

# **PORTS 2019**

## **Port Engineering**

Papers from Sessions of the 15th Triannual  
International Conference

Pittsburgh, Pennsylvania, USA  
15 – 18 September 2019

### **Editors:**

**Pooja Jain**  
**William S. Stahlman III**

ISBN: 978-1-5108-9377-1

# Contents

|   |            |
|---|------------|
| <b>A Look into Premature Failure of Vertically Welded Pipe Piles .....</b>  | <b>1</b>   |
| Matthew L. Teeden and Lukian A. Harris  |            |
| <b>An Integrated Assessment of Seismic Hazard Vulnerability and Resilience of Seaports .....</b>  | <b>11</b>  |
| Jieun Hur, Abdollah Shafiezadeh, and Zhenhua Chen   |            |
| <b>Berths 214–220 Redevelopment Construction Lessons Learned at the Port of Los Angeles .....</b>   | <b>23</b>  |
| E. Han, L. Nguyen, A. Lim, O. Jaradat, and K. Arulmoli  |            |
| <b>Pile-Supported Quay Submitted to Successive Earthquake and Tsunami Actions .....</b>   | <b>32</b>  |
| Cláudia Reis  |            |
| <b>CFD Wave Loading and Response Analysis for Large Interconnected Float Systems.....</b>   | <b>44</b>  |
| C. L. Monfort, S. Fenical, R. Riley, and N. Watson  |            |
| <b>Challenges and Considerations in Selection, Anchorage Design, and Installation of Quick-Release Mooring Hooks on Existing Structures .....</b> | <b>55</b>  |
| Rune Iversen, William M. Bruin, and Julie A. Galbraith  |            |
| <b>Combined Kinematic and Inertial Seismic Analysis of Marine Structures .....</b>  | <b>66</b>  |
| J. A. Galbraith, M. A. Naeem, and W. M. Bruin   |            |
| <b>Decommissioning of SR520 Floating Bridge, Seattle, WA.....</b>   | <b>78</b>  |
| M. A. Naeem, R. Iversen, and S. X. Yao  |            |
| <b>Design Challenges—B Jetty Reconstruction, Canadian Forces Base in Esquimalt, British Columbia, Canada .....</b>                                | <b>90</b>  |
| Upul Atukorala, Roberto Olivera, and Rowland Atkins   |            |
| <b>Design, Testing, and Construction of a Wave Energy Absorbing Quay Wall .....</b>   | <b>102</b> |
| Mauricio A. Wesson and Jack C. Cox  |            |
| <b>Dolphin Restraint System for the Precast Concrete Floating Berth at the Haines Ferry Terminal .....</b>  | <b>113</b> |
| Chad Goodnight, Scott Branlund, Doug Playter, and Tim Doggett   |            |
| <b>Dredging Techniques and Technology to Facilitate a Large Dredge Project—Pier 4 Reconfiguration .....</b>                                       | <b>125</b> |
| Scott Stainer, Kyle Dickens, and Trevor Thornsley   |            |

|  |            |
|--|------------|
| <b>Drone: The New Point and Shoot Camera; Using Drones to Enhance Waterfront Inspection and Design .....</b>           | <b>135</b> |
| David Marcotte, Kirk Riden, Eric Levesque, Michael Moser, and Daniel Del Tufo  |            |
| <b>Effect of Moored Vessels on the Dynamic Response of Marginal Wharves Subjected to Ground Motions.....</b>           | <b>144</b> |
| J. Nicolas Villamizar-Gonzalez, J. Paul Smith-Pardo, and Juan C. Reyes   |            |
| <b>Emergency Wharf Repair at North Embarcadero, Port of San Diego, CA.....</b>   | <b>155</b> |
| Matthew N. Martinez  |            |
| <b>Establishing a Rational Inspection Criteria for Composite Materials Used in Waterfront Structures .....</b>         | <b>165</b> |
| Rune Iversen, William M. Bruin, Maximo L. Argo, Jesse Hooge, and Jim Watson  |            |
| <b>Evaluation of ASCE 61-14 Nonlinear Static Procedures for Estimating the Seismic Response of Wharves.....</b>        | <b>175</b> |
| Juan D. Sandoval, J. Paul Smith-Pardo, and Juan C. Reyes   |            |
| <b>Extending the Service Life of Mooring Cells .....</b>   | <b>185</b> |
| Zachary J. Usselton  |            |
| <b>Failure Investigation and Rehabilitation of a Steel Sheet Pile Bulkhead .....</b>                                   | <b>197</b> |
| Zachary D. Jenkins   |            |
| <b>General Berthing Pier Replacement at Naval Base San Diego.....</b>  | <b>207</b> |
| Henrik Dahl, James Connolly, and Alberto Sanchez   |            |
| <b>Geotechnical and Structural Challenges: New Seattle Multimodal Terminal at Colman Dock Project.....</b>             | <b>216</b> |
| M. Birkan Bayrak, Reda Mikhail, Mike Wray, Jon Mjelde, and William S. Hegge  |            |
| <b>Geotechnical Considerations for Development of a Fireboat Station at the Port of Long Beach.....</b>                | <b>227</b> |
| Raj S. Varatharaj, Pratheep K. Pratheepan, Cheng Lai, Kristen Hulett, Stacey Jones, Joel Aguilar, and Arul K. Arulmoli |            |
| <b>Geotechnical Issues Encountered and Overcome in the Development of Colombia's Gateway Port.....</b>                 | <b>238</b> |
| Thomas Shafer Jr.  |            |
| <b>Increasing Lift Height and Improving Ship to Shore Gantry Cranes inside an Active Container Yard.....</b>           | <b>249</b> |
| Edward H. Stehmeyer III  |            |
| <b>Influence of Dynamic Behavior of Soft Clay on Seismic Pier Response at the Port of San Francisco .....</b>          | <b>261</b> |
| Benjamin Serna, Stephen E. Dickenson, R. William Rudolph, and Kristen E. Chang   |            |

|  |            |
|--|------------|
| <b>Investigation and Initial Stability Analysis of a Wharf on Severely Deteriorated Steel H-Piles.....</b>             | <b>273</b> |
| Daniel P. Schuetz, Daniel B. Robbins, Paul M. Schuman, and Dominic J. Kelly  |            |
| <b>Land Reclamation and Settlement of Reclaimed Land for New Ports .....</b>   | <b>284</b> |
| Chun F. Leung, James P. W. Lam, El F. Salim, and Siau C. Chian   |            |
| <b>Leveraging BIM Tools to Coordinate and Design a Navy Pier Extension .....</b>                                       | <b>295</b> |
| T. J. Schilling and Justin Rygel   |            |
| <b>Load Forecasting for Automated Terminals: A Summary of the Middle Harbor Terminal Power Requirements .....</b>      | <b>304</b> |
| Kent Sayler and Daniel Ihlenfeldt  |            |
| <b>Middle Breakwater Comprehensive Condition Assessment.....</b>   | <b>315</b> |
| Claudio Fassardi   |            |
| <b>MILCON P-547 Power and Propulsion Facility .....</b>  | <b>327</b> |
| William Young, Yuwei Chang, and Michael Barnhart   |            |
| <b>Seismic Design of Anchored Bulkheads: The Structural Design Perspective .....</b>                                   | <b>339</b> |
| Pooja Jain and the SDB Task Committee  |            |
| <b>Overview of the San Francisco Seawall Earthquake Safety Program .....</b>   | <b>348</b> |
| S. Reel, M. Wickens, and R. Iwashita   |            |
| <b>Performance Based Seismic Retrofit Solutions for Wharf Preservation .....</b>                                       | <b>358</b> |
| Sam Yao, M. Ali Naeem, Sara Barrett, and Joshua Core   |            |
| <b>Port of Long Beach Zero Emmission Terminal Equipment Demonstration Projects at Piers C, E, F, G, J, and T .....</b> | <b>369</b> |
| William Stone and Ron Groves   |            |
| <b>Port of Long Beach Marine Maintenance Dock Facilities at Pier D, Berth 48, Project.....</b>                         | <b>380</b> |
| Joel Aguilar, Cheng Lai, Prabin Tuladhar, Ian Sequeira, and Arul K. Arulmoli   |            |
| <b>Pier J, Berths 245–247, Landside Rail Girder Upgrade Project .....</b>  | <b>391</b> |
| Joel Aguilar, Cheng Lai, Omar Jaradat, and Arul K. Arulmoli  |            |
| <b>Port of San Francisco Seawall—Geotechnical Approach for Seismic Vulnerability Optimization.....</b>                 | <b>402</b> |
| Jose Ugalde, Adam Price, Thaleia Travasarou, and Nason McCulough   |            |
| <b>Precast Construction or Upgrade/Expansion of Two Operating Solid Bulk Terminals in Colombia .....</b>               | <b>415</b> |
| Jyotirmoy Sircar, Carlos E. Ospina, Miguel Forero, and Jordan Lagnado  |            |

|  |            |
|--|------------|
| <b>Precast, Prestressed Concrete Floating Berth at the Haines Ferry Terminal</b> .....                                 | <b>425</b> |
| Yeliz Firat, Frank Yang, Vu Phan, and David Lowell   |            |
| <b>Proposed Pipe Pile Strain Limits for ASCE 61-19</b> .....   | <b>437</b> |
| Robert Harn, Carlos E. Ospina, and Dimitris Pachakis   |            |
| <b>Redevelopment of an 1880 Banana Export Terminal</b> .....   | <b>449</b> |
| John Bardi, Ajaya Malla, and Ramses Lobo Ortiz   |            |
| <b>Rehabilitation, Safety Improvement, and Life Extension of a Geriatric Concrete Marine Oil Terminal</b> .....        | <b>459</b> |
| Gayle S. Johnson, Cheng Lai, William M. Bruin, and John Y. Chun  |            |
| <b>Repair of a Deteriorated Timber Seawall at the Port of Los Angeles, Berth 240 A, B, C</b> .....                     | <b>468</b> |
| Marco A. Sanchez, Amir Zavichi, Mahsa Pan, Raj S. Varatharaj, and Jiri Herrmann  |            |
| <b>Replacement of a Floating Dock for Passenger Ferries</b> .....  | <b>478</b> |
| Catrina Walter, Markus Wernli, Jake Linke, Benjamin Pesicka, Monica Blanchard, Ronald Panzero, and Edward Parenguan    |            |
| <b>Scour Protection at Modern Cruise Terminals: Case Studies of Cruise Terminals 1 and 3, Port Canaveral, FL</b> ..... | <b>487</b> |
| S. Clarke, S. Fenical, F. Salcedo, A. Sharma, G. Ledford, and W. Crowe   |            |
| <b>Seawall Movement and Piling Design at the San Francisco Waterfront</b> .....  | <b>496</b> |
| Di Liu and Erik Soderberg  |            |
| <b>Sediment Cleanup Challenges in the East Waterway</b> .....  | <b>505</b> |
| Dan Berlin, Tom Wang, Kathy Ketteridge, and Greg Brunkhorst  |            |
| <b>Seismic Analyses for San Francisco Port-Wide Risk Assessment</b> .....  | <b>515</b> |
| J. Galbraith, M. Wickens, N. McCullough, and G. Johnson  |            |
| <b>Seismic Analysis and Design of Ferry Plaza for the Downtown San Francisco Ferry Terminal</b> .....                  | <b>526</b> |
| Azadeh Bozorgzadeh, Satish Chilka, and James Brady   |            |
| <b>Seismic Analysis and Ground Improvement Design for the PCT Marine Terminal at the Port of Alaska</b> .....          | <b>538</b> |
| Samuel Christie, Yu Zhang, Stephen Dickenson, and Bob Pintner  |            |
| <b>Seismic Design of Anchored Bulkheads: The Geotechnical Perspective</b> .....  | <b>550</b> |
| Monique A. Anderson and SDB Task Committee   |            |

|  |            |
|--|------------|
| <b>Seismic Design of Anchored Bulkheads: Tieback Bulkhead Example.....</b>   | <b>562</b> |
| Joseph R. Galloway, Pooja Jain, Monique Anderson, Stuart Stringer,<br>Chad Goodnight, Stephen Dickenson, Arul K. Arulmoli,<br>and SDB Task Committee |            |
| <b>Seismic Design of Pile-Supported Wharves: Effect of New Steel Strain Limits<br/>in ASCE 61-19 .....</b>   | <b>572</b> |
| Helge Frandsen and Duyet Nguyen  |            |
| <b>Seismic Design Standards for Nonstructural Components and Nonbuilding<br/>Structures in Motems.....</b>   | <b>584</b> |
| Rakesh K. Goel   |            |
| <b>Seismic Fragility and Risk Assessment of Waterfront Structures at the<br/>Port of San Francisco .....</b>   | <b>593</b> |
| G. S. Johnson, H. A. Seligson, J. J. Pyun, and M. Wickens  |            |
| <b>Seismic Performance and Rehabilitation of the Port of Manta after the 2016<br/>Ecuador Earthquake .....</b>                                       | <b>603</b> |
| Pedro Rojas, Eduardo Miranda, José Barros, Dioselina Rosero, Wilmer Márquez,<br>and Leandro García   |            |
| <b>Seismic Performance of Pile-Supported Piers and Wharves Subjected to<br/>Foundation Deformations .....</b>  | <b>616</b> |
| Milad Souri, Arash Khosravifar, Stephen Dickenson, Scott Schlechter,<br>and Nason McCullough   |            |
| <b>Seismic Retrofit of a Historic Pier on Soft Soil .....</b>  | <b>628</b> |
| Benjamin Pesicka, Robert Harn, and Jacob Linke   |            |
| <b>Seismic Retrofit of an Existing MOT Using Float-In Construction for<br/>Rapid Turnaround .....</b>  | <b>640</b> |
| Marc Percher, Rod Iwashita, Pratheep K. Pratheepan, Zachory Pecor,<br>and Arul K. Arulmoli   |            |
| <b>Target Reliability Indices for Quay Walls, Jetties, and Flexible Dolphins .....</b>   | <b>651</b> |
| Alfred A. Roubos, Dirk Jan Peters, and Raphael D. J. M. Steenbergen  |            |
| <b>The Port of Los Angeles Seismic Code Update for Container Wharves .....</b>   | <b>661</b> |
| Angel Lim, Omar Jaradat, and Arul Arulmoli   |            |
| <b>The Port of Los Angles Wilmington Waterfront Promenade: “A Window to<br/>the Waterfront”.....</b>   | <b>669</b> |
| Hugo Cisneros, Omar Jaradat, Zachary Chrisco, Raj S. Varatharaj,<br>and Arul K. Arulmoli   |            |

|  |            |
|--|------------|
| <b>Centreport Wellington Post-Earthquake Recovery of Thorndon Container Wharf Operations .....</b>                                       | <b>679</b> |
| Alistair Boyce, Rob Presland, Eng Liang Chin, Anthony Delaney, and James Lake  |            |
| <b>Uncharted Territory: Challenges and Success in the Terminal 5 Berth Modernization Test Pile Program .....</b>                         | <b>692</b> |
| Joanna E. K. Hingle, Brice J. Exley, Doug D. Lindquist, and Paul E. Meyer  |            |
| <b>Understanding Flooding Hazards Posed to Coastal Infrastructure from Extreme Ocean-Driven Events at Future Sea Levels.....</b>         | <b>703</b> |
| Daniel J. Chadwick, Ann-Marie Giesbrecht, Nadine Clark, Hammad Mir, and Norman Allyn   |            |
| <b>Unified Facilities Criteria Program and UFC 4-152-01 Design: Piers and Wharves.....</b>   | <b>715</b> |
| Anthony L. Farmer, Roderick D. Whitsel, and M. R. Hasan  |            |
| <b>Unique Wharf Upgrade to Diversify Operations for Larger RO/RO Shipments and New Containerized Cargo.....</b>                          | <b>723</b> |
| Nathan Watson, Adam Bergman, John Klekotka, and Steve Hager  |            |
| <b>Upcoming Changes to ASCE/COPRI 61-19 Chapter on Ancillary Components .....</b>  | <b>734</b> |
| Brett W. King and Gayle S. Johnson   |            |
| <b>Upgrade of Berths 226–236, Container Wharf Terminal at the Port of Los Angeles.....</b>   | <b>742</b> |
| Angel Lim, Marco Sanchez, Brian Correa, Omar Jaradat, Alahesh Thurairajah, and Arul Arulmoli   |            |
| <b>Use of Physical/Numerical Modeling in Design of an Exposed Quay at Port of Ashdod .....</b>   | <b>752</b> |
| Atilla Bayram, Bill Paparis, Sean O'Neil, Yang Zhang, Victor Prilustky, Daniela Ostrovsky, Avi Elgaba, Issam Saba, and Klaas van-Weperen |            |
| <b>Waterfront Stormwater Treatment for Any Commodity Anywhere.....</b>   | <b>762</b> |
| Laura M. Weiden and Ross W. Dunning  |            |
| <b>Wave, Mooring, and Downtime Studies for Tibar Bay Port Development, East Timor.....</b>   | <b>773</b> |
| Yang Zhang, Liang He, Daoxian Shen, and Umar Farooque  |            |
| <b>Wharf Improvements for New Panamax Size Vessels .....</b>   | <b>784</b> |
| Edward H. Stehmeyer III and Ralph Petererit  |            |
| <b>Wharf Structure Design Consideration of Pier E Redevelopment Project at the Port of Long Beach .....</b>                              | <b>796</b> |
| Omar Jaradat, Cheng Lai, Theresa Richards, and Raj S. Varatharaj   |            |

**Wharf Upgrade Considerations for Large Low Profile Cranes .....****806**  
Arun Bhimani, Anna Dix, and Claude Gentil

**Wings over Washington Foundation Design .....****816**  
Louis A. Klusmeyer
