

A publication of ISCA*:
International Society for Computers
and Their Applications

INTERNATIONAL JOURNAL OF COMPUTERS AND THEIR APPLICATIONS

TABLE OF CONTENTS

	Page
Demand Forecasting Using Intelligent Agents with Application to a Call Processing Center	201
<i>Wen-Bin Yu and James H. Graham</i>	
Evaluation of iPVFS: A High Performance Parallel File System over iSCSI for Cluster Computing	211
<i>Li Ou and Xubin He</i>	
A Geometric Distribution-Based Approach for Aligning 3D Digital Object Models	223
<i>Naoufel Werghi</i>	
A Hybrid Clustering Method for Gene Expression Data	232
<i>Baoying Wang and William Perrizo</i>	
FPGA-Based Implementations of Quadrature Mirror Filter Banks	242
<i>Ali Al-Haj</i>	
UML-Based Methodology for Reliability Analysis of Concurrent Software Applications	250
<i>Rehab A. El Kharboutly, Reda Ammar, and Swapna S. Gokhale</i>	
Index	260

* "International Journal of Computers and Their Applications is abstracted and indexed in INSPEC."
