

# **2008 Requirements Engineering Education and Training**

**(REET)**

**Barcelona, Spain  
8 September 2008**

**IEEE Catalog Number: CFP0871G-PRT  
ISBN: 978-1-4244-4086-3**

# TABLE OF CONTENTS

<b>The Reinforcement Pedagogical Pattern for Industrial Training</b> .....	1
<i>B. Berenbach, S. Konrad</i>	
<b>Teaching Requirements Skills Within the Context of a Physical Engineering Project</b> .....	6
<i>G. Auriol, C. Baron, J.Y. Fourniols</i>	
<b>Learning How To Discover Requirements</b> .....	12
<i>L. Beus-Dukic, I. Alexander</i>	
<b>Balancing Academic and Industrial Needs in RE Courses</b> .....	15
<i>L. Liu, Z. Jin</i>	
<b>Effective Design and Use of Requirements Engineering Training Games</b> .....	18
<i>M. Alexander, J. Beatty</i>	
<b>Perspectives on Requirements Understandability — For Whom Does the Teacher’s Bell Toll?</b> .....	22
<i>M. Svahnberg, T. Gorschek, A. Borg, K. Sandahl, M. Eriksson, J. Borster, A. Loconsole</i>	
<b>Teaching the Unknown and the Unknowable in Requirements Engineering Education</b> .....	30
<i>R. Barnes, D. Gause, E. Way</i>	
<b>Towards Requirements Engineering Practice for Professional End User Developers: A Case Study</b> .....	38
<i>S. Faily</i>	
<b>Author Index</b>
