

# **25th LipidForum Symposium 2009**

## **Nordic Forum for Lipid Research and Technology**

**Elsinore, Denmark  
15-17 June 2009**

**Editors:**

**Lars Hellgren**

**ISBN: 978-1-61839-915-1**

**Printed from e-media with permission by:**

Curran Associates, Inc.  
57 Morehouse Lane  
Red Hook, NY 12571

**Some format issues inherent in the e-media version may also appear in this print version.**

# Table of Contents

4	Dear friends and colleagues!
5	Programme
8	Solid fats in the post-trans age
9	Lipidology and lipidomics – Quo vadis?
10	Alternatives to trans fatty acids: balancing functionality with health effects
11	Postprandial effects of industrially produced trans fatty acids
12	Health aspects of substitutes for trans fatty acids in margarine
13	Structuring oils with emulsifiers
14	Solid building - Theory and Examples of low SAFA structures
15	Use of Ethylcellulose for Unique Textures in Food Oils and Fats
16	Lipids in Health
17	Butter gives a lower postprandial lipemic response than an alpha-linoleic rich oil and olive oil in healthy men
18	The effect of dietary fish oil on metabolic risk markers in overweight teenage boys
19	Associations between diet, physical activity, and lipid levels in an isolated population in Northern Sweden
20	Lipid analysis
21	Lipidomics from preclinics to biomarker development for vascular and metabolic diseases
22	Authentication of Marine oils using <sup>13</sup> C NMR spectroscopy
23	Fatty acid determination in tissues of Atlantic herring ( <i>Clupea harengus</i> , L.) and Atlantic mackerel, ( <i>Scomber scombrus</i> , L) by gas chromatography
24	Chemical analysis of lipids and stains in adipose tissue by ToF-SIMS
25	Lipids in foods
26	Kinetic studies of lipid oxidation in marine lipids induced by hemoglobin
27	The efficacy of compounds with different polarities as antioxidant in fish oil enriched emulsions
28	Oxidative stability of fish fillets depending on feeding regime
29	Foods enriched with fish oil: Stability – nutrition – consumer acceptance
30	Potato Peel Extract – A Natural Antioxidant For Retarding Lipid Oxidation In Bulk Fish Oil And Oil In Water Emulsions
31	Removal of lipids, dioxins and PCBs in Baltic Herring ( <i>Clupea harengus</i> ) subjected to the pH-shift protein isolation processes
32	Lipid Technology
33	Antioxidant properties of modified rutin esters following lipase-catalyzed esterification
34	Lipase-catalyzed Glycerolysis in Ionic Liquids Directed towards Diglyceride Synthesis
35	Short Path Distillation in the Fish Oil Industry
37	Poster presentations
38	Absorption of EPA and DHA from functional food
39	Changing feed raw materials in Atlantic salmon diets – influence on fish as healthy food?
40	A differential scanning calorimetry / confocal laser scanning microscopy study of impact of cooling rates on the crystal mechanisms and crystal network in milk fat/vegetable oil blends
41	Chemoenzymatic Synthesis of Enantiopure Structured Triacylglycerols Containing DHA at the Mid Position
42	Enzymatic synthesis of bioactive antioxidants for omega-3 protection
