<b>Reflection of Dublin Principles in rural water supply approaches in Zambia</b> M. A. Munkonge & P. A. Harvey, <i>Zambia</i> .....	340
<b>Improving water quality through integrated water resources management</b> A. Paintsil & R. Abrahams, <i>Ghana</i> .....	345
 <b>Water Resources - Scientific (REFEREED)</b>	
<b>Northern Ghana hydrogeological assessment project</b> M.-A. Carrier, R. Lefebvre, J. Racicot, <i>Canada</i> & E. B. Asare, <i>Ghana</i> .....	353
<b>Natural clarification of potable water in a semi-arid catchment</b> T. Kuypers, M. P. Taylor & A. Mackay, <i>Australia</i> .....	362
<b>Visualisation of problems and solutions to ensure access to water resource</b> M. I. Poolman, <i>The Netherlands</i> & T. Schuetz, <i>Ghana</i> .....	369
<b>Possible water uses in mining lakes: Case study of Aguas Claras, Brazil</b> E. v. Sperling & C. A. P. Grandchamp, <i>Brazil</i> .....	375
 <b>Water Supply - Practitioner (REVIEWED)</b>	
<b>Assessment of water supply and sanitation of some coastal communities of the Niger Delta</b> Peter Cookey, <i>Nigeria</i> , Kokpan Baribuma Agnes, Aguo Miriam Richard, Wenes Weridongha & John Prince Chukwuemeka .....	383
<b>What’s going on? Exploring drinking water practices as an outsider</b> C. Furlong & C. A. Paterson, <i>UK</i> .....	389
<b>Community participation in rural water supply and sanitation projects, gender roles and realities: A case of Ward 22 in Chipinge district, Manicaland province, Zimbabwe</b> L. Katsi, <i>Zimbabwe</i> .....	394
<b>Sustainability of rural water supplies through monitoring</b> A. G. Koestler & L. Koestler, <i>Norway</i> .....	399
<b>Domestic water consumption: A field study in Harbin, China</b> T Lu, China and I Smout, <i>UK</i> .....	403
<b>Community Based Management for Sustainable Water Supply in Malawi</b> Swithern Matamula, <i>Malawi</i> .....	407

<b>Institutionalizing community led action for sanitary survey</b> Vinod Kumar Mishra & Arvind Kumar Singh, <i>India</i> .....	411
<b>Water supply coping strategies in Accra</b> K. B. Nyarko, S. N. Odai, P. A. Owusu & E. K. Quartey, <i>Ghana</i> .....	417
<b>Self supply schemes for community water supply in Ghana</b> K. Nyarko, E. Awuah & D. Ofori, <i>Ghana</i> .....	421
<b>Sustaining point-of-use (POU) water quality interventions in Ghana: The behavioural perspective</b> Sumaila S. Saaka & Lonna B. Shafritz, <i>Ghana</i> .....	426
<b>Water supply systems in selected urban poor areas of Addis Ababa, Ethiopia</b> S. K. Sharma & B. W. Bereket, <i>The Netherlands</i> .....	431
<b>Community use of H<sub>2</sub>S (hydrogen sulphide) as a verification tool for water safety plans</b> Kelvin Shingles & Roberto Saltori, <i>Sri Lanka</i> .....	435

## **Water Supply - Scientific (REFEREED)**

<b>Removal of fluoride from rural drinking water sources using geomaterials from Ghana</b> J. A. Ayamsega, W. B. Apambire, N. Bakobie & S. A. Minyila, <i>Ghana</i> .....	441
<b>Measuring behavioural outcomes when promoting household water treatment and storage</b> Orlando Hernández, <i>USA</i> .....	447
<b>Quality and sustainability aspects in water access indicators: an example from Same District, Tanzania</b> A. Jiménez & A. Pérez-Foguet, <i>Spain</i> .....	455
<b>Results from household ceramic filter evaluation in northern Ghana</b> Sophie M. Johnson, Rachel L. Peletz & Susan Murcott, <i>USA</i> .....	463
<b>Importance of evaluating phosphate levels in tube wells in high arsenic areas of Asia</b> T. Mahin, T. Ngai, S. Murcott & M. Mondal, <i>Canada</i> .....	467
<b>Epidemiology of diarrhoeal disease in rural Malawi – a case study of cryptosporidiosis</b> T. D. Morse, <i>Malawi / UK</i> & A. M. Grimason & H. V. Smith .....	474
<b>Characterizing the dissemination process of household water treatment systems in less developed countries</b> Tommy Ka Kit Ngai & Dr. Richard Fenner, University of Cambridge, <i>UK</i> .....	483
<b>Viability of marginal yield boreholes in selected geological formations in Ghana</b> M. C. Ofori-Agyeman, C. S. K. Kpordze & G. K. Anomu, <i>Ghana</i> .....	490
<b>Aeration and its application in groundwater purification</b> W. K. Siabi, <i>Ghana</i> .....	495
<b>The risks of a technology-based MDG indicator for rural water supply</b> Sally Sutton, <i>UK</i> .....	500

## **Poster Presentation Abstracts (REVIEWED)**

<b>Meeting the hygiene, safe water and sanitation needs of people living with HIV/AIDS (PLWHA)</b> Julia Rosenbaum & Kebede Faris, <i>USA / Ethiopia</i> & Andreas Knapp .....	509
<b>Addressing the water and sanitation needs of primary schools: Experiences from East Africa</b> G. Yap, A. Mirembe, V. Mucheni, T. Namata & S. Ouma, <i>Canada</i> .....	510

## Special Interest Sessions (REVIEWED)

### Demand management for sustainable urban water services in cities of developing countries

S. Kayaga & I. Smout, *UK*

<i>ABSTRACT</i> .....	515
<i>SUMMARY OF PANEL DISCUSSION</i> .....	516

## Panel Discussions: Extended discussion on specific issues (REVIEWED)

### Capacity building and innovations through joint learning: Experiences with Communities of Practice and Learning Alliances

P. J. Bury & J. Verhagen, *The Netherlands*

<i>ABSTRACT</i> .....	521
<i>SUMMARY OF PANEL DISCUSSION</i> .....	523

### Pollution management in urban watershedsof developing countries

Conveners: International Water Management Institute (IWMI);  
International Development Research Centre (IDRC)

<i>ABSTRACT</i> .....	526
<i>SUMMARY OF PANEL DISCUSSION</i> .....	528

### Regional partnership for decentralised sanitationand water delivery in 6 Countries

M. A. Nashiru, J. Burton, Y. Malle & J. Lambongang, *Ghana*

<i>ABSTRACT</i> .....	529
<i>SUMMARY OF PANEL DISCUSSION</i> .....	532
