TABLE OF CONTENTS

Project 1: WEEDS OF RANGE AND FOREST

Page

Annual glyphosate treatments to control downy brome and promote perennial grass recovery on Colorado Rangeland.....	1
Effect of aminocyclopyrachlor applied with chlorsulfuron or 2,4-D on broadleaf and grass production in non-cropland.....	4
Control of buckhorn plantain in irrigated pasture.....	6
Comparison of aminocyclopyrachlor applied with chlorsulfuron or 2,4-D for invasive weed control.....	8
Meadow hawkweed control using various rates of aminopyralid and clopyralid combinations.....	11
Meadow hawkweed control at various timings using aminopyralid	12
Houndstongue control in Colorado	13
Comparison of aminocyclopyrachlor applied with chlorsulfuron or 2,4-D for plumeless thistle and houndstongue control	15
Diffuse knapweed control with aminocyclopyrachlor in Colorado.....	17
Spotted knapweed control with aminocyclopyrachlor combinations	19
Yellow starthistle control and forage response following aminocyclopyrachlor applications	20
African rue control in Colorado from spot- or broadcast-applied herbicides	21
Feral rye control in Colorado.....	24
Yellow starthistle control and forage response using aminopyralid and clopyralid combinations	26
Canada thistle control with aminocyclopyrachlor combinations.....	28
Aminopyralid applied alone or in combination with clopyralid for Canada thistle control	29
Yellow toadflax control with combinations of aminocyclopyrachlor and sulfonylureas at two applications timings	31
Leafy spurge and Canada thistle control with aminocyclopyrachlor applied with various herbicides	97

Project 2: WEEDS OF HORTICULTURAL CROPS

Seed predation and caching behavior by ground beetles; consequences for wild-proso millet (<i>Panicum miliaceum</i> L.).....	32
Efficacy and crop safety of herbicides on garden beet, spinach and chard	34
Developing new techniques to improve efficacy and detection of <i>Tyta luctuosa</i> , a biological control agent for field bindweed (<i>Convolvulus arvensis</i> L.).....	37
Timing of application of amicarbazone for <i>Poa annua</i> control in overseeded turf.....	38
Flumioxazin timing of application and combination treatment comparison study.....	39
Indaziflam timing of application comparison study	41
Evaluation and comparison of postemergence herbicide applications for goosegrass control in rough turf	43
Postemergence herbicides for sedge control in turf.....	45

Project 3: WEEDS OF AGRONOMIC CROPS

Broadleaf weed control in chickpea with linuron combinations	47
Weed control with tank mixes of saflufenacil, dimethenamid-p, atrazine, and pyroxasulfone herbicide in irrigated glyphosate-resistant corn	48
Weed control with tank mixes of isoxaflutole, tembotrione and thienencarbazone-methyl, atrazine, s-metolachlor, and mesotrione herbicide in irrigated glyphosate-resistant corn	50
Weed control with tank mixes of rimsulfuron, mesotrione, and atrazine and isoxaflutole herbicide in irrigated glyphosate-resistant corn	52
Broadleaf weed control in field corn with preemergence followed by sequential postemergence treatments	54
Preemergence weed control in fallow	55
Broadleaf weed control with glyphosate and saflufenacil plus adjuvants in fallow	56
Glyphosate-resistant kochia control with postemergence herbicides in fallow	58
Tembotrione and pyrasulfotole/bromoxynil postemergence for kochia control in fallow	59
Herbicide and spray volume effects on glyphosate-resistant kochia control in fallow	60
Broadleaf weed control in grain sorghum with postemergence herbicides	61
Weed control with flumioxazin and pyroxasulfone in spring wheat	62
Weed control with pyroxasulfone combinations in spring wheat	63
Catchweed bedstraw control in winter wheat	65
Downy brome control in winter wheat	67
Mayweed chamomile control in winter wheat	70
Wild oat control in winter wheat	72
Rattail fescue control in winter wheat	75
Prickly lettuce control with flumioxazin and pyroxasulfone in winter what	77
Italian ryegrass control with pyroxasulfone in winter wheat	79
Winter barley tolerance to flufenacet and flufenacet/metribuzine herbicides	84
Spring lentil, chickpea, and pea response to pyroxasulam, fluroxypyr/florasulam, and other herbicides	87
Impact of corn residue quantity on yield of following crops	90
Timothy tolerance with pyrasulfotole/bromoxynil	92
Spring wheat response to trinexapac	93
Winter wheat response to pyroxasulfone	94

Project 4: TEACHING AND TECHNOLOGY TRANSFER

Newly reported exotic species in Idaho for 2012	95
Author Index	100
Keyword Index	101
