

# **COMPUTATION TOOLS 2011**

The Second International Conference on Computational Logics, Algebras,  
Programming, Tools, and Benchmarking

September 25-30, 2011  
Rome, Italy

**COMPUTATION TOOLS 2011 Editors**

Kenneth Scerri, University of Malta, Malta

Pascal Lorenz, University of Haute Alsace, France

**Printed from e-media with permission by:**

# TABLE OF CONTENTS

## **COMPUTATION TOOLS 1: ADVANCED COMPUTATION TECHNIQUES**

|                                                                                   |    |
|-----------------------------------------------------------------------------------|----|
| <b>Netty: A Prover's Assistant</b> .....                                          | 1  |
| <i>E. Hehner, L. Naiman</i>                                                       |    |
| <b>Balanced Reduction of an IDE-based Spatio-Temporal Model</b> .....             | 7  |
| <i>K. Scerri, M. Dewar, P. Aram, D. Freestone, V. Kadirkamanathan, D. Grayden</i> |    |
| <b>A Tool for Signal Probability Analysis of FPGA-Based Systems</b> .....         | 13 |
| <i>C. Bernardeschi, L. Cassano, A. Domenici, P. Masci</i>                         |    |

## **COMPUTATION TOOLS 2: LOGICS**

|                                                                                                               |    |
|---------------------------------------------------------------------------------------------------------------|----|
| <b>Formal Verification of Parameterized Multi-agent Systems Using Predicate Diagrams</b> .....                | 19 |
| <i>C. Nugraheni</i>                                                                                           |    |
| <b>JClassic<sup>+</sup> : A Description Logic Reasoning Tool: Application to Dynamic Access Control</b> ..... | 25 |
| <i>N. Boustia, A. Mokhtari</i>                                                                                |    |
| <b>A Tool for the Evaluation of the Complexity of Programs Using C++ Templates</b> .....                      | 31 |
| <i>N. Corriero, E. Covino, G. Pani</i>                                                                        |    |
| <b>Author Index</b>                                                                                           |    |
