

15th World Dredging Congress 1998

(WODCON XV)

**Las Vegas, Nevada, USA
28 June - 2 July 1998**

Volume 1 of 2

ISBN: 978-1-63266-499-0

Printed from e-media with permission by:

TABLE OF CONTENTS

	Page
Consolidation and Related Geotechnical Issues at the 1997 New York Mud Dump Site <i>M. Rollings and R. Rollings</i>	1
Laboratory Needs for Dredging and Dredged Material Disposal <i>R Randall, B. Edge and D. Cox</i>	17
Determining the Requirements for Dredged Material Disposal Monitoring <i>J. Riddell</i>	31
Main Channel Deepening Program - Disposal Options <i>L. Smith, Jr. and T. Lee</i>	49
Siting of Containment Island and Subaqueous Pit Options for the Port of New York/New Jersey <i>M. Palermo, B. Ebersole and L. Peyman-Dove</i>	63
Improved Methods for Correlating Turbidity and Suspended Solids for Dredging and Disposal Monitoring <i>E. Thackston and M. Palermo</i>	79
The Silent Inspector System <i>J. Rosati III</i>	93
Acoustic Measurement of Suspended Solids for Monitoring of Dredging and Dredged Material Disposal <i>J. Land and R. Bray</i>	105
A User-Friendly GIS for Managing Dredged Material Disposal Projects and Environmental Information within Ports <i>S. McDowell, D. Inglin, B. May and C. Swanson</i>	121
Developments in Submerged Dredge Pumps and Their Drives During the Last Decades <i>J. van den Elshout and J. Wannet</i>	137
Automated Sludge Removal by Using High Density Dredger <i>S. Hara, Y. Hayase, H. Fujisawa, T. Hara and S. Satoh</i>	163
Large Scale and Economical Dredging by the World's Largest Grab Dredger "Tosho" <i>A. Matsui, T. Narita and H. Katase</i>	177
Environmental Benefits of the Bucket Ladder Dredges <i>M. Richardson</i>	187
The Trend Towards Larger Trailing Suction Hopper Dredges: Evaluation of Some Design Parameters of Today's Trailing Suction Hopper Dredger Fleet <i>C. Kramers, R. Ouwerkerk and J. Koert</i>	203
Conceptual Design and Costing for a Sediment Treatment Process Train <i>J. Mahannah, C. Lamontagne, A. Balasc, D. Averett and K. Donato</i>	219
Building on Soft Soils <i>J. Van Miegheem, F. Aerts, G. Thues, H. DeVlieger and S. Vandyck</i>	235
Cement and Soft Mud Mixing Technique Using Compressed Air-Mixture Pipeline – Efficient Solidification at a Disposal Site <i>A. Sakamoto</i>	251
Technology Transfer for Dredging Operations <i>J. Wilson and T. Patin</i>	267

TABLE OF CONTENTS

(Continued)

	Page
Relation Between Cutting, Sidewinch, and Axial Forces for Cutter Suction Dredgers <i>W. Vlasblom</i>	275
An Automated Surveillance System for Dredged Material Transport and Disposal Operations <i>S. Pace, D. Dorson and S. McDowell</i>	293
Shear Failures in the New York Harbor Disposal Mound and Implications for Design of Sand Caps <i>R. Rollings and M. Rollings</i>	309
Base Load System and Dredging Performance at Cochin <i>P. Chandramohan</i>	325
The Evolution of Dredge Hose Design <i>P. Robinson</i>	339
Cost-Effective Reuse of Dredge Material as an Environmental Cap - Port of Richmond, California <i>J. Ach and N. Chan</i>	357
Operation and Management of a Subaqueous Confined Disposal Facility for Dredged Material in Newark Bay, New Jersey <i>E. Knoesel, M. Masters, T. Wakeman and P. Dunlop</i>	367
An Innovative Approach to Harbour Remediation, Thunder Bay, Ontario, Canada <i>C. Ancheta, R. Santiago and G. Sherbin</i>	377
Tackling of Maintenance Dredging in Heavy Littoral Zone with Reference to Paradip Harbour <i>A. Panda</i>	391
The Nautical Bottom in Zeebrugge Revisited <i>F. Warnier, B. Malherbe, K. De Vos and M. Druyts</i>	405
Monitoring Results from the Boston Harbor Navigation Improvement Project Confined Aquatic Disposal Cell <i>P. Murray, T. Fredette, P. Jackson, S. Wolf and J. Ryther, Jr.</i>	415
Beneficial Use of Dredged Material in Protecting the Eroding Coast - A Case Study <i>A. Panda</i>	431
Hydraulic and Sedimentological Modelling for the Engineering Design of the Access Channel to Haiphong Port, Vietnam <i>J. Smallman, B. Malherbe, M. Dearnaley and W. Roberts</i>	441
The Question of Definition of the Nautical Depth in Fluid Mud by the Aid of Rheological Properties <i>R. Wurpts</i>	457
Dredging in Unexploded Ordnance (UXO)-Contaminated Sediment <i>T. Welp, R. Pilon and L. Bocamazo</i>	481
Remedial Dredging of Contaminated Rivers and Harbors - Challenges & Prospects <i>R. Mohan</i>	497
The Handling of Contaminated Dredged Material in the Netherlands <i>H. Laboyrie and B. Flach</i>	513

TABLE OF CONTENTS

(Continued)

	Page
Estimating Contaminant Losses During Dredging <i>D. Averett, D. Hayes and P. Schroeder</i>	527
Overview of the 1997 Mud Dump Capping Project Design <i>J. Clausner, L. Lillycrop, S. McDowell and B. May</i>	539
Evaluating a New In-Situ Capping Technology for Mitigating Contaminated Sediments <i>J. Hull, J. Jersaka, P. Pochop and J. Cummings</i>	555
Remediation of Sediments by Dredging: Methods and Case Histories <i>B. Cushing</i>	577
Environmental Considerations for the Management of Large, Tropical rivers: The Hidrovia Paraguay-Parana Case <i>J. Abramian and S. Schropp</i>	595
Mississippi River Gulf Outlet: Environmental Disaster or Valuable Economic Port <i>R. Gunn</i>	611
Environmental Aspects of the Dredging of Karachi Port, Pakistan <i>T. Burt and F. Chaudhry</i>	619
Implementation of Essential Fish Habitat under the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) <i>R. Bellmer</i>	635
The Future Challenges of Environmental Dredging <i>R. Romagnoli, H. VanDewalker, J. Doody, and W. Anckner, Jr.</i>	651
Requirements and Results of the Control of Dredged Spill Losses <i>R. Maddrell, W. Hintze and S. Lykke</i>	663
A Case Study Illustrating the Role of Environmental Remediation in Contaminated Sediment Management in NY/NJ Harbor <i>K. Abood, S. Metzger, P. Dunlap and W. Gay</i>	677
Role of Dredged Material Beneficial Uses in United States Water Resources Projects <i>M. Landin, T. Patin, D. Clarke, J. Davis and M. Mauney</i>	687
The Need for Harmonisation in the European Practices on the Disposal and Reuse of Dredged Material <i>E. Paipai</i>	703
Interagency Policy on the Reuse of Dredged Material: A Pacific Northwest Perspective <i>S. Stirling and T. Benson</i>	709
Utilizing Salt Pond Sediments in a Marine Terminal Project in St. John, USVI <i>S. Lecco, B. Kimball and A. Dempsey</i>	717
Beneficial Uses of Dredged Material: Island and Wetland Habitat Restoration and Creation <i>M. Landin</i>	733
Testing of Dredged Material for Use as Beach Nourishment in San Diego, California, USA <i>H. Cumberland, B. Snyder and L. Honma</i>	747
Overview of Geocontainer Products in the United States <i>J. Fowler and E. Trainer</i>	755

TABLE OF CONTENTS

(Continued)

	Page
Eagle Harbor West Harbor Operable Unit Case Study: The Successful Implementation of a Contaminated Sediment Remedial Action <i>J. Verduin, M. Valentine, C. Patmont, J. Lally, S. Liikala, R. Gowdy, M. Whelan and R. Singer</i>	767
The Boston Harbor Navigation Improvement Project: Dredging Today for a Deeper Tomorrow <i>S. Nilson, D. Hadden and P. Giard</i>	783
Contaminated Mud in Hong Kong: A Case Study of Contained Seabed Disposal <i>J. Shaw, P. Whiteside and K. Ng</i>	799
The Use of Dredged Material for Erosion Control at North Cove, Washington <i>V. Shepsis, H. Hosey and S. Phillips</i>	811
Creative Resolution to the Problem of Disposal of Boston Harbor, MA (USA) Maintenance Material Unsuitable for Unconfined Open Water Disposal - Success Through Coordination and Cooperation <i>A. Pembroke, J. Bajek, J. Hansen and D. Hadden</i>	821
Monitoring of the 1997 Category II Capping Project at the New York Mud Dump Site <i>R. Valente, S. McDowell, and B. May</i>	835
Optimised Open Water Disposal of Dredged Material of Flemish Sea Ports in the North Sea <i>B. De Brauwer, F. Warner, B. Malherbe and S. Verbanck</i>	851
Alternatives to Confined Disposal Facilities for Lake and River Dredging <i>K. Kabbes</i>	859
Quantitative Risk Assessment and its Application to the Environmental and Health Aspects of the Disposal of Dredged Material <i>F. Mink</i>	863
Beach Replenishment and Navy Homeporting: Ecological Implications of Beach Replenishment in California <i>H. Cumberland, M. Perdue, L. Honma</i>	881
Muddying the Waters II: Practical, Public and Political Responses to Dredging and Disposal of Contaminated Sediments <i>F. McDonough, A. Bergeron</i>	891
Modelling of Saturated Sand Cutting with Large Rake Angle <i>J. He and W. Vlasblom</i>	905
The USACE Dredging Operations and Environmental Research (DOER) Program <i>C. McNair</i>	921
Numerical Design of the 1997 Capping Project at the Mud Dump Site <i>L. Lillycrop and J. Clausner</i>	937
Determination of Parameters of Flow in Dredging Pipelines by a Two-Layer Model <i>V. Matousek</i>	953
Efficient and Precise Dredging: State of the Art Integrated Dredge Instrumentation and Hydrographic Survey Systems <i>A. Korevaar and G. Mallie</i>	971
Hydraulic, Chemical and Electrical Removal of Surface Reacted Salts from Steel Substrates <i>J. Colahan</i>	987

TABLE OF CONTENTS
(Continued)

	Page
E2-D2 - Environmental Effects & Dredging and Disposal Literature Database <i>V. Dickerson</i>	993
Dredge Performance Indicators for Monitoring Cutterhead Dredging Operations <i>S. Scott</i>	1001
Sand Mining Improvement Through Insitu Flow Separation Technology and the Deep Dredging Process <i>H. van Berk and S. Zeldenrust</i>	1013
Enhanced Accuracy in Underwater Excavation <i>R. deHond</i>	1023
A 'Dredging Information System' for the River Scheldt <i>J. Claessens, P. Van de Velde and J. Smits</i>	1033
Development of an Active Mass Damper for Stabilizing the Load Suspended on a Floating Crane <i>I. Iwasaki, K. Tanida, S. Kaji, M. Mutaguchi, S. Yamada</i>	1051
The London Convention 1972: Revisions for the 21st Century <i>R. Engler</i>	1067
Development of a Floating Breakwater for Marine Construction by Using a Used VLCC <i>K. Ikegami, E. Sato and T. Tomoi</i>	1073
Sediment Quality Advisory Levels in Dredged Material Management <i>R. Peddicord</i>	1089
A General Cost Estimation Program for Cutter Suction Dredges <i>M. Miertschin and R. Randall</i>	1099
Corps of Engineers Standards and Specifications for Performing High-Accuracy Dredging Measurement and Payment Surveys <i>W. Bergen, T. Verna and R. Mesko</i>	1115
Recent Trends in Board Decisions of Importance to the Dredging Industry <i>M. Payne and J. Hackenbracht</i>	1133
Dredged Material Evaluations for Environmental Habitat Enhancement Projects <i>J. Amdur and C. Boudreau</i>	1139
