# TABLE OF CONTENTS

|                                                                                                                                                    |    |
|----------------------------------------------------------------------------------------------------------------------------------------------------|----|
| <b>EXPRESSION AND SEQUENCE ANALYSIS OF HTH IN BLACKBERRY (RUBUS SPP.)</b> .....                                                                    | 1  |
| <i>Xunju Liu, Min Zhou, Yan Wang, Haoru Tang, Qing Chen</i>                                                                                        |    |
| <b>THE ROLE AND MECHANISM OF EXERCISE FOR PREVENTION OF MYOCARDIAL FIBROSIS IN DIABETES</b> .....                                                  | 6  |
| <i>Qi-E Zhu</i>                                                                                                                                    |    |
| <b>ANALYSIS ON EFFECT AND RELEVANT FACTORS OF ULTRASOUND-GUIDED LAUROMACROGOL SCLEROTHERAPY TO BENIGN THYROID CYST</b> .....                       | 12 |
| <i>Dan Fei, Yang Li, Guoqing Sui</i>                                                                                                               |    |
| <b>OBSERVATION OF SYNERGISTIC EFFECT OF END STATIN AND CISPLATIN ON CALU-6 CELL</b> .....                                                          | 15 |
| <i>Xin Cheng, Qiuju Lin, Wenhui Li</i>                                                                                                             |    |
| <b>RESEARCH STUDY ON TARGET TREATMENT OF ULTRASOUND MICROBUBBLES WITH DOCETAXEL ON OSTEOSARCOMA</b> .....                                          | 19 |
| <i>Dan Fei, Yang Li, Guoqing Sui</i>                                                                                                               |    |
| <b>A DEVICE BASED ON ADAPTIVE FILTERING ALGORITHM FOR DETECTING ECG SIGNAL IN MOTION ARTIFACTS</b> .....                                           | 23 |
| <i>Liangguang Peng, Tong Bai, Yu Pang, Guoquan Li, Zhangyong Li</i>                                                                                |    |
| <b>BIOINFORMATIC ANALYSIS OF STRAWBERRY PTOX GENE</b> .....                                                                                        | 29 |
| <i>Xiran Wang, Jiangang He, Haoru Tang</i>                                                                                                         |    |
| <b>ANALYSIS AND DISCUSSION ON THE EFFECT OF SELF-DESIGNED TRADITIONAL CHINESE MEDICINE AND ICE IN THE TREATMENT OF SPORTS INJURY</b> .....         | 33 |
| <i>Weixing Wang, Guomei Yin</i>                                                                                                                    |    |
| <b>SEQUENCE ANALYSIS OF THE GENE CYP79B3 IN CABBAGE (BRASSICA OLERACEA VAR. CAPITATA)</b> .....                                                    | 38 |
| <i>Bo Sun, Min Jiang, Qiao Yuan, Fen Zhang, Haoru Tang</i>                                                                                         |    |
| <b>COMPREHENSIVE TREATMENT PROGRESS OF METASTATIC BONE TUMOR</b> .....                                                                             | 42 |
| <i>Rui Jiang, Ziyan Zhang, Han Wu, Chao Zhang</i>                                                                                                  |    |
| <b>KARYOTYPE ANALYSIS OF TWO KINDS OF RED PETIOLES LEAF BEET</b> .....                                                                             | 48 |
| <i>Bo Sun, Yuxiao Tian, Xue Xia, Fen Zhang, Haoru Tang</i>                                                                                         |    |
| <b>SEQUENCE ANALYSIS OF THE PHYTOENE SYNTHASE GENE (PSY2) IN POTATO (SOLANUM TUBEROSUM)</b> .....                                                  | 52 |
| <i>Jie Ma, Xianzhi Wu, Rui Wu, Chunyan Chen, Yi Lu, Chaohai Wang, Ping Zhou</i>                                                                    |    |
| <b>VARIATION ON PHOTOSYNTHETIC PERFORMANCE IN KIWIFRUIT SEEDLING DURING DROUGHT STRESS AND REWATERING</b> .....                                    | 56 |
| <i>Yong Zhang, Qiyang Chen, Haoru Tang</i>                                                                                                         |    |
| <b>ANALYSIS ON IMAGING DIAGNOSTIC VALUE OF BONE TUMOR</b> .....                                                                                    | 60 |
| <i>Rui Jiang, Ziyan Zhang, Han Wu, Chao Zhang</i>                                                                                                  |    |
| <b>APPLICATION RESEARCH OF SMALL MOLECULE PEPTIDE SCREENING BASED ON CANCER CELLS</b> .....                                                        | 65 |
| <i>Yani Hou, Min Shi, Hui Wang, Jia Liu, Rongli Liu</i>                                                                                            |    |
| <b>MANIPULATIVE REDUCTION SPLINT EXTERNAL FIXATION FOR THE TREATMENT OF DISTAL RADIUS FRACTURES</b> .....                                          | 69 |
| <i>Yongming Tao</i>                                                                                                                                |    |
| <b>CLINICAL EFFECT OF XUEFU ZHUYU TANG COMBINED WITH ATORVASTATIN ON HYPERTENSION COMPLICATED WITH CORONARY HEART DISEASE</b> .....                | 74 |
| <i>Kaihua Long, Xiaojia Hu, Chunliu Wang, Ye Li</i>                                                                                                |    |
| <b>KARYOTYPE ANALYSIS OF BRASSICA NAPUS CV. HUAYOU NO.2</b> .....                                                                                  | 78 |
| <i>Bo Sun, Xue Xia, Yuxiao Tian, Fen Zhang, Haoru Tang</i>                                                                                         |    |
| <b>RESEARCH ON APPLICATION OF ANTEROLATERAL THIGH PERFORATOR FLAP TO REPAIR WOUNDS OF HAND AND FOOT</b> .....                                      | 82 |
| <i>Yongming Tao, Yanhong Liu</i>                                                                                                                   |    |
| <b>EFFECTS OF RIFAPENTINE AND RIFAMPICIN IN SMEAR-POSITIVE PULMONARY TUBERCULOSIS PATIENTS AND THE INCIDENCE COMPARISON OF COMPLICATIONS</b> ..... | 87 |
| <i>Jianmei Ma, Hongyang Shi, Yan Zhang</i>                                                                                                         |    |
| <b>RESEARCH PROGRESS OF BONE TUMOR CLINICAL DIAGNOSIS</b> .....                                                                                    | 92 |
| <i>Rui Jiang, Ziyan Zhang, Han Wu, Chao Zhang</i>                                                                                                  |    |

|                                                                                                                                                         |            |
|---------------------------------------------------------------------------------------------------------------------------------------------------------|------------|
| <b>BIOINFORMATICS ANALYSIS OF THE 1-DEOXY-D-XYLULOSE-5-PHOSPHATE SYNTHASE (DXS) GENE IN CABBAGE (BRASSICA OLERACEA VAR. CAPITATA) .....</b>             | <b>97</b>  |
| <i>Bo Sun, Min Jiang, Qiao Yuan, Fen Zhang, Haoru Tang</i>                                                                                              |            |
| <b>METHODS AND PRINCIPLES OF LIMB SALVAGE TREATMENT FOR MALIGNANT BONE TUMORS OF EXTREMITIES .....</b>                                                  | <b>101</b> |
| <i>Rui Jiang, Ziyang Zhang, Han Wu, Chao Zhang</i>                                                                                                      |            |
