Table of Contents

Recent Increases in Transformer Failures Due to Corrosive Sulfur <i>Clair Claiborne, ABB</i>	3
Substation Predictive Maintenance Techniques to Reduce Intrusive LTC Maintenance <i>Scott Girard, Chugach Electric</i>	11
Enhancing Predictive Maintenance of Switchgear Through Non-Intrusive Partial Discharge Testing <i>Neil Davies, EA Technology</i>	27
Asset Management of Industrial Power Systems <i>David Atkinson, Innovene (BP)</i>	41
Monitoring and Maintaining On-Line Load Tap Changers <i>Jeff Ames, Consultant, retired Pacific Gas & Electric</i>	49
Impact of Oil Properties and Characteristics on Transformer Reliability <i>Victor Sokolov, ZTZ Services International</i>	66
Fire Research for Transformer Protection <i>Paul Dobson, FM Global</i>	88
Oil Extractable Compounds in Electrical Equipment <i>Russ Crutcher, Microlab Northwest</i>	98
Insulation Degradation and Reliability in Power Transformers <i>Shuzhen Xu, FM Global</i>	116
Transformer Thermal Calculations <i>William Young, Areva T&D</i>	128
Transformer Procurement and Specifications - The Do's and Dont's <i>Gregory W. Anderson, GWAnderson & Associates, Inc.</i>	144
Transformer Noise: Sources, Characteristics and Mitigation <i>Ramsis Girgis, ABB</i>	175
Methods for Drying Transformers Onsite <i>Herman Vogel, Areva T&D</i>	186
Battery Maintenance by Jerry Jones is available as a Power Point presentation only
