

**24th Annual Conference of the
International Society of Exposure
Science 2014**

**Exposure Science Integration to Protect
Ecological Systems, Human Well-Being
and Occupational Health**

**Cincinnati, Ohio, USA
12-16 October 2014**

ISBN: 978-1-63439-587-8

Table of Contents

Arranged by Day and Time

Note: Sessions are numbered as follows:

- First two letters indicate day (Su=Sunday, Mo=Monday, Tu=Tuesday, We=Wednesday, Th=Thursday)
- Next letter indicates type of presentation (P=Poster; S=Symposium; O=Oral)
- Next letter indicates room (A=Caprice 1/4, B=Caprice 2/3, C=Salon B/C, D=Salon D/E, E=Salon F/G, F=Salon H/I, G=Rookwood)
- First numeric digit indicates order of session in the day (1=early morning, 2=late morning, 3=early afternoon, 4=late afternoon)
- Numeric digits after the dash are unique abstract numbers indicating order within the session

For example, Mo-S-A1-01 is the first talk in a Monday, early morning, symposium session will be held in Caprice 1/4.

SUNDAY, OCTOBER 12, 2014

Student Poster Competition	6
----------------------------------	---

MONDAY, OCTOBER 13, 2014

Mo-S-A1: Assessing Exposures to Chemicals in Consumer Products: Databases, Models and Case Studies - I.....	28
Mo-O-B1: Advances in Pesticide Exposure Assessment- I.....	29
Mo-O-C1: Exposure to Recreational Water Contaminants	30
Mo-S-D1: Advances in Integrated Ecological Exposure Modeling to Support Chemical Registration Decisions.....	31
Mo-O-E1: Indoor / Outdoor Air Pollution - I.....	33
Mo-O-F1: Air Pollution Epidemiology - I.....	34
Mo-S-G1: Exposure in Commercial Aircraft Cabins - I	36
Mo-S-A2: Assessing Exposures to Chemicals in Consumer Products: Databases, Models and Case Studies - II.....	37
Mo-S-B2: Estimating Recovery Workers' Exposure to Fugitive Chemicals during Cleanup after Hurricane Sandy	39
Mo-S-C2: Exposure Science in the 21st Century: Activities Across the Federal Government	41
Mo-O-D2: Global Health: Exposures from Cookstoves	43
Mo-O-E2: Indoor / Outdoor Air Pollution - II.....	45
Mo-O-F2: Air Pollution Epidemiology - II.....	47
Mo-O-G2: Chemicals in Consumer Products - I	48
Mo-S-A3: Assessing Exposures to Chemicals in Consumer Products: Databases, Models and Case Studies - III.....	51
Mo-S-B3: Mining - Occupational Exposures and Community Health Impacts	53
Mo-S-C3: Tooth Chemical Biomarkers: Novel Approaches to Study Environmental Determinants of Human Health	55
Mo-S-D3: Hydraulic Fracturing: Potential Occupational Safety and Health Issues	57
Mo-O-E3: Indoor / Outdoor Air Pollution - III.....	59
Mo-S-F3: Occupational and Environmental Exposures to Pharmaceuticals	61
Mo-O-G3: Chemicals in Consumer Products - II	63
Mo-O-A4: Modeling Sources and Exposures of Air Toxics	65
Mo-S-B4: Land Use Regression Models to Assess Traffic-related Air pollution: Novel Features and Future Directions for Enhancement.....	68

Mo-S-C4: Tobacco Smoke as a Source of Harmful Exposures in the Workplace and the General Population	70
Mo-S-D4: Development and Application of Tools and Models to Improve Exposure Assessments in Air Pollution Health Studies	72
Mo-S-E4: Assessing Non-Chemical Exposures for Environmental Health	75
Mo-S-F4: Integration of Air Quality, Exposure, and Source Apportionment Modeling for a Health Study of Asthmatic Children in Detroit: Results from the Near-road Exposure and Effects of Urban Air Pollutants Study (NEXUS).....	77
Mo-O-G4: Chemicals in Consumer Products - III	80
MP: Poster Viewing	81

TUESDAY, OCTOBER 14, 2014

Tu-S-A1: Exposure in Commercial Aircraft Cabins - II	101
Tu-S-C1: Recent Findings in Assessment of Dermal Exposure and Absorption - I.....	102
Tu-O-D1: Occupational Exposure - I	103
Tu-O-E1: Advances in Pesticide Exposure Assessment - II.....	105
Tu-O-F1: Indoor Environments - I.....	106
Tu-O-G1: Traffic-Related Exposures - I	107
Tu-S-A2: Pesticide Exposure and Risk Assessment - I.....	109
Tu-S-B2: Emerging Technologies and their Application in Human Exposure Science Research.....	111
Tu-S-C2: Recent Findings in Assessment of Dermal Exposure and Absorption - II.....	113
Tu-O-D2: Occupational Exposure - II	114
Tu-S-E2: Thinking through Computational Exposure as an Evolving Paradigm Shift for Exposure Science: Development and Application of Predictive Models from Big Data	117
Tu-O-F2: Indoor Environments - II.....	118
Tu-O-G2: Traffic-Related Exposures - II	120
Tu-S-A3: Pesticide Exposure and Risk Assessment - II.....	123
Tu-S-B3: Direct Reading Methods and Sensors in the Workplace.....	125
Tu-O-C3: Biomarkers of Exposures to Environmental Chemicals - I.....	126
Tu-S-D3: Hydraulic Fracturing and Its Potential Impact on Environment and Public Health	129
Tu-S-E3: The ExpoDat Initiative: Exposure-Informed Chemical Safety Assessment for High Throughput Prioritization - I .	131
Tu-O-F3: Indoor Environments - III	133
Tu-O-G3: Traffic-Related Exposures - III	135
Tu-S-A4: Pesticide Exposure and Risk Assessment - III	137
Tu-S-B4: Exposure Assessment Approaches for Epidemiological Studies and Risk Assessment Applications	138
Tu-O-C4: Biomarkers of Exposures to Environmental Chemicals - II.....	141
Tu-S-D4: Unique Exposures in a Post-disaster Environment	143
Tu-S-E4: The ExpoDat Initiative: Exposure-Informed Chemical Safety Assessment for High Throughput Prioritization - II	145
Tu-S-F4: INTEGRA: Integrated Modeling to Predict Internal Exposure to Chemicals.....	147

Tu-S-G4: Identifying Chemical Hazards in Meat, Poultry, and Egg Products: USDA/FSIS’s Integrated and Collaborative Approach	149
TP: Poster Viewing	151

WEDNESDAY, OCTOBER 15, 2014

We-S-A1: Semivolatile Organic Chemicals in Deciduous Teeth: Potential Biomarkers of Perinatal Exposure	171
We-O-B1: Biomarkers and Metabolomics - I	172
We-O-C1: Advances in Pesticide Exposure Assessment - III	174
We-S-D1: Assessing Risk-Relevant Exposures to Manufactured Nanoparticles Used in Consumer Products - I	175
We-S-F1: Study Designs for Assessing Human Behavior for Exposure Modelling - I	176
We-S-A2: Integration of Life Cycle Assessment (LCA) and Risk Assessment	178
We-O-B2: Biomarkers and Metabolomics - II	180
We-S-C2: Cyanobacterial Harmful Algal Blooms (HABs): Ecological and Human Exposure Issues	182
We-S-D2: Assessing Risk-Relevant Exposures to Manufactured Nanoparticles Used in Consumer Products - II	184
We-S-E2: New Findings from Measurements of Exposure to Air Pollutants from Smoking and Cooking	186
We-O-F2: Advances in Exposure Science to Inform Risk Assessment	188
We-O-G2: Indoor / Outdoor Air Pollution - IV	190
We-S-A3: The Exposure Dimension of Environmental Epidemiology: A Critical but Under-Explored Study Quality Issue in Environmental Health - I	192
We-O-C3: Environmental Epidemiology - I	193
We-S-E3: Towards Integration of International Exposure Factors' Systems - I	195
We-S-F3: Study Designs for Assessing Human Behavior for Exposure Modelling - II	196
We-O-G3: Indoor / Outdoor Air Pollution - V	198
We-S-A4: The Exposure Dimension of Environmental Epidemiology: A Critical but Under-Explored Study Quality Issue in Environmental Health - II	199
We-S-B4: Emerging Technologies for Biomonitoring	201
We-S-C4: Exposure Considerations to Evaluate Health Risks over the Life Cycle of Nanomaterials	202
We-S-D4: Saturation and Mobile Monitoring Studies: What have we Learned About Small Scale Variations in Exposure and Where are we Going?	204
We-S-E4: Towards Integration of International Exposure Factors' Systems - II	207
We-S-F4: Quantifying Historical Drinking Water Exposures and Health Effects: Public Perceptions and Scientific Complexities	209
WP: Poster Viewing	211

THURSDAY, OCTOBER 16, 2014

Th-O-A1: Environmental Epidemiology - II	230
Th-S-C1: Indoor Air Quality and Human Health in Green Buildings	232

Th-S-D1: On-going International Harmonization of Analytical Methods and Quality Assurance in Studies of Children's Environmental Health.....	234
Th-S-E1: Turning Gray to Green: Exploring the Public Health Benefits of Green Infrastructure.....	237
Th-O-C2: Emerging Chemicals of Concern.....	239
Th-O-D2: Advances in Pesticide Exposure Assessment - IV.....	240
ThP: Poster Viewing – Late Breaking Abstracts.....	242
Author Index	259
