Business Intelligence and Its Challenges

1 A Knowledge-based Entrepreneurial Approach for Business Intelligence in Strategic Technologies: Bio-MEMS

Francisco J. Cantu-Ortiz, *Tecnológico de Monterrey*, Silvia P. Mora, *Tecnológico de Monterrey*, Aldo Diaz, *Tecnológico de Monterrey*, Hector G. Ceballos, *Tecnológico de Monterrey*, Sergio O. Martinez, *Tecnológico de Monterrey*, Daniel Jimenez, *Tecnológico de Monterrey*

15 An Empirical Investigation of the Impact of Data Quality and its Antecedents on Data Warehousing Success

Nicole Lang Beebe, *University of Texas at San Antonio*, Diane Walz, *University of Texas at San Antonio*

22 An Exploratory Research on Data Management in the Multidatabase Environment

Tao Hu, *MIS Department, University of Memphis*, Xihui Zhang, *MIS Department, University of Memphis*

26 Extracting Information from a Domain of Unstructured Data

Mahmudul I. Sheikh, *The University of Mississippi*, Sumali Conlon, *The University of Mississippi*

33 Using Reference Models for Data Warehouse Metadata Management

Florian Melchert, *University of St. Gallen*, Alexander Schwinn, *University of St. Gallen*, Clemens Herrmann, *University of St. Gallen*, Robert Winter, *University of St. Gallen*

Business Models for the Digital Economy

44 A Framework and Model for Understanding the Creation and Sources of Trust

Joseph A. Cazier, *Appalachian State University*

48 An Efficient Accounting Architecture for QoS-Aware Internet Traffic
Abdelnasser M. Abdelaal, *University of Nebraska at Omaha*, Hesham H. Ali, *University of Nebraska at Omaha*

55 An Empirical Description of the Internet Sector of the U. S. Economy: Evidence from New Company Filings
Charles O. Kile, *Middle Tennessee State University*, Randall C. Reid, *University of West Florida*

63 An Investigation of Book Market Aggregation in Amazon
Chuan-Hoo Tan, *National University of Singapore*, Xue Yang, *National University of Singapore*, Yee Pia Chan, *National University of Singapore*, Hock Hai Teo, *National University of Singapore*

71 Business Models and Programming Choice: Digital Video Recorders Shaping the TV Industry
Claudia Loebbecke, *Univ. of Cologne, Dept. of Media Management*, Stefan Radtke, *Univ. of Cologne, Dept. of Media Management*

80 Competition among Experts via Face-to-Face and Online Channels
Zafer D. Ozdemir, *Miami University*, Kemal Altinkemer, *Purdue University*
Tolga Akcura, *Purdue University*

90 Governance Mechanisms for Coordination and Information Sharing in Supply Chains: The Role of Trust
Anupam Ghosh, *ICFAI*, Jane Fedorowicz, *Bentley College*

99 Not Eternal Love but Differentiation About the Possibilities for Optimizing Business of Paid Services on Dating Websites
Marion Freudenschuss, *Vienna University of Economics and Business Administration*
Florian Stahl, *University of St. Gallen*

109 Trust Building and Sustainable Internet Banking
Ziqi Liao, *Hong Kong Baptist University*

Collaboration Engineering

116 Collaborative Modeling of Processes: What Facilitation Support Does a Group Need?

Marielle den Hengst, *Delft University of Technology*

124 From Ad-hoc to Engineered Collaboration in Virtual Workspaces

Robert P. Biuk-Aghai, *University of Macau*, Simeon J. Simoff, *University of Technology, Sydney*, John Debenham, *University of Technology, Sydney*

134 Impacts of Personnel Rotation on Performance of Distributed Teams: An Experimental Study

Ning Nan, *University of Michigan*, Nathan Bos, *University of Michigan*, Yongsuk Kim, *University of Michigan*, Arik Cheshin, *University of Michigan*, Judith Olson, *University of Michigan*

144 Toward a Theoretical Model of Consensus Building

Robert O. Briggs, *GroupSystems Corporation*, Gwendolyn L. Kolfschoten, *Delft University of Technology*, Gert-Jan de Vreede, *University of Nebraska at Omaha*

154 Towards Personalized Assistance in Distributed Group Facilitation

Ming Yuan, *University of Arizona*, Jay Nunamaker, Jr., *University of Arizona*, J. Leon Zhao, *University of Arizona*

163 Training for Collaboration and Cognitive Alignment

Stephen Hayne, *Colorado State University*, C. A. P. Smith, *Colorado State University*, Leo Vijayarathy, *Colorado State University*

Collaborative Process Design and Application

174 A Theoretical Framework of Creativity Software, Idea Creativity, and Group Satisfaction

Janejira Sutanonpaiboon, *Southern Illinois University Carbondale*, Souren Paul, *Southern Illinois University Carbondale*

180 An Investigation of Episodes of Global Interactivity: What Collaborative Processes Effect the Success of Distributed Projects?

Sajda Qureshi, *University of Nebraska at Omaha*, Cherie Noteboom, *University of Nebraska at Omaha*

189 Behavioral Aspects and Collaboration Technologies for Process Innovation: A Grounded Theory Approach

Raghuvira T. Rayalu, *Claremont Graduate University*

195 Building a Facilitated Design Collaboration Environment

Haiyan Fan, *Texas A&M University*, Sanjay Notakar, *Thinking Frontiers*, Marshall Scott Poole, *Texas A&M University*

205 Collaborative Technology Use in Organizations: A Typology

Sanjiv D. Vaidya, *Indian Institute of Management Calcutta*, Priya Seetharaman, *Indian Institute of Management Calcutta*

216 Effect of Cultural Norms on Media Choice in Global Virtual Teams

Sriraman Ramachandran, *The University of Texas at San Antonio*

223 Effectiveness of Collaborative Tool Usage for Virtual Team Activities

Jack D. Becker, *University of North Texas*, Melinda Cline, *University of North Texas*

228 Knowledge Transfer through User-Analyst Collaboration During Requirements Elicitation

Suranjan Chakraborty, *Washington State University*, Saonee Sarker, *Washington State University*

237 Resolving Wicked Problems: Collaborative Information Systems Design in Boundary-Spanning Groups

Susan Gasson, *Drexel University*

Critical Information Systems Research-Theory and Practice

246 A Model Of Unethical Usage Of Information Technology

Sutirtha Chatterjee, *Washington State University*

252 Case Study Research: Science or a Literary Genre?

Vlad Krotov, *University of Houston*, Leiser Silva, *University of Houston*

259 The Role of Events in Actor Network Analysis of IT-Based Change

Sunyoung Cho, *Georgia State University*, Lars Mathiassen, *Georgia State University*
Agneta Nilsson, *Göteborg University*

Cross Cultural and International Issues

266 A Cultural Perspective on Technology Acceptance

Abhijit Dutt, *University of Wisconsin-Milwaukee*, Mark Srite, *University of Wisconsin-Milwaukee*

271 A Meta-Analysis of Current Global Information Systems Research

Fergle DAubetterre, *The University of North Carolina at Greensboro*, Prashant Palvia, *The University of North Carolina at Greensboro*, Jason Stevens, *The University of North Carolina at Greensboro*

284 A Study of the Impact of Culture on Trust Determinants in E-commerce: A Cross-culture Comparison Study

Dan Jong Kim, *Michigan State University*

289 Do American and Korean Instructors Hold Same Perceptions of Arguments For and Against Online Teaching? An Exploratory Study

Obyung Kwun, *Emporia State University*, Elizabeth E. Grandon, *Emporia State University*. Khaled Alshare, *Emporia State University*

297 Global Discourse and Local Practice: A Study of the Role of Open Source Software in SchoolNet Namibia

Magnus Bergquist, *Gothenburg University, Sweden*, Carolina Hafström, *Gothenburg University, Sweden*, Jessica Hofbauer, *Gothenburg University, Sweden*

305 Instant Messaging: A Cross-Country Comparison of Factors Affecting Adoption

Jon Heales, *UQ Business School*, Scott McCoy, *College of William and Mary*, Dongming Xu, *UQ Business School*

310 Mobile Computing in the Organization: The Influence of Temporal Orientation Styles

Yang Yang, *University of Memphis*, Tom F. Stafford, *University of Memphis*

314 Role of Organizational Culture in Internet Technology Adoption: An Empirical Study

Subhasish Dasgupta, *George Washington University*, Babita Gupta, *California State University Monterey Bay*

322 The Role Of Information Systems In Small And Medium-Sized Enterprises In Japan

Charla C. Griffy-Brown, *Graziadio School, Pepperdine University*

Customer Relationship Management (CRM)

333 An Examination of the Effects of CRM Practices on CRM Effectiveness and Business Performance

Ja-Shen Chen, *Yuan-Ze University*, Russell K. H. Ching, *California State University, Sacramento*

343 CRM Excellence at KLM Royal Dutch Airlines

Stijn Viaene, *Vlerick Leuven Gent Management School & Katholieke Universiteit Leuven, Belgium*, Bjorn Cumps, *Katholieke Universiteit Leuven, Belgium*

354 Customer Relationship Management Systems Research: Voids in the Current Literature.

Kristel Paulissen, *Limburgs Universitair Centrum*, Koen Milis, *Ehsal & University of Tilburg*, Malaika Brengman, *Limburgs Universitair Centrum*

365 E-Service Customer Retention: The Roles of Negative Affectivity and Perceived Switching Costs

Sophea Chea, *University of Hawaii at Manoa*, Margaret Meiling Luo, *University of Hawaii at Manoa*

372 Investigating the Effects of Perceived Web Quality on e-Trust, Mediated by Hedonic Needs and Anxiety

Yujong Hwang, *School of Accountancy & MIS, College of Commerce*

378 Knowledge Management Capabilities in CRM: Making Knowledge For, From and About Customers Work

Malte Dous, *University of St. Gallen*, Harald Salomann, *University of St. Gallen*
Lutz Kolbe, *University of St. Gallen*, Walter Brenner, *University of St. Gallen*

390 Rebuilding Consumer Trust in e-Commerce Relationships

Jae Choi, *University of Wisconsin-Milwaukee*, Derek L. Nazareth, *University of Wisconsin-Milwaukee*

395 Strategic Partnerships Versus Captive Buyer and Supplier Relationships

Richard Klein, *Clemson University*

404 The Mediating Effect of Commitment on Customer Loyalty in e-Brokerage: An Enhanced Investment Model

Li-Ting Huang, *National Central University*, Cheng-Kiang Farn, *National Central University*, Tsung-Chieh Cheng, *Elitegroup Computer Systems Co.*

Data and Text Mining for Decision Support

414 A Bayes' Theorem Based Approach for the Selection of Best Pruned Tree

Xun Li, *University of Kentucky*

423 A Bayesian Reasoning Framework for On-line Business Information Systems

Armando Robles-Pompa, *Grupo TCA*, Francisco J. Cantu-Ortiz, *Tecnologico de Monterrey*, Ruben Morales-Menendez, *Tecnologico de Monterrey*

433 A Conceptual Model of Recommender System for Algorithm Selection

Mujtaba Ahsan, *University of Wisconsin-Milwaukee*, Lin Ngo-Ye, *University of Wisconsin-Milwaukee*

442 A Fuzzy Mining Algorithm for Association-Rule Knowledge Discovery

Lingling Zhang, *Chinese Academy of Sciences Research Center on Dat*, Yong Shi, *Chinese Academy of Sciences Research Center on Dat*, Xinhua Yang, *Alliance- PKU Management Consulting Company Limited*

452 Automatically Finding Significant Topical Terms from Documents

Quanzhi Li, *New Jersey Institute of Technology*, Yi-Fang Brook Wu, *New Jersey Institute of Technology*, Razvan Stefan Bot, *New Jersey Institute of Technology*
Xin Chen, *New Jersey Institute of Technology*

460 Building Discerning Knowledge Bases from Multiple Source Documents, with Novel Fact Filtering

Jason Hale, *University of Mississippi*, Sumali Conlon, *University of Mississippi*, Tim McCready, *University of Mississippi*, Susan Lukose, *University of Mississippi*, Anil Vinjamur, *University of Mississippi*

467 Building Web Directories in Different Languages for Decision Support: A Semi-Automatic Approach

Wingyan Chung, *The University of Texas at El Paso*, Guanpi Lai, *The University of Arizona*, Alfonso Bonillas, *The University of Arizona*, Theodore Elhourani, *The University of Arizona*, Tzu-Liang Bill Tseng, *The University of Texas at El Paso*
Hsinchun Chen, *The University of Arizona*

476 Classifying Network Intrusions: A Comparison of Data Mining Methods

Louis W. Glorfeld, *University of Arkansas*, Hillol Bala, *University of Arkansas*
Robert Miller, *University of Arkansas*

485 Comparing Methods to Extract the Knowledge From Neural Networks

Christie M. Fuller, *Oklahoma State University*, Rick L. Wilson, *Oklahoma State University*

493 Data Mining for Decision Support of the Quality Improvement Process

Bashar Al-Salim, *University of Nebraska-Lincoln*, Mansour Abdoli, *University of Nebraska-Lincoln*

501 Data Quality in Very Large, Multiple-Source, Secondary Datasets for Data Mining Applications

Marilyn G. Kletke, *Oklahoma State University*, Dursun Delen, *Oklahoma State University*

506 Data Warehouse (DWH) Efficiency Evaluation Using Fuzzy Data Envelopment Analysis (FDEA)

Lei Zhang, *University of Colorado at Denver*, Michael V. Mannino, *University of Colorado at Denver*, Biswadip Ghosh, *Business School, University of Colorado at Denver*, Judy E. Scott, *Business School, University of Colorado at Denver*

Data and Text Mining for Decision Support

(Continued from Volume 1)

516 Impact of Personalization Mining on Customer Commitment to Business Web Sites

Fan Zhao, *University of Nebraska-Lincoln*

523 Studying the Structure of Terrorist Networks: A Web Structural Mining Approach

Jialun Qin, *University of Arizona*, Jennifer Xu, *University of Arizona*, Yilu Zhou, *University of Arizona*, Hsinchun Chen, *University of Arizona*

531 Using Optimization-Based Classification Method for Massive Datasets

Yi Peng, *College of IS&T, University of Nebraska at Omaha*, Gang Kou, *College of IS&T, University of Nebraska at Omaha*, Yong Shi, *College of IS&T, University of Nebraska at Omaha*, Zhengxin Chen, *College of IS&T, University of Nebraska at Omaha*

538 Utilizing Text Mining Techniques to Identify Fall Related Injuries

Monica Chiarini Tremblay, *University of South Florida*, Donald J. Benrdt, *University of South Florida*, Philip Foulis, *University of South Florida*, Stephen Luther, *University of South Florida*

Doctoral Consortium

546 A Computational Framework for Designing Interleaved Workflow and Groupware Tasks

Amit V. Deokar, *University of Arizona*

547 A Grounded Theory Approach to the Study of Open Source Software Development Process

Yuhong Tian, *University of Nebraska-Lincoln*

548 A Process to Reuse Experiences via Narratives Among Software Project Managers

Stacie Petter, *Georgia State University*

549 A Study of the Adoption and Assimilation of Electronic Medical Records by Small Independent Physician Practices

John Lee Reardon, *University of Hawaii, Manoa*

550 Adoption of Application Service Providers: Issues in Trust and Security

Ebrahim Randeree, *University at Buffalo*

551 Alliances as a Vehicle for e-Business Transformation: An Empirical Study of the Antecedents and Outcomes of e-Business Alliances

Darrin Thomas, *University of Illinois at Chicago*

552 An Organizational Concept Space Approach to Knowledge Distribution

Surendra Sarnikar, *University of Arizona*

553 Bundled Transaction of the Intellectual Property: An Explanation for the Choice of Organizational Form in the IT Standard-Setting Environment

Nitin Aggarwal, *Texas Tech University*

554 Control, Risk, and Information Security Precautions

Scott R. Boss, *University of Pittsburgh*

555 Designing Multimedia Quality-based Advanced Videoconferencing Applications for Telemedicine over the Internet

Bengisu Tulu, *Claremont Graduate University*

556 Designing Non-Visual Multimodal Dialogues to Support Information Access for the Visually Impaired

Xiaoyu Chen, *Information Systems Department, New Jersey Institute of Technology*

557 Development and Validation of a Scale Measuring the Impact of Information Technologies on the Privacy Perceptions of Users

Sharen Bakke, *Kent State University*

558 Development of Dual-modal Presentations of Textual Information

Shuang Xu, *DePaul University*

559 Discovering Hidden Knowledge on the Behavior of Web Users and Content Providers through Web Mining

Jialun Qin, *Department of Management Information Systems, University of Arizona*

560 Distributing Digital Products in Peer-to-Peer Networks

Peng Han, *University of Washington Business School*

561 Does IT Use Matter? Toward A Deeper Understanding of the Impacts of IT Use on Individual Work Performance

Heshan Sun, *Syracuse University*

562 Essays on Economics of Internet Personalization

Sunil Wattal, *Carnegie Mellon University*

563 Essays on Mobile Networks and Applications

Prashant Bellur, *Krannert Graduate School of Management, Purdue University*

564 Evaluating Alternative Service Delivery Models and the Role of Performance Measurement in Defining Service Level Agreements for IT Infrastructure Services

Sagnika Sen, *Department of Information Systems, Arizona State University*

565 Exploring the Values of U-commerce from the Customers' Perspective

Hong Sheng, *University of Nebraska-Lincoln*

566 Health Information Systems: Design Theory, Principles, and Application
Sandra Richardson, *University of Central Florida*

567 Improving Process Agility with Process Repositories for Business Process Modeling
Radhika Jain, *Department of Computer Information Systems, Georgia State University*

568 Information Technology and Bureaucratic Reform: A Case from India
Anuradha Mundkur, *School of Information Studies, Syracuse University*

569 Information Technology Outsourcing Contracts: An Empirical Analysis on Contract Structure and Performance Implications
Yuanyuan Chen, *Goizueta Business School, Emory University*

570 Knowledge Acquisition and Integration in Virtual Teams – A Practice-based Perspective
Yulin Fang, *Richard Ivey School of Business, The University of Western Ontario*

571 Knowledge Management Systems Usage: The Role of Social Relationships and Organizational Facilitating Conditions
Joy Wei He, *Department of IS, City University of Hong Kong*

572 Managing Distributed Software Development
Narayan Ramasubbu, *University of Michigan*

573 Media Synchronicity, Communication Style and Task: A Dyadic Analysis of Text-based Online Live Chat Customer Services
Shu Zou, *Temple University*

574 Models for Information Sharing in Collaborative Supply Chains
Emily "Rong" Liu, *Smeal College of Business, Penn State University*

575 Novel Decision Support Systems: Design and Assessment

S. Jarupathirun, *University of Wisconsin - Milwaukee*

576 Practicing What We Preach: Understanding Inhibitors to the Faithful Use of Project Management Practices

Jeff Crawford, *University of Oklahoma*

577 Propensity for Knowledge Sharing: An Equity Theory Approach

Bashorat Ibragimova, *University of North Texas*

578 Social Structure for Open Source Software Projects

Yuan Long, *University of Nebraska Lincoln*

579 Study of Business Strategies in the Digital Economy

Joung Yeon “JY” Kim, *Krannert Graduate School of Management, Purdue University*

580 Technology Diffusion – A Social Network Perspective

Sharath Sasidharan, *University of Kentucky*

581 The Effect of Complementarities Between IT and Organizational Resources on Firm Performance

Saggi Nevo, *Schulich School of Business, York University*

582 The Effect of Influence Tactics and Contingency Factors on the Adoption and Diffusion of IS/IT Innovations in Social Networks

Anand Jeyaraj, *University of Missouri – St.Louis*

583 The Effects of Group Member Experience and Task Complexity on Computer-Mediated Collaborative Groups Facing Deception

Gabriel A. Giordano, *Florida State University*

- 584 The Impact of Customer-Centric Knowledge Management Systems on Strategic Decision-Making**
Scott Paquette, *University of Toronto*
- 585 The Impact of Information Technology on Interorganizational Networks: An Empirical Assessment of the Health Care Integrated Delivery System**
Evelyn H. Thrasher, *Auburn University*
- 586 The Impact of IT-Driven Market Transparency on Demand, Prices, and Market Structure**
Nelson Granados, *University of Minnesota*
- 587 The Performance Paradox: An Examination of Goal Setting and Escalation Theories**
Vijay Kasi, *Georgia State University*
- 588 The Quality of Collaboration Process Design**
G. L. Kolfshoten, *Delft University of Technology*
- 589 The Role of Technology, Communication and Social Capital in Distributed Teams**
Priscilla A. Arling, *Carlson School of Management, University of Minnesota*
- 590 Understanding Price Rigidity On The Internet: A Massive Quasi-Experimental Data Mining Approach**
Dongwon Lee, *University of Minnesota*
- 591 Understanding the Transformation of the IT Function in Organizations**
Manon G. Guillemette, *HEC Montréal*, Guy Paré, *HEC Montréal*
- 592 Unreliable Collaborators: Coordination in Distributed Volunteer Teams**
James Howison, *School of Information Studies, Syracuse University*

593 Virtual Emergency Preparedness Gaming Simulation as New-Era Training and Planning Tool

Xiang Yao, *New Jersey Institute of Technology*

DSS Design, Use and Impact

594 An AHP-based Decision Support Model for Corporate Bond Selection and Investment Analysis

Ziqi Liao, *Hong Kong Baptist University*

600 An XML-based Architecture for Sharing Heterogeneous Models in Web and Distributed Computing Environments

Omar F. El-Gayar, *Dakota State University*, Kanchana Tandekar, *Dakota State University*

613 Data Quality and the Data Warehouse: A Decision Support System for Allocation of Scarce Resources

M. Pam Neely, *Rochester Institute of Technology*

620 DISCOMAP: A System to Support Distributed Cognition in Inquiring Organizations

Sandra Richardson, *University of Central Florida*, James F. Courtney, *University of Central Florida*, Gerald R. Wagner, *University of Nebraska at Omaha*

626 Information Quality and Online Reputation Systems: A Preliminary Investigation

Barbara D. Klein, *University of Michigan-Dearborn*

631 Internet Shopping Search: a Decision Theoretic Perspective

Taeha Kim, *George Mason University*, Alexander Talalayevsky, *George Mason University*

639 Knowledge Dependencies in Fuzzy Information Systems Evaluation

Amir M. Sharif, *Brunel University*, Zahir Irani, *Brunel University*

649 Online Bargaining as a Form of Dynamic Pricing and the Sellers' Advantage from Information Asymmetry

Yihua Philip Sheng, *Southern Illinois University, USA*, Zhong Chen, *Shanghai JiaoTong University, P. R. China*

655 Testing an Integrity-Checking DSS Component for Organizational Memory Building

Dianne Hall, *Auburn University*, Yi Maggie Guo, *University of Michigan - Dearborn*

E-Business Case Studies

665 24 x 7 @ Full Speed: Accelerated Time To Market

Miguel Gabriel Custodio, *University of Sydney-School of Business*, Alan Thorogood, *Australian Graduate School of Management*, Philip Yetton, *Australian Graduate School of Management*

676 A Study Concerning Small Manufacturing Business Within B2B E-Commerce Value Chain

Donna M. Ehrlich, *Friends University*

684 Mass customization through B2B integration at Kaved AG

Uwe Leimstoll, *University of Applied Sciences Basel*

E-Government

693 A Research Framework for Citizen Participation via E-Consultation

Chee Wei Phang, *National University of Singapore*, Atreyi Kankanhalli, *National University of Singapore*

701 An E-Government Platform for Improving Communication Among Municipalities and Citizens in the North of Chile

Aurora D. Sanchez, *Universidad Catolica del Norte*, Marcos E. Chait, *Universidad Catolica del Norte*

713 An Examination of Trust Effects and Pre-existing Relational Risks in e-Government Services

Jin Kyu Lee, *University at Buffalo*, Dan Jong Kim, *Michigan State University*, H. Raghav Rao, *University at Buffalo*

719 Implementing CoreNet to Reach Out to Businesses: A Case Study of the Singapore Government's IT Initiatives

Hung-Pheng Tan, *National University of Singapore*, Michael T. K. Tan, *National University of Singapore*, Xin Wei Wang, *National University of Singapore*, Krishnamurthy S. Raman, *National University of Singapore*

728 The Citizen Participation Continuum: Where does the US Stand?

Nanda Kumar, *Baruch College, CUNY*, Roumen D. Vragov, *Baruch College, CUNY*

735 Trust and Risk in E-government Adoption

France Bélanger, *Virginia Tech*, Lemuria Carter, *Virginia Tech*

745 Understanding the Complexity of Electronic Government: Implications from the Digital Divide Literature

Natalie C. Helbig, *Center for Technology in Government/SUNY Albany*, J. Ramón Gil-García, *Center for Technology in Government/SUNY Albany*, Enrico Ferro, *Istituto Superiore Mario Boella (ISMB), Italy*

756 Validating a Normative Framework for Federal E-Government: Preliminary Results

Wayne F. Lemon, *University of Maryland Baltimore County*, Stephen H. Holden, *University of Maryland Baltimore County*

E-Knowledge in Healthcare

764 A Wireless ECG Monitoring System for Healthcare

Sweta Sneha, *Georgia State University*, Upkar Varshney, *Georgia State University*

775 Antecedents of e-Knowledge Usage by Medical Web Portal Visitors
Anil Singh, *University of Texas at Arlington*, George Mangalaraj, *University of Texas at Arlington*, Aakash Taneja, *University of Texas at Arlington*

782 Development of an Online Digital Multimedia Library and Database for Medical Education
Steve Pera, *University of Nebraska Medical Center*, Jim Medder, *University of Nebraska Medical Center*, Thomas Birk, *University of Nebraska Medical Center*

786 Lessons Learned After 3 Years of E-learning Experience at Catharina Hospital: A Case Study
Ronald Spanjers, *Catharina Hospital / Tilburg University*, Anne F. Rutkowski, *Tilburg University*, K. de Nobrega, *Catharina hospital / Tilburg University*

797 Medical Information Filtering Using Rule-based and Content-based Approaches
Surendra Sarnikar, *University of Arizona*, J. Leon Zhao, *University of Arizona*, Amar Gupta, *University of Arizona*

802 Sun Tsu and The Art of Healing: Executive Dashboards and Data Mining for Business Intelligence in Integrated, Lean Military Medical Supply Logistics for the 21st Century
Elliot B. Sloane, *Villanova University*, Eric Rosow, *Premise Development Corporation*
Joe Adam, *Premise Development Corporation*, Dave Shine, *Premise Development Corporation*

Economics of Peer to Peer Networks

803 Asymmetric Incentives in Peer-to-Peer Systems
Nicolas C. Liebau, *Technische Universität Darmstadt*, Vasilios Darlagiannis, *Technische Universität Darmstadt*, Oliver Heckmann, *Technische Universität Darmstadt*, Ralf Steinmetz, *Technische Universität Darmstadt*

812 Experimental Evaluation of Different Pricing Mechanisms for Content Distribution over Peer-to-Peer Networks
Karl R. Lang, *Baruch College, CUNY*, Roumen D. Vragov, *Baruch College, CUNY*

818 Statistical Basics of a Secure and Reliable World-Wide Peer-to-Peer Storage System

Nick Gehrke, *University of Goettingen*, Lutz Seidenfaden, *University of Goettingen*
Rainer Baule, *University of Goettingen*

Emergency Response Systems (co-sponsored by SIGHCI)

829 EVResponse - Moving Beyond Traditional Emergency Response Notification

Manoj A. Thomas, *Virginia Commonwealth University*, Francis K. Andoh-Baidoo,
Virginia Commonwealth University, Shilpa George, *Intelligent Decision Systems Inc.*

838 Notifying Civilians in Time-Disaster Warning Systems Based on a Multilaterally Secure, Economic, and Mobile Infrastructure

Tobias Scherner, *Chair of Mobile Commerce, University of Frankfurt*, Lothar Fritsch,
Johann Wolfgang Goethe-University, Frankfurt

848 Unleash Physical Limitations: Virtual Emergency Preparedness Simulation Training, Methodology and a Case Study

Xiang Yao, *New Jersey Institute of Technology*, Joseph A. Konopka, *New Jersey Institute of Technology*, Arthur Hendela, *New Jersey Institute of Technology*, Michael Chumer,
New Jersey Institute of Technology, Murray Turoff, *New Jersey Institute of Technology*

Enterprise System Organizational Issues

858 Addressing the Justification of Enterprise Systems Benefits: A Desires and Expectancy Disconfirmation Model

José Esteves, *Instituto de Empresa*

863 Business Architecture: A New Approach to Improving a Corporation's Adaptability to Strategic Change

Gerrit Versteeg, *Four Points Intelligence*, Harry Bouwman, *Delft University of Technology*

873 Business Process Re-design in Enterprise Systems Projects: Radical and Evolutionary Change

Thiruvengkatachari Madhavan, *University of Sydney*, Paul Theivananthampillai, *University of Otago*

880 End-users' Acceptance of Enterprise Resource Planning (ERP) Systems: An Investigation Using Grounded Theory Approach

Fiona Fui-Hoon Nah, *University of Nebraska-Lincoln*, Xin Tan, *University of Nebraska-Lincoln*, Monica Beethe, *University of Nebraska-Lincoln*

885 Enterprise IT Application Systems Agility and Organizational Agility

Lin Ngo-Ye, *UW-Milwaukee*, Mujtaba Ahsan, *UW-Milwaukee*

891 Enterprise Systems in International Business Operations: The Benefits and Problems of Fit in International Enterprise Systems Implementation

Shari Shang, *National Chengchi University*

902 ERP and Innovation in Schumpeterian Market Dynamics

Nicholas Berente, *Case Western Reserve University*

909 Identifying Model ERP Implementations

Piotr Soja, *Cracow University of Economics, Poland*, Dariusz Put, *Cracow University of Economics, Poland*

920 Incorporating Information Quality Management Into EAI Processes

Jin-xing Hao, *City University of Hong Kong*, Ron Chi-Wai Kwok, *City University of Hong Kong*

930 Revisiting the Impact of ERP Systems on Business Value: A Triangulation Method

Carlos A. Dorantes, *University of Texas at San Antonio*, Diane Walz, *University of Texas at San Antonio*

935 SSM Approach to Realizing Emancipatory Ideals in ERP Implementation
Francis K. Andoh-Baidoo, *Virginia Commonwealth University*, Ojelanki Ngwenyama,
Ryerson University

943 Technology Adoption Life Cycle and Sustainability in ERP Industry - A Data Envelopment Analysis Approach
Aakash Taneja, *University of Texas at Arlington*, M. K. Raja, *University of Texas at Arlington*

953 The AST view of ES Knowledge Management: Insights from World's Fastest SAP R/3 Implementation
Darshana Sedera, *Queensland University of Technology*, Sharmistha Dey, *Queensland University of Technology*

959 The Conditions of ERP Implementation Projects: Evidence from Practice
Piotr Soja, *Cracow University of Economics, Poland*

968 The Turnaround ERP Project: Strategies and Issues
Mary Sumner, *Southern Illinois University Edwardsville*, John Hamilton, *St. Louis University*

974 Towards an Understanding of Model-Driven Process Configuration and its Support at Large
Alexander Dreiling, *University of Münster, Germany*, Mervin Chiang, *Queensland University of Technology, Australia*, Michael Rosemann, *Queensland University of Technology, Australia*, Wil M. P. van der Aalst, *Eindhoven University of Technology, The Netherlands*

983 Understanding Process Knowledge Change in Enterprise System Implementation: A Framework and Case Study
Kelly J. Fadel, *Dept. of MIS, Eller College of Mgmt, U of Arizona*, Mohan Tanniru, *Dept. of MIS, Eller College of Mgmt, U of Arizona*, Suzanne Weisband, *Dept. of MIS, Eller College of Mgmt, U of Arizona*

995 Weeding Through the Magniloquence: The Modern Business Performance Management Systems Concept

Allen E. Brown, *Carleton University*, Gerald G. Grant, *Carleton University*

Enterprise System Technology

1005 Adaptability Concepts for Enterprise Resource Planning Systems - A Component Framework

Katja Andresen, *University of Potsdam*, Norbert Gronau, *University of Potsdam*

1012 Adoption of RFID Technology: An Exploratory Examination from Supplier's Perspective

C. Ranganathan, *University of Illinois at Chicago*, Sanjeev Jha, *University of Illinois at Chicago*

1017 Extended Enterprise Applications and Sustained Competitive Advantage

Karma Sherif, *Texas Tech University*, Mark Thoiun, *Texas Tech University*
Munir Mandviwalla, *Temple University*

1022 RFID Tag Reader Designs for Retail Store Applications

Suresh Chalasani, *University of Wisconsin-Parkside*, Rajendra V. Boppana, *University of Texas*, Jay Sounderpandian, *University of Wisconsin-Parkside*

1105 Experiences with Implementing a Spatial Decision Support System for Planning Snow Removal Operations

Ramanathan Sugumaran, *University of Northern Iowa*, Shriram Ilavajhala, *University of Northern Iowa*, Vijayan Sugumaran, *Oakland University*

1114 The Management of Geographic Information Flows in Crisis Situations

Tuija Kuusisto, *The Finnish Defence Forces*, Rauno Kuusisto, *The Finnish Defence Forces*

HCI Models and Issues in Information Seeking Engines (co-sponsored by SIGSEMIS)

1123 Exploring Individual User Attitudes Towards Performance with Web Search Engines: An Extension Study

Allison J. Morgan, *Pennsylvania State University*, Bernard J. Jansen, *Pennsylvania State University*, Eileen M. Trauth, *Pennsylvania State University*

1131 One Week with a Corporate Search Engine: A Time-Based Analysis of Intranet Information Seeking

Dick Stenmark, *Gothenburg University*

1142 Searching for Non-English Web Content: An Empirical Study of the Spanish Business Intelligence Portal

Wingyan Chung, *The University of Texas at El Paso*

HCI with Mobile Devices (co-sponsored by SIGEBIZ)

1150 An Agent-Enabled System for Personalizing Wireless Mobile Services

Qusay H. Mahmoud, *University of Guelph*, Zhixin Wang, *University of Guelph*

1157 Interface Design for Mobile Applications

Boonlit Adipat, *University of Maryland Baltimore County*, Dongsong Zhang, *University of Maryland Baltimore County*

1167 Technology Overload: Is there a Technological Panacea?

Sukeshini Grandhi, *New Jersey Institute of Technology*, Quentin Jones, *New Jersey Institute of Technology*, Starr Roxanne Hiltz, *New Jersey Institute of Technology*

Humanity Downstream: Effects of Adoption and Diffusion on Its Users

1174 A Research Agenda Toward A Better Conceptualization of IT Use

Heshan Sun, *Syracuse University*, Ping Zhang, *Syracuse University*

1179 A Study On The Factors Influencing The Intention Of Reusing An E-Commerce Website

Szu-Yuan Sun, *National Kaohsiung First University of Science and Technology*, Teresa Ju, *Shu-Te University*, Chao-Min Chiu, *National Central University*, Meng-Hsiang Hsu, *National Kaohsiung First University of Sci. & Tech*

1188 Adoption of Biometric Technology: Information Privacy and TAM

Wafa Elgarah, *Al Akhawayn University*, Natalia G. Falaleeva, *Loyola College in Maryland*

1192 Antecedents of Website Acceptance and Use: An Interdisciplinary View

Sanjiv D. Vaidya, *Indian Institute of Management Calcutta*, Merlin Nandy, *Indian Institute of Management Calcutta*

1200 Bridging the Assimilation Gap: A User-Centered Approach to IT Adoption in Corporate HR Processes

Tobias Keim, *Univentures GmbH*, Jochen Malinowski, *Frankfurt University*, Tim Weitzel, *E-Finance Lab, Frankfurt University*

1209 Counterfactual Thoughts: A Theoretical Explanation of the Cognitive Mechanism Underlying the Formation of User Satisfaction and IS Continuance Intention

Vidhya Mellarkod, *Texas Tech University*, Radha Appan, *Texas Tech University*
Glenn J. Browne, *Texas Tech University*

1216 Determinants of Fit: Task, Technology, and Content

Chongwoo Park, *Georgia State University*, Arjan Raven, *Georgia State University*

1221 Developing a Model of Perceptions of Technological Multitasking

Caroline S. Bell, *Richard Ivey School of Business, UWO*, Deborah Compeau, *Richard Ivey School of Business, UWO*, Fernando Olivera, *Richard Ivey School of Business, UWO*

1226 Diffusion and System Change - A Case Study Of Innovations in a Course Management System

John Beckett, *Nova Southeastern University*, Jay E. Aronson, *The University of Georgia*

1231 Examining User-Technology Interaction: Toward a Sociotechnical Theory for Understanding User Adjustment to Mobile Technologies

Michael J. Gallivan, *Georgia State University*, Yide Shen, *Georgia State University*

1239 Exploring the links between technology acceptance and use and the attainment of individual and organisational goals: a case study in the community health sector

Louise Schaper, *Curtin University of Technology*, Graham Pervan, *Curtin University of Technology*

1248 Globalization and E-Business Application: Adoption and Usage in a Global Context

Roman Beck, *J.W. Goethe University*, Jochen Franke, *J.W. Goethe University*, Wolfgang König, *J.W. Goethe University*, Rolf T. Wigand, *University of Arkansas at Little Rock*

1258 Modeling Multilevel Structures of Information Technology Acceptance: An Investigation of Group Level Effects on Individual Usage of Web-Based Systems

Sung-Hee Park, *University of South Carolina*, Lorraine Lee, *University of South Carolina*
Mun Y. Yi, *University of South Carolina*

1264 Problems? Technology Difficulties and Political Efficacy on Satisfaction

Cindi Smatt, *Florida State University*, Renée M. E. Pratt, *Florida State University*
Wayne Hochwarter, *Fenix, Stockholm School of Economics*

1273 Radio Frequency Identification (RFID) Adoption Drivers: A Radical Innovation Adoption Perspective

Aditya Sharma, *Emory University*, Alex Citurs, *Emory University*

1279 Technology Use Rationale And Assimilation In The Implementation Of Electronic Data Interchange

Carolyn Green, *Texas A&M – Kingsville*, Tracy A. Hurley, *Texas A&M - Kingsville*

1289 The Impact of Privacy Concerns on the Use of Information Technologies: A Preliminary Conceptual Model

Sharen Bakke, *Kent State University*, Robert Faley, *Kent State University*, Alan Brandyberry, *Kent State University*, Marvin D. Troutt, *Kent State University*

1295 The Influence of Perceived Risk and Perceived Usefulness on Manager's Attitude Towards Business Process Outsourcing

Heiko Gewalt, *University of Frankfurt*

1300 The Web and Traditional Information Resources: How Do They Contribute to Overall Satisfaction With an Information Service

John D'Ambra, *The University of New South Wales*, Nina Mistilis, *The University of New South Wales*

1310 To Adopt or Not to Adopt - That is the Question

Rhoda Joseph, *Penn State Harrisburg*

1316 Uncertainty and the Consequences of Technological Innovation

Stuart Jones, *University of NSW*, Graham Low, *University of NSW*

1321 Understanding Information Technology Acceptance in the Social Sector

Wei Zhang, *UMass Boston*, Oscar Gutierrez, *UMass Boston, College of Management*

1326 Why Isn't Everyone an Early Adopter?

Anne Powell, *Southern Illinois University Edwardsville*, Susan Yager, *Southern Illinois University Edwardsville*, Jennifer Vandever, *Southern Illinois University Edwardsville*

ICT Issues in the Greater China Region

1330 An Evaluation of Three Chinese CS&T Curricula

Wenyang Nan Sun, *Washburn University*, Robert J. Boncella, *School of Business Washburn University*

1340 E-Commerce Critical Success Factors for Chinese Enterprises: An Empirical Research on the Publishing Industry

Jinghua Huang, *School of Economics and Management Tsinghua Univ.*, Chingting Lee, *School of Economics and Management Tsinghua Univ.*

1350 The Adoption of ERP Applications in China

Lishan He, *Lancaster University*, David H. Brown, *Lancaster University*

Information Systems and Technology for Mobile Commerce and Services

1358 A New Framework for Constructing Realistic Mobility Models

Qing Cao, *University of Missouri - Kansas City*

1368 A Repeatable Collaboration Process for Developing a Road Map for

Emerging New Technology Business: Case Mobile Marketing

Johanna Bragge, *Helsinki School of Economics*, Mariëlle den Hengst, *Delft University of Technology*, Tuure Tuunanen, *Helsinki School of Economics*, Ville Virtanen, *Helsinki School of Economics / LTT Research Ltd.*

1377 Applications and Routing Management of Wireless Sensor Networks

Subhankar Dhar, *San Jose State University*

1384 Developing Adaptive and Personalized Mobile Applications: A Framework and Design Issues

Boonlit Adipat, *University of Maryland Baltimore County*, Dongsong Zhang, *University of Maryland Baltimore County*

1391 Support for Wireless LAN Design

Abhijit Dutt, *University of Wisconsin-Milwaukee*, Derek L. Nazareth, *University of Wisconsin-Milwaukee*

1396 Supporting the End-to-End Quality of Service Across Multiple Heterogeneous Wireless Networks

Punit Ahluwalia, *Georgia State University*, Upkar Varshney, *Georgia State University*

Hong Sheng, *University of Nebraska-Lincoln*, Fiona Fui-Hoon Nah, *University of Nebraska-Lincoln*, Keng Siau, *University of Nebraska-Lincoln*

Information Systems Development

1438 An Exploration of the Role of Systems Analysis For Ex Ante Business Value Evaluations Of Information Systems

Akhilesh Bajaj, *University of Tulsa*, Wray Bradley, *University of Tulsa*

1445 Application Development Employing Web Services: Understanding Costs and Risks

Peter Haried, *University of Wisconsin - Milwaukee*

1451 Issues for Evaluating Reliability in Software Architectures

Anna C. Grimán, *Universidad Simón Bolívar*, L. Valdoserá, *Universidad Simón Bolívar*
Luis Mendoza, *Universidad Simón Bolívar*, María Pérez, *Universidad Simón Bolívar*
E. Méndez, *Universidad Simón Bolívar*

1457 On the Theoretical Foundation for Data Flow Analysis in Workflow Management

Sherry X. Sun, *University of Arizona*, J. Leon Zhao, *University of Arizona*, Jay Nunamaker, Jr., *University of Arizona*

1466 Process and Object Models in Software Engineering: A Study of their Choice and Subsequent Use

Shivraj Kanungo, *George Washington University*, Srinivas Y. Prasad, *The George Washington University*

1474 Software Development Process Change Management: Implementation of ASDM

George Mangalaraj, *University of Texas at Arlington*, Sridhar Nerur, *University of Texas at Arlington*

1482 The Role of the Abilene Paradox in Group Requirements Elicitation Processes

Radha Appan, *Texas Tech University*, Vidhya Mellarkod, *Texas Tech University*
Glenn J. Browne, *Texas Tech University*

1493 Towards a Theoretical Framework of Information Systems Development Success

Yuan Long, *University of Nebraska – Lincoln*, Keng Siau, *University of Nebraska – Lincoln*, Min Ling, *University of Nebraska - Lincoln*

Information Systems Evaluation

1502 A Process Based Framework for Assessing IT Value

Zaheeruddin Asif, *Temple University*, David Schuff, *Temple University*

1507 A Viable Approach for Measuring the Risk-Return Relationship of IT Investments

Ajit Appari, *Whitman School of Management, Syracuse University*, Michel Benaroch, *Whitman School of Management, Syracuse University*

1513 An Exploratory Study of IT Indirect Costs Associated with IT projects in the UK

Ahmad Ghoneim, *Brunel University*, Zahir Irani, *Brunel University*

1522 Business Process Agility

Robyn L. Raschke, *Arizona State University*, Julie Smith David, *Arizona State University*

1528 Evaluation of Conceptual Modeling Languages: An Epistemological Discussion

Jan Recker, *Queensland University of Technology*

1537 Information Systems Evaluation Mini-track Introduction

Zahir Irani, *School of IS, Computing and Mathematics, Brunel University, UK*

1542 Measuring the Informatization Level of Businesses: A Study of Brazilian Industrial Companies

Information Systems Evaluation

(Continued from Volume 3)

1551 Negotiating Strategic Business Value of BPM Systems: A Balanced Scorecard Approach

Radhika Jain, *Georgia State University*, Balasubramaniam Ramesh, *Georgia State University*

1560 State of Information Technology Support for Traders in Fixed-Income Markets

Ali Reza Montazemi, *McMaster University*, John Siam, *McMaster University*

1568 The Effect of Stakeholder Consideration in IT Investment Evaluation on Business Value: Evidence from Sweden

Elisabeth Frisk, *Göteborg University, Sweden*, Narcyz Roztock, *State University of New York at New Paltz*

1575 The Web of System Performance: Extending the TAM Model

Edward Mahinda, *New Jersey Institute of Technology*, Brian Whitworth, *New Jersey Institute of Technology*

1583 Why Do Organizations Expect Every Information Systems Project to Be Successful?

Terry Ryan, *Claremont Graduate University*
Sorin Gudea, *University of Phoenix*

Information Systems Security: Tools and Technologies

1591 Can Question Answering Technology Helps to Locate Malevolent Online Content?

Dmitri Roussinov, *Arizona State University*, José Antonio Robles-Flores, *Arizona State University / ESAN University*

1600 Dependability Auditing with Model Checking

Bonnie Anderson, *Brigham Young University*, James Hansen, *Brigham Young University*
Paul Benjamin Lowry, *Brigham Young University*

1610 Information Quality in the Banking Industries

Lotfollah Najjar, *University of Nebraska at Omaha*, Ram Bishu, *University of Nebraska - Lincoln*

1619 Secure Software Design Principles: A Systems Approach

Art Conklin, *The University of Texas at San Antonio*, Glenn Dietrich, *The University of Texas at San Antonio*

1626 Software Vulnerability Disclosure and its Impact on Exploitation: An Empirical Study

George Mangalaraj, *University of Texas at Arlington*, M. K. Raja, *University of Texas at Arlington*

1634 Teaching Information Security Courses: Objectives, Requirements, and Challenges

Bradley K. Jensen, *University of North Texas*, Melinda Cline, *University of North Texas*

Information Systems Strategy and Implementation

1639 Framework for Communication and Visualization of IT and Business Alignment for Financial Institution

Malgorzata Bugajska, *University of Zurich, Switzerland*, Gerhard Schwabe, *University of Zurich, Switzerland*

1651 Increasing Absorptive Capacity Through Strategic Use of Network Organizations

Dirk Hovorka, *University of Colorado at Boulder*, Kai R. Larsen, *University of Colorado at Boulder*

1662 IT Portfolio Management: Implications for IT Strategic Alignment
Brian H. Cameron, *The Pennsylvania State University*

1670 Linkage Between Effective Implementation of IS Strategy and IS Performance: Lessons From Indian Organizations
Ganesan Kannabiran, *NIT, Trichy, India*, P. C. Narayan, *IIM, Bangalore, India*
P. Vijayaraghavan, *IIT, Chennai, India*

1681 Predicting Continuing Acceptance of IT in Conditions of Sporadic Use
E. Vance Wilson, *University of Wisconsin-Milwaukee*, En Mao, *University of Wisconsin-Milwaukee*, Nancy K. Lankton, *Michigan State University*

1690 The Relationship Between IT Infrastructure and Strategic Agility in Organizations
Mujtaba Ahsan, *UW-Milwaukee*, Lin Ngo-Ye, *UW-Milwaukee*

Information Technology and Government

1703 An Empirical Investigation of Trusting Bases in Initial Trust Formation with National Identity Systems
Xin Li, *University of North Carolina at Pembroke*, Traci J. Hess, *Washington State University*, Joseph S. Valacich, *Washington State University*

1707 Competitive Advantage of Nations: Lessons from Government-initiated Industry-wide IT Projects in Singapore
Hung-Pheng Tan, *National University of Singapore*, Michael T. K. Tan, *National University of Singapore*, Xin Wei Wang, *National University of Singapore*
Krishnamurthy S. Raman, *National University of Singapore*

1717 Modeling for Accountability: The Case of the Virtual Business Counter
Marijn Janssen, *Delft University of Technology*

Information Technology for Development

1726 Firms in Underdeveloped Countries that Adopt Information Communication Technology (ICT) do not always Improve their Competitiveness: An Empirical Investigation

Miguel Angel Bustamante, *University of Nebraska Lincoln*

1731 How does Information Technology Effect Development? Integrating Theory and Practice into a Process Model

Sajda Qureshi, *UNO*

1741 IT Foundations for E-Commerce: A Survey of Executives in Five Caribbean Countries

William Wresch, *University of Wisconsin Oshkosh*, Simon Fraser, *University of West Indies*

1748 Modeling Internet Diffusion in Developing Countries

Hoon S. Cha, *University of Arizona*, Alexandra Durcikova, *University of Arizona*
Scott McCoy, *College of William and Mary*

1759 Testing a Modified TAM that Accounts for Realities of Technology Acceptance in Sub Saharan Africa

Philip F. Musa, *The University of Alabama at Birmingham*, Peter Meso, *Georgia State University*, Victor W. Mbarika, *Southern University, Louisiana*

1769 The Institution-ICT-Economic Development Nexus: Two Cases

Nir Kshetri, *The Univ. of North Carolina--Greensboro*

Information Technology in Education

1778 A Case Study: Information and Communication Technologies Adoption in Higher Education in China and India

Lu Xiao, *Pennsylvania State University*, Haiyan Huang, *Pennsylvania State University*
Karthikeyan Umapathy, *Pennsylvania State University*

1783 A Research Framework for Collaborative e-Learning in an End-User Training Context

Saurabh Gupta, *University of Georgia*, Robert P. Bostrom, *University of Georgia*

1792 A Student Response System for Increasing Engagement, Motivation, and Learning in High Enrollment Lectures

Richard H. Hall, *University of Missouri – Rolla*, Harvest L. Collier, *University of Missouri – Rolla*, Marcie L. Thomas, *University of Missouri – Rolla*, Michael G. Hilgers, *University of Missouri - Rolla*

1798 An Empirical Investigation of the Impact of GPA on Perceived Improvement of Higher-Order Cognitive Skills

Randy V. Bradley, *Auburn University*, Chetan S. Sankar, *Auburn University*, Howard R. Clayton, *Auburn University*, P. K. Raju, *Auburn University*, Victor W. Mbarika, *Southern University*

1805 An Information Systems Teaching Case: Bayesian Probability Applied to Spam E-mail Filters

Samuel S. Conn, *Regis University*, Daniel Likarish, *Regis University*

1811 Antecedents of Generalized Computer Self-Efficacy Judgments

Thomas Case, *Georgia Southern University*, Hyo-Joo Han, *Georgia Southern University*
Joseph Bullington, *Georgia Southern University*

1818 Assessment Lessons Learned from Accredited Programs: Are You Ready for IT Accreditation?

Bruce White, *Quinnipiac University*, Richard V. McCarthy, *Quinnipiac University*

1826 Breadth and Depth of Coverage in IS Areas for Curriculum Accreditation: A National Study

Jeffrey P. Landry, *University of South Alabama*, J. Harold Pardue, *University of South Alabama*, John H. Reynolds, *Grand Valley State University*, Herbert E. Longenecker, *University of South Alabama*

1831 Computer-Based Assessments of Student Performance in Hybrid Classes: Does Class Size Really Matter?

Donald L. Amoroso, *Appalachian State University*

1840 Coping Strategies and Emotional Intelligence: New Perspectives on Computing Students

France Bélanger, *Virginia Tech*, George M. Kasper, *Virginia Commonwealth University*
K. Vernard Harrington, *Radford University*, Lemuria Carter, *Virginia Tech*, Wanda J. Smith, *Virginia Tech*

1849 Design and Development Considerations of a Learning Object Repository

Michael G. Hilgers, *University of Missouri – Rolla*, Richard H. Hall, *University of Missouri – Rolla*, Matt Buechler, *University of Missouri - Rolla*

1855 Experiments with Hybrid Learning in a Computer & Network Security Course

Sharon W. Tabor, *Boise State University*

1859 Incorporating Distributed Teamwork and Collaborative Technology into MIS Curriculum

Fang Chen, *University of Manitoba*, Gail Corbitt, *California State University, Chico*
Stanley C. Gardiner, *California State University, Chico*, James Sager, *James Sager*
Frank S. Morelli, *Pforzheim University, Germany*

1867 IS User Satisfaction in Academia: A Comparison Across Three Student Types

Evelyn H. Thrasher, *Auburn University*, Daniel Gropper, *Auburn University*, John K. Corley, *Auburn University*

1877 Is Web-Based Seminar an Effective Way of Learning as a Part of Information Management and Information Systems Development Course?

Pekka Makkonen, *University of Jyväskylä*

1885 Scaffolding Discourse in Asynchronous Learning Networks

I. Wong-Bushby, *New Jersey Institute of Technology*, Starr Roxanne Hiltz, *New Jersey Institute of Technology*, Katia Passerini, *New Jersey Institute of Technology*
Michael Bieber, *New Jersey Institute of Technology*, Karen P. Patten, *New Jersey Institute of Technology*

1891 Segmenting Lecture Videos by Topic: From Manual to Automated Methods

Ming Lin, *University of Arizona*, Christopher B. R. Diller, *University of Arizona*
Nicole Forsgren, *University of Arizona*, Yunchu Huang, *University of Arizona*
Jay Nunamaker, Jr., *University of Arizona*

1899 Tablet PCs for Teaching Information Systems Courses

Kirk Arnett, *Mississippi State University*, Mark B. Schmidt, *St. Cloud State University*
J. P. Shim, *Mississippi State University*

1906 Teaching Java to IS Students: Top Ten Most Heinous Programming Errors

Mark Pendergast, *Florida Gulf Coast University*

1917 The Adoption and Integration of Web Technologies in K-6 Education

Lara Preiser-Houy, *Cal Poly Pomona University*, Carlos J. Navarrete, *Cal Poly University, Pomona*, Margaret Russell, *Chaparral Elementary School*

1926 The Determinants of Web-based Instructional Systems' Outcome: A Step-Wise Regression Approach

Sean B. Eom, *Southeast Missouri State University*

1934 The Effects of Gender Differences, Learner Sources, and Online Interaction on Learners' Perceptions of E-learning

Chechen Liao, *Department of Information Management, CCU, Taiwan*, Chih-Ching Chiang, *Department of Information Management, CCU, Taiwan*

1944 The Impact of User Characteristics, Instructor Availability, and Pre-training Interventions on E-learning Outcomes

Sharath Sasidharan, *University of Kentucky*

1945 The Motivators of Students' Behavioral Intention towards Online Discussion Forum Participation

Yang Xue, *National University of Singapore*, Li Yan, *National University of Singapore*
Tan Chuan Hoo, *National University of Singapore*, Teo Hock Hai, *National University of Singapore*

1954 The REA Ontology to Supplement Teaching Data Flow Diagrams

Kevin R. Parker, *Idaho State University*, Kenneth Trimmer, *Idaho State University*
Cindy LeRouge, *Saint Louis University*

1964 The Role of Technology Anxiety and Self-efficacy in Information Technology Training

Cheon-Pyo Lee, *Mississippi State University*, Merrill Warkentin, *Mississippi State University*

1970 Towards Active Team-Based Learning: An Online Instructional Strategy

Elizabeth Avery Gomez, *New Jersey Institute of Technology*, Michael Bieber, *New Jersey Institute of Technology*

1977 Using Wireless Technology to Facilitate Learning: A Grounded Theory Approach

Hong Sheng, *University of Nebraska-Lincoln*, Fiona Fui-Hoon Nah, *University of Nebraska-Lincoln*, Keng Siau, *University of Nebraska-Lincoln*

1985 Virtual Group Learning Effectiveness via E-Learning Mediums

Jiinpo Wu, *Tamkang University*, Charlie C. Chen, *Appalachian State University*
Yue Jeff Zhang, *California State University, Northridge*, Donald L. Amoroso, *Appalachian State University*

1994 What Attracts Women to the IT field? The First Process of Occupational Socialization

2003 Identifying Key Leadership Characteristics of IT Project Leaders

Mary Sumner, *Southern Illinois University Edwardsville*, Doug Bock, *Southern Illinois University Edwardsville*, Gary Giamartino, *Southern Illinois University Edwardsville*

2008 Investigating the Efficacy of Organizational Effectiveness Tools in IT Projects

Brian H. Cameron, *The Pennsylvania State University*, Megan McCusker, *VisAlign, Inc.*

2017 IT Project Escalation: Translation Outcomes as Antecedents to the Four Factors of Escalation Theory

Christopher L. Scott, *Washington State University*

2022 The Impact of the Sarbanes-Oxley Act on IT Project Management - A Case Study (Research in Progress)

Michael Leih, *Claremont Graduate University*

Information Technology Systems Accessibility

2026 Emotive Captioning and Access to Television

Deborah I. Fels, *Ryerson University*, Daniel G. Lee, *Ryerson University*
Carmen Branje, *Ryerson University*, Matthew Hornburg, *Marblemedia Inc.*

2034 User Error Handling Strategies on a Non-Visual Multimodal Interface: Preliminary Results from an Exploratory Study

Xiaoyu Chen, *New Jersey Institute of Technology*, Marilyn Tremaine, *New Jersey Institute of Technology*

**Information Visualization and Decision Support (co-sponsored by
SIGHCI)**

**2044 An Experimental Study of the Effects of Representational Data Quality on
Decision Performance**

Wonjin Jung, *Claremont Graduate University*, Lorne Olfman, *Claremont Graduate
University*, Terry Ryan, *Claremont Graduate University*, Yong-Tae Park, *California
State University, Fullerton*

2053 Data Visualization Using Figural Animation

Kurt Pflughoeft, *Market Probe*, Fatemeh "Mariam" Zahedi, *University of Wisconsin-
Milwaukee*, Ehsan Soofi, *University of Wisconsin-Milwaukee*

2058 Visualization and Bayesian Inference

Integrating the Digital Healthcare Enterprise

2065 An Empirical Study Identifying The Factors That Impact eHealth Infrastructure and eHealth Use

Kallol Bagchi, *University of Texas at El Paso*, Godwin Udo, *University of Texas at El Paso*, Mark Kesh, *University of Texas at El Paso*

2074 Can You Have Your Cake and Eat it Too? Sharing Healthcare Data without Compromising Privacy and Confidentiality

Krish Muralidhar, *University of Kentucky*, Rathindra Sarathy, *Oklahoma State University*

2075 Conceptualizing an Actor-Oriented Approach for Healthcare Systems Integration

Vasiliki Mantzana, *Brunel University*, Marinos Themistocleous, *Brunel University*

2085 Dimensions of Work Practice Compatibility and Influences on Actual System Use: Examining Physician Use of Online Disability Evaluation System

Bengisu Tulu, *Claremont Graduate University*, Thomas A. Horan, *Claremont Graduate University*, Richard Burkhard, *Claremont Graduate University*

2091 Enhancing Syndromic Surveillance through Autonomic Health Grids

Hina Arora, *Arizona State University*, T. S. Raghu, *Arizona State University*, Ajay Vinze, *Arizona State University*, Peter Brittenham, *IBM*

2097 Introducing the Digital Operating Room: Theory Translated into Practical Use

Barbara Doster, *University of Alabama at Birmingham*

2103 Organization Structural and Cultural Influences in Hospital Information Systems Integration

James E. Ryan, *Auburn University*, Yajiong (Lucky) Xue, *University of Rhode Island*
Huigang Liang, *Florida Atlantic University*

2112 Quality of Service (QoS) in Healthcare Applications: Colored Petri Net Simulation for Design of Heterogeneous, Multi-Vendor, Integrated, Life-Critical Wireless (802.x) Patient Care Device Networks

Vijay Gehlot, *Villanova University*, Elliot B. Sloane, *Villanova University*

2113 Secure Health Knowledge: Balancing Security, Privacy and Access

Ebrahim Randeree, *SUNY Buffalo*

Intelligent Agent and Multi-Agent Systems in Business

2118 Behavioral Effects of Using Proxy Traders

Roumen D. Vragov, *Baruch College, CUNY*

2127 Comparing Agent Software Development Methodologies using the Waterfall Model

Sarah Bassett Lee, *University of Memphis*, Sajjan Shiva, *University of Memphis*

2136 Designing Multi-Agent Systems - The NDA-Approach Applied in Health Care

Andreas Schweiger, *Technische Universitaet Muenchen*, Helmut Krcmar, *Technische Universitaet Muenchen*

2145 Heterogeneous Agent Development: A Multi-Agent System for Testing Stock Trading Algorithms

Stephen Russell, *University of Maryland Baltimore County*, Victoria Yoon, *University of Maryland, Baltimore County*

2155 Intelligent Agent-based Approach to Sales Operations at E-stores

Mansour Abdoli, *University of Nebraska-Lincoln*, Bashar Al-Salim, *University of Nebraska-Lincoln*

2165 Knowledge Engineering in Agent-oriented Business Process Management
Minhong Wang, *City University of Hong Kong*, Huaiqing Wang, *City University of Hong Kong*, Haijing Jiang, *Nanjing University of Aeronautics and Astronautics*

2173 Knowledge Services for eBusiness
Mark A. Gill, *University of Louisville*, Rahul Singh, *The University of North Carolina at Greensboro*, A. F. Salam, *The University of North Carolina at Greensboro*, Lakshmi S. Iyer, *The University of North Carolina at Greensboro*

2182 Learning in Multi-Agent Systems - A Survey from IS Perspective

Rahul C. Basole, *Georgia Institute of Technology*

2720 User Acceptance of Short Messaging Services: The Convergence of Marketing and MIS Views

Ofir Turel, *McMaster University, Ontario, Canada*, Alexander Serenko, *Lakehead University, Ontario, Canada*, Nick Bontis, *McMaster University, Ontario, Canada*

Modeling Languages for Systems Analysis and Design

2730 A Logic-based Modeling Approach to Managing Workflow Policy Changes

Harry J. Wang, *University of Arizona*, J. Leon Zhao, *University of Arizona*

2742 A Model for Productivity and Systemic Quality for Systems Development Process

María Pérez, *Universidad Simón Bolívar*, E. Méndez, *Universidad Simón Bolívar*
Luis Mendoza, *Universidad Simón Bolívar*, Anna C. Grimán, *Universidad Simón Bolívar*

2754 A Semiotics View of Modeling Method Complexity - The Case of UML

Keng Siau, *University of Nebraska-Lincoln*, Yuhong Tian, *University of Nebraska-Lincoln*

2766 An Investigation into the Continued Use of Unified Modeling Language (UML) in Information Systems Development

Keng Siau, *University of Nebraska-Lincoln*, Xin Tan, *University of Nebraska-Lincoln*

2771 Business Process Modeling for Successful Implementation of Interorganizational Systems

Jane Fedorowicz, *Bentley College*, Ulric J. Gelinias, Jr., *Bentley College*, Janis L. Gogan, *Bentley College*, Mickey Howard, *University of Bath*, M. Lynne Markus, *Bentley College*, Catherine Usoff, *Bentley College*, Richard Vidgen, *University of Bath*

2782 Mapping the UML to the Zachman Framework

Stevan Mrdalj, *Eastern Michigan University*, Vladan Jovanovic, *Georgia Southern University*

Ontological Analysis in Systems Analysis and Design

2791 Enhancing the Expressiveness of the Bunge-Wand-Weber Ontology

Michael Rosemann, *Queensland University of Technology*, Boris Wysusek, *Queensland University of Technology*

2799 Ontological Clarity and Comprehension in Health Data Models

Sophie Cockcroft, *University of Queensland, Brisbane, Australia*

2812 Ontology-Based Method Engineering

Andreas Gehlert, *Dresden University of Technology*, Uta Buckmann, *Dresden University of Technology*, Werner Esswein, *Dresden University of Technology*

Open Source Software Development, Adoption, and Use

2822 Are all Open Source Projects Created Equal? Understanding the Sustainability of Open Source Software Development Model

Ju Long, *Texas State University-San Marcos*, Michael Juntao Yuan, *JBoss*

2833 Cohesion, Structure and Software Quality: A Model of Open Source Software Development

Sherae Daniel, *University of Maryland, College Park*, Katherine J. Stewart, *University of Maryland, College Park*

2840 Control In Open Source Software Development

Bo Xu, *Texas Tech University*, Yan Xu, *Texas Tech University*
Zhangxi Lin, *Texas Tech University*

2845 Development Success in Open Source Software Projects: Exploring the Impact of Copylefted Licenses

Jorge A. Colazo, *Richard Ivey School of Business, UWO*, Yulin Fang, *Richard Ivey School of Business, UWO*, Derrick J. Neufeld, *Richard Ivey School of Business, UWO*

2853 Impact on Open Source Software Performance: An Integrated view from Individual and Group

Yuan Long, *University of Nebraska-Lincoln*, Keng Siau, *University of Nebraska-Lincoln*

2858 Improving Open Source Software Usability

Luyin Zhao, *Rutgers University*, Fadi P. Deek, *New Jersey Institute of Technology*

2864 Open Source Adoption and Use: A Comparative Study Between Groups in the US and India

Sameer Verma, *San Francisco State University*, Leigh Jin, *San Francisco State University*, Atul Negi, *University of Hyderabad*

2877 Software Vulnerabilities: Open Source versus Proprietary Software Security

Sanjay Sridhar, *Purdue University*, Kemal Altinkemer, *Purdue University*
Jackie Rees, *Purdue University*

2888 The Role of Social Capital in Open Source Software Communities

Jijie Wang, *Georgia State University*

Outsourcing IS Development, IT Operations, Business Processes

2895 A Comparison of the Risks in Information Technology Outsourcing and Business Process Outsourcing

Heiko Gewalt, *University of Fankfurt*, Jochen Franke, *University of Fankfurt*

2903 A Vector-Based, Content-Analytic Methodology for Comparing Negotiated IT Service Level Agreements

Daniel S. Soper, *Arizona State University*, Michael Goul, *Arizona State University*
Haluk Demirkan, *Arizona State University*, Eileen Aranda, *Arizona State University*
Luis Aranda, *Arizona State University*

2911 Application of Ethical Frameworks to IT Offshoring

Peter Haried, *University of Wisconsin – Milwaukee*, Derek L. Nazareth, *University of Wisconsin - Milwaukee*

2920 Competence-Based IT Outsourcing - An Evaluation of Models for Identifying and Analyzing Core Competences

Michael Amberg, *FAU Erlangen-Nuremberg*, Manuela Schröder, *FAU Erlangen-Nuremberg*, Martin Wiener, *FAU Erlangen-Nuremberg*

2931 Conflicts in IS Outsourcing: Developing a Research Model

Neeraj Parolia, *University of Central Florida*, Mihir Parikh, *University of Central Florida*

2937 Drivers and Inhibitors for Outsourcing Financial Processes - A Comparative Survey of Economies of Scale, Scope, and Skill

Daniel Beimborn, *University of Frankfurt*, Jochen Franke, *University of Frankfurt*
Tim Weitzel, *University of Frankfurt*

2943 Electronic Alliances: Outsourcing for Competitive Advantage

Theophanis Stratopoulos, *University of New Hampshire*

2956 Evaluating Business Process Outsourcing using Coordination Theory

Biswadip Ghosh, *University of Colorado – Denver*, Judy E. Scott, *University of Colorado - Denver*

2961 Exploring the Downside of IT Outsourcing: Outsourcing Tactics, Layoffs, and Organizational Outcomes

Christina N. Outlay, *University of Illinois at Chicago*, C. Ranganathan, *University of Illinois at Chicago*

2966 Improving Understanding of the Competencies Required of Business Process Outsourcing (BPO) Suppliers: The Case of Customer Management Services in Australia

Mark Borman, *University of Sydney*

2971 Insights from a Real Options Approach to Evaluate IT Sourcing Decisions

James B Davis, *Louisiana State University*

2978 Internal vs. External IT Capabilities: When to Hire IT Consultants?

Saggi Nevo, *Schulich School of Business / York University*, Michael Wade, *Schulich School of Business / York University*, Wade Cook, *Schulich School of Business / York University*, Dave Johnston, *Schulich School of Business / York University*

2988 IT Enabled Business Process Onshore Outsourcing: An Empirical Analysis

B. Dawn Medlin, *Appalachian State University*, Sandra A. Vannoy, *Appalachian State University*

2992 Managed Security Service Providers: Issues in Outsourcing Security

Ebrahim Randeree, *University of New York at Buffalo*, Rajiv Kishore, *State University of New York at Buffalo*, H. Raghav Rao, *State University of New York at Buffalo*

2996 Outsourcing Game Software: A Longitudinal Study of Make-or-Buy Decisions in U.S. Videogame Industry

Byunggon Yoo, *Boston University*

3005 Strategic Off-shore Business Process Outsourcing and Competitive Advantage: The Role of Strategic Intent and Absorptive Capacity

Somendra Pant, *Clarkson University*, Augustine Lado, *Clarkson University*

3009 Toward a Framework of Cultural Effects on Software Development

Jong Woo Kim, *Georgia State University*, Peter Meso, *Georgia State University*

3016 Towards Mass-Customized IT Services: Assessing a Method for Identifying Resuable Service Modules and its Implication for IT Service Management
Tilo Böhmann, *Technische Universität München*, Richard Gottwald, *Technische Universität München*, Helmut Krcmar, *Technische Universität München*
