ISBN: 978-1-60423-284-4

Some format issues inherent in the e-media version may also appear in this print version.

First printing, April 2007

DISCUSSION of individual papers in this symposium may be submitted in accordance with general requirements of the ACI Publication Policy to ACI headquarters at the address given below. Closing date for submission of discussion is September 2007. All discussion approved by the Technical Activities Committee along with closing remarks by the authors will be published in the January/February 2008 issue of either *ACI Structural Journal* or *ACI Materials Journal* depending on the subject emphasis of the individual paper.

The Institute is not responsible for the statements or opinions expressed in its publications. Institute publications are not able to, nor intended to, supplant individual training, responsibility, or judgment of the user, or the supplier, of the information presented.

The papers in this volume have been reviewed under Institute publication procedures by individuals expert in the subject areas of the papers.

TABLE OF CONTENTS

Preface

SP-241—1: What Can We Learn From Monitoring Concrete Temperature?	1
by P. Taylor and J. Gajda	
SP-241—2: Monitoring and Evaluation of Cement Hydration by Semi-Adiabatic Field Calorimetry.....	13
by J.P. Sandberg and S. Liberman	
SP-241—3: Calorimetry Performed On-Site: Methods and Uses	25
by K.A. Riding, J.L. Poole, M.C.G. Juenger, A.K. Schindler, and K.J. Folliard	
SP-241—4: Use of Thermal Measurements to Detect Potential Incompatibilities of Common Concrete Materials	39
by V.T. Cost and G. Knight	
SP-241—5: Hydration Study of Cementitious Materials using Semi-Adiabatic Calorimetry	59
by J.L. Poole, K.A. Riding, K.J. Folliard, M.C.G. Juenger, and A.K. Schindler	
SP-241—6: Characterization of Concrete Paving Mixtures with HIPERPAV	77
by J.M. Ruiz, R.O. Rasmussen, and T.R. Ferragut	
SP-241—7: Modeling the Heat Development of Concrete Associated with Cement Hydration.....	95
by C.V. Nielsen	
SP-241—8: An Overview of Heat Signature Technology and its Application to Proposed Concrete In-Place Thermal Cracking and Field Curing Indices.....	111
by F.F. Radjy	
SP-241—9: Online Prediction of Strength Development in Precast Production Based on Cement Reaction Model	133
by E. Nordenswan and A. Kappi
