

Plant Automation and Decision Support Conference 2012

Held at Q&A and Technology Forum

**Salt Lake City, Utah, USA
1-3 October 2012**

ISBN: 978-1-62276-478-5

TABLE OF CONTENTS

The Economics of Process Measurements	1
<i>Douglas White</i>	
The New API RP 556: Best Practices for Instrumentation, Control, and Protective Systems for Gas Fired Heaters	20
<i>Gary Hawkins</i>	
Stuxnet and Security: Dos & Don'ts	37
<i>Mike Baldi</i>	
Advanced Process Control OMV Schwechat Refinery Butadiene Unit	47
<i>Reinhard Gross, Andre Kilian</i>	
Production Planning & Optimization: Making Better Feedstock Purchase Decisions with Advanced Optimization Technology	68
<i>Chandra Gannavarapu</i>	
Successfully Utilizing Procedural Automation – Lessons Learned from Other Industries	76
<i>Marty Moran</i>	
Remote Asset Monitoring and Diagnostics: An Expert Always On-line	92
<i>Nikki Bishop, Robert Montgomery, Aaron Crews</i>	
Boundary Control of Operating Envelopes Increases Process Profitability	115
<i>Robin Brooks, Alan Mahoney, John Wilson</i>	
Strategic Oil Movement Control Upgrades	128
<i>David S. Seiver</i>	
Use of Emerging Technologies for Plant Automation and Optimization in Chevron	135
<i>Paul Singh, James Jones</i>	
Operational Insight for Improvement Using Emerging, Self-Service Analytical Technologies	146
<i>Curt Hertler</i>	
Using Procedural Automation to Improve Operational Efficiency	161
<i>Dave Emerson, Marcus Tennant</i>
