TABLE OF CONTENTS

THE KECK GEOLOGY CONSORTIUM: HISTORY AND PROGRAM 2005

Canada1

Paleoenvironmental Reconstruction of Polar Miocene and Pliocene Forests From The Western Canadian Arctic Christopher J. Williams	2
--	---

Morphological Analysis of Late Tertiary <i>Picea</i> and <i>Pinus</i> Cones in The Western Canadian Arctic Wesley Court	8
---	---

Using Fossil Trees to Estimate Paleoclimate of Banks Island, Arctic Canada and The Effects of Modern Climate Change on The Arctic Environment Emily Mendell	14
--	----

Woody Debris Lenses Paleoenvironmental Archives Jennifer Murphy.....	20
---	----

Dominican Republic 26

The Rise and Demise of a Holocene Coral Reef Complex, Dominican Republic: The Coral-Climate Connection Lisa Greer, Al Curran, Bill Patterson, Neil Tibert.....	27
--	----

Large Serpulid Worm Tube Aggregates Indicate an Abrupt Mid-Holocene Transition From Marine to Restricted Hyposaline Conditions Whitney Doss.....	33
--	----

High-Resolution Carbon and Oxygen Isotope and Taphonomy Records From Cominican <i>Acropora Cervicornis</i> Coral and Implications For Mid- Holocene Climate Kelsey Dyck.....	38
---	----

Dating and Stable Isotope Analyses of <i>Acropora Cervicornis</i> Growth in The Enriquillo Valley, Dominican Republic. Julia Elizabeth Jackson	44
--	----

Paleosalinity History of a Holocene Lagoon in The Enriquillo Valley, Dominican Republic: Pore Morphometrics And Isotope Geochemistry Of Ostracoda Pamela Medley.....	49
Mid-Holocene Climate Change in Southwestern Dominican Republic: Proxy Evidence From Stable Isotope Values and Molluscan Indices Jean R. Taggart	55
High and Low Resolution Stable Isotope Profiles of Holocene Bivalve Shells From The Dominican Republic Andrew C. Taylor	61
Stable Isotopes in Early-Holocene Acropora Cervicornis Corals From The Enriquillo Valley, Dominican Republic Lida Teneva	67
Investigation of The Stratigraphic Contact Between Coral Reef Colonies And Serpulid Tube/Tufa Mounds (Mid-Holocene) of The Enriquillo Valley, Dominican Republic: Paleoenvironmental Implications Kelsey Winsor.....	73
Finger Lakes	78
The Rise and Demise of a Holocene Coral Reef Complex, Dominican Republic: The Coral-Climate Connection Tara Curtin, John Halfman & Robert Gaines	79
Seismic Stratigraphy and Depositional Architecture of Holocene Sediment in Keuka Lake, Ny Robert F. Aspinwall.....	85
Going With The Flow: Evidence For Changes In Circulation in Seneca Lake, NY During The Holocene Megan Crocker.....	90
Inorganic and Organic Carbon Analysis of Lacustrine Sediments, Canadaigua Lake, NY Wesley Darden.....	95
Getting to The Bottom of It: Holocene Climate Change In Keuka Lake, NY. Davin Lyons.....	99

Reflections on Mud: Holocene Climate Variability Recorded by Laminated Sediments In Canandaigua Lake, NY Clare K. Morgan	104
Sedimentation and Indicators of Holocene Climate Change in Keuka Lake, New York Benjamin Petrick.....	109
High Resolution Mapping of Holocene Sediments, Canandaigua Lake, New York Hannah Woodson.....	114
Minnesota.....	119
Precambrian Evolution of Minnesota John Craddock, Karl Wirth and Cameron Davidson	120
Petrology of a System of Granophyre Dikes in The Beaver Bay Complex in Beaver Bay, Minnesota Matt Andring.....	126
Detrital Zircon Age Analysis of The Fond Du Lac and Hinckley Sandstone Formations of Northern Minnesota Lee Finley-Blasi.....	131
Petrogenesis of a Granite Xenolith in The 1.1 GA Midcontinent Rift at Sliver Bay, MN Natalie Juda.....	136
Minimum Age and Provenance of The Correlated Thomson and Rove Formations of Eastern Minnesota Laura Kerber	142
Provenance Analysis of The Marquette Range Supergroup Sedimentary Rocks Using U-PB Isotope Geochemistry on Detrital Zircons By LA-ICP- MS Rebekah Lundquist	147
Using Anisotropy of Magnetic Susceptibility to Determine Flow Directions of The Devil Track and Kimball Creek Rhyolites Dhiren R. Patel.....	152
The Anisotropic Magnetic Susceptibility of Proterozoic Northshore Volcanic Rhyolites, Keweenaw Rift Ryan Porter	157

Provenance and Tectonic Setting of The Paleoproterozoic Denham Formation in East-Central Minnesota Sarah Vorhies.....	161
U-PB Detrital Zircon Provenance of The Proterozoic Nopeming and Puckwunge Formations Northeastern Minnesota Erin Walker.....	166
Montana.....	170
Exploring The Proterozoic Big Sky Orogeny In Southwest Montana Tekla A. Harms, John B. Brady, John T. Cheney.....	171
Petrology of Banded Iron Formation and Phyllite in The Standard Creek Contact Aureole, Southern Gravelly Mountains, Montana Alyssa Doody.....	177
Protolith and Tectonic Setting of Quartzofeldspathic Gneisses of The Highland Mountains, Greenhorn Range and Alder Gulch; Southwest Montana Emily Fertig.....	183
Geochemistry of Quartzofeldspathic Gneisses and Their granitic Intrusives From The Gravelly Range, Montana Dudley Braden Fitz-Gerald.....	189
A Regional Study of Metamorphosed Pelitic Rocks in Southwestern Montana Deanna Gerwin.....	193
Kinematic Analysis of a Proposed Gneiss Dome and Possible Big Sky Orogeny Structure, Highland Mountains, Southwest Montana P. Tyler Hannah.....	198
Low Grade Precambrian Rocks of The Central Gravelly Range, SW Montana Elizabeth Klein.....	203
New Evidence For The Proterozoic Big Sky Orogeny Recorded In Biotite-Garnet-Sillimanite Gneisses From Mylonitic Zones In The Highland Mountains, Montana Julia Labadie.....	208
Metamorphism Of Precambrian Rocks in The Southern Highland Mountains, Southwestern Montana Jessica A. Matthews.....	213

Geochemistry of Metamorphosed Proterozoic(?) Mafic Dikes and Sills, Highland Mountains, Montana Stephanie J. Moore.....	218
Shearing in The Mylonites of The Mcatee Bridge Ridge, Montana, USA: Compressional Shearing In The Big Sky Orogeny Arthur Rose Schwab	225
Geochemistry of Archean (?) Amphibolites in Southwestern Montana Eric Siegel.....	230
