wei Sun (Chongqing University of Education) and Fuman Xie (Chongqing University of Education)

An Eye Movement Study of the Effects of Anomaly on Mongolian College Students' English Sentence Reading .110
Guiyun Guan (Northwest Minzu University), Xiaoli Liao (Northwest Minzu University), Jie Li (Northwest Minzu University), and Lei Guo (Northwest Minzu University)

Educational Science and Application

A Survey of Children's Peer Communication Ability: Comparison of High Vision Courses with Other Courses .114
Hongmei Hu (Chongqing University of Education), Xue Li (Chongqing University of Education), Lishuang Peng (Chongqing University of Education), and Xin Zhao (Chongqing University of Education)

Research on the Talent Training Mode of Application-Oriented Undergraduate Cross-Border E-Commerce Innovation and Entrepreneurship Education .119
Xi Yang (Guangdong University of Science and Technology) and Ming Luo (Guangdong University of Science and Technology)

Process Data Representation and Active Intervention of Learning Mode in English Online Learning .123
Ya-Mei Zhang (Shandong Institute of Commerce and Technology)

Course Construction of Aero-Engine Heat Transfer Under the Background of Education Internationalization .127
Zhigang Liu (Civil Aviation University of China)

The Case Study of Sustainable Law Education Inside China .131
Yuxia Xing (Shandong University of Political Science and Law)

Exploration and Reflection on the Construction of Excellent Online Course .135
Yani Zhang (National University of Defense Technology), Linbo Su (National University of Defense Technology), Lei Qin (National University of Defense Technology), and Jingke Wan (National University of Defense Technology)

Investigation of College Students' Online Learning .139
Jianyun Zheng (Guangdong Construction Polytechnic), Yongtao Huang (Guangdong Construction Polytechnic), Shilian Li (Guangdong Construction Polytechnic), Changtao Wang (Guangdong Construction Polytechnic), and Kangjia Zhong (Guangdong Construction Polytechnic)

Analysis on the Influence of the Epidemic on the Education in China .143
Chunchen Xiao (Cas-Harbour Education) and Yi Li (Cas-Harbour Education)

Study on the Influence of College Students' Personality Traits on Employment Intention Choice .148
Xiaojing Wang (University of Jinan), Rui Fan (University of Jinan), and Wenqin Wu (University of Jinan)

Research and Practice of Online Course Design of Cross-Border E-Commerce or Application-Oriented Undergraduate .153
Ni Wang (Guangdong University of Science and Technology), Ming Luo (Guangdong University of Science and Technology), and Xi Yang (Guangdong University of Science and Technology)

The Strategy of Ideological and Political Education in Liberal Mathematics General Course of University and Its Leading Role in Scientific and Cultural Value .159
Shu-E Sun (Xi'an Shiyou University)

Analysis of Enterprise Administration Strategy of "Plan for Educating and Training Outstanding Engineers" Based on Mechanical Engineering Majors .165
Xueguang Li (Changchun University of Science and Technology), Junye Li (Changchun University of Science and Technology), Shukun Wang (Changchun University of Science and Technology), and Fengde Liu (Changchun University of Science and Technology)

Teaching Practices on the Course of " Soil Mechanics and Foundation Engineering "Based on Engineering Education Certification .170
Xi Zhao (Huizhou University)

The Reference of Teachers' Training of Japanese Elementary Education to Primary School's Teacher Training in China Western Rural Area .174
Jiajue Fang (Guangxi Science & Technology Normal University), Yanhai Wei (Guangxi Science & Technology Normal University), Mengdi Wang (Guangxi Science & Technology Normal University), and Xiaoying Lu (Guilin Tourism University)

A Way of Students' Ability Cultivation of "Five-One" for Software Engineering Major Under Background of New Engineering .178
Jiujiu Yu (Anhui Sanlian University), Jishan Zhang (Anhui Sanlian University), Yun Chen (Anhui Sanlian University), Ning Wu (Anhui Sanlian University), Yingying Mei (Anhui Sanlian University), Deqing Zhang (Anhui Sanlian University), Canglu Zhu (Anhui Sanlian University), and Lili Zhu (Anhui Sanlian University)

Research on the Cultivation of International Talents in Colleges and Universities in the Context of the Belt and Road Initiative .182
Dehua Li (Wuzhou University) and Xianning Chen (Wuzhou University)

Research on the Cultivation of Innovative and Entrepreneurial Talents Based on Cooperative Education in Application-Oriented Universities .187
Zaihua Zhang (Hunan City University), Yihong Liu (Hunan City University), and Gangxiang Mao (Hunan City University)

The Research the Informatization of Rural Basic Education in Guangxi from the Perspective of Educational Modernization .191
Mengdi Wang (Guangxi Science & Technology Normal University), Xiaoying Lu (Guilin Tourism University), Yanhai Wei (Guangxi Science & Technology Normal University), and Jiajue Fang (Guangxi Science & Technology Normal University)

Research on Writing Design of College English Under Blended Education Mode ..196
Mei Liu (Dalian Neusoft University of Information)

Cultivate Students' Innovation Ability Based on the Follow-Up Study of Contest Problems ..199
Na Wang (National University of Defense Technology), Qingzheng Xu (National University of Defense Technology), Guo Li (National University of Defense Technology), Xinshe Qi (National University of Defense Technology), Cuicui Gao (National University of Defense Technology), Xin Wang (National University of Defense Technology), and Ruiping Huang (National University of Defense Technology)

Research and Practice on the Collaborative Education System for the Innovation and Entrepreneurship of E-Commerce Major ..203
Yan Wang (Xi'an Peihua University) and Bin Tang (Shaanxi Normal University)

Research on the Characteristics of Core Authors in Knowledge Maps ..207
Yang Zhang (Sun yat-sen University) and Jiaqi Zhu (Sun yat-sen University)

Research on the Integrated Development Model of Binhai New Area and Higher Education Cluster in Tianjin City ..211
Ziqiang Sun (Tianjin Foreign Studies University) and Li Zhang (Tianjin University)

The Research on the Integrated Training of Outstanding Teachers of Primary Schools in Rural Areas of Guangxi before and after Post ..216
Yanmei Dai (Guangxi Science & Technology Normal University), Mengdi Wang (Guangxi Science & Technology Normal University), Xiaoying Lu (Guilin Tourism University), and Jiajue Fang (Guangxi Science & Technology Normal University)

Research on the Structure of Urban Rail Transit Talent Training System ..221
Bo Yang (Southwest Jiaotong University), Jun Yin (Southwest Jiaotong University), and Yi Hou (Southwest Jiaotong University)

Research on the Core Capabilities Cultivation Mode of Software Engineering Talents for New Engineering ..225
Mengzi Zhang (Anhui Xinhua University), Baoling Xie (Anhui Wenda University of Information), Xiande Hu (Anhui Xinhua University), and Hongmei Li (Anhui Xinhua University)

Research on Digital Skills Training Model for the Underrepresented Population in High-Tech Industry ..229
Cholu Kwon (Northeastern University), Haijun Cao (Northeastern University), and Yongjae An (Institute of Development Strategy of Science and Technology)

Application of Informatized Education in the Macroeconomics Class in Colleges ..235
Fan Zhang (Shandong Management University) and Yu Xin (Shandong Management University)

Ubiquitous Information Literacy Education in College Libraries ..238
Wen Zhou (He Yuan Polytechnic)

Research on Status of Parents' Educational Anxiety During the Transition from Kindergarten to Primary School ..242
Yali Dai (Chongqing University of Education) and Li Liu (Chongqing University of Education)

Study on Problems and Countermeasures of Parent-Teacher Interaction in Parenting Education 247
Juan Wang (Chongqing University of Education)

On Current Situation and Improvement Strategies of Family-Centered Early Education in Urban Areas of Chongqing 250
Nan Jiang (Chongqing University of Education) and Chenglang Yuan (Chongqing University of Education)

Research on the Development of Network Engineering Major Based on the Idea of Engineering Education Accreditation 255
Jiuru Wang (Linyi University), Qianqian Luan (Linyi University), Linhua Ding (Linyi University), and Zhenhai Wang (Linyi University)

Application and Exploration of Online Education of Art & Design Subjects 259
Qionglin Liu (Guangdong University of Finance and Economics)

Innovative Teaching Method and Model Design

Research on Mixed Teaching Mode of Deep Learning Based on MOOC+SPOC Environment 263
Baiqiang Gan (Guangzhou Nanyang Polytechnic) and Chi Zhang (Sun Yat-sen University)

A Study on the Practice of Private College English Intensive Reading Flipped Classroom Based on Production Oriented Approach 267
Lin Qiao (Northwest Polytechnical University)

Research on Teaching Reform and Work Innovation of HRM Driven by AI 271
Tian Wang (SCBC) and Jianbang Lin (NFSYSU)

Research on the Innovation of the Teaching Mode of Entrepreneurship Education for College Students Based on the Theory of "Bisection Class" 275
Yonghui Cao (Guangzhou College of Technology and Business) and He Jiang (Guangzhou College of Technology and Business)

Research on the Training Mode of Application-Oriented Marketing Talents Under the Smart New Retail 280
Lisheng Luo (Xi'an University of Science and Technology) and Ming Luo (Guangdong University of Science and Technology)

A Problem-Oriented Progressive Teaching Method for Undergraduates to Learn Logistics Distribution Center Planning and Management Course: Taking Location Problem as an Example 283
Yan Sun (Shandong University of Finance and Economics)

The Application of Mixed Online and Offline Teaching Model Based on MOOC+SPOC in Data Structure Course 289
Li-Sha Yao (Anhui Xinhua University)

Discussion on Teaching Reform of the Principles of Communication Course Under the Background of New Engineering 293
Zhongliang Luo (Shaoguan University)

The Teaching Research of PBL Teaching Method Integrating Ideological and Political Elements into Curriculum: Take the Limit of Number Sequence as an Example 298
Xinyu Huang (West Anhui University), Dequan Li (Anhui University of Science and Technology), and Xianwen Fang (Anhui University of Science and Technology)

On Line Teaching Mode of College English Based on Smart Classroom in Epidemic Situation .302
Ou Li (HeFei University) and Xia Li (HeFei University)

An Error Feedback Method to Enhance Teaching Ability of Young Teachers for Classroom Teaching Process .306
Mian Tan (Guizhou Minzu University), Fujian Feng (Guizhou Minzu University), Lin Wang (Guizhou Minzu University), and Dawen Xia (Guizhou Minzu University)

An Empirical Study on the Factors of Virtual Simulation Teaching Effect .310
Wenbo Deng (He yuan Polytechnic)

Research and Application of Practice Teaching Reform of HRM Major Under the Background of AI .314
Tian Wang (SCBC) and Jianbang Lin (NFSYSU)

Construction of Accurate Teaching Model Based on Intelligent Teaching Tools—Take the Rain Classroom as an Example .317
Yuting Zhao (National University of Defense Technology), Meng Li (National University of Defense Technology), Yiyan Lei (National University of Defense Technology), and Dongqiu Xing (National University of Defense Technology)

Cultivating the Key Competencies of Innovative Design Talents: Research on the Teaching Mode in Kobe Design University and Its Enlightenments .322
Honghai Zhang (Beijing Institute of Technology)

Dilemmas, Countermeasures and Enlightenment of Large-Scale Real-Time Online Teaching in the Context of Epidemic Situation .326
Jieru Deng (Chengdu Technological University), Canjun Xiao (Chengdu Technological University), Mengzhou Zhou (Chengdu Technological University), and Xiying Zhou (Chengdu Technological University)

Construction of "Three Dimensions" Blended Teaching Mode in College English .330
Dongyan Jiang (Jilin Engineering Normal University)

Research on the Relationship between Teachers' and Students' Behavior and the Measures to Improve the Teaching Quality .334
Bing Gong (Eurasia University), Lili Liu (Eurasia University), and Fan Jing (Eurasia University)

The Interactive Translation Teaching Model on Learning Outcome .338
Ning Yan (Northwest Polytechnical University)

Research on the Evaluation Model of University Nuclear-Driven Teaching Quality Under Double First-Class Background .342
Fang Qin (Dalian University of Science and Technology), Weijia Zeng (Dalian University of Science and Technology), Lin Li (Dalian University of Science and Technology), and Xuming Lu (Dalian University of Science and Technology)

Computing Technology Application

A Study on Academic Emotional Tendency of Online Learning for Foreign Language Majors Under the Background of Epidemic Prevention and Control .346
Chi Zhang (Sun Yat-sen University)

College English Online Examination System Design Based on Cloud Computing Platform .350
Qiuyan Li (Institute of Information Technology of GUET) and Chengyong Yang (Guilin University of Technology)

An Learning Situation Early Warning Method Based on Linear Regression .354
Dunhong Yao (Huaihua University) and Xiaowu Deng (Huaihua University)

Instructional Design of Blended Teaching Based on Mosoteach: In the Case of Customer Service Course (Bilingual) .358
Haiyan Liu (Chengdu Polytechnic)

Design and Development of Special Equipment Information System Based on J2EE Technology .362
Chen Wang (Shanghai Institute of Special Equipment Inspection and Technical Research) and Pengbo Liu (Shanghai Institute of Special Equipment Inspection and Technical Research)

A Training Mode of Engineering Application-Oriented Talent in Electronics Information Engineering .366
Yemei Qin (Hunan University of Technology and Business), Kaijun Zhou (Hunan University of Technology and Business), Ping Tan (Hunan University of Technology and Business), and Bo Yu (Hunan University of Information Technology)

Research on the Training Mode of Applied Undergraduate Cross-Border E-Commerce Talents Based on New Engineering Course Background .370
Huan Chan (Guangdong University of Science and Technology) and Ming Luo (Guangdong University of Science and Technology)

Research on the Decision Model of Multi-Agent Cooperative Confrontation .375
Zhongqiu Zhang (Northwestern Polytechnical University)

Emotional Tendency Analysis of Twitter Texts Based on CNNs Model .379
Xiaomeng Zhu (Beijing Language and Culture University), Chong Zhang (Beijing Language and Culture University), and Zipei Yang (Beijing Language and Culture University)

The Design of Deep Learning Patterns in Mobile Scenarios .383
Qinglong Zhan (Tianjin University of Technology and Education) and Pan Zhao (Tianjin Chinese Vocational Secondary School)

ADS-B Data Source Availability Verification Based on Accuracy .387
Weiwei Zhao (Civil Aviation Flight University of China) and Duhui Liu (Civil Aviation Flight University of China)

An Empirical Study on the Influencing Factors of Agricultural Product Logistics in Guangdong Province .391
Yan Fang (Heyuan Polytechnic School)

Prediction of AIr Quality Based on Gradient Boosting Machine Method .395
Yuelai Su (Baidu)

Analysis and Research on Improving Engineering Literacy of Higher Vocational College Students Based on STEAM Perspective .398
Yuanzhen Huang (Jimei University) and Xiaohui Liu (Jimei University)

Analysis of Postgraduate Admission Scores Based on K-Means Algorithm .402
Chunsheng Li (Northeast Petroleum University), Tao Liu (Northeast Petroleum University), Kejia Zhang (Northeast Petroleum University), and Yanan Hu (Northeast Petroleum University)

Embracing Service Innovation and Emerging Technologies: Smart System in World Heritage ..407
Yanhong Liu (Shenzhen University), Zhe Yang (The University of Queensland), and Jun Yuan (Shenzhen University)

A New Algorithm for Social Inference Using Position Information ..413
Zheng Chen (Communication University of China), Jun Lu (Communication University of China), and Rongsheng Wang (Communication University of China)

Construction of TCM Health Management Model for Patients with Convalescence of Coronavirus Disease Based on Artificial Intelligence ..417
Fan Gao (Jiangxi University of Traditional Chinese Medicine), Chunxian Hu (Nanjing University of Chinese Medicine), and Kesui Deng (Jiangxi University of Traditional Chinese Medicine)

Practical Platform Construction of Computer Professionals Students Training for Innovation and Entrepreneurship ..421
Suxia Chen (Henan Institute of Engineering), Quanzhen Huang (Henan Institute of Engineering), Yang Zhang (Henan Institute of Engineering), and Xin Li (Henan Institute of Engineering)

Design and Implementation of High-Performance Cloud Computing System ..426
Zhongqiu Zhang (Northwestern Polytechnical University)

Based on the OBE Concept Research and Construction of University Academic Information Feedback Mechanism ..430
Shengnan Qiu (Northeast Petroleum University), Zhengxin Liu (Northeast Petroleum University), and Jingjing Liu (Northeast Petroleum University)

Research of the Course Design Based on Project-Based Learning for College Computer Major ..435
Guanghui Song (Zhejiang University), Yan Nie (Ningbo University), Chengbo Wang (Zhejiang University), and Genlang Chen (Zhejiang University)

Knowledge Acquisition, End-User Orientation and Service Vendors' Performance: A Theoretical Framework ..440
Zuyi Cao (Huazhong Agricultural University) and Huiying Jia (Wuhan Textile University)

A Study on Spatial Distribution and Influencing Factors of Hakka Traditional Villages in Northeast Guangdong Based on GIS ..444
Ying Sun (Guangdong University of Finance & Economics) and Wanyi Fan (Shenzhen University)

Application of Virtual Reality Combined with Eye Tracking Technology for Design Flows ..449
Yan Wang (Silpakorn University) and Vongphantuset Jirawat (Silpakorn University)

University Research Project Management System Based on Cloud Platform ..453
Yan Zhang (Fuyang Normal University), Wei Guo (Fuyang Normal University), Dongdong Liu (Fuyang Normal University), Lei Niu (Fuyang Normal University), and Mengran Yan (Fuyang Normal University)

Impact of Information Technology VaRious Use on Students Digital Reading Achievement ..457
Haijun Cao (Northeastern University), Cholu Kwon (Northeastern University), and Yongjae An (Institute of Development Strategy of Science and Technology)

The Visual Analysis of Credit Recognition Research in China Based on Knowledge Map ..461
Wei Zhang (Foshan Polytechnic) and Liwen He (Foshan Polytechnic)

Improved Course Recommendation Algorithm Based on Collaborative Filtering ..466
Zheng Chen (Communication University of China), Xueyue Liu (Communication University of China), and Li Shang (Communication University of China)

Parallel Monte Carlo Simulation of VaR Calculation Based on Intel MIC Architecture ..470
Tiansheng Wen (Northwest A&F University), Cheng Tan (Northwest A&F University), and Rui Mao (Northwest A&F University)

Research on Artificial Intelligence Assisted Teacher Developmental Evaluation from the Perspective of Reflective Practice ..474
Yangjun Liu (China University of Geosciences), Rong Chen (Central China Normal University), and Hao Li (Wuhan University)

Research on Personalized Service of Military Vocational Education Under the Perspective of "Internet +" ..478
Xiaoshuang Wang (National University of Defense Technology), Jing Zhao (National University of Defense Technology), and Ya Ni Zhang (National University of Defense Technology)

Application of Network-Based Autonomous Cooperative Learning Model in Computer Teaching ..482
Huanqin Li (Zhengzhou Normal University) and Ting Liu (Zhengzhou Normal University)

Survey on the Application of Social Networking Services in Home-Kindergarten Communication—An Example of the Main Urban Area of Chongqing ..486
Xue Li (Chongqing University of Education), Xiaoying Yang (Chongqing University of Education), and Yao Liu (Jinyun Kindergarten)

Relationship between Mobilephone Addiction and Network Media Literacy of College Students ..490
Xiaoying Yang (Chongqing University of Education) and Xue Li (Chongqing University of Education)

The Multi-Parameter Curriculum Assessment Scheme via Fuzzy Analytic Hierarchy Process: A Case Study ..494
Bingbing Luo (Air Force Engineering University), Xingyun Wang (Air Force Engineering University), Rong Hu (Air Force Engineering University), Ying Huang (Air Force Engineering University), Zhiqiang Ma (Air Force Engineering University), and Jiahua Wei (Air Force Engineering University)

Research on an Innovative Digital Intelligent Ecological Model Based on the Blockchain Cloud in China ..498
Jinqiu Xu (University of International Business and Economics) and Yanping Shi (University of International Business and Economics)

A Multiview Courses Recommendation System Based on Deep Learning ..502
Xing Pan (Guangdong University of Foreign Studies), Meixiu Lu (Guangdong University of Foreign Studies), and Xia Li (Guangdong University of Foreign Studies)

Author Index 507
