DREDGING SUMMIT & EXPO 2017 TECHNICAL PAPERS

Session 1a: Improving Dredging Safety <i>Sponsored by the WEDA Safety Commission</i>	Paper Number	Page Number
One Company's Journey to Safety Excellence Margaret Davis (The Hile Group); Robert C. Ramsdell (Great Lakes Dredge and Dock)	1a-1	1
The Evolution of Dredge Pipeline Safety in an Active Recreational and Fishing Community M.J. Beachy (Ross Island Sand & Gravel Co.); J. R. Cowan (Ross Island Sand & Gravel Co.); R.H. Steed (Ross Island Sand & Gravel Co.)	1a-2	9
Mercury Marine - Dredge Pipeline Hazards Todd Lemke (Mercury Marine); Pete Chisholm (Mercury Marine)	Presentation Only	
Session 1b: Navigation Channel Design & Maintenance	Paper Number	Page Number
Systems Thinking Approach to Modernization and Maintenance of Aging Inland Waterways Infrastructures Z. Alkas (George Washington University); A. Y. Franz (George Washington University); J. S. Wasek (George Washington University)	1b-1	15
Permitting and Constructing the Intracoastal Waterway Deepening Project in Broward County, Florida Lori S. Brownell (Taylor Engineering, Inc.); Yehya Siddiqui (Taylor Engineering, Inc.)	1b-2	23
Port of Seattle Terminal 91 Underwater Regrading Catherine Chu (Port of Seattle); Nancy Case O'Bourke (Dalton, Olmsted & Fuglevand, Inc.)	1b-3	32
Challenging Dredge Operation Over Active Utilities in New York Harbor Ilker Tutuncu (Hatch); John D. Francescon (Hatch); John Dawson (Hatch)	1b-4	42
Session 2a: Beneficial Reuse of Dredged Sediments	Paper Number	Page Number
Colorado Lagoon Restoration Project: Where Dredging and Mitigation Banking Meet Steve Cappellino (Anchor QEA); Shelly Anghera (Anchor QEA); Michael Whelan (Anchor QEA); Jack Malone (Anchor QEA); Eric Lopez (City of Long Beach)	2a-1	52
Glenrose Tidal Marsh Project M. Tranmer (Moffatt & Nichol)	Presentation Only	
Application of Laboratory and Modeling Tools to Design Thin Layer Placement Projects for Marsh Nourishment Susan Bailey (U.S. Army Engineer Research and Development Center); Zachary Tyler (U.S. Army Engineer Research and Development Center); Timothy Welp (U.S. Army Engineer Research and Development Center)	2a-3	66

Session 2a: Beneficial Reuse of Dredged Sediments (continued)	Paper Number	Page Number
--	---------------------	--------------------

Dredged Sediment Characteristics after Treatment by Geosynthetic Dewatering Tubes 2a-4 [80](#)
M. Wilke (Huesker Synthetic GmbH)

Lake Sediment Removal Utilizing Hydraulic Dredging and Mechanical Dewatering 2a-5 [90](#)
F. Senske (Mobile Dredging & Video Pipe, Inc.); S. Simpson (Mobile Dredging & Video Pipe, Inc.); J. Vetter (Mobile Dredging & Video Pipe, Inc.)

Session 2b: Innovative Surveying and Dredge Monitoring	Paper Number	Page Number
---	---------------------	--------------------

Optimise your dredging operation by using visual 3D software 2b-1 [97](#)
J.M. Nielsen (EIVA); K. Tomanka (OARS-HPSG)

Mitigating dredging risks using enhanced geophysical methods: the Squares resistivity method 2b-2 [105](#)
P.M. Brabers (Demco NV); J.F. Sawyer (Arc Surveying & Mapping); J. Errey (OEMG-Global)

Improving Spatial Monitoring of Dredge Operations: A Small Unmanned Aerial System Application to Map Turbidity 2b-3 [117](#)
J.L. Wilkens (U.S. Army Engineer Research and Development Center); B.C. Suedel (U.S. Army Engineer Research and Development Center); A.V. Davis (U.S. Army Engineer Research and Development Center); J.M. Corbino (U. S. Army Corps of Engineers New Orleans District)

Planning Dredging Operations with Persistent Berth Depth Monitoring Techniques 2b-4 [123](#)
K.R.W. Mech (Kongsberg Mesotech Ltd.)

Mapping Dredged Material and a Sand Cap using Sediment Profile Imaging (SPI) and a Semi-Automated Image Processing System Presentation Only
Gene Revelas (Integral Consultants)

Session 3: PANEL: Managing Dredged Sediments

Session 4a: Beneficial Reuse and Management of Dredged Sediment	Paper Number	Page Number
--	---------------------	--------------------

Dredged Material Containment Construction for Emergent Wetland Marsh Creation 4a-1 [136](#)
Kirk Foley (Infrastructure Alternatives Inc.); Aaron Wright (Infrastructure Alternatives Inc.)

Resilience of Upland Confined Disposal Facilities and Beneficial Re-use of Dredged Material for Coastal Protection 4a-2 [144](#)
M. Lunemann (WSP | Parsons Brinckerhoff); M. Marano (WSP | Parsons Brinckerhoff); W.S. Douglas (New Jersey Department of Transportation)

Alternative Approaches for Managing Dredged Sediment 4a-3 [158](#)
K. Jaglal (O'Brien & Gere); D. M. Crawford (O'Brien & Gere); S. W. Anagnost (O'Brien & Gere); B. E. White (O'Brien & Gere)

Fountain Lake Restoration Project: Internal Phosphorus Loading 4a-4 [164](#)
A.M. Millspaugh (NRT, an OBG Company); R.H. Weber (NRT, an OBG Company); A. Henschel (Shell Rock River Watershed District); B. Behnke (Shell Rock River Watershed District); J. Kieffer (Barr Engineering)

Session 4a: Beneficial Reuse and Management of Dredged Sediment (continued)	Paper Number	Page Number
Assessment of Equipment Performance and Environmental Effects during the Debris Removal Pilot Study at Gowanus Canal J.M. Gasser (Geosyntec Consultants); J.M. Fears (Geosyntec Consultants); G.D. Nicholas (Geosyntec Consultants)	4a-5	176
Session 4b: Dredging Research & Education	Paper Number	Page Number
A New Approach to Determine the Concentration Distribution in Slurry Transport Sape A. Miedema (Delft University of Technology)	4b-1	189
Experimental Study on Flow Characteristics for the High Efficiency Transporting of the Dredged Soil Y.S. Kim (KTMG Inc.); C.S. Yeo (KTMG Inc.); G.L. Yoon (Korea Institute of Ocean Science & Technology); S.B Kim (Korea Institute of Ocean Science & Technology)	4b-2	204
Slurry Transport in Inclined Pipes Sape A. Miedema (Delft University of Technology)	4b-3	218
Use of Acoustic Cameras in Dredging Research D.L. Young (U.S. Army Engineer Research and Development Center); B.C. McFall (U.S. Army Engineer Research and Development Center); T.L. Welp (U.S. Army Engineer Research and Development Center); D.D. Dickerson (U.S. Army Engineer Research and Development Center)	4b-4	233
Effects of Sedimentation on Winter Flounder Eggs in Laboratory Experiments B.C. Suedel (U.S. Army Engineer Research and Development Center); J.L. Wilkens (U.S. Army Engineer Research and Development Center); A.J. Kennedy (U.S. Army Engineer Research and Development Center); C.R. Montgomery (U.S. Army Engineer Research and Development Center); E.O'Donnell (U. S. Army Corps of Engineers New District)	4b-5	247
Session 5a: Dredging for Beach Nourishment and Navigation	Paper Number	Page Number
The “Biggest,” The “Baddest,” And The “Bestest” – Coastal Restoration Cajun Style J.S. Dartez (Coastal Engineering Consultants, Inc.)	5a-1	257
Rebuilding “Stronger than the Storm” – Enhancing Resilience of the New Jersey Marine Transportation System W.S. Douglas (New Jersey Department of Transportation); M. Marano (WSP Parsons Brinckerhoff); G. Clifton (New Jersey Department of Transportation)	5a-2	272
Development of the Official Budget and Cost Estimating System for Port Dredging in Brazil L. N. M. Moreira (IVIG/COPPE/UFRJ); R.F. Silva (IVIG/COPPE/UFRJ); T. D. Mota (IVIG/COPPE/UFRJ); M. do N. Moraes (IVIG/COPPE/UFRJ); D. Accetta (Nacional Waterways Research Institute); M.A.V de Freitas (Federal University of Rio de Janeiro)	5a-3	287
Specifics of Navigation Channel Design and Maintenance Requirements at Remote North Pacific Coastline of Sakhalin Island, Russia Aaron Porter (Coast & Harbor Engineering); Vladimir Shepsis (Coast & Harbor Engineering); Aaron Horine (Coast & Harbor Engineering)	5a-4	302

Session 5b: Innovative Dredging Equipment	Paper Number	Page Number
Optimizing Construction Equipment for Long Reach Excavation in the Dredging Industry B. Evans (Caterpillar Inc.)	5b-1	316
Corrosion Resistance In Earthmoving Machines: Viable Modifications For Marine Environments S. P. Rutherford (Caterpillar Inc.)	5b-2	326
Bigger impact with smaller equipment, small scale urban dredging for flood control H. Timmer (Witteveen+Bos Consulting Engineers); T. Worm (Witteveen+Bos Consulting Engineers)	5b-3	338
Full-Depth, Bottom-Sealed Filter Curtains and Their Place In Lieu of Standard Silt Curtains or Cofferdams in Dredging Programs A.J. McCusker (Mackworth-Enviro); J. Johnson (Mackworth-Enviro); M. Hamlin (Mackworth-Enviro); C. Guelke (Mackworth-Enviro)	5b-4	349
Session 6a: Environmental Dredging in Esquimalt Harbour	Paper Number	Page Number
Esquimalt Graving Dock Waterlot Phase 2 South Jetty Remediation Design and Construction Challenges M. Woltman (Anchor QEA, LLC); D. Berlin (Anchor QEA, LLC); T. Wang (Anchor QEA, LLC); A. Mylly (Public Works and Government Services Canada); R. Sharp (Public Works and Government Services Canada); C. Major (Public Works and Government Services Canada); S. Pinto (Quantum Murray Environmental)	6a-1	360
Comparing Dredge Residuals Prediction and Performance for Esquimalt Graving Dock Waterlot Phase 1B Remediation D. Berlin (Anchor QEA, LLC); T. Wang (Anchor QEA, LLC); M. Woltman (Anchor QEA, LLC); G. Brunkhorst (Anchor QEA, LLC); T. Thornburg (Anchor QEA, LLC); A. Mylly (Public Works and Government Services Canada); C. Major (Public Works and Government Services Canada); R. Sharp (Public Works and Government Services Canada)	6a-2	376
Controlling Recontamination During Phase 2 Remediation at the Esquimalt Graving Dock D. Berlin (Anchor QEA, LLC); N. Healey (Azimuth Consulting Group Partnership); D. McKeown (SLR Consulting Ltd.); C. Major (Public Works and Government Services Canada); A. Mylly (Public Works and Government Services Canada); D. Osguthorpe (Public Works and Government Services Canada); M. Woltman (Anchor QEA, LLC); T. Wang (Anchor QEA, LLC); R. Hill (Azimuth Consulting Group Partnership); D. Kettlewell (SNC-Lavalin)	6a-3	392
An Update on The Department Of National Defense Esquimalt Harbour Remediation Project D. Ormerod (Anchor QEA, LLC); M. Bodman (Department of National Defence, Canadian Forces Base Esquimalt); A. Smith (Public Works and Government Services Canada)	6a-4	407
Session 6b: Innovative Dredging Equipment II	Paper Number	Page Number
Applying Proven Dredge Designs in a Non-Standard Situation; The Oil Sands O.P. Marcus (Damen Shipyards); M. Tijssen (Damen Shipyards) M.O. Winkelman (Damen Dredging Equipment)	6b-1	417

Session 6b: Innovative Dredging Equipment II (continued)	Paper Number	Page Number
Development of Mega Cutter Suction and Trailer Suction Hopper Dredgers & Related Projects in Canada M. Fitzsimons (Jan De Nul)	6b-2	431
Mechanical Environmental Clamshell R. Bergeron (CableArm)	Presentation Only	
WEDA Environmental Commission Panel		
Session 7a: Sediment Remediation	Paper Number	Page Number
Exercising Record of Decision Flexibility with a Contaminated Sediment Dredging Pilot Project at the Ashland/NSP Superfund Site S. Garbaciak (Foth)	Presentation Only	
River Raisin Area of Concern – NAPL Area – Sediment Remediation M. Roberts (Anchor QEA, LLC); A. Corbin (Anchor QEA, LLC); P. Doody (Anchor QEA, LLC); T. Peters (Mannik & Smith Group, Inc); C. Robinson (Anchor QEA, LLC)	7a-2	447
Post-dredging Residual Sediment Stabilization D. Hayes (University of Nevada, Las Vegas); B. Starr (Integral Consultants)	7a-3	462
Boeing Plant 2 Sediment Remediation: Remedial Dredging Methods to Manage the Risks of Residuals, Resuspension and Release; the Benefits and Costs Robert S. Webb (Dalton, Olmsted & Fuglevand, Inc.); Brian Anderson (The Boeing Company); Steven Tochko (The Boeing Company); Paul Fuglevand (Dalton, Olmsted & Fuglevand, Inc.); Teal Dreher (Dalton, Olmsted & Fuglevand, Inc.)	7a-4	473
Session 7b: Innovative Dredging Equipment III	Paper Number	Page Number
More Efficient Diesel Electric Power Plant for Dredges Vinton Bossert (Bossert Dredge Consulting, LLC); Vassili Rozine (I & M Engineering); John Ockerman (Ockerman Automation Consultants, LLC)	7b-1	485
Towards a green maritime technology L.W. van Ingen (IHC America Inc.); M. B. G. Castro (IHC MTI B.V. Royal IHC)	7b-2	501
Novel Technologies for Wear Protection and Monitoring in Dredging Michael Magerstaedt (ROSEN Group); Stefan Forster (ROSEN Group); Rainer Altmeyen (ROSEN Group); Nils Rentmeister (ROSEN Group); Larry Lai (ROSEN Group); Erin Garcia (ROSEN Group)	7b-3	521
The Dredge Fleet Monitoring System (DFMS) Boxed in Industry 4.0 L.W. van Ingen (IHC America Inc.); R. Mourik (IHC Systems Inc.); M. van Eeten (IHC Systems Inc.)	7b-4	533
