# TABLE OF CONTENTS

|                                                                                                                                                                  |            |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------|
| <b>SINGLE CARRIER PWM SCHEME FOR SINGLE PHASE NINE LEVEL SYMMETRICAL INVERTER FOR RENEWABLE ENERGY INTERFACING .....</b>                                         | <b>1</b>   |
| <i>Atmanandmaya ; Jayaram Nakka</i>                                                                                                                              |            |
| <b>A GENETICALLY OPTIMIZED METHOD FOR WEIGHT UPDATING IN FUZZY COGNITIVE MAPS.....</b>                                                                           | <b>7</b>   |
| <i>S Sujamol ; Sreeja Ashok ; U. Krishnakumar ; C S Anoob</i>                                                                                                    |            |
| <b>DESIGN OF FRACTIONAL ORDER CONTROLLERS FOR CONICAL TANK PROCESS.....</b>                                                                                      | <b>12</b>  |
| <i>Sateesh Kumar Vavilala ; T. Vinopraha</i>                                                                                                                     |            |
| <b>AUTOMATIC ATMOSPHERIC CO2 ANALYZER .....</b>                                                                                                                  | <b>17</b>  |
| <i>V Ashmil ; AP Sooraj ; K Akash ; M Junaidudheen ; Beevi A Shaml</i>                                                                                           |            |
| <b>PERFORMANCE ANALYSIS OF AUTOMATED QUANTITATIVE FEEDBACK THEORYBASED ROBUST CONTROLLER FOR PHOTOVOLTAIC CONVERTER .....</b>                                    | <b>21</b>  |
| <i>Hemachandra Gudimindla ; K Manjunatha Sharma</i>                                                                                                              |            |
| <b>WATER PURIFICATION USING SOLAR THERMAL AND SOLAR PV .....</b>                                                                                                 | <b>28</b>  |
| <i>S Abhishek ; Amit Suresh Kumar ; E Anjana ; M Rahul ; S Jisma</i>                                                                                             |            |
| <b>A HYBRID APPROACH FOR SUFFIX SEPARATION IN MALAYALAM .....</b>                                                                                                | <b>32</b>  |
| <i>A P Ajees ; G Graham</i>                                                                                                                                      |            |
| <b>STATISTICAL ANALYSIS OF MONTHLY SOLAR RADIATIONS AND WIND SPEED DATA.....</b>                                                                                 | <b>36</b>  |
| <i>Sagar D. Tayde ; Sanjay M. Shinde</i>                                                                                                                         |            |
| <b>A GRID CONNECTED HYBRID PV/FUEL CELL/BATTERY USING FIVE LEVEL PWM INVERTER.....</b>                                                                           | <b>41</b>  |
| <i>Shiv Shankar Yadav ; K.S. Sandhu</i>                                                                                                                          |            |
| <b>DESIGN AND ANALYSIS OF 2×4 PLANAR ARRAY ANTENNA WITH BEAM STEERING FACILITY.....</b>                                                                          | <b>46</b>  |
| <i>Prakriti Aggarwal ; Shuchismita Pani ; Parnika Saxena</i>                                                                                                     |            |
| <b>COMPARISON OF CACHING POLICIES IN WIRELESS NETWORKS.....</b>                                                                                                  | <b>50</b>  |
| <i>K M Shashank Kamath ; Niraj Gupta ; Vivek Shivaram</i>                                                                                                        |            |
| <b>CONTINUOUS SPEECH RECOGNITION SYSTEM FOR MALAYALAM LANGUAGE USING KALDI.....</b>                                                                              | <b>53</b>  |
| <i>Lavanya B. Babu ; Anu George ; K R Sreelakshmi ; Leena Mary</i>                                                                                               |            |
| <b>A COMPARATIVE STUDY ON VARIOUS LPWAN AND CELLULAR COMMUNICATION TECHNOLOGIES FOR IOT BASED SMART APPLICATIONS.....</b>                                        | <b>57</b>  |
| <i>Sarath Chandu Gaddam ; Mritunjay Kumar Rai</i>                                                                                                                |            |
| <b>A TECHNICAL REVIEW ON CONTROL STRATEGIES FOR ACTIVE POWER FILTERS .....</b>                                                                                   | <b>65</b>  |
| <i>Ragam Rajagopal ; K. Palanisamy ; S. Paramasivam</i>                                                                                                          |            |
| <b>SIMULATION AND PERFORMANCE ANALYSIS OF SECURITY ISSUE USING FLOODLIGHT CONTROLLER IN SOFTWARE DEFINED NETWORK.....</b>                                        | <b>71</b>  |
| <i>R. Vedhapriyavadhana ; E. Francy Irudaya Rani ; M. Theepa</i>                                                                                                 |            |
| <b>RECONFIGURABLE LINEAR PHASE LESS COMPLEX SHARP TRANSITION BAND FILTER USING FRM METHOD .....</b>                                                              | <b>77</b>  |
| <i>AA Hanimol ; B Prameela</i>                                                                                                                                   |            |
| <b>OPTIMIZATION TECHNIQUE BASED FUZZY LOGIC CONTROLLER FOR MPPT OF SOLAR PV SYSTEM .....</b>                                                                     | <b>83</b>  |
| <i>Swarup Kumar Saha ; Jaipal</i>                                                                                                                                |            |
| <b>OPTIMAL SITTING AND SIZING OF RENEWABLE ENERGY RESOURCES FOR POWER LOSS REDUCTION IN RADIAL DISTRIBUTION SYSTEMS USING WHALE OPTIMIZATION ALGORITHM .....</b> | <b>88</b>  |
| <i>G Sabarinath ; T. Gowri Manohar</i>                                                                                                                           |            |
| <b>AN IMAGE ENCRYPTION TECHNIQUE USING LOGISTIC MAP AND Z-ORDER CURVE .....</b>                                                                                  | <b>93</b>  |
