Table of Contents

Productivity Control in Road Construction (Invited Paper).....	V
Stochastic Modeling Of 1-D And 2-D Terrain Profiles Using A Polynomial Chaos Approach.....	1
Soil Failure And Force Characteristics Of A Movable Boards And A Width Changeable Wings Ditch Opener ...	11
Interaction Of A Driving Low-Pressure Tire With Soft Soil By CS approach.....	36
Design Of A Forklift With Telescopic Boom.....	46
Identification And Prediction Of Tyre-Surface Interaction Parameters.....	59
Compaction Capacity Rating Of Off-Road Tires.....	69
Post Processing Techniques To Correct Inertial Errors In High Fidelity Terrain Topology Measurements.....	78
Uniform Grid Spacing For Three Dimensional High Fidelity Terrain Profiles.....	87
Validation Of Lateral Forces In A Winter Driving Simulator.....	96
Soil-Demining System Interaction Performances Evaluation Tool.....	104
A New Soil-Vehicle Interaction Model For Predicting Off Road Mobility Performances.....	108
The Ecors System: A Mobility Decision-Making Tool.....	114
Modelling And Lateral Movement Of Flexible Mono-Tread Mobile Track.....	119
Grain-Scale Modeling Of Saturated Soils Using The Generalized Interpolation Material Point Method.....	125
Study On The Traction Ability For Lunar Rover In Different Soil.....	132
Improvement Of An Indoor Traction Measurement System Based On A Forced Slip Mechanism.....	138
The Pressure-Sinkage Characteristics Of The Stimulant Lunar Soil.....	144
Effect Of Tread Pattern On Traction Performance Of Off-Road Tires Analyzed By FE-DEM.....	150
Concept Of Wheel For Micro Lunar Rover.....	156
Experimental Study On The Mobility Of Lightweight Vehicles On Sand.....	162
Building An Infrastructure For Indoor Terramechanics Studies: The Development Of A Terramechanics Rig At Virginia Tech.....	177
A Semi-Analytical Approach To Off-Road Tire Modeling For Dynamics Simulations.....	186
Using The Magic Formula To Describe The Traction/Slip Relationships Of Tyres In Soft Soils.....	204
Simulation Of Grouser-Soil Interaction By Using 3-Dimensional DEM Considering Particle Roughness.....	221

Off-Road Mobility Simulation.....	228
Development And Investigation Of A Semi-Active Suspension System For Full Suspension Tractors.....	236
Study On Effect Of Soil Properties On The Performance Of Paddle-Type Soil-Recycling Machine.....	245
Measurement Of Terrain Values And Drawbar Pull For Six Wheeled Vehicle On Sand.....	250
Tracking Military Vehicles to Better Understand Invasive Species Spread	258
Walking Micro-Rovers For Planetary Exploration: Investigation Into The Mechanics Of Soil-Footprint Interaction	265
Development Of A Hard Rock Excavator By Using An Edge Excavation.....	276
Shape Effect Of Falling Weight On Impact Response Against Sand Cushion.....	281
Studies And Organization For Security Enhancement Of Military Vehicles.....	286
Development Of Automated Traction Control System For Flexible Wheels With Application To Mars Exploration Rovers.....	298
Design Approach Of Driving System For Tidal Flat Vehicle.....	310
About Temporal And Surface Distribution Of Normal Loads Exerted On Non-Deformable Ground During Track-Type Tractor's Counter Rotation And Its Pivot Turn	316
Evolution Of The Exomars Rover Locomotion Subsystem.....	329
Cone Index Dataset And Strength Prediction Algorithms.....	343
Modeling Wheel Loading On Frozen Ground.....	354
Hydrostatic Braking Revisited.....	362
The Mobility Of Unmanned Narrow Platforms	370
Combined Hydrogen, Heat, Steam And Power Generation System	376
A Review Of The Interaction Between Front And Rear Axles Of A 4wd Tractor And Its Contribution To Tractive Efficiency	384
Application Of Innovative Materials In Operator's Protective Structures For Agricultural And Earth Moving Machinery.....	395
Comparison Of Soil Stress Distribution From Impact Mechanism And Smooth Roller For Neutralizing Antipersonnel Landmines.....	401
Classic Soil Cutting Models For Geomechanics Applications.....	407
Determination Of Soil Strength By Wheel Sinkage.....	414

Planetary Rovers Fitted With Omni-Directional / Mecanum Wheels.....417

Evaluation Process Of Digging Performancefor Hydraulic Excavator Using Dem.....427

Evaluation Of Tactical GPS Tracking Data For Estimating Military Vehicle/Terrain Impacts.....434
