IWCS 49th International Wood Composites Symposium

April 21-22, 2015 · Seattle Washington

Keynote Session

April 21, 2015

Moderator: Robert Tichy, Washington State University

Lynn Michaelis

Partner, Forest Economic Advisors

Economic Outlook for Forest Products Industry 1

Kelly Shotbolt

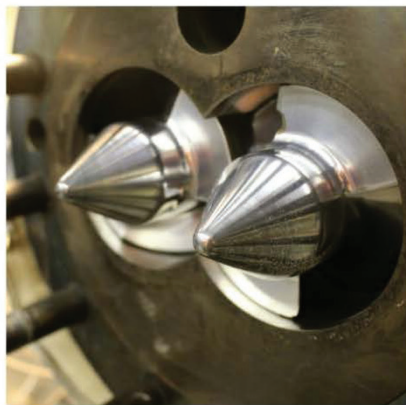

President, Arauco North America

Arauco North American Investment Program 25

Erol Karacabeyli

Research Manager, Advanced Building Systems, FPInnovations

Latest Developments of Wood and Wood-hybrid Systems in Midrise and Highrise Building Applications 37

IWCS 49th International
Wood Composites Symposium
April 21-22, 2015 · Seattle Washington

Thermoset Session

April 21, 2015

Moderator: Jeff Linville, Weyerhaeuser

Joe Elling

Director of Market Research, APA – the Engineered Wood Association

Recovery In Structural Panels and Engineered Wood Demand Continues 64

Bill Parsons

National Director – Architectural and Engineering Solutions, Woodworks

Increasing Demand for Wood Products 76

Kris Spickler

Heavy Timber Specialist, Structurlam, Ltd.

Cross Laminated Timber Panels for use as a Floor, Roof or Wall 89

Chunping Dai

Principal Scientist, FPIInnovations

Development of Veneer Strand Lumber (VSL) Product 124

Greg Smith

Associate Professor, The University of British Columbia

Overview and results of research at UBC on Structural Bamboo Products (SBP) from Moso bamboo (Phyllostachys pubescens Mazel) culms 136

Ying-Li (Ingrid) Tsai

Graduate Research Assistant, The University of British Columbia

Improving Rotary Drum Blending Process through Experimental Investigation and Discrete Element Method Simulation 153

IWCS 49th International
Wood Composites Symposium
April 21-22, 2015 · Seattle Washington

Thermoplastic Session

April 21, 2015

Moderator: John Ferraro, CLMA

Peter Kotiadis

Director of Research & Product Development,
Fiberon

The Rise & Evolution of Capped Composite Decking 165

Takeyasu Kikuchi

CEO, WPC Corporation

*New Standardization of Wood Composites Environmental Friendliness and
Current Status of Japanese Wood Composites Technologies 186*

Chakravarthy Ramadass

Greenland Plaswood Private Limited

Wood-Plastic Composite (WPC) Industry: An Indian Perspective 211

Victor Bravo

Research Officer, National Research Council Canada

Cellulose Fibre Reinforced Composites for the Automotive Industry 232

Richard Lin

Senior Lecturer, University of Auckland

*The Effects of Fibre Loadings on Tensile, Impact and Flammability Properties of
Rice Husk/Polyethylene Composites 251*

Dilpreet Bajwa

Associate Professor, North Dakota State University

*Impact of Recycling on the Mechanical and Thermo-mechanical Properties of
Wood Flour/HDPE and PLA Composites 264*

IWCS 49th International
Wood Composites Symposium
April 21-22, 2015 · Seattle Washington

Thermoset Session

April 22, 2015

Moderator: Mary Eun, Redbuilt

Alexander Root

Regional Sales Manager, GreCon

FIBERVIEW: Inline Fibre Inspection to Optimize Energy Consumption and Guarantee the Fibre Quality 278

Sheldon Shi

Associate Professor-Mechanical and Energy Engineering, University of North Texas

Nanoparticle impregnation Treatment of Natural Fiber for Functional Biocomposites 293

Chris Whelan

Business Development Manager, Henkel Corporation

New Development in Polyurethane Adhesive 308

Somaieh Salehpour

Product Development Manager, Ecosynthetix

Development of Sustainable Engineered Biopolymers in Wood Composites 320

Kevin Biller

President, The Powder Coating Research Group

Environmentally Sound Strategies for Coating Wood Composites – Powder Coating Technology 333

IWCS 49th International
Wood Composites Symposium
April 21-22, 2015 · Seattle Washington

Thermoplastic Session

April 22, 2015

Moderator: Richard Lin, University of Auckland

Donald Bender

Professor, Director, Composite Materials and Engineering Center,
Washington State University

Deck Safety and Building Code Issues on the Horizon: Turning Challenges into Product Opportunities 348

Chris Ross

Senior Chemist, NWP, Inc.

Synergistic Additives for the WPC Industry 349

Ron Rau

Senior Engineer, MBA polymers

Plastics Recovered from Shredded End-of-Life Vehicles 359

Harshad Shah

Senior Project Manager, Weyerhaeuser Company

Wood Pulp Fiber Reinforced Thermoplastic Composites 380

Jeff Cernohous

CTO, Interfacial Solutions

Novel Coupling Agents for Natural Fiber Composites 397

IWCS 49th International
Wood Composites Symposium
April 21-22, 2015 · Seattle Washington

Plenary Session

April 22, 2015

Moderator: Indroneil Ganguly, University of Washington

Andy Sloop

Resource Conservation & Recycling Manager, Sustainability Center, Metro
How Should Portland Chuck Its Wood? 398

Tim Young

Professor, University of Tennessee

*Real-time Predictive Modeling of Wood Composite Products Utilizing the
Data Warehouse of Manufacturing Facilities 410*

Karl Englund

Associate Research Professor, Washington State University

Hydrophobic wood particles developed from cold plasma polymerization 425

Kim Katwijk

President, Deck Builders Inc.

Twenty Years of Man Made Decking 436

Susan Jones

Architect, atelierjones

CLT Investigations 495
