

First International Conference on Advances in Chemically-activated Materials 2010

(CAM 2010)

Rilem Proceedings Pro 72

**Jinan, Shandong, China
9-12 May 2010**

Editors:

Caijun Shi

Xiaodong Shen

ISBN: 978-1-61782-626-9

Contents

PREFACE

VIII

A. KEYNOTE LECTURES

1. **On the state and roles of anion or anion group of activators during activation of 3 slag**
Caijun Shi and Fuqiang He
2. **ASCEM cement technology – alkali-activated cement based on synthetic slag made from fly ash** 15
A. Buchwald and J. Wiercx
3. **Commercial progress in geopolymer concretes: linking research to applications** 22
Jannie S.J. van Deventera, Peter Duxsona, David G. Bricea and John L. Provis
4. **Searching for practically applicable alkali-activated concretes** 28
Vlastimil Bilek, Tomas Opravil and Frantisek Soukal
5. **Corrosion behaviour of steel embedded in activated fly ash mortars** 36
M. Criado, A. Fernández Jiménez and A. Palomo
6. **Updated review on AAM research in China** 45
Zhihua Pan and Nanru Yang

B. GENERAL PAPERS

7. **Tailoring geopolymer structure to improve material performance** 58
John. L. Provis and Jannie S.J. van Deventera
8. **The study of alkaline-activated magnesium slag cementitious material** 66
L.G. Xiao and F. Luo
9. **Mechanical strength development of alkaline fly ash cements: a long-term study** 72
Pavel Krivenko, Olexandr Kovalchuk, and Georgiy Kovalchuk
10. **Super quick hardening alkali - activated cements** 79
P.V. Krivenko, O.N. Petropavlovskii and A.R. Blazhis
11. **The performance characteristics of alkali actiated mortar made from UK and Australian slag** 87
D.W. Law, A.A. Adam, T.K. Molyneaux and I. Patnaikuni
12. **Early microstructure development of fly-ash based geopolymer** 94
J. Duchesne, L. Duong and T. Bostrom
13. **Study on non-cement based alkali activated material for oil and gas well cementing at low and moderate temperature** 100
H.J.Zhu, X.Yao and Z.H.Zhang
14. **Effect of $C_4A_3\bar{S}$ on the management of industrial wastes in cementitious materials** 107

Hong Huang and Xiaodong Shen

- 15. Hydration of sodium silicate-activated binders made with cement kiln dust and fly ash** 118
Z. Ge and K.J. Wang
- 16. Effect of alkali-activator on alkali-aggregate reaction of slag-based geopolymer** 131
Q. Wang, Z. Y. Ding, L. Li ,C.Y. Zhang and Z.T. Sui
- 17. Constructive properties of the concretes made with alkali-activated cements of new generation** 139
P.V. Krivenko, O.N. Petropavlovskii, G.V. Vozniuk and V.I. Pushkar
- 18. The effect of alkali on destructive and constructive processes during alkali-aggregate reaction** 147
P.V. Krivenko, A.G. Gelevera and Yu.V. Fedorenko
- 19. Microstructural observations of fly-ash geopolymer composites with different curing conditions** 155
S.T. Lee, J.H. Lee, K. T. Koh, G.S. Ryu, H.S. Jung, D.S. Kim, J.N. Hwang and H.J. Kim
- 20. Effect of alkaline activating solutions on the mechanical properties and microstructure of fly ash-based geopolymers** 162
Y. Ma, G. Ye and K. van Breugel
- 21. Thermochemistry study of the effect of alkali content on the early geopolymerisation at room temperature** 171
Z. Zhang , X. Yao and H. Wang
- 22. Synthesis of geopolymer composite and its mechanical performance** 181
Yao Jun Zhang, Sheng Li, Ya Chao Wang and De Long Xu
- 23. Effect of dolomite on the behaviour of geopolymers with mixed fly ash and metakaolin as Al-Si sources** 187
Duyou Lu, Qiang Zhu and Zhongzi Xu
- 24. Study on shrinkage performance of slag-based geopolymer concrete** 198
Q. Wang, X. Tu, L.Li, Z.Y.Ding and Z.T. Sui
- 25. Geocement-based coatings for effective protection of metal structures against aggressive environments** 206
P.V. Krivenko, S.G. Guziy, L. Gric and P. Fabian
- 26. Resistance of alkali-activated slag-mortars to carbonation** 216
Juan He, Chang-hui Yang and Chun-fei Lv
- 27. The use of geopolymerization process for boron fixation in fly ash** 225
Januarti J. Ekaputri, Koichi Maeawa and Tetsuya Ishida
- 28. Investigation on heavy metal and radioactive metal solidification by geopolymer materials** 233
K.L. Li, L.H. Jiang and Y.B. Cai
- 29. New Ukrainian standard “alkali-activated cements”** 242
E.S. Kavalerova, P.V. Krivenko and G.S. Rostovskaya
