

2015 Ninth International Conference on IT Security Incident Management & IT Forensics

(IMF 2015)

**Magdeburg, Germany
18-20 May 2015**

**IEEE Catalog Number: CFP1517I-POD
ISBN: 978-1-4799-9904-0**

2015 Ninth International Conference on IT Security Incident Management & IT Forensics

IMF 2015

Table of Contents

Preface.....	vii
Conference Organization.....	viii
Acknowledgements.....	x

Forensics

Windows NT pagefile.sys Virtual Memory Analysis	3
<i>Michael Gruhn</i>	
Recovery of SQLite Data Using Expired Indexes	19
<i>Felix Ramisch and Martin Rieger</i>	
Improving the Detection of Encrypted Data on Storage Devices	26
<i>Simon Thurner, Marcel Grün, Sven Schmitt, and Harald Baier</i>	
What is Essential Data in Digital Forensic Analysis?	40
<i>Felix Freiling and Michael Gruhn</i>	

Incidents and Forensics

Towards Automated Incident Handling: How to Select an Appropriate Response against a Network-Based Attack?	51
<i>Sven Ossenhühl, Jessica Steinberger, and Harald Baier</i>	
Mobile Payment Fraud: A Practical View on the Technical Architecture and Starting Points for Forensic Analysis of New Attack Scenarios	68
<i>Christof Kier, Gerald Madlmayr, Alexander Nawratil, Michael Schafferer, Christian Schanes, and Thomas Grechenig</i>	
Characteristic Evidence, Counter Evidence and Reconstruction Problems in Forensic Computing	77
<i>Andreas Dewald</i>	

Special Session on Teaching Forensics and Intrusion Management

Supporting Forensic Design - A Course Profile to Teach Forensics	85
<i>Stefan Kiltz, Jana Dittmann, and Claus Vielhauer</i>	
Conception of a Master Course for IT and Media Forensics Part II: Android Forensics	96
<i>Knut Bellin and Reiner Creutzburg</i>	

Special Session on Malware Analysis/Malware Forensics

Platform Independent Malware Analysis Framework	109
<i>Ulf Lösche, Maik Morgenstern, and Hendrik Pilz</i>	
Smart Home Definition and Security Threats	114
<i>Michael Schiefer</i>	

Special Session on Digitized Forensics

Latent Fingerprint Aging from a Hyperspectral Perspective: First Qualitative Degradation Studies Using UV/VIS Spectroscopy	121
<i>Ronny Merkel</i>	
Author Index	136
