Institute of Acoustics

Reproduced Sound 22
2006

Table of Contents

| | |
|--|-----------|
| SPEECH TRANSMISSION INDEX: COMPUTER SIMULATION AND RECENT STANDARD DEVELOPMENTS IN GERMANY | 1 |
| T Steinbrecher Bose Professional Systems, Friedrichsdorf, Germany | |
| MEASURING SPEECH PRIVACY – AN INVERSE INTELLIGIBILITY PROBLEM? | 10 |
| Peter Mapp, Peter Mapp Associates, Colchester, Essex C06 1LG | |
| A COMPARISON OF STI-PA AND SWEPT SINE WAVE STI MEASUREMENT METHODS AND RESULTS | 23 |
| Tony Stacey AMS Acoustics Ltd | |
| MAXIMAL LENGTH SEQUENCE MEASUREMENTS – A CONTEMPORARY METHODOLOGY FOR WINDOWS® SYSTEMS. | 31 |
| R. Walker, Consultant | |
| DIGITAL AUDIO SYSTEMS – BEYOND THE CAT5 CONNECTOR | 43 |
| David Howe Shuttlesound (Electro-Voice), UK | |
| INTEGRATED CONTROL OF DISTRIBUTED SYSTEMS | 58 |
| Rick Kreifeldt Harman Professional Group, Northridge, California, USA Mark Bailey JBL Professional, Northridge, California, USA | |
| HIGH DEFINITION AUDIO: WHAT HAS IT DELIVERED? | 63 |
| K Howard Consultant Technical Editor, HiFi News Contributing Editor, Stereophile | |
| GOING...GOING...GONE DIGITAL – A BBC NETWORK RADIO PERSPECTIVE ON ‘HARD-DISK’ PLAYOUT | 78 |
| A Baker BBC | |
| DO WE NEED AN ULTRASONIC BANDWIDTH FOR HIGHER FIDELITY SOUND REPRODUCTION? | 84 |
| M Colloms Colloms Electroacoustics, London | |
| AUDIO BEAM – A PARAMETRIC TRANSDUCER FOR FOCUSED SOUND APPLICATION WITH GOOD AUDIO QUALITY | 92 |
| J Peissig Sennheiser electronics GmbH&Co KG, D-30900 Wedemark, Germany, W Niehoff Sennheiser electronics GmbH&Co KG, D-30900 Wedemark, Germany | |

| | |
|---|------------|
| ASSESSING THE EFFECTS OF LOUDSPEAKER CROSSOVER COMPONENTS ON SOUND QUALITY | 99 |
| P. Dodds Acoustics Research Centre, University of Salford, Salford, Manchester M5 4WT, P. Duncan Acoustics Research Centre, University of Salford, Salford, Manchester M5 4WT, N. Williams Industrial Capacitors (Wrexham) Ltd, Miners Road, LLay, Wrexham LL12 0PJ | |
| NON-UNIFORMLY SAMPLED LOUDSPEAKER ARRAYS | 107 |
| J A S Angus Acoustics Research Centre, Research Institute for the Built and Human Environment, University of Salford, Salford, Greater Manchester, M5 4WT, England j.a.s.angus@salford.ac.uk | |
| IMPROVED DIAPHRAGM AND WAVEGUIDE GEOMETRY FOR COINCIDENT SOURCE DRIVE UNITS. | 119 |
| M.Dodd GPAcoustics, Maidstone, Kent, UK. e-mail: Mark.dodd@KEF.com | |
| AUTOMATED SPLAY ANGLE CALCULATION FOR LINE ARRAY LOUDSPEAKER SYSTEMS | 135 |
| Ambrose Thompson Martin Audio Ltd | |
| THE OPTICAL MICROPHONE – PRINCIPLE AND APPLICATIONS | 149 |
| J Peissig Sennheiser electronics GmbH&Co KG, D-30900 Wedemark, Germany, W Niehoff Sennheiser electronics GmbH&Co KG, D-30900 Wedemark, Germany | |
| ACOUSTIC ACCURACY IN AUDIO REPRODUCTION – AN INNOVATIVE APPROACH TO AUDIO SYSTEM DESIGN | 157 |
| J. D Shaffer Chief Officer, Manager of Technical Development. Shaffer Intertronics LLC, Kearneysville, West Virginia, U.S.A. | |
| AN EXPERIMENTAL APPROACH TO DESIGNING AN EFFECTIVE VOICE TRANSFER SYSTEM – AUDIO, ACOUSTICS, ARCHITECTURE AND ERGONOMICS | 159 |
| Paul Malpas. Arup Acoustics | |
| DISCRETE LAYERED SOUND | 185 |
| Philip R. Newell Consultant, Moaña, Spain Shelley M. Katz Layered Sound Technologies Ltd. | |
| ANCIENT ECHOES – REDISCOVERING PERFORMANCE THROUGH VIRTUAL ACOUSTIC RECONSTRUCTION | 195 |
| P Rutherford University of Nottingham, School of the Built Environment, Nottingham, UK, R Wilson University of Nottingham, School of the Built Environment, Nottingham, UK, A H Bridges University of Strathclyde, Department of Architecture, Glasgow, UK | |
| MODULATION TRANSFER FUNCTION AS A MEASURE OF ROOM LOW FREQUENCY PERFORMANCE | 203 |
| BM Fazenda Music Technology, University of Huddersfield, UK KR Holland ISVR, University of Southampton, UK, PR Newell Consultant, Moaña, Spain, SV Castro Reflexion Arts SL, Vigo, Spain | |

| | |
|--|------------|
| SUBJECTIVE ASSESSMENT OF THE MODULATION TRANSFER FUNCTION AS A MEANS FOR QUANTIFYING LOW-FREQUENCY SOUND QUALITY | 211 |
| LE Harris ISVR, University of Southampton, UK | |
| KR Holland ISVR, University of Southampton, UK | |
| PR Newell Consultant, Moaña, Spain | |
| A Simulated Ambient Acoustic Environment at PAMELA – A Pedestrian Accessibility and Movement Environment Laboratory, at University College, London | 220 |
| Sam Wise – Arup Venue Consulting, Winchester, United Kingdom, sam.wise@arup.com , Dave Hunt – Dave Hunt Audio, London, United Kingdom, davehuntaudio@btopenworld.com | |
| PREDICTION OF SCATTERING COEFFICIENTS FOR USE IN ROOMACOUSTIC SIMULATION | 242 |
| Wolfgang Ahnert, Stefan Feistel and Steffen Bock Ahnert Feistel Media Group, Berlin, Germany | |
