Association of State Dam Safety Officials

Annual Conference of the Association of State Dam Safety Officials
2006

TABLE OF CONTENTS

Volume 1

Three-Dimensional Deformation Analysis - A New Tool for Evaluating Embankment Dams	1
<i>John W. France, P.E., Senior Principal; and Imran Gillani, P.E., Senior Project Engineer, URS Corporation, Denver, CO</i>	
Cracking Core Geometry - Numerical Modeling of Embankment Cracking Due to Unique Geometry	18
<i>Bryan M. Scott, Ph.D., P.E., Project Engineer, and Mark E. Ahlstrom, P.E., Project Manager, GEI Consultants, Inc., Centennial, CO; Gonzalo Castro, Ph.D., P.E., Principal, GEI Consultants, Inc., Winchester, MA; Robert J. Huzjak, P.E., President, RJH Consul</i>	
Geophysical Evaluation of the Success Dam Foundation, Porterville, California	27
<i>Lewis E. Hunter, Ph.D., P.G., Senior Geologist, and David C. Serafini, Civil Engineer, US Army Corps of Engineers, Sacramento, CA; Michael H. Powers, Seth Haines, Theodore Asch, and Bethany Burton, Crustal Imaging and Characterization Team, US Geological</i>	
Dam Emergency Response - Suggestions for a Dam Safety Engineer's Toolkit and Checklist	46
<i>Chad W. Cox, P.E., Senior Project Manager; and David M. Leone, P.E., Project Manager, GZA GeoEnvironmental Inc., Norwood, MA</i>	
No Drain to Pull? Well That Sucks! Pennsylvania's Emergency Response Teams May Be Able to Help!	66
<i>Richard A. Reisinger, E.I.T., Project Manager, PA Department of Environmental Protection, Division of Dam Safety, Harrisburg, PA</i>	
Emergency Seepage Mitigation for Cabresto Lake Dam, Questa, New Mexico	80
<i>Debora J. Miller, P.E., Ph.D., Manager Earth Science & Hydraulics, Gannett Fleming Inc., Windsor, CO; and Elaine C. Pacheco, P.E., Dam Safety Bureau Chief, Office of the State Engineer, Santa Fe, NM</i>	
Hydrologic-Hydraulic Analysis of the Toa Vaca Dam	93
<i>Heriberto Torres-Sierra, Assistant District Chief/Surface Water Specialist, US Geological Survey, Guaynabo, PR; and Arthur C. Miller, Distinguished Professor of Civil and Environmental Engineering, Pennsylvania State University, University Park, PA</i>	
Unsteady Flow Routing of PMF to Evaluate Dam Overtopping: Lessons Learned	94
<i>Carlos C. Carriaga, Ph.D., P.E., Project Manager, Dibble & Associates Consulting Engineers, Inc., Phoenix, AZ</i>	
Mt. Morris Dam Emergency Action Plan	103
<i>Paul E. Murawski, Hydraulic Engineer, US Army Corps of Engineers, Buffalo, NY</i>	
Effective Emergency Response at the Whittenton Mill Pond Dam: A Real Eye-Opener	104
<i>J. Matthew Bellisle, P.E., Vice President, Pare Engineering Corporation, Norwood, MA; Michael D. Misslin, Deputy Chief Engineer, Massachusetts Dept. of Conservation and Recreation, Boston, MA; and Richard Ferreira, Taunton Emergency Management Director, Taunton, MA</i>	
Development of a New NRCS Sample Emergency Action Plan for Earthen High Hazard Dams	115
<i>Larry W. Caldwell, P.E., Watershed Specialist, USDA-NRCS, Stillwater, OK; William Irwin, P.E., National Design Engineer, USDA-NRCS, Washington, DC; and Lori C. Spragens, Executive Director, Association of State Dam Safety Officials, Lexington, KY</i>	

Lessons Learned from Testing U.S. Fish & Wildlife Service EAPS	165
<i>Stephen Jamieson, P.E., Principal, W.W. Wheeler & Associates, Inc., Englewood, CO; Gregg Batchelder-Adams, P.E., Senior Project Engineer, URS Corporation, Denver, CO; and Brad Iarossi, P.E., Service Dam Safety Officer, U.S. Fish & Wildlife Service, Arling</i>	
Cement Deep Soil Mixing Remediation of Sunset North Basin Dam	181
<i>Rebecca F. Barron, Design Engineer, and Jon Wright, CA Department of Water Resources, Sacramento, CA; Christopher Kramer and W. Andrew Herlache, Fugro West, Inc.; and Howard Fung and Chu Liu, San Francisco Public Utilities Commission, San Francisco, CA</i>	
Three Deep Mixing Applications for Task Force Guardian	200
<i>Mark Lee Woodward, P.E., US Army Corps of Engineers, New Orleans, LA</i>	
Jet Grouting to Construct a Seepage Cutoff Around a Spillway	220
<i>Michael C. Canino, P.E., Associate, Malcolm Pirnie Inc., Wilmington, DE; Charles H. Starling III, P.E., Senior Project Engineer, Malcolm Pirnie, Inc., Mobile, AL; William K. Endo, Project Manager, Hayward Baker, Inc., Alpharetta, GA; and Jason Gault, P.E.</i>	
City of Albuquerque Drinking Water Project	240
<i>Michael Zusi, P.E., Senior Engineer, URS Corporation, Denver, CO; Donald T. Lopez, P.E., Senior Civil/Geotechnical Engineer, URS Corporation, Albuquerque, NM; and John Stomp, P.E., Project Manager, City of Albuquerque, Albuquerque, NM</i>	
Modification of Flood Discharge Structure for Updated Design Flood at Letsi Dam	260
<i>James Yang, Ph.D., Hydraulic Specialist, Vattenfall Utveckling, Alvkarleby, Sweden; Anders Halvarsson, MSc., Senior Consultant, and Hakan Bond, MSc, Senior Consultant, WSP Sweden, Stockholm-Globen, Sweden; and Malte Cederstrom, MSc, Manager of Dam Safety,</i>	
Harmonizing Dam Rehabilitation with Floodplain Management	271
<i>Gregg W. Hudock, P.E., Senior Project Engineer, Golder Associates, Inc., Atlanta, GA; Sam Fleming, P.E., Principal Engineer, Gwinnett County Department of Water Resources, Lawrenceville, GA</i>	
Wolf Creek Dam Seepage Analysis and 3-D Modeling	280
<i>William D. Spencer, P.G., Senior Geologist, AMEC Earth & Environmental, Inc., Nashville, TN</i>	
Rehabilitation to Reduce Piping Potential in the Skelton Dam Artesian Pressure Drainage System	291
<i>R. Craig Findlay, Ph.D., P.E., G.E., Independent Consultant, Findlay Engineering, Inc., Yarmouth, ME; and Michael A. Pelletier, P.E., Senior Dam Safety Engineer, FPL Energy Maine Hydro LLC, Lewiston, ME</i>	
Seepage Remediation by Positive Cut-Off Walls: A Compendium and Analysis of North American Case Histories	307
<i>Donald A. Bruce, Ph.D., President, Geosystems, L.P., Venetia, PA; Arturo Ressi DeCervia, Ph.D., Director, Treviicos Corporation, Boston, MA; and Jeannine Amos-Venti, Ph.D., Assistant Professor, Merrimack College, North Andover, MA</i>	
When a One-Sheet Plan Won't Cut-it: Failure of Piedmont Driving Club Dam Altanta, Fulton County, Georgia	330
<i>Charles B. Wilson, P.E., Principal, Schnabel Engineering South, LLC, Alpharetta, GA</i>	
What Can You Do With Five-Minute Warning Time?	339
<i>Elena Sossenkina, E.I.T., Instrumentation Specialist, and Charles E. Larson, P.E., Senior Hydraulic Engineer, Kleinfelder, Inc., Golden, CO; Erik Mikkelson, P.E., Instrumentation Consultant, Geometron, Inc., Bellevue, WA; Frank Toor, C.E.G. Consulting Geo</i>	
Modernizing the Emergency Action Plan in Virginia	350
<i>Mishelle R. Noble-Blair, Engineering Services Manager, City of Manassas Water & Sewer Department, Manassas, VA; John D. Hewa, P.E., Director, City of Manassas Utilities Department, Manassas, VA; and Gregory Zamensky, P.E., Principal Geotechnical Engineer,</i>	
Report of Workshop on Issues, Remedies, and Research Needs Related to Dam Outlet Works	366
<i>John W. France, P.E., Senior Principal, URS Corporation, Denver, CO</i>	
Draft Guidelines for Geotextiles in Dams	381
<i>Michael Gobla, Team Leader, US Bureau of Reclamation, Denver, CO</i>	

DELMARV Again: Hydrology of Flatland Watersheds	382
<i>Greg Paxson, P.E., Associate, and Paul Welle, P.E., Senior Associate, Schnabel Engineering North LLC, West Chester, PA</i>	
What Happens When Dry Creek is Not Dry, A Comprehensive Drainage Improvement Project	397
<i>Gregory G. Glunz, P.E., Water Resources Engineer, and Gregg Batchelder-Adams, P.E., Senior Geotechnical Engineer, URS Corporation, Denver, CO; and Dean Saye, Special Projects Manager, City of Fort Collins Utilities, Fort Collins, CO</i>	
Use of NEXRAD Weather Radar Data with the Storm Precipitation Analysis System (SPAS) to Provide High Spatial Resolution Hourly Rainfall Analysis for Runoff Model Calibration and Validation.....	406
<i>Edward Tomlinson, Ph.D., Senior Meteorologist, and Bill Kappel, Applied Weather Associates, LLC, Monument, CO; Tye Parzybok, President, Metstat Inc., Windsor, CO; and Bryan Rappolt, Genesis Weather Solutions, LLC</i>	
Engineering Investiagion of the Hadlock Pond Dam Failure, Fort Ann, New York.....	413
<i>Warren Harris, IV, P.E., Geotechnical Operations Manager, Clough, Harbour & Associates LLP, Albany, NY; and Michael R. Stankiewicz, P.E., New York State Department of Environmental Conservation, Albany, NY</i>	
RCC Overtopping Protection - What Are the Design Options.....	440
<i>Kenneth D. Hansen, P.E., Senior Vice President, Schnabel Engineering Inc., Aurora, CO; and David B. Campbell, P.E., Director of Dam Engineering, Schnabel Engineering Inc., West Chester, PA</i>	
Upper Stillwater Dam Crack Repair.....	449
<i>Bruce Barrett, P.E., Area Manager, and Jan Ringel, C.E., Field Engineer, US Bureau of Reclamation, Provo, UT</i>	
Design and Construction of New Big Cherry Dam, Virginia.....	459
<i>Keith A. Ferguson, P.E., National Water Resources Program Director, and John P. Ballegeer, P.E., Water Resources Program Design Services Manager, Kleinfelder, Inc., Golden, CO; and Geoffrey L. Cowan, P.E., Senior Water Resources Engineer, Dewberry & Davis</i>	
Cost vs. Conservatism on a High Hazard Dam.....	473
<i>Neil T. Schwanz, P.E., Civil Engineer, US Army Corps of Engineers, Saint Paul, MN and David E. Daniels, P.E., Senior Geotechnical Engineer, Hanson Professional Services, Inc., Springfield, IL</i>	
Rehabilitation of Dams and Levees Using Geomembranes: Safe, Cost Effective Solutions.....	488
<i>Ronald K. Frobel, MSCE, P.E., Owner/Principal, R.K. Frobel & Associates Consulting Engineers, Evergreen, CO</i>	
Compaction Grouting of Five Channels Dam Au Sable River, Michigan	505
<i>Jeffrey M. Bair, P.E., Project Engineer, and Howard W. Gault, P.E., Paul C. Rizzo Associates, Monroeville, PA; and Stuart Johnson, Consumers Energy</i>	
Pipes in Drain Systems - Are They a Necessary Evil?.....	514
<i>Danny K. McCook, Civil Engineer, Natural Resources Conservation Service, Fort Worth, TX; and Mark Pabst, P.E., Geotechnical Engineer, US Bureau of Reclamation, Denver, CO</i>	
Relief Wells Rehabilitation at Alum Creek and Dillon Dams	540
<i>Erich D. Guy, Ph.D., P.G., and Charles D. Barry, Chief of the Dam Safety Section, US Army Corps of Engineers, Huntington, WV; Todd Calhoun, GEO Consultants, LLC, Kevil, KY; and George Alford, Alford, Rogers, Cullimore Concepts, Inc., Port Orange, FL</i>	

Volume 2

Current Research in Dam Drain Clogging and Its Prevention.....	561
<i>Stuart A. Smith, Smith-Comeskey Ground Water Science, Upper Sandusky, OH; and Denise M. Hosler, Applications and Research Group, US Bureau of Reclamation, Denver, CO</i>	

McKelvey Lake Dam: Using Sensitivity Studies to Evaluate an Arch Dam	575
<i>Scott L. Jones, P.E., Ph.D., Project Engineer, and Guy S. Lund, P.E., Consulting Civil/Structural Engineer, URS Corporation, Denver, CO; Michael Damian, P.G., Senior Dams Specialist, URS Corporation, Columbus, OH; and Peter Kusky, P.E., Division Engineer, Aqua Ohio, Inc., Youngstown, OH</i>	
Hoopes Dam: Raising the Reservoir While Improving Dam Safety	583
<i>Robert R. Bowers, P.E., Vice President, and Edward G. Drummond, Project Manager, O'Brien & Gere Engineers, Blue Bell, PA</i>	
Franklin Dam Replacement - Working Together to Protect a Sole-Source Water Supply	597
<i>Stephen L. Whiteside, P.E., Southeast Geotechnical Area Manager, Danielle K. Neamtu, P.E., and James M. Forehand, P.E., CDM, Raleigh, NC; Jon Harris, P.E., Barge Waggoner Sumner & Cannon, Nashville, TN; Cole Phillips, ASI-RCC, Inc., Buena Vista, CO; and Mayor Jim Brown and Robert Higgins, P.E., City of Franklin, Kentucky</i>	
The Dillon Dam Spillway Repairs: Denver Water's Stainless Steel Spillway	609
<i>James H. Weldon, P.E., Engineering Manager, Dam Safety, Denver Water Department, Denver, CO; and Salvatore A. Todaro, P.E., Senior Design Engineer, URS Corporation, Denver, CO</i>	
Emergency Repair of Hyrum Dam Spillway	619
<i>Bruce C. Barrett, P.E., Area Manager, Curt Pledger, P.E., Field Engineer, and Brandt Demars, P.E., Resident Engineer, US Bureau of Reclamation, Provo, UT</i>	
25 Years of Labyrinth Spillways From Ute to Dog River: Notes from the Field	628
<i>Frederick Lux, III, P.E., Senior Associate, Schnabel Engineering, Inc., Greensboro, NC; Greg Paxson, P.E., Associate, Schnabel Engineering, Inc., West Chester, PA; and Dan McGill, P.E., Senior Consultant, Schnabel Engineering, Inc., Alpharetta, GA</i>	
Earthquake Performance of Austrian Dam, California During the Loma Prieta Earthquake	629
<i>John Vrymoed, Chief, and Wallace C. Lam, Senior Engineer, Design Engineering Branch, CA Division of Safety of Dams, Sacramento, CA</i>	
Reevaluation of the Seismic Performance of Upper San Fernando Dam Using Undrained Shear Strength	645
<i>Phu Huynh, Senior Engineer, Wallace C. Lam, Senior Engineer, and Mark Schultz, Supervising Engineer, CA Department of Water Resources, Division of Safety of Dams, Sacramento, CA</i>	
The Seismic Stability Evaluation of Enid Dam	661
<i>Samuel T. Stacy, Senior Engineer, and T. Wayne Forrest, Chief, Foundation and Materials Branch, US Army Corps of Engineers, Vicksburg, MS; and Lelio H. Mejia, Ph.D., P.E., Principal and Vice President, URS Corporation, Oakland, CA</i>	
The Neglected Cool Season PMF	671
<i>John C. Haapala, P.E., Senior Hydrologist/Hydraulics Engineer, MWH Americas, Inc., Bellevue, WA; and Mario Finis, P.E., Vice President, MWH, Chicago, IL</i>	
What Causes the Big Events?	689
<i>Norman D. Folmar, Ph.D., P.E., Visiting Assistant Professor, and Joseph P. Rusiewicz, Bucknell University, Lewisburg, PA</i>	
Extreme Events: Graphs, Photos, Videos	701
<i>John Harrison, P.E., Schnabel Engineering, Inc. West Chester, PA</i>	
Avoiding Dam Breaches Through Preemptive Removal & Public Awareness	713
<i>Laura Wildman, P.E., Director of River Science, American Rivers, Glastonbury, CT; Stephanie Lindloff, Associate Director of Dams Programs, American Rivers, Albany, NY; and James MacBroom, P.E., Vice President, Milone & MacBroom, Cheshire, CT</i>	
Reconstruction of Wilderness Dams in Montana	721
<i>Stephen Romero, P.E., Regional Geotechnical & Dams Engineer, USDA - Forest Service, Missoula, MT; and Michael Oelrich, P.E., Principal, Hydrometrics Inc., Helena, MT</i>	

Mill Dam Removals in the Northeast - Case Studies of 3 Unique Projects	740
<i>David Andrews, P.E., URS Corporation, Hallowell, ME; Mark Shamon, P.E., URS Corporation, Boston, MA; and Mark Pennell, URS Corporation, Harrisburg, PA</i>	
Air Venting Requirements for Low-Level Outlet Works: Does Size Really Matter?	741
<i>Chad H. Brown, Water Resources Engineer, Franson Noble Engineering, American Fork, UT; Blake P. Tullis, Ph.D., Assistant Research Professor, Utah State University, Logan, UT; and Matthew C. Lindon, P.E., Hydrologic Engineer, Utah Division of Water Rights,</i>	
Forensics Investigation of the Original Outlet Works for Pablo Dam	752
<i>John Ellingson, P.E., Civil Engineer, US Bureau of Reclamation, Denver, CO</i>	
Improved Remote Underwater Inspection	770
<i>David Vickerman, P.E., Business Development, and Terry Ryan, CPP, Senior Security Specialist, Raytheon UTD, Springfield, VA</i>	
Rock Anchors for Dams: National Research Project: The (Semi) Final Results of the Phase 1 Study	780
<i>Donald A. Bruce, Ph.D., President, Geosystems, L.P., Venetia, PA; and John S. Wolfhope, P.E., Principal, Freese & Nichols, Inc., Austin, TX</i>	
Allowable Overtopping of Earthen Dams	800
<i>Darrel M. Temple, Research Hydraulic Engineer, USDA - ARS, Stillwater, OK; and William Irwin, National Design Engineer, USDA-NRCS, Washington, DC</i>	
Breach Widening Observations Related to Clay Core Earthen Embankment Tests	810
<i>Sherry L. Hunt, Research Hydraulic Engineer, Gregory J. Hanson, P.E., Ph.D., Research Hydraulic Engineer; and Darrel M. Temple Research Hydraulic Engineer, USDA - ARS, Stillwater, OK</i>	
Open Rivers Initiative: A New Technical Assistance and Funding Source for Removal of Dam and River Barriers	820
<i>Tisa Shostik and Robin Bruckner, National Oceanic and Atmospheric Administration (NOAA) Restoration Center, Silver Spring, MD; Matt Collins, NOAA Restoration Center, Gloucester, MA; Leah Mahan, NOAA Restoration Center, Santa Rosa, CA; Craig Woolcott, NOAA</i>	
Saving Lives at “Killer Dams” - Improving Public Safety at Low-Head Dams	833
<i>Paul G. Schweiger, P.E., Senior Project Manager, and Michael A. Morrison, P.E., Project Manager, Gannett Fleming Inc., Harrisburg, PA</i>	
Do You Really Know Your Surveillance and Monitoring Program?	847
<i>Richard M. Rudolph, P.E., Supervisor/Hydro Engineering, Xcel Energy, Eau Claire, WI; and Alfred J. Hughes, Supervisor, Hydro West, Xcel Energy, Durango, CO</i>	
Rapid Drawdown and Seismic Stability Evaluations of a Dam Using Two Different Undrained Shear Strength Envelopes	860
<i>Yogesh Prashar, P.E., G.E., Associate Civil Engineer, and Hon Fung Chan, P.E., Assistant Engineer, East Bay Municipal Utility District, Oakland, CA</i>	
Dams and the Eastern Piedmont Bedrock - Difficult (but not very hard) to Figure	880
<i>Joseph R. Kula, P.E., Vice President, Gregory Zamensky, P.E., Principal Geotechnical Engineer, and Timothy King, P.G., Senior Geologist, URS Corporation, Gaithersburg, MD</i>	
Herbert Hoover Dike: Major Rehabilitation	902
<i>Jacob Davis, P.E., Civil Engineer, US Army Corps of Engineers, Jacksonville, FL</i>	
Risk Management Prior to Dam Rehabilitation	911
<i>Tom Renckly, P.E., Structures Management Branch Manager, Flood Control District of Maricopa County, Phoenix, AZ</i>	
Modified Potential Failure Modes and Effects Analysis (FMEA) - A Description of a Modified FMEA and How It Helped Develop Dam Penetration Guidelines	921
<i>A. Tom MacDougall, P.E., Project Engineer, Ninyo & Moore, Inc., Phoenix, AZ; Brett A. Howey, P.E., Project Engineer, AMEC Earth & Environmental, Inc., Tempe, AZ; and James R. Talbot, P.E., Senior Technical Manager, GEI Consultants, Inc., St. Leonard, MD</i>	
Risk and Consequences of Farm Dam Failure in Australia	934
<i>Barry Lewis, M. Env. Sci., BE (Civil), Farm Dams Engineer, Australian Rural Water Authority, Forest Hill, Victoria, Australia</i>	

Your Dam Tax Dollars at Work: Unique Expenditures of the National Dam Safety Program Grants for State Dam Safety	942
<i>Matthew C. Lindon, P.E., Utah Dam Safety, Salt Lake City, UT; and Michelle M. Lemieux, P.E., Montana Dam Safety, Helena, MT</i>	
New Hampshire's Dam Safety Response to the Flooding of October, 2005 and May, 2006 ...	943
<i>Nancy L. McGrath, Outreach Coordinator and Jeffrey M. Blaney, P.E., Dam Safety Engineer, New Hampshire Dept. of Environmental Services, Dam Bureau, Concord, NH</i>	
Taum Sauk Upper Reservoir Dam Failure and Changes to the Missouri Dam Safety Law	955
<i>James Alexander, P.E., Program Director/Chief Engineer, Dam and Reservoir Safety Program, Rolla, MO</i>	
When a Dam is Not a Dam – A Discussion of High Hazard Exempt Dams in Georgia	956
<i>Christopher S. Owen and Carey Anderson, E.I.T., Georgia Safe Dams Program, Atlanta, GA</i>	
New Hampshire's Innovative Approach to Dam Removals	966
<i>Grace Levergood, P.E., Dam Safety Engineer, New Hampshire Dept. of Environmental Services, Water Division, Concord, NH; and Anders B. Bjarngard, P.E., Associate Principal, GZA GeoEnvironmental Inc., Norwood, MA</i>	
Permitting Dam Removal: The State of (Several) States	970
<i>Stephanie D. Lindloff, Associate Director, Dams Programs, American Rivers, Albany, NY; and Laura Wildman, Associate Director of Dam Programs, American Rivers, Glastonbury, CT</i>	
Scour of Rock Case Study: Rico Bayo Dam	983
<i>George W. Annandale, P.E., President, Engineering & Hydrosystems, Inc., Littleton, CO</i>	
Saving for a Rainless Day: Increasing Loveland's Fluid Assets	985
<i>Gregg Batchelder Adams, P.E., Project Manager, and Richard Millet, P.E., Executive Vice President, URS Corporation, Denver, CO</i>	
Challenges to Rehabilitation of Historic Mill Dam	996
<i>Denis Bell, P.E., Staff Engineer, and Douglas G. Gifford, Vice President, Haley & Aldrich, Inc., Boston, MA; and William C. Salomaa, Environmental Engineer, MA Department of Conservation & Recreation, Boston, MA</i>	
The Multi-Faceted Roles of GIS in Advancing the Cause of Dam Safety	997
<i>Carlos C. Carriaga, Ph.D., P.E., Project Manager, Dibble & Associates, Inc., Phoenix, AZ</i>	
Overtopping Analysis - The State of the Practice	999
<i>Amanda L. Cox, Doctoral Candidate, and Christopher I. Thornton, Professor and Director of the Hydraulics Laboratory, Colorado State University, Fort Collins, CO</i>	
Physical Model Study of a Proposed Converging RCC Stepped Spillway for Big Haynes Creek Watershed Site H-3 in Gwinnett county, Georgia	1018
<i>Sherry L. Hunt, Research Hydraulic Engineer; Kem C. Kadavy, P.E., Agricultural Engineer; and Darrel M. Temple, Research Hydraulic Engineers, USDA Agricultural Research Service, Stillwater, OK</i>	
Innovative Hydraulic Structures to Solve Unique Dam Safety Challenges	1034
<i>Duane McClelland, P.E., Water Resources Engineer, GEI Consultants, Inc., Englewood, CO</i>	
Had I Known it Could Rain This Much I Would Have Repaired My Dam! The Floods of October 2005 in Southern New England	1035
<i>Philip W. Moreschi, P.E., Vice President, Fuss & O'Neill, Inc., Manchester, NH</i>	
An Innovative and Swift Method for Inspection of Difficult to Reach Areas of Dams	1036
<i>Gordon Reineke, Newbridge, County Kildare, Ireland</i>	
Geotechnical Foundation Investigations for the Success Dam Seismic Remediation Project	1048
<i>David C. Serafini, M.S., P.E., Civil Engineer, US Army Corps of Engineers, Sacramento, CA</i>	
The Evolving Approach to Flood Control in California USACE Levee Design	1059
<i>Scott Shewbridge, Ph.D., P.E., G.E., Principal Engineer, Kleinfelder, Inc., Oakland, CA; and Ray Costa, P.E., G.E.</i>	

High Falls Embankment Stabilization and Seepage Remediation	1060
<i>Dean S. Steines, P.E., Water Resources Engineer, Ayres Associates, Eau Claire, WI; and Virgil Schlorke, P.E., Project Engineer, Wisconsin Public Service Corporation, Green Bay, WI</i>	
Rehabilitating an Aging Embankment Dam with RCC for Overtopping Protection	1072
<i>Daniel A. Vellone, M.S., P.G., Project Geotechnical Engineer, and Mark A. Stier, P.E., Chief Geotechnical Engineer, Tectonic Engineering & Surveying Consultants, PC, Mountainville, NY</i>	
Slope Instability at Leavenworth State Fishing Lake	1083
<i>Brian Linnan, Project Manager, and Francke Walberg, Consulting Engineer, URS Corporation, Overland Park, KS;</i>	
An Effective Approach to Prevent Piping in Older Dams Using Cut-Off Walls Construction/Design	1097
<i>David Washington, Ph.D., P.E., Associate Professor, New Jersey Institute of Technology, Newark, NJ; and Daniel Rodriguez, P.E., Dam Safety Program Manager, US Army Corps of Engineers, Brooklyn, NY</i>	
Internal Erosion Resulted from Dispersive Soils in Earthfill Dams and a Case Study.....	1106
<i>Prof. Dr. Hasan Tosun, Eskisehir Osmangazi University and Dam Safety Association, Turkey; and Muharrem Kilbiyik, State Hydraulic Works Section Director, Afyon, Turkey</i>
