TECHNICAL PROGRAM

Session 1: Force Main

Wednesday, March 12, 2014

1:30 pm – 4:45 pm

Room: 309

2.5 PDHs

Moderator: Paul Costa, RJN Group, Inc.

Assistant Moderator: Jane Bayer, URS

- 1A 1:30 pm Design and Construction of a Prototype In-Line Sewage Pumping Station and Off-Line Storage Facility to Reduce Force Main Pressures During Significant Wet Weather Events1**
Mike Gaffney, RK&K; William Salley, HRSD; Ryan Delo, RK&K
- 1B 2:00 pm Low Velocities in Force Mains: Impacts and Solutions18**
Bo Copeland, Sean O'Rourke, Hazen and Sawyer
- 1C 2:30 pm Continuous Pump Station Performance Evaluation Using Established Flow Monitoring Equipment30**
Craig Ziesemer, City of Suffolk, VA; Zac Canody, John Bergin, Dan Holloway, Eric Nice, Ed Snyder, CH2M HILL
- 3:00 pm Networking Break**
- 1D 3:45 pm What's in the Numbers? A Review and Analysis of More Than 400 Miles of Force Main Inspection and Condition Assessment Data47**
Travis B. Wagner, Jennifer Steffens, Jason Consultants
- 1E 4:15 pm Tractive Force Analysis—Planning for Grit Management57**
Kevin Enfinger, ADS Environmental Services; Burton Curry, Johnson, Mirmiran & Thompson
- 4:45 pm Session Adjourns**

Networking Reception — Exhibit Hall AB

Immediately following the conclusion of this session, please join us for the Networking Reception from 5:00 pm to 6:30 pm, held in the Exhibit Hall AB.

TECHNICAL PROGRAM

Session 2: Planning

Wednesday, March 12, 2014
1:30 pm – 4:45 pm

Room: 307
2.5 PDHs

Moderator: Christy Willson, Civil Design, Inc.
Assistant Moderator: Jennifer Welsch, Metropolitan St. Louis Sewer District

2A 1:30 pm GIS-Neural Network Hybrid Approach for Capacity Analysis of Metro Vancouver Sewer System66
Taban Sowlati, Yao-Hung Lan, Dan Hajduković,
Metro Vancouver

2B 2:00 pm It's Been Five Years. How are We Doing?84
Sean W. FitzGerald, Hazen & Sawyer; Rich McGillis,
Sanitation District No. 1 of Northern Kentucky

2C 2:30 pm Asset Management — You're Already Doing It: A Tulsa, Oklahoma Case Study101
Felix R. Belanger, Tetra Tech, Inc; Robert Shelton,
Tulsa Metropolitan Utility Authority

3:00 pm Networking Break

2D 3:45 pm Kill Two Birds with One Stone: Optimizing Your Business Practices While Estimating Future Staffing Needs109
Ricardo Campos, Brown and Caldwell; Rob Clark,
City of Virginia Beach; Janeane Giarrusso, Brown and
Caldwell

2E 4:15 pm Water Quality Enhanced by Sustainable Watershed Evaluation and Planning Process at the Metropolitan Sewer District of Greater Cincinnati115
Susan E. Moisio, CH2M Hill; MaryLynn Lodor,
Metropolitan Sewer District; Klaus Albertin, Sharon
Jean-Baptiste, CH2M Hill

4:45 pm Session Adjourns

Alternate 1 Managing Smarter Moves Tuscaloosa Water and Sewer Department Towards Sustainable SSO Reduction Accomplishments128
Jarrod Milligan, City of Tuscaloosa, AL; Scott Cummings,
Russ Barton, Reggie L. Rowe, CH2M HILL

TECHNICAL PROGRAM

Session 3: Operation and Maintenance (O&M)

Wednesday, March 12, 2014
1:30 pm – 4:45 pm

Room: 308
2.5 PDHs

Moderator: Gary Moore, Metropolitan St. Louis Sewer District

Assistant Moderator: Jimmy Stewart, Brenford

3A 1:30 pm Cleaning and Repairing New Bedford's Main Interceptor: Overcoming Challenges Associated with Removing PCB Contaminated Grit137
Shawn T. Syde, CDM Smith; Ronald H. Labelle, James Ricci, City of New Bedford; Kevin Schott, CDM Smith

3B 2:00 pm O&M Practices Modifications Reduce SSOS — A 30-Year Evaluation of Practices and Results and the Steps Required to Achieve 21st Century Service Expectations157
Robert Roff, New Castle County; James W. Shelton, ARCADIS

3C 2:30 pm "Turning on the Lights": The Use of a Real-Time Decision Support System to Optimize Evansville, Indiana's West Collection System167
Timothy Ruggaber, Emnet LLC; Michael Labitzke, Harry Lawson, Evansville Water and Sewer Utility

3:00 pm Networking Break

3D 3:45 pm FOGISEW: Modeling FOG Deposit Formation in Sewer Collection System181
Roya Yousefelahiyeh, Christopher Cyril Sandeep Dominic, Joel Ducoste, North Carolina State University

3E 4:15 pm The War of FOG191
Wayne H. Ludwig, Washington Suburban Sanitary Commission

4:45 pm Session Adjourns

Alternate 1 Sewer Siphons and Odor Control: A Practical Approach209
David Bennett, Rebecca Musk, Freese and Nichols, Inc.

Networking Reception — Exhibit Hall AB

Immediately following the conclusion of this session, please join us for the Networking Reception from 5:00 pm to 6:30 pm, held in the Exhibit Hall AB.

TECHNICAL PROGRAM

Session 4: Lessons Learned

Thursday, March 13, 2014

8:30 am – 10:00am

Room: 309

1.5 PDHs

Moderator: Tim Ruggaber, EmNet

- 4A** **8:30 am** **Lessons Learned from Construction Challenges Associated with Installing Sewers in Bedrock — Case Study for Rockland County Sewer District No. 1 Rockland County, New York216**
Mark E. Choroser, GHD Consulting Services; Michael Saber, Rockland County Sewer District No. 1, New York; Robert Butterworth, GHD Consulting Services, Inc.; Dianne Philipps, Rockland County Sewer District No. 1, New York
- 4B** **9:00 am** **Repurposing Abandoned Infrastructure: (Nearly) Trenchless Parallel Force Main Design and Construction227**
Justin Peterson, Steve Walters, NV5, Inc.
- 4C** **9:30 am** **Hoboken Wood Sewer Rehabilitation243**
Kevin P. Wynn, Hatch Mott MacDonald
- 10:00 am** **Session Adjourns**
- Alternate 1** **Bypass Piping System for the Southwest Diversion Pipeline260**
Ben Asavakarin, Paul C. Deardorff, Johnson Mirmiran & Thompson

TECHNICAL PROGRAM

Session 5: Potpourri

Thursday, March 13, 2014
8:30 am – 11:45am

Room: 307
2.5 PDHs

Moderator: James Shelton, ARCADIS
Assistant Moderator: Wayne Ludwig, Washington Suburban Sanitary Commission

- 5A 8:30 am Technology Demonstration: Acoustic Condition Assessment of Wastewater Collection Systems264**
Daniel J. Murray, USEPA; Gary Skipper, Brown and Caldwell; Jerome Weimer, MSD of Greater Cincinnati; Steve Donovan, Brown and Caldwell
- 5B 9:00 am Effect Of Source and Environmental Factors on Properties and Kinetics of Fog Deposits in Sewer Collection Systems292**
Mahbuba Iasmin, Joel Ducoste, North Carolina State University
- 5C 9:30 am When the Arrow Doesn't Miss the Artery: Repairing a 100-Year-Old Interceptor with a Steel Pile Driven Through It303**
Derek L. Morin, Johnson, Mirmiran and Thompson, Inc.; George Mwangi, City of Baltimore
- 10:00 am Networking Break**
- 5D 10:45 am A Comprehensive Approach to Improving Interceptor Sewers Within the City of Baltimore's Herring Run Sewershed315**
Nathan Atkinson, URS Corporation; Wazir Qadri, George Mwangi, City of Baltimore
- 5E 11:15 am Bloomingdale and LeDroit Park Neighborhood Flooding: Providing a Fast-tracked, Multi-Pronged Response for Short-Term Flood Mitigation329**
Jennifer M. Howells, ARCADIS; Jodye Russell, DC Water; Bill Barrack, ARCADIS
- Alternate 1 Danger Southerly Wastewater Treatment Center! An Early Warning System May Save the Plant353**
Scott E. Belz, URS; Denis Zaharija, Northeast Ohio Regional Sewer District; Juan Stein, Sigma Associates, Inc.; Costas Kontos, URS
- Alternate 2 Off to the Races! Don't Let the Daunting Task of Modeling a Collection System During a \$4.7 Billion Water Quality Initiative Make You Crabby!361**
Angela Martin, Jennifer Welsch, St. Louis MSD

TECHNICAL PROGRAM

Session 6: Wet Weather

Thursday, March 13, 2014
8:30 am – 11:45 am

Room: 308
2.5 PDHs

Moderator: Dianne Sumego, Black and Veatch
Assistant Moderator: Christy Wilson, Civil Design, Inc.

- 6A 8:30 am Development of Regional Design Storms That Are Representative of the Historical Climate and Projected Climate Change378**
Baxter E. Vieux, Jean E. Vieux, Vieux & Associates
- 6B 9:00 am Pilot Testing of BIOACTIFLO for Wet Weather Treatment at the Akron, Ohio Water Reclamation Facility386**
Gregory Heath, AECOM; Patrick Gsellman, Genny Hanna, City of Akron; Daniel Starkey, AECOM
- 6C 9:30 am The Scope of I/I in Tennessee — Quantifying the Problem Using Public Records400**
George E. Kurz, Consulting Engineer
- 10:00 am Networking Break**
- 6D 10:45 am CSO Post-Construction Monitoring: The Theory and Practice of Achieving Performance Criteria417**
Mark Jacob, Ann McIver, Jamie Dillard, Mark Vogler, Citizens Energy Group; Christopher J. Ranck, Sarah Rutkowski, ARCADIS; Stephen Rowe, RW Armstrong
- 6E 11:15 am Alleviating SSO/CSOs — Real Solutions for Real Problems436**
Matt Crow, Burt Curry, JMT; John Holloway, Little Rock Wastewater; Pat Coxon, City of Bremerton
- 11:45 am Session Adjourns**

- Alternate 1 The Art of Formulating Wet Weather Solutions: A Screening Tool Companion to the Calibrated Hampton Roads Regional Hydraulic Model458**
Phillip Hubbard, Hampton Roads Sanitation District; Michael Morgan, Charles Moore, CDM Smith; Robert Martz, Hampton Roads Sanitation District; Matthias Wittenberg, CDM Smith
- Alternate 2 One Size Storm Does Not Fit All: Development of a Wet Weather SSO Elimination Plan for the City of Baltimore using Continuous Model Simulation465**
Jeffrey Pelletier, MWH; Wazir Qadri, City of Baltimore

TECHNICAL PROGRAM

Session 7: Lateral Rehab

Thursday, March 13, 2014

10:45 am – 11:45 am

Room: 309

1.0 PDHs

Moderator: Tim Ruggaber, EMNet

Assistant Moderator: Jeffrey Griffiths, Hydromax USA

7A 10:45 am Private Service Lateral Rehabilitation Design Challenges: Johnson County Wastewater Nelson Pilot I/I Project479

Waldo A. Margheim, George Downs, George Butler Associates; Dan Ott, Johnson County Wastewater

7B 11:15 am Pilot Uncharted Territory: Exploring Methods for Detecting Inflow and Infiltration From Private Sewer Laterals490

Daniel P. Maas, Brown and Caldwell; Phil Hubbard, Hampton Roads Sanitation District

11:45 am Session Adjourns

Alternate 1 Voluntary Private Sector I/I Removal: A Successful Public Communication Program498

Waldo Margheim, George Butler Associates; Josh Tedder, Black and Veatch; Wayne Miller, CH2M Hill; Ron Thomann, TREKK Design Group; Dan Ott, Johnson County Wastewater

TECHNICAL PROGRAM

Session 8: Regulatory

Thursday, March 13, 2014
1:30 pm – 3:00 pm

Room: 307
1.5 PDHs

Moderator: Kraig Moodie, FloWav
Assistant Moderator: Jeffrey S. Pelletier, MWH Global

- 8A 1:30 pm Eight Circuit Vacates EPA's Illegal Rules Banning Blending and Bacteria Mixing Zones: EPA's Determination that the Decision Only Applies in the Eight Circuit and the Implications For Communities508**
John C. Hall, Gary B. Cohen, Philip D. Rosenman, Keisha M. Sedlacek, Hall & Associates
- 8B 2:00 pm Saving Peach Lake: A Fast Tracked Solution That Convinced Hundreds of Residents, Two Municipalities, New York City and New York State Regulators513**
Sarah Cwikla, GHD, Inc.
- 8C 2:30 pm A Statewide Assessment of Infiltration and Inflow in Municipal Collection Systems in Maryland531**
Duane A. Wilding, Ellen Frketic, Luke Page, Tracy Jackson, Maryland Environmental Service
- 3:00 pm Networking Break**
- 4:00 pm Technical Discussion & Committee Meeting**
All attendees are invited and encouraged to participate in this meeting, which will provide information about WEF's Collection Systems Committee (CSC) and how to get involved. Meeting will take place in **Room 308**.
- Alternate 1 Is Bigger Always Better? Studying the Impacts of Wastewater System Regionalization544**
Christopher D. Wilson, Brown and Caldwell; Phil Hubbard, Hampton Roads Sanitation District
- Alternate 2 The Role of NPDES Permits in EPA's Integrated Planning Effort548**
Kevin J. Weiss, U.S. Environmental Protection Agency

TECHNICAL PROGRAM

Session 9: Design and Construction

Thursday, March 13, 2014
1:30 pm – 3:00 pm

Room: 308
1.5 PDHs

Moderator: Mirza Rabbaig, Detroit Water and Sewerage
Department

Assistant Moderator: Rudy Fernandez, Parsons Brinckerhoff

- 9A 1:30 pm CSO Siphon Design: Proper Planning Eliminates Constructability Issues and Reduces Construction Costs555**
Jeremy Schmitt, Karen Saavedra, American Structurepoint, Inc.
- 9B 2:00 pm Unique Solution: Bending Weir Solves Overflow and Basement Flooding Problem568**
Elizabeth Ehret, MS Consultants, Inc.; Hazem Gheith, ARCADIS; Robert Herr, City of Columbus, OH; Fread Meade, Complete General Construction Company, Inc.
- 9C 2:30 pm Small Bore Sewer System in Developing Countries: Challenges Solved590**
Hatem A. Fadel, Misr Higher Institute for Engineering and Technology
- 3:00 pm Networking Break**
- 4:00 pm Technical Discussion & Committee Meeting**
All attendees are invited and encouraged to participate in this meeting, which will provide information about WEF's Collection Systems Committee (CSC) and how to get involved. Meeting will take place in **Room 308**.
- Alternate 1 A Change in Combined Sewer Overflow Strategy is Precipitated by Stormwater Policies and Watershed-Based Modeling605**
James S. Talian, City of Lynchburg, VA; Lin Liang, Greeley and Hansen

TECHNICAL PROGRAM

Session 10: The Integrated Planning Framework

Thursday, March 13, 2014
1:30 pm – 3:00 pm

Room: 309
1.5 PDHs

Moderator: Jim Hewitt, City of Akron
Assistant Moderator: Joan Fernandez, Brown and Caldwell

- 10A 1:30 pm The U.S. EPA's Integrated Planning Framework616**
Loren Denton, U.S. Environmental Protection Agency
- 10B 2:00 pm Introduction to the City of Baltimore's Integrated Planning Framework Approach639**
Rudy Chow, City of Baltimore; Sean Searles, Lynette Cardoch, Jane McLamarrah, MWH Americas, Inc.
- 10C 2:30 pm Blueprint Columbus: Leveraging Consent Order Commitments to Enhance Neighborhoods649**
Jason Sanson, Susan Ashbrook, Dax Blake, City of Columbus; Kathleen Smith, ARCADIS; John Newsome, City of Columbus
- 3:00 pm Networking Break**
- 4:00 pm Technical Discussion & Committee Meeting**
All attendees are invited and encouraged to participate in this meeting, which will provide information about WEF's Collection Systems Committee (CSC) and how to get involved. Meeting will take place in **Room 308**.

TECHNICAL PROGRAM

Session 11: Rough Currents of the Chesapeake: A Wave of Solutions

Friday, March 14, 2014

8:30 am – 11:45 am

Room: 309

3 PDHs

Moderator:

Burt Curry, JMT

Assistant Moderator:

John Fletcher, Duke's Root Control, Inc.

- 11A 8:30 am Regionalization in Hampton Roads660**
Phil Hubbard, Hampton Roads Sanitation District
- 11B 9:00 am The Day After — Preparedness and Recovery661**
Steve Motley, City of Virginia Beach
- 11C 9:30 am WSSC's Asset Management for Sustainable Infrastructure663**
Calvin Farr, Washington Suburban Sanitary Commission
- 10:00 am Networking Break**
- 11D 10:15 am After the Consent Decree — The Burgeoning Private Asset Dilemma665**
Tracy Surles, New Castle County
- 11E 10:45 am The Use of Tunnels in Meeting CWA requirements667**
Carlton Ray, DC Water
- 11F 11:15 am The Water Resources Utility of the Future: How it will Affect the Collection System Managers of the 21st Century669**
Matt Ries, Water Environment Federation
- 11:45 am Session Adjourns**

TECHNICAL PROGRAM

Session 12: Affordability and Capital Planning

Friday, March 14, 2014

8:30 am – 10:00 am

Room: 307

1.5 PDHs

Moderator: Mike Harmer, Washington Suburban Sanitary Commission

Assistant Moderator: Stacy Passaro, Passaro Engineering, LLC

12A 8:30 am Maximizing your Budget Impact — Optimized Phasing of Projects to Accelerate the Environmental Benefits of Reduced CSO Volumes672
Jeff Frey, Optimatics; Joel Wilson, WCS Engineerings; Patrick Henthorn, Gary Gilot, South Bend Public Works

12B 9:00 am An Optimization Planning Framework for Cost-Effective Wet-Weather Planning686
Mason Throneburg, Paul Amico, CH2M HILL; Mike Labitzke, Evansville Water and Sewer Utility

12C 9:30 am Using Archetypes to Prioritize Sewer Rehabilitation Works and Estimate I/I Reduction705
Andrew Boyland, Kerr Wood Leidal Associates, Ltd.; Malcolm Cowley, James McAloon, Capital Regional District

10:00 am Session Adjourns

Alternate 1 Effective Uses of Flow Monitoring and Hydraulic Modeling to Plan and Verify Sewer716
Masatsugu Takamatsu, Thomas Newman, HDR/HydroQual, Inc.

Alternate 2 Cost-Effective Sanitary Sewer Overflow Reduction Planning727
Dan Ruby, Brown and Caldwell; Phil Hubbard, Hampton Roads Sanitation District; Andy Lukas, Richard Stahr, Carlos Toro, Chris Wilson, Brown and Caldwell;

TECHNICAL PROGRAM

Session 13: Condition Assessment

Friday, March 14, 2014
8:30 am – 11:45 am

Room: 308
3 PDHs

Moderator: Richard Thomasson, ARCADIS
Assistant Moderator: Wayne Ludwig, Washington Suburban Sanitary Commission

- 13A 8:30 am Sewer Rehabilitation Project Results in Return on Investment748**
Charles Starling, ARCADIS; Stacy Hayden, Emerald Coast Utilities Authority; Eric Harold, Justin Midgette, ARCADIS
- 13B 9:00 am Finding the Sweet Spot for Mitigating SSOs764**
John J. LaGorga, GHD, Inc.; Karl Schrantz, O'Brien and Gere; Bob Winn, Brown and Caldwell; Steven Devan, Oneida County
- 13C 9:30 am The Lateral Inspection Program: Getting the Knowledge and Responsibility Flowing in the Right Direction767**
Marci Davis, Jacobs Engineering
- 10:00 am Networking Break**
- 13D 10:15 am Problem-Based Prioritization for Effective I/I Management — Knowing When to Say 'Go' on Rehab776**
Roger Hanas, Citizens Energy Group; Kristen Buell, Tina Wolff, Chris Ranck, ARCADIS
- 13E 10:45 am Using a Hydrogen Sulfide Monitoring Program to Assess Corrosion Risk in Interceptor Sewer System Assets789**
Dan Porter, Brown and Caldwell; Gina Serge, Hampton Roads Sanitation District; Erin Culbertson, Brown and Caldwell; Mark Feltner, Hampton Roads Sanitation District
- 13F 11:15 am Using Acoustic Inspections to Prioritize Sewer Cleaning: Test Results from Baltimore County's Pilot Study816**
Thomas Kiefer, Baltimore County DPW; Paul Sayan, Louis Berger Water Services; George Selembo, InfoSense, Inc.

TECHNICAL PROGRAM

Session 14: Flow Data Assessment

Friday, March 14, 2014

10:15 am – 11:45 am

Room: 307

1.5 PDHs

Moderator: Greg Heath, AECOM

Assistant Moderator: Michael Kirby, Woolpert

14A 10:15 am Implementing an Effective Remote Manhole Level Monitoring Network844

Justin Waples, Central Contra Costa Sanitary District

14B 10:45 am Should the Meters Stay or Should They Go? How Important Is Capturing the Big Storm to I/I Analysis Results?857

Julie M. Trick, Johnson, David A. Berry, Mirmiran and Thompson, Inc.; David Bayer, Baltimore County

14C 11:15 am Do You Have Difficulty Calibrating Dry Days in Your Model? Could Be Dirty Deeds Done by Dead Dogs.....887

Patrick L. Stevens, ADS Environmental Services

11:45 am Session Adjourns

Alternate 1 Calibration and Validation of a Large Sewer System Model for Continuous Simulation897

Edward Burgess, CDM Smith; Fang Cheng, Gregory Barden, Robert Herr, City of Columbus; Afaf Musa, CDM Smith
