2016 XI Latin American Conference on Learning Objects and Technology - LACLO 2016 -

Preface	viii
List of Chairs and PC Members	x
Additional Reviewers	xiii
Keynotes	xiv

Track: Educational Needs and Technological Solutions

A Categorization of Technological Approaches to Concept Maps Construction.....	1
Accomplishment of Generic Skills of the Middle Higher Education with the use of System SiCRE.....	10
An Innovative Methodology Based on Mediation for Technological Distance Learning: A Case Study of the "Integrated Student" Project.....	18
An IoT Computational Robotics Learning Laboratory in Vila Velha, Espírito Santo.....	25
Art, Creativity and a Learning Object Proposal.....	31
Colaborative Logical Framework: An e-Learning assesment tool in .LRN platform.....	37
Computational environment based on Applied Behavior Analysis to support child reading education.....	46
Customizable templates as helpers in graphical interfaces adaptation.....	54
Development of a videogame to improve communication in children with autism.....	58
Educa+: Educational game for children.....	64
EndusCheck: Web Application to Optimize and Automate the Process to Determine the Satisfaction on Learning Objects.....	70
Explorando Aprendo: Learning Object to Enhance Language Development in Children with Specific Language Impairment.....	78
Learning Objects: Strategies for its generation and publication in Ecuadorian Universities.....	83
Management support tool in virtual learning environments using Moodle as a case study.....	91
Mathematics Experiences: pedagogical implications with the use of digital games, m-learning and social networks.....	103
Phácil: Game for treatment of spatial organization disabilities.....	112
Preliminary design of a serious game for vocational guidance based on Holland's typology theory.....	118
Proyect@ Matemáticas: A Learning Object for Supporting the Practitioners in Autism Spectrum Disorders.....	126
SEED 1.0. An expert system in the classroom for the diagnosis of dental diseases.....	N/A
Towards a Methodology for the learning of Emotions for Children with Autism.....	137

TABLE OF CONTENTS

User-friendly Instructional Design Tool to Facilitate Course Planning.....	143
--	-----

Track: Educational Research and Technologies

Affective Pedagogical Agent in a Digital Game: analysis of dialogical relations in their interaction.....	N/A
Assessing the impact of learning objects in an induction process applied to students of the University of Cuenca.....	160
Castelo de areia Game to exercise creativity through storytelling.....	169
Collaborative construction of metadata and full-text dataset.....	177
Development of learning objects on Scratch.....	183
Experiences of Educational Use of Technologies a Case of Facebook, Google Plus and the Use of Blogs.....	188
Generating models to predict at-risk students in technical e-learning courses.....	196
Learning Objects Recommendation Platform based on Learning Styles for Programming Fundamentals“.....	204
Proposal of a Virtual Environment Design of Digital Literacy.....	210
Security Evaluation Model for Virtual Learning Environments.....	214

Track: Learning objects and open educational resources

An Analysis of Different Roles Involved in Learning Objects Production.....	220
Authenticity and versioning of learning objects using the digital signature infrastructure of Costa Rica.....	229
Labirinto Matemático A game to stimulate Mathematical reasoning in children.....	235
MathFraction: Educational Serious Game for Students Motivation for math learning.....	239
Open Educational Games: Challenges and Perspectives.....	248
Recommender System of Educational Resources: a Critiquing-based Proposal.....	257
SimPlanifique Educational Software - Simplifying the elaboration of a Project Plan.....	265
The Bicycle Learning Object.....	272
Towards a Methodological Guide to share knowledge when creating Open Educational Resources.....	277

Track: Adaptability and Accessibility

Accessibility Metadata to improve OER Adaptability.....	285
Adaptive framework to the search and retrieval of digital educational resources.....	291
Application of a technical tool to support the inclusion process of people with visual impairment in an educational web platform.....	297
Poligonopolis Prototype of accessible and gamified learning object to teach Geometry.....	302
The production of a gamified Learning Object accessible to people with visual or hearing disabilities for teaching Geometry.....	311

Track: Personalized Learning

A Recommender System for Learning Objects on a Learning Management System: Implementation Experience.....	321
---	-----

TABLE OF CONTENTS

E-portfolios and social networks in university education. Systematizing an experience.....	332
Encourage the use of learning objects, persuading the user with natural language arguments.....	341
Fuzzy Learning Styles Questionnaire Based in Felder and Silverman Model.....	347
Rules based system to educative personalized strategy recommendation according to the CHAEA test.....	354

Track: Learning Object Repositories

A characterization of users of digital educational resources repositories: The case of the Latin American Community of Learning Objects - LACLO.....	361
Implementation of Architecture ArCaOrSe of a Learning Resource Repository and Obtaining Preliminary Results from Testing the Implementation.....	369
The Development of a LOR User Interface Lo-fi Prototype using the Bruno Munari Method.....	374
Web Service to Support Recovery of Learning Objects in Repositories and Federations.....	385

Track: Games and Virtual and Augmented Reality

Educational game for Aid in Literacy Process Comparative Study Between Kinect and Mouse Use as Interaction and Motivation Way.....	391
Galaxy Conqueror: Astronomy, Citizen Science and Gamification.....	400
Yachay Math: Learning Fractions with Spatio-Temporal Approach, Using Computer Animation.....	410

Track: Learning Analytics

Adaptive Multilevel Clustering Model for the Prediction of Academic Risk.....	418
An Empirical Analysis of Factors influencing Student-Tutor Dialogue.....	426
The Web of Data: Past, Present and ¿Future?.....	434

Track: Massive Open Online Courses (MOOCs)

Assessing the Quality of MOOC using ISO/IEC 25010.....	442
--	-----

Track: Mobile Learning, TLearning and Ubiquitous Learning

AppCal as support in the calculation of basic feasible solutions to transport problems in the teaching-learning process of linear programming.....	446
--	-----

Track: Red Iberoamericana para la Usabilidad de Repositorios Educativos (RIURE)

Moodle Analytics Dashboard: A Learning Analytics tool to visualize users interactions in Moodle	455
Sustainability Strategies for Open Educational Resources and Repositories.....	461

Track: Learning Objects and Open Educational Resources II

Design and production of a learning object for university teaching: An experience from theory to practice.....	467
Author Index.....	473
