Table of contents

Volume 1075

Regional Conference on Acoustics and Vibration 2017 (RECAV 2017)

27–28 November 2017, Bali, Indonesia

Accepted papers received: 2 August 2018

Published online: 22 October 2018

Preface

[Regional Conference on Acoustics and Vibration 2017 \(RECAV 2017\)](#)

[Peer review statement](#)

Papers

[Vibrato correlation to sound quality in violin performance](#)

T Dimov.....1

[Acoustical characteristics of device system for chasing away birds at Ngurah Rai International Airport Denpasar Bali](#)

H A Akil and B Basuki.....7

[Exploring the biodiversity in Alas Purwo National Park, East Java through soundscape ecology](#)

G R Setyantho, S S Utami and S Hadi.....14

[Current situation of acoustic environment in childcare facilities in Japan: A comprehensive survey in Kumamoto City region](#)

K Kawai.....19

[Analysis of the absolute and the relative transmissibility on the centrifugal pump](#)

N Falasifah, I Taufan, D Arifianto and J Susatio.....25

[The influence of non-audible plural high frequency electrical noise on the playback sound of audio equipment \(2nd report\)](#)

N Kimura and T Yoshida.....31

[Acoustics perception aspect of Sundanese Celempung's ensemble recording](#)

J A Simanjuntak, J Sarwono, D Kurniadi and A S Sudarsono.....37

[Performance of underwater source separation using narrowband and broadband signal at mini underwater test tank with varied in salinity and temperature](#)

B H Purwojatmiko, E Cahyaningtyas, D Arifianto and W A Asmoro.....42

[Experimental investigation of fabric-based micro perforated panel absorber](#)

G Desendra, M N Hermanto, I Prasetyo and D R Adhika.....48

[Drill string nonlinear vibrations: experimental studies and finite-element analysis](#)

M Kanzari, I M Shahin, M Y Alqaradawi and B Balachandran.....53

[Vibration Transmissibility Measurement on Multi Pump Damage Detection Using Accelerometer Array](#)

Anisatul Fauziyah, Try Rahadi Sulistomo, Mifta Nur Farid and Dhany Arifianto.....59

[Audio Signal Deterioration Caused by Propagation Noise between Audio Equipment \(2nd report\)](#)

Takahiro Fujino and Takahiro Yoshidal.....63

[Underwater Source Separation Using Multi-Stage Independent Component Analysis in Semi-Anechoic Water Tank](#)

Ridhwan Juniarga Pribadi, Mifta Nur Farid, Wiratno Argo Asmoro, Wirawan, Endang Widjiati and Dhany Arifianto.....69

[High-speed Vision System for Dynamic Structural Distributed Displacement Analysis](#)

Zulhaj Aliansyah, Mingjun Jiang, Takeshi Takaki and Idaku Ishii.....75

[Objective and subjective acoustics measurement of audience seating areas in a medium size auditorium](#)

L F Sari, S S Utami and J Sarwono.....81

[Application of Acoustic Doppler Current Profiler \(ADCP\) to Observe Diel Vertical Migration of Zooplankton](#)

Angga Dwinovantyo, Henry M. Manik, Tri Prartono and Susilohadi.....87

[Measurement and Visualization System of Eigenmode Shapes Considering Orthogonal Modes on Circular Membrane](#)

Eri Zempo, Naoto Wakatsuki, Koichi Mizutani and Yuka Maeda.....93

[Acoustical measurement and questionnaire survey on the comfortableness of conversation in tavern](#)

K Harada and K Kawai.....99

[Transport theory is the key foundation of the theoretical design of metamaterials-
metamaterial is artificial phase transition](#)

W S Gan.....104

[Acoustic emission technique as an adaptive biomarker in integrity analysis of knee joint](#)

T I Khan, M Kusumoto, Y Nakamura, S Ide and T Yoshimura.....110

[Acoustic signal of Javanese 56 cm brass kempul](#)

M H W Budhiantho and D Salim.....116

[Performance evaluation of a back-to-back speaker system using a low-cost single board computer as a digital signal processor](#)

Irwansyah, Raphaël Masson, Naoyuki Kuse and Tsuyoshi Usagawa.....122

[Flanking floor impact sound insulation in cross laminated timber model building for experiment](#)

A Hiramitsu, T Otsuru, R Tomiku and K Harada.....127

[Vibro-acoustic characterization of Angklung bamboo tube](#)

T Aditanoyo.....133

[Effect of Movement on Positioning Accuracy in a Transponder-based Acoustical Positioning](#)

Hirokazu Iwaya, Satoki Ogiso, Koichi Mizutani, Tadashi Ebihara and Naoto Wakatsuki.....139

[Experimental acoustic modal analysis of an automotive cabin: challenges and solutions](#)

G. Accardo, P. Chiariotti, B. Cornelis, M. El-Kafafy, B. Peeters, K. Janssens and M. Martarelli.....145

[Dynamical mechanical characterization of a nanostructured vibration damping layer](#)

JP Arenas, JL Castaño and ML Auad.....153

[Analysis for active isolation of the equipment on flexible beam structure](#)

H E Oh, J M Ku, D H Lee, C S Hong and W B Jeong.....159

[Design of half-car active suspension system for passenger riding comfort](#)

Y Susatio, L Oktaviana, N K Rizki, E Listijorini and T R Biyanto.....165

[Sound quality degradation of audio equipment by hum noise induced by non-audible high frequency electrical noise](#)

D Kobayashi and T Yoshida.....171

[Fractal diffusers as noise barrier top-edge devices](#)

Prachee Priyadarshinee, Kian Meng Lim and Heow Pueh Lee.....175

[The relationship between sound source and urban soundscape](#)

A S Sudarsono, N P A Nitidara and J Sarwono.....181

[An Indonesian speech synthesis system considering low-power event before vowel-starting-syllable](#)

I Setiawan and T Hirai.....186

[A method for selecting a proper modulation technique for the parametric acoustic array](#)

F Farias and W Abdulla.....192

[Measurement of bottom backscattering strength using single-beam echosounder](#)

S Solikin, H M Manik, S Pujiyati and S Susilohadi.....198

[Methods to reduce noise level due to environmental changes: A case study in Universitas Gadjah Mada](#)

S S Utami, D D Avoressi, R J Yanti, K Zakiya and H Sutanta.....204

[Prediction and simulation of internal train noise resulted by different speed and air conditioning unit](#)

B.T. Atmaja, M.F. Puabdillah, M.N. Farid and W.A. Asmoro.....210

[Management at corporate level of noise exposure assessment and control for Petrobras refining](#)

P Pischedda, K Cormier and I Mohamed.....216

[Acoustics of noise, vibration, and harshness](#)

W S Gan.....222

[Real-time impulse response estimation based on mirrored virtual sound sources](#)

Sadjad Siddiq.....227

[Measurement of Acoustic Performance of an Auditorium](#)

C. M. F. Pangau, M. S. Prawirasasra and Abrar Ismardi.....236

[Identification disorders of vocal cords through the public communications VoIP network-based IVR with dysphonia severity index \(DSI\)](#)

A B Ariyanto, F Y Supratman and H Bethaningtyas.....241

[A multidimensional valuation of the human perception of construction vibration](#)

A A Noviyanti and J S Woodcock.....247

[The development of acoustic environment simulator for passenger's train soundscape](#)

K W Zakri, A S Sudarsono, J Sarwono, S S Utami, N Hidayah and N N Hamdani.....253

[Evaluation of Time-Difference-of-Arrival Error of Acoustic Beacons Caused by Velocity of Microphone Array](#)

Satoki Ogiso, Koichi Mizutani, Naoto Wakatsuki and Tadashi Ebihara.....259

[Frequency Measurement of Bonang Barung and Peking in Javanese Gamelan using Audacity](#)

Y Pramudya, L Widayanti and F Melliagrina.....265

[The usage of natural materials for the green acoustic panels based on the coconut fibers and the citric acid solutions](#)

Z A Rachman, S S Utami, J Sarwono, R Widyorini and H R Hapsari.....271

[Study of the Effect of Splaying Wall to Modify Acoustic Modes Distribution in Small Room](#)

H Gunawan and T Aditanoyo.....277

[Evaluation of acoustic performance open-plan office at Jawa Pos building based on ISO 3382-3](#)

H Thabrani, I Susilo and Suyatno.....283

[Picture of Hearing Health with Exposure to Environmental Noise on Boat Ketek Riders in Region of Ancol Tanggo Rajo Jambi 2017](#)

A Akbar, I Fadlan and I Sukandar.....289

[Measurement traceability of acoustics and vibration instruments in Indonesia](#)

D Hermawanto, M R Palupi, D Rusjadi, N R Prasasti, B Dwisetyo, C C Putri and H A Akil.....294

[Tank experiment and simulation of sunken hazardous and noxious substances detection using high frequency active sonar](#)

D G Han, J W Choi and S U Son.....300

[The study of resonator-diffuser acoustics performance using PVC pipe](#)

Suyatno, A Andy, S Indrawati and G Prajitno.....304

[The mother's womb acoustic environment: study of the original sounds and replication for pre-term infants](#)

G Dealessandri and M Vivalda.....310

[Enclosure design of train of eating and generator on production PT. INKA Madiun using computational fluid dynamics](#)

H R Amrullah, P K Deo and W A Asmoro.....316

[Designing ocean acoustic waveguide remote sensing for target detecting and tracking](#)

H M Manik, Susilohadi, B R Kusumah, A Dwinovantyo and S Solikin.....323

[Nonlinear stochastic drillstrings vibrations: parametric study for stick-slip suppression](#)

M Y Alqaradawi, M Kanzari and B Balachandran.....329

[Sound insulation design improvement for reducing noise of paper factory office](#)

M S Kanteyan, S S Utami, I Prasetyo and R J Yanti.....336

[Outdoor traffic noise effect in indoor sound distribution](#)

Ridho Muhammad Hasan, Sentagi S. Utami and Heri Sutanta.....342

[Study report: association between pure tone average and ossicular status in chronic suppurative otitis media](#)

N Shinta, N Purnami and T H Ahadiah.....348

[Improving the airborne sound insulation properties of vacuum insulating glazing using dissimilar pane thickness and a laminated pane: experimental results](#)

A C Nugroho, D Cabrera and C Kocer.....353

[Reactive oxygen species levels are high risk worker of noise induced hearing loss in hospitals](#)

N Purnami and S P P Manyakori.....360

[Low-frequency impact sound pressure level characteristics with three standard impact sources in Korean reinforced concrete structured apartment buildings](#)

J H Jeong.....365

[The modified whispered test for screening of hearing impairment in children at the elementary school](#)

N Purnami.....370

[Noise exposure in vocational school](#)

V Melyani and N Purnami.....375

[Cochlear dysfunction with acoustic trauma in fire shooting training](#)

N Purnami, F Helmi, B Utomo, D F Anissa and D Arifianto.....379

[A general description of measurement method for sound absorption and surface impedance of materials using ensemble averaging](#)

N Sakamoto, T Otsuru, R Tomiku and Saki Yamauchi.....383

[Configuration and welding characteristics of ultrasonic complex vibration welding systems using two-dimensional vibration stress](#)

J Tsujino.....389

[Identification vocal cord condition during treatment process with dysphonia severity index](#)

M H Trihatmojo, Suprayogi and H Bethaningtyas.....395

[Acoustic properties of Temen and Wulung bamboo as a Material for Gambang: Sundanese traditional musical instrument](#)

K Leonardo, J Sarwono and I Prasetyo.....401

[Correlation between earphone usage and visiting game centre with hearing threshold](#)

S N Wicaksono, L Dewanti and N Purnami.....406

[Characterization and evaluation the acoustics parameters of Graha Sepuluh Nopember ITS Surabaya](#)

Suyatno, B Kurnia, G Prajitno and S Indrawati.....412

[Study on measurement and habitability evaluation for floor impact vibration on prefabricated housing floor](#)

T. Matsuda and T. Shimizu.....417

[Reliability evaluation technique of compressor using pressure pulsation and vibration signals](#)

Y W Kim and W B Jeong.....423

[A case study of smartphone based platform for mapping and analyzing environmental noise in Singapore](#)

Saurabh Garg, Kian Meng Lim and Heow Pueh Lee.....428

[Insulation Performance of Classrooms in Green Building](#)

Ulvariandani, M. S. Prawirasasra and Suwandi.....433

[Vibration field estimation of a plate in time domain using Kalman filter](#)

M J Sim, B K Jung and W B Jung.....439

[Alternating Least Squares \(ALS\) blind source separation performance varied on dimension, salinity, and temperature water environment](#)

N P Yuwono, D Arifianto, Wirawan, W A Asmoro, E Widjiati and M P Liana.....443

[A pilot study: the impact of continuous and intermittent noise on human blood pressure changes](#)

N Khoirunnisa, A Nadiroh, D Arifianto and T Dhanardono.....449

[Improvement acoustic quality room live music P-Two cafe Surabaya](#)

I B A Pangestu, D N Fauzi and W A Asmoro.....455

[Traffic noise control in SMAN 5 Surabaya](#)

F A Winarno, M P Liana and T Dhanardono.....461

[Time-Frequency Independent Component Analysis for Multi-Damage Detection on a Rotating Machine](#)

D Arifianto.....467

[Noise exposure hazard at supporting facilities of Dr. Soetomo General Hospital, Surabaya, Indonesia](#)

D Arifianto, A Nadiroh, R D Kartika and N Purnami.....473

[Crack Detection of Propeller Shaft on board Marine Ship using Microphone Array](#)

D Arifianto.....479
