TABLE OF CONTENTS

IT1A/A

SESSION 1/1

| | |
|-------------------------------------------------------------------------------------------------------------------------------|----|
| New Challenges For Maritime Safety And Security Simulation Based Training With The Safety & Security Trainer | 1 |
| <i>C. Felsenstein, K. Benedict, M. Baldauf</i> | |
| Automated Assessment - Benefits And Limitations | 13 |
| <i>L. Markussen, A. Nordholm</i> | |
| Gaming Meets Training – The ‘Teamsafety’ Project | 14 |
| <i>S. Gosling</i> | |

SESSION 2/1

| | |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----|
| An Object-Oriented Approach To The Development Of Marine Technological Simulators In Transas | 23 |
| <i>S. Tarasov</i> | |
| Development Of A Mathematical Model Of A High Speed Catamaran Ferry For Simulations In Hard Weather During Arrival Based On Pmm And Seakeeping Model Tests | 30 |
| <i>J. Otzen, C. Simonsen</i> | |
| Designing Simulators To Maximize Knowledge Transfer | 36 |
| <i>S. MacKinnon, A. Patterson, R. Billard, J. Power, B. Veitch, S. Power-MacDonald, A. Baker, A. Simoes</i> | |

SESSION 3/1

| | |
|-----------------------------------------------------------------------------------------|----|
| Virtual Creative Tool – Next Generation’s Simulator | 48 |
| <i>M. Lundh, S. Mallam, J. Smith, B. Veitch, R. Billard, A. Patterson, S. MacKinnon</i> | |
| A Holistic Approach To Maritime Offshore Simulator Training | 59 |
| <i>S. Veierland, G. Lilje</i> | |
| Deep Water Anchor Handling Simulation | 65 |
| <i>N. Leith, A. Ditzel</i> | |

SESSION 4/1

| | |
|------------------------------------------------------------------------------------------------|----|
| The Use Of Linked Simulators In Project “Horizon”: Research Into Seafarer Fatigue | 71 |
| <i>M. Barnett, C. Pekcan, D. Gatfield</i> | |
| System Engineering Of A Total Ship Training System For A High Speed Vessel | 81 |
| <i>E. Miller, K. Gilman, K. Robinson, D. Topping</i> | |
| Development Of Laptop-Based Pilots’ Ship-Handling Simulator | 92 |
| <i>T. Jeong, C. Chen, S. Lee, J. Lee, Y. Huh</i> | |

SESSION 5/1

| | |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| Enhancing OICNW Shipboard Training: Advanced Marine Simulation On A Training Ship | 102 |
| <i>P. Leyda, S. Browne, D. Coleman, T. Messer</i> | |
| A Study On Essential Competence For Inexperienced VTS Operators | 119 |
| <i>T. Nishimura</i> | |
| Automation And Error Trapping: Organisational And Individual – Cultural Change And Using Technical As Well As Non-Technical Skills In Error Management | 128 |
| <i>R. Singh</i> | |

SESSION 6/1

| | |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| Challenges In Maritime Training And Assessment | 144 |
| <i>G. Sangameswar</i> | |
| Analysis Of Full Ship Types In High-Blockage Lock Configurations | 149 |
| <i>J. Verwilligen, J. Richter, D. Reddy, M. Vantorre, K. Eloot</i> | |
| Ship Handling Simulator For Assessing On-Board Advanced Navigation Support Systems And Services: Introduction Of Intelligent Ship Handling Simulator | 159 |
| <i>J. Fukuto, K. Hasegawa, R. Miyake, M. Yamazaki</i> | |

SESSION 7/1

| | |
|-------------------------------------------------------------------------------------------------------|-----|
| Ship Maneuvering On Simulators: Expert Evaluations Versus Quantitative Characterization | 167 |
| <i>V. Frette, G. Kleppe, M. Vold, K. Christensen</i> | |
| A Study Of The Anti-Current Autopilot Design Concept By Using A Shiphandling Simulator | 176 |
| <i>S. Lee, C. Tzeng, Y. Kehr</i> | |
| An Aviation Experience Inside The Maritime Sector: The Crew Resource Management Training | 189 |
| <i>D. Bonfim, M. Molinari, M. Goncalves</i> | |

SESSION 8/1

| | |
|-------------------------------------------------------------------------------------------------------|-----|
| Simulator Application For Decision Making Prior To Admission On The River Rhine In Basel | 196 |
| <i>A. Gronarz, P. Sauter, S. List</i> | |
| A Study Of Maritime Simulator Applications On Taiwan's Navigation Education Curriculum | 203 |
| <i>T. Jong, J. Wang, Z. Tseng</i> | |
| Inland Navigation: Assessing The Manoeuvring Behaviour For Real-Time Simulation Purposes | 213 |
| <i>K. Eloot, G. Delefortrie, M. Vantorre</i> | |

LT1A/B

SESSION 1/2

| | |
|------------------------------------------------------------------------------------------------------------------------------------|-----|
| Black-Box Modeling Of Nonlinear Hydrodynamic Model For Ship Manoeuvring Based On Support-Vector-Regression | 225 |
| <i>X. Zhang, Z. Zou</i> | |
| Simulating Wind And Currents To Improve Future Ship Operations In The Port Of Rotterdam | 233 |
| <i>H. Wijhe</i> | |
| Investigation On The Interaction Between Ship Propulsion Control System And Manoeuvrability By Time Domain Simulation | 246 |
| <i>M. Altosole, M. Figari, M. Martelli, M. Viviani</i> | |

SESSION 2/2

| | |
|-------------------------------------------------------------------------------------------------------------------|-----|
| Mathematical Modeling Of Towing Operation For Interactive Tug Simulator | 256 |
| <i>J. Ren, X. Zhang, X. Sun</i> | |
| Squat In Open And Confined Canals: Comparison Between Empirical Methods And Towing Tank Measurements | 267 |
| <i>E. Lataire, M. Vantorre, G. Delefortrie</i> | |
| Modeling Optimal Colregs-Based Navigational Paths In Port Waters | 282 |
| <i>Y. Wang, H. Chin</i> | |

SESSION 3/2

| | |
|----------------------------------------------------------------------------------------------------------------------------------------|-----|
| Mathematical Model For Manoeuvring Of Twin-Propeller Twin-Rudder Ship Considering Peculiar Rudder Normal Force Phenomenon | 292 |
| <i>S. Khanfir, K. Hasegawa, E. Kobayashi, V. Nagarajan</i> | |

| | |
|----------------------------------------------------------------------------------------------------------------|------------|
| CFD Prediction Of Free-Running SES/ACV Deep And Shallow Water Maneuvering In Calm Water And Waves | 305 |
| <i>S. Mousaviraad, S. Bhushan, F. Stern</i> | |
| Sea Trial Validation On The Manoeuvring Performance For The 8200 TEU Container Ship..... | 330 |
| <i>C. Fang, C. Lin, J. Tsai</i> | |

SESSION 4/2

| | |
|------------------------------------------------------------------------------------|------------|
| On A Pragmatic Analytical 4-Quadrant Propeller-Rudder Model | 337 |
| <i>W. Hwang</i> | |
| Investigation Of Ship-To-Ship Interaction For A Bridge Simulator | 355 |
| <i>D. Nikushchenko, S. Zaikov, M. Lebedeva, A. Chetvertakov, A. Egorova</i> | |
| Fin Stabilizers Hydrodynamic Model And Simulation Platform Of “YUKUN” | 362 |
| <i>Z. Xiufeng, J. Yicheng, Y. Yong, S. Xiaofeng</i> | |

SESSION 5/2

| | |
|----------------------------------------------------------------------------------------------------------------------------------------------------|------------|
| Application Of MMG Model Simulations To Twin-Propeller, Twin-Rudder Car-Passenger Ferry In Port Manoeuvring Conditions | 367 |
| <i>R. Maciej</i> | |
| Theoretical And Experimental Study On The Towing Stability Of The Large Offshore Floater System Under The Various Environmental Forces..... | 375 |
| <i>H. Yang, Y. Wada</i> | |
| Risk Analysis Of DP Operation Using Bow-Tie Diagram | 386 |
| <i>K. Shukla</i> | |

SESSION 6/2

| | |
|-----------------------------------------------------------------------------------------------------------------------------------------|------------|
| Stopping Simulations And Sea Trial Measurements Of A Ship With Diesel-Electric Propulsion And Controllable Pitch Propellers..... | 392 |
| <i>J. Schoop-Zipfel, M. Abdel-Maksoud, K. Tigges</i> | |
| Simulating Traffic In Waterway Network Based On Gap Acceptance Theory..... | 407 |
| <i>L. Chen, J. Mou, J. Dai, M. Zhao</i> | |
| Estimation On Ship Maneuverability Based On The Correlation Between Hydrodynamic Force And Moment..... | 417 |
| <i>M. Sugisawa, H. Kobayashi</i> | |

SESSION 7/2

| | |
|----------------------------------------------------------------------------------------------------------------|------------|
| Numerical Prediction Of Flow Field Around A Ship Drifting | 428 |
| <i>O. Amin, K. Hasegawa</i> | |
| Optimal Search Efforts Allocation Algorithms In Maritime Search And Rescue Decision Support System..... | 435 |
| <i>F. Xiao, Y. Yin, Y. Jin, H. Shen</i> | |
| A Study On Effect Of The Self-Propulsion Points In PMM Tests For KVLCC’s Manoeuvrability | 449 |
| <i>S. Shin, K. Ahn, Y. Sung, S. Oh</i> | |

SESSION 8/2

| | |
|--------------------------------------------------------------------------------------------------------|------------|
| Tackling The Rotor Tug Challenge..... | 458 |
| <i>P. Sorensen, A. Damsgaard, J. Nielsen</i> | |
| A Study On Interaction Coefficients Between Hull And Rudder In Maneuvering Model Using CFD..... | 465 |
| <i>Y. Fukui</i> | |
| Experimental Study On Bank Suction..... | 472 |
| <i>H. Ibaragi, Y. Nakiri, Y. Furukawa</i> | |

T1A34

SESSION 1/3

| | |
|--------------------------------------------------------------------------------------------------------------------------------|-----|
| Experimental Investigation Of Asymmetrical Propeller Behaviour Of Twin Screw Ships During Manoeuvres | 482 |
| <i>A. Coraddu, G. Dubbioso, D. Guadalupi, S. Mauro, M. Viviani</i> | |
| Hydrodynamic Database And Manoeuvring Prediction Method With Medium High-Speed Merchant Ships And Fishing Vessels | 494 |
| <i>Y. Yoshimura, Y. Masumoto</i> | |
| Flow Field Simulation Of Bridge Group Area Considering Cross-Bridge Opening | 504 |
| <i>L. Liu, M. Liu, J. Liu, Y. Xu, L. Zhou, Y. Sun, Y. Wei</i> | |

SESSION 2/3

| | |
|----------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| The Ship Of 2020 And The MET Required | 510 |
| <i>R. Short</i> | |
| The Effects Of Sedimentation On Navigation Environment In A Tidal Drowned Estuary Through Numerical Modeling Study | 518 |
| <i>P. Bhaskaran</i> | |
| Experimental And Theoretical Investigations On The Vertical Motion Of A Semi-Displacement Vessel With Appendages In High-Speed Region | 534 |
| <i>D. Kim, S. Lee, Y. You, J. Go, K. Rhee</i> | |

SESSION 3/3

| | |
|-----------------------------------------------------------------------------------------------------------------|-----|
| Maneuvering Performance Of Ships In Calm Water With Variable Finite Water Depths | 542 |
| <i>R. Skejic, K. Kirimoto, T. Berg, E. Pedersen</i> | |
| Optimal Propeller Design When Accounting For The Manoeuvring Response Due To Environmental Loading | 551 |
| <i>D. Trodden, M. Woodward</i> | |
| How To Get Out Of This Rut Trap | 567 |
| <i>S. Sarma, A. Ramachandran, V. Balasubramanian</i> | |

SESSION 4/3

| | |
|----------------------------------------------------------------------------------------------------------|-----|
| Performance Analysis Of Single-Propeller/Twin-Rudder System By Computational Fluid Dynamics | 588 |
| <i>T. Arai, A. Kobayashi, K. Hasegawa</i> | |
| Study On Ship-Ship Hydrodynamic Interaction By ANN Optimization | 602 |
| <i>Y. Xu, Y. Sun, Y. Wei, H. Guan, M. Liu, W. Cai</i> | |
| Comparison Of Experimental And CFD Results For A Tanker Like Vessel | 612 |
| <i>G. Dubbioso, D. Durante, R. Broglio, S. Mauro</i> | |

SESSION 5/3

| | |
|-----------------------------------------------------------------------------------------------------------------------------|-----|
| Maneuvering Fullscale Trial Of A Ship With Azimuth Propellers To Capture The Trim Effect | 623 |
| <i>N. Hirata, H. Yasukawa, H. Ukita</i> | |
| Investigations Of Ship To Ship Interaction Phenomena On The Example Of Wigley Body With The Use Of CFD Methods | 633 |
| <i>D. Nikushchenko, A. Zubova, A. Chetvertakov</i> | |
| Nonlinear Motion Stability Analysis For A High-Speed Container Ship | 639 |
| <i>P. Reddy, V. Nagarajan, A. Chatterjee, O. Sha</i> | |

SESSION 6/3

| | |
|---------------------------------------------------------------------------------------------------------------------------|-----|
| Analytical Criteria For Collision Avoidance Between Two Encountering Ships | 654 |
| <i>J. Park, J. Kim, N. Son</i> | |
| Investigation Of Ship-To-Ship Interaction During A Lightering Operation In Shallow Water Using A RANS Solver | 660 |
| <i>L. Zou, L. Larsson</i> | |
| Training On Closed-Loop Communication With A Main Engine Stand-By Sequencer | 671 |
| <i>M. Sugimoto</i> | |

SESSION 7/3

| | |
|------------------------------------------------------------------------------------------------------------------|-----|
| Fractal Analysis For Short-Term Vessel Traffic Flow | 678 |
| <i>H. Rong, J. Mou, W. Guo, J. Liu, L. Xiong</i> | |
| How To Improve Engine Room Performance, Reliability And Reduce The Environmental Impact By Training | 688 |
| <i>J. Ullakonoja</i> | |
| Human Error And Workload From The Viewpoint Of Quantitative Difficulty Of Navigation | 695 |
| <i>A. Uchino, H. Kobayashi</i> | |

SESSION 8/3

| | |
|-----------------------------------------------------------------------------------------------------------|-----|
| MARIS ECDIS900 - The Leader | 704 |
| <i>B. Gandhi</i> | |
| Experimental Study On Ship Operation In Close Proximity To Bank Channel | 729 |
| <i>M. Sano, H. Yasukawa, H. Hata</i> | |
| The Influence Of Ship Maneuverability Modelling On The Navigational Safety Assessment Result | 739 |
| <i>I. Gong, Y. Yang, K. Yun, S. Park, J. Oh, S. Kim, M. Jeong, T. Seo, M. Baek</i> | |

T1A37

SESSION 4/4

| | |
|-------------------------------------------------------------------------------------------------------------------------|-----|
| Simulation, An Effective Tool In The Risk Management Of Vessels Under Pilotage | 749 |
| <i>J. Lloyd, I. Rodrigues</i> | |
| Training For Heavy Lift And Offshore Teams With Rheinmetall Simulation | 758 |
| <i>A. Oesterle</i> | |
| An International Perspective Of Similarities And Variance In Simulator Utilization In Ship Master Training | 765 |
| <i>M. Rudrakumar</i> | |

SESSION 5/4

| | |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| Bottom Wash Assessment Using A Full Mission Ship Handling Simulator | 781 |
| <i>M. Perkovic, M. Batista, V. Malacic, D. Zagar, S. Jankowski, L. Gucma, M. Gucma, D. Rostopshin</i> | |
| New Technologies For Multiple Projector Display System Challenges | 792 |
| <i>P. Laney</i> | |
| Fast Time Manoeuvring Simulation As Decision Support For Planning And Monitoring Of Ship Handling Processes For Ship Operation On-Board And Training In Simulators | 803 |
| <i>K. Benedict, M. Kirchhoff, M. Gluch, S. Fischer, M. Schaub, M. Baldauf, S. Klaes</i> | |

SESSION 6/4

| | |
|--------------------------------------------------------------------------------------------|-----|
| Research On Wave Generating And Absorbing In Ship Viscous Numerical Wave Tank | 820 |
| <i>J. Lian, Y. Yin, X. Yang, S. Gao</i> | |
| New Approaches To Education & Training | 828 |
| <i>N. Karthikeyan</i> | |

| | |
|----------------------------------------------------------------|-----|
| Advanced BTM Training Beyond Revised STCW In 2010 | 840 |
| <i>H. Kobayashi</i> | |

SESSION 7/4

| | |
|--------------------------------------------------------------------------------------------------------------------------------------------|-----|
| Measuring Workload And Performance During Complex Manoeuvres, Both On A Manoeuvring Simulator And On Board | 852 |
| <i>W. Uitterhoeve, R. Roos, P. Kluytenaar, P. Valk, D. Hove</i> | |
| Effects Of Rising Fuel Costs On Container Shipping Networks | 866 |
| <i>K. Shintani, A. Imai</i> | |
| A Study On The Method Of Inferring The Collision Ratio Based On The Numerical Simulation By Considering Environmental Factors | 873 |
| <i>Y. You, K. Rhee</i> | |

SESSION 8/4

| | |
|---------------------------------------------------------------------|-----|
| Digitalization Of Seafarer's Document | 892 |
| <i>S. Roy</i> | |
| Realistic Rendering Of Ship Waves For Marine Simulator | 901 |
| <i>H. Shen, Y. Yin, X. Sun, X. Liu, F. Xiao</i> | |
| Author Index | |
