

2009 ICSE Workshop on Software Engineering Challenges of Cloud Computing

(CLOUD)

**Vancouver, Canada
23 May 2009**

**IEEE Catalog Number: CFP0922G-PRT
ISBN: 978-1-4244-3713-9**

Cloud Service Management

- 1 **Autonomic Virtual Resource Management for Service Hosting Platforms**
(Hien Nguyen Van, Frédéric Dang Tran, Jean-Marc Menaud)
- 9 **Network-Aware Migration Control and Scheduling of Differentiated Virtual Machine Workloads**
(Alexander Stage, Thomas Setzer)
- 15 **Performance Model Driven QoS Guarantees and Optimization in Clouds**
(Jim Zhanwen Li, John Chinneck, Murray Woodside, Marin Litoiu, Gabriel Iszlai)
-

Cloud Service Engineering I

- 23 **What's Inside the Cloud? An Architectural Map of the Cloud Landscape**
(Alexander Lenk, Markus Klems, Jens Nimis, Stefan Tai, Thomas Sandholm)
- 32 **Engineering the Cloud from Software Modules**
(Jan S. Rellermeyer, Michael Duller, Gustavo Alonso)
- 38 **Virtualized Recomposition: Cloudy or Clear?**
(Chris Matthews, Yvonne Coady)
-

Cloud Service Engineering II

- 44 **Taking Account of Privacy When Designing Cloud Computing Services**
(Siani Pearson)
- 53 **Experiencing with the Cloud Over gLite**
(Carmelo Ragusa, Francesco Longo, Antonio Puliafito)
- 61 **Software Deployment in a Dynamic Cloud: From Device to Service Orientation in a Hospital Environment**
(Sander van der Burg, Eelco Dolstra, Merijn de Jonge, Eelco Visser)
