- 1      **The Future of the Magnetics Industry: Pricing, Trends, Technology**  
*Moderated by Scott Tubbs, Vice President of Sales & Marketing,  
Quadrant Magnetics  
James Bell, Principal Consultant, MagnetoDynamics  
Stan Trout, President, Spontaneous Materials  
Walter Benecki, President, Walter T. Benecki LLC  
Scott Struven, Sr. Mgr. Sales and Engineering,  
Hitachi Metals America, Ltd.*
- 17     **Permanent Magnet Specifications: What About All Those Non-Magnetic Properties?**  
*Michael Devine, Senior Applications Engineer,  
Adams Magnetic Products*
- 42     **The Big Picture: Putting the Magnet Market Trends Together**  
*Steve Constantinides, Founder and Principal,  
Magnetics & Materials LLC*
- 63     **AC Magnetic Field Measurements with the Senis Magnetic Field Mappers**  
*Dr. Zhen Xu, Development Engineer, GMW*
- 73     **Nanostructured Rare Earth Ferrites Fabricated by Solution Combustion Synthesis**  
*Dr. Karen Martirosyan, Professor in Physics,  
University of Texas Rio Grande Valley*
- 86     **Theoretical and Practical Comparison of Open-Loop And Closed-Loop Hysteresis Measurement Systems For Permanent Magnets**  
*Dr. Luc Van Bockstal, Technical Director, Metis Instruments n.v*
- 95     **Injection Molded Magnets: Methods to Improve Their Accuracy for Positional Sensor Applications**  
*Thomas Schliesch, Head of R&D, Baermann GmbH*
- 113    **Expanded Temperature Capability for Permanent Magnet Testing and a New Single Sheet Tester for Electrical Steels**  
*Reinhold M.W. Strnat, President, Magnet-Physics, Inc.*
- 140    **Rare Earth Permanent Magnets for Rotary Machines**  
*Jinfang Liu, President & COO, Electron Energy Corp.*
- 149    **Building Your Magnetic Field Mapper with LEGO**  
*Philip Keller, Marketing & Product Management,  
Metrolab Technology SA*
- 159    **Site Specific Magnetic Anisotropy in Rare Earth and Transition Metal Based Permanent Magnetic Materials**  
*Durga Paudyal, Ph.D., Associate Scientist, Ames Laboratory*
- 168    **Radial Ring Magnets: Method to Improve the Orientation Field and the Application**  
*Dr. W.H. Cheng, Director and Chief Scientist,  
Shenzhen Radimag Magnets Co.,Ltd*

- 176    **Additive Printing of Permanent Magnets**  
*Dr. M. Parans Paranthaman, Corporate Fellow and Group Leader, Oak Ridge National Laboratory*
- 186    **Magnetic Materials Fabricated by Cold Spray Additive Manufacturing**  
*Jean-Michel Lamarre, Research Officers,  
National Research Council of Canada*
- 200    **The Business of Commercializing Innovations in Magnet Science**  
*Jeffery Whalen, Researcher,  
National High Magnetic Field Laboratory*
- N/A    **New Permanent Magnet Materials from the Critical Materials Institute**  
*Dr. David Parker, Staff Scientist, Oak Ridge National Laboratory*
- N/A    **Permanent Magnets Material Options: Why \$/kg and (BH)max are Misleading Metrics**  
*Dr. John Ormerod, Senior Technology Advisor,  
Magnet Applications, Inc.*
- N/A    **Cooling Technology Based on Magnetic Materials: What Does the Future Hold?**  
*Manh-Huong Phan, Associate Professor, Department of Physics, University of South Florida*
- 213    **Wide Temperature Range Hall Effect Sensors with Minimal Planar Hall Effect**  
*Daniel Hoy, Application Engineer, Lake Shore Cryotronics*
- 228    **High Energy Ferrites Compete with Bonded Neo Magnets**  
*Kalathur (Sim) Narasimhan, P2PTechnologies*
- 245    **Big Magnets are a Big Problem No More**  
*Matthias Schmidt, Research Associate, MATESY GmbH*
- N/A    **A Comparison of Permanent Magnet Axial Flux  
Motors to Permanent Magnet Radial Flux Motors in Commercial Drone Applications**  
*Lowell Christensen, Consultant Permanent Magnet Motor Design, Lowell Christensen LLC*
